Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☐ Unmodified (2) ☐ Qualified (3) ☒ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **GRANT THORNTON LLP**

(2) EIN: **36-6055558**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Board of Trustees
Lafayette College Retirement 403(b) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We were engaged to perform audits of the financial statements of Lafayette College Retirement 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for disclaimer of opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements may have been affected by these conditions.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

LAFAYETTE COLLEGE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 DESCRIPTION OF PLAN

Lafayette College (the "College") maintains the Lafayette College Retirement Plan (the "Plan") for the benefit of its employees. The following description provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions, including definitions of key terms.

General

The Plan is a defined contribution plan covering certain employees and former employees of the College. Employees who satisfy eligibility requirements may participate in and receive contributions under the Plan. The College's Board of Trustees controls and the College's administrative staff manages both the operation and administration of the Plan. Teachers' Insurance Annuity Association ("TIAA") and College Retirement Equities Fund ("CREF"), collectively "TIAA-CREF," Fidelity Workplace Services LLC ("FWS") and Fidelity Management Trust Company ("Fidelity") provide recordkeeping and custody services for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The College's Retirement Investment Committee is responsible for the oversight of the Plan. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Employees of the College are eligible to participate in the Plan. All eligible employees may commence elective contributions on the first of the month coincident with or immediately following their commencement of employment. Qualified faculty and exempt staff employees ("Category A") who work 900 or more hours per year are eligible to receive a College contribution on the first day of the month following, or concurrent with, their date of hire. Qualified non-exempt staff employees ("Category B") who work 900 or more hours per year are eligible to receive a College contribution on the first day of the first full pay period of the month following the attainment of two years of credited service.

Contributions

The Plan has both voluntary and mandatory conditions for contributions. The Plan includes a salary deferral arrangement allowed under Section 403(b) of the Internal Revenue Code ("IRC"). Eligible participants are permitted to elect a percentage or dollar amount, limited by Plan provisions, of their compensation contributed as pre-tax 403(b) contributions.

Category A employees receive a College contribution of 9.5% of base pay, as determined at each pay period, and must make a mandatory employee contribution equal to 5% of annualized base pay in excess of \$15,000 (pro-rated each pay period). Category B employees who work 900 or more hours per year receive a College contribution of 8% as determined at each pay period, and do not have a required employee contribution. The College contributions totaled \$6,679,614 for the plan year ended December 31, 2023.

LAFAYETTE COLLEGE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023 AND 2022

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute ("rollover") amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of contributions into various investment options offered by the Plan through TIAA and Fidelity. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the College's contribution and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions as defined by the Plan document. Investment management fees and other operating expenses incurred by the Plan are charged to participants' accounts as a reduction of the return earned on each investment option. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

Participants' deferral contributions, the College's contributions, and earnings thereon are fully and immediately vested.

Notes Receivable from Participants

Loans are available to participants who invest through TIAA, subject to certain limitations. Effective March 21, 2022, TIAA changed the way retirement plan loans were being administered and adopted a loan program called Retirement Plan Loans ("RPL"), which aligns with industry standards. These loans are funded directly from a participant's retirement account balance and subsequent loan payments, including interest, are credited to a participant's account. Loans are offered with a fixed rate of interest (Federal Reserve Prime Rate plus 1%). Participants are charged a loan origination fee as well as an annual loan maintenance fee. A participant can have a maximum of three outstanding loans at any one time.

At December 31, 2023, notes receivable related to the participant loan fund had a balance of \$172,971. At December 31, 2022, notes receivable related to the participant loan fund had a balance of \$115,624.

Collateralized Plan Loans

Prior to March 21, 2022, Plan loans (also referred to as Collateralized Loans) were issued directly from the funds owned by TIAA, and loan proceeds were not removed from a participant's account balance. A portion of the participant's TIAA Traditional Annuity Contract ("Traditional Annuity") account balance however, is reserved, or held as collateral, to cover 110% of the outstanding loan amount for the period of time the loan is outstanding. See Note 5 for discussion of the TIAA Traditional Annuity.

As TIAA adopted a new loan program called Retirement Plan Loans on March 21, 2022, loans will no longer be issued as Collateralized Loans.

LAFAYETTE COLLEGE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023 AND 2022

At December 31, 2023 and 2022, participants had outstanding Plan loan balances due to TIAA of \$60,260 and \$101,620, respectively. These loans were collateralized by 110% of the loan balance from TIAA Traditional Annuity account balances of \$66,286 and \$111,782 as of December 31, 2023 and 2022, respectively. These amounts are included in the TIAA Traditional Annuity account balances. Participant interest expense is offset by the income received by the participants on the collateralized annuity contracts.

Loans are not available against the investments made through FWS.

Benefit Payments

Upon termination of service, retirement, or death, participants may elect to receive a distribution of their accumulated Plan balance, subject to the terms and certain limitations of the funding vehicles. Distribution options include lump-sum payments, partial payments and installments or various annuity options. In addition, participants may elect in-service withdrawals of their elective account balances after reaching age 59-1/2. Participants are also permitted to make hardship withdrawals in certain cases of immediate and heavy financial need. Rollover account balances may be withdrawn at any time. Prior to January 1, 2023, minimum required distributions for participants who have reached age 72 also apply per IRS regulations. Effective January 1, 2023, the age threshold was changed to 73 via the Secure Act.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with the accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U. S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or the amount paid to either transfer or liquidate a liability in an orderly transaction between market participants, as of the measurement date. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and insurance companies and custodian. See Note 4 for discussion of fair value measurements.

**LAFAYETTE COLLEGE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023 AND 2022**

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded as of the actual date paid to the participants.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the College, as provided by the Plan document. Expenses paid directly by the College are excluded from these financial statements. Investment expenses paid by the Plan are paid directly by the respective investment vehicle and are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through September 6, 2024, which is the date the financial statements were available to be issued. Effective July 1, 2024, the College contribution for both Category A and Category B employees increased by 0.5 percentage points. Category A employees now receive a College contribution of 10% of base pay (9.5% previously). Category B employees who work 900 or more hours per year receive a College contribution of 8.5% (8% previously).

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. TIAA-CREF, the insurance companies and custodians of the TIAA-CREF investments held in the Plan and Fidelity, the custodian of the Fidelity investments held in the Plan, have supplied the Plan administrator with a certification that the following information included in the financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and investments, at contract value, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for assets and liabilities, either directly or indirectly such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

- *Mutual Funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Variable Annuities*: The fair values of accumulation units held by the Plan in CREF accounts (registered investment companies held as variable annuity accounts) are based on each account's daily NAV, which is considered by Plan management to be the best approximation of fair value. Data for NAVs are available daily to plan administrators and client investors on NASDAQ's website (Level 1) and provides sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources.

LAFAYETTE COLLEGE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023 AND 2022

- *Pooled Separate Account:* The fair value of the Plan's interest in the TIAA Real Estate Account (a pooled separate account) is based on the fund's daily NAV, which is considered by Plan management to be the best approximation of fair value. The unit value of the fund is calculated daily and available to plan administrators and client investors on NASDAQ's website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. Although the underlying assets of the fund cannot be quickly sold and converted to liquid assets, the TIAA general account provides the fund with a liquidity guarantee whereby TIAA ensures that the fund has funds available to meet participant redemption, transfer or cash withdrawal requests.
- *Insurance Company General Account-Traditional Annuity:* Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. The investment is not fully benefit responsive and, therefore, transacts at fair value. In determining the reasonableness of the methodology, the Plan management evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	2023			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 138,526,393	\$ -	\$ -	\$ 138,526,393

LAFAYETTE COLLEGE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023 AND 2022

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs as of December 31, 2023 and 2022:

Instrument	Fair Value		Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values	Weighted Average
	2023	2022				
TIAA Traditional Annuity Account, Non-Benefit Responsive	\$ 97,312,240	\$ 96,946,261	Discounted Cash Flow Theoretical Transfer (Exit Value)	Risk-Adjusted Discount Rate Applied	2023: RA - 4.00% - 6.75% 2022: RA - 3.70% - 6.25%	6.36% 5.06%

Significant increases or decreases in the above unobservable inputs in isolation would result in a significantly lower or higher fair value measurement for such assets.

NOTE 5 INSURANCE COMPANY GENERAL ACCOUNT-TIAA TRADITIONAL ANNUITY

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types, including Retirement Annuities ("RA"), Supplemental Retirement Annuity ("SRA"), and Group Supplement Retirement Annuity ("GSRA"). The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement. The traditional annuity contracts which are not fully benefit responsive are included in the financial statements at fair value. The fully benefit responsive contracts are included in the financial statements at contract value. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus earning, less participant withdrawals, and administrative expenses. The crediting rate is based on a formula established by the contract issuer and may not be less than 3%. Average crediting rates in 2023 were 4.85%. The crediting rate is reviewed as deemed necessary by TIAA for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate.

LAFAYETTE COLLEGE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023 AND 2022

RA contracts may require withdrawals in the form of a lifetime payout annuity or in periodic installments over a 10-year period. Therefore, the RA contracts are not fully benefit-responsive; balances in these contracts at fair value were \$97,312,240 and \$96,946,261 at December 31, 2023 and 2022, respectively. All SRA and GSRA contracts provide for full participant-directed liquidity. Therefore, the SRA and GSRA contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the term of the plan. The SRA and GSRA balances at contract value were \$19,937,728 and \$19,074,033 at December 31, 2023 and 2022, respectively.

When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

LAFAYETTE COLLEGE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023 AND 2022

NOTE 7 PLAN TERMINATION

Although it has not expressed any intention to do so, the College has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants remain 100% vested in their College contributions.

NOTE 8 PLAN TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the IRC. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b). The Plan administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) and, therefore, believes that the Plan is qualified and the related accounts are tax exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

U. S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan Management has determined that the Plan has no uncertain tax positions that would require the financial statement recognition or disclosure. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Plan investments include interests in mutual funds with Fidelity Investments, a company related to Fidelity, and variable and investment contracts, a pooled separate account, and variable annuities managed by TIAA-CREF. Transactions pertaining to these investments qualify as party-in-interest transactions and are exempt from the prohibited transaction rules. Certain administrative functions are performed by officers or employees of the College who may also be participants in the Plan. No such officer or employee received compensation from the Plan. Fees incurred by the Plan for the investment management services from the Fidelity investments are included in net appreciation or in fair value of the investment.

The Plan received \$325,543 of shared revenue from the TIAA-CREF investments and incurred administrative expenses of \$145,216 and \$62,000 from TIAA-CREF and Fidelity, respectively, totaling \$207,216 for the year ended December 31, 2023. The revenue share net of these administrative expenses is allocated to the Plan participants. Some administrative expenses of the Plan are paid directly by the College.

NOTE 10 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

A portion of the Plan assets are invested in various CREF group annuity accounts. The Plan's investment in group annuities of \$169,432,160 and \$155,817,353 as of December 31, 2023 and 2022, respectively, are reported by the underlying assets (mutual funds) on the Form 5500, Schedule H.

NOTE 11 PLAN HISTORICAL RECORDS

Prior to 2009 the Plan's third-party administrator, TIAA-CREF, tracked contributions, investment earnings, distributions, and other activity on a "contract" basis. Each participant was set up as having a separate "contract" and Plan level activity was not captured. This method of administration was utilized prior to January 1, 2009 as the regulations governing 403(b) Plans did not require plan level reporting. The Plan administrator believes a good faith effort was made to obtain all relevant information. However, as a result of the method of administration and lack of historical plan level financial reporting, the Plan administrator is unable to obtain plan level information prior to January 1, 2009.
