Independent Auditor's Report

To the CarVal Investors Retirement Committee
CarVal Investors Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the CarVal Investors Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of CarVal Investors Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the CarVal Investors Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Independent Auditor's Report

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the CarVal Investors Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the CarVal Investors Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the CarVal Investors Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Independent Auditor's Report

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report

To the CarVal Investors Retirement Committee
CarVal Investors Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the CarVal Investors Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of CarVal Investors Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the CarVal Investors Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Independent Auditor's Report

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the CarVal Investors Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the CarVal Investors Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the CarVal Investors Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Independent Auditor's Report

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CarVal Investors Savings Plan

Notes to the Financial Statements
December 31, 2023 and 2022

1. Description of Plan

General

The CarVal Investors Savings Plan (the "Plan") is a defined qualified contribution plan covering substantially all employees of AB CarVal Investors, LP, formerly, CarVal Investors LP (the "Plan Sponsor" or "Plan Administrator"). The Plan became effective November 1, 2019 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and the Internal Revenue Code ("IRC"). The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for more complete information regarding the Plan's definitions, benefits, and eligibility requirements and other matters.

Effective December 31, 2023, the Plan was frozen in preparation for the merger disclosed in Note 9. At that date, there were no additional employer or participant contributions to be made to the Plan.

Eligibility

Participants are eligible to participate in the Plan upon hire, provided they are not seasonal, temporary, an intern, or part of a collective bargaining agreement. Participants are eligible for employer match when they meet the requirements to contribute to the Plan.

Participants will be eligible to participate in the profit sharing under the Plan if they are employed on the last accounting date of the Plan year. Each plan year, the plan sponsor may make a contribution to the Plan as a discretionary matching contribution on behalf of the employee which will be determined each year.

Contributions

Participants may contribute up to 50% of their eligible compensation to the Plan on a pre-tax and post-tax basis, subject to IRC limits. The Plan contains an automatic enrollment of 6% when becoming eligible to participate in the Plan and automatic increases on the participants' one-year anniversary of 1% up to a maximum of 10%. Participants may roll over amounts representing distributions from other qualified plans into the Plan. Participants direct the investment of contributions into various investment options offered by the Plan.

All participants making salary reduction contributions to the Plan share in discretionary match contributions regardless of service completed during the plan year or employment status at the end of the plan year. The employer match is 100% of employees' contributions up to a maximum of 6%.

The Plan Sponsor can elect to make a discretionary employer profit sharing contribution. Eligible participants are allocated their portion of employer profit sharing contributions based upon their compensation using a formula that is integrated with the plan compensation base. Each year, management of the Plan Sponsor determines the amount of the employer profit sharing contribution, if any.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Plan's matching contribution and the allocation of Plan earnings; each participant account is charged an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Certain expenses and administrative costs incurred in connection with the general administration of the Plan are paid out of Plan assets.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Employer contributions are fully vested after one year of service. Profit sharing contributions are vested fully after 3 years of service.

1. Description of Plan (continued)

Forfeited Accounts

If a participant terminates employment before becoming fully vested in their account balance, the forfeited portion of the account balance is used to reduce future employer contributions to the Plan. Unallocated forfeited amounts were approximately \$64 and \$50 at December 31, 2023 and 2022, respectively. There were no forfeitures used to reduce employer contributions during 2023 and \$18,400 used in 2022.

Payment of Benefits

On termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan allows for hardship withdrawals in select circumstances as defined in the plan document.

Notes Receivable from Participants

Participants are permitted to borrow up to 50% of their vested account balance with a minimum of \$1,000 up to a maximum loan amount of \$50,000. Only one loan may be outstanding at any given time. The terms require principal and interest payments. Loans generally have a term of not more than five years and are repaid by payroll deductions. The interest rate on loans shall be determined by the Plan Administrator based on terms as described in the Plan document. All loans bear interest consistent with regulations established by the U.S. Department of Labor. The Plan has an option to charge a one-time loan fee per application which is deducted from the loan proceeds paid to the participant. Upon termination of employment, the outstanding balance of a loan must be repaid directly to Vanguard. On December 31, 2023, the notes bear interest at an average rate of 7.69% and mature at various dates through March 2026. Notes receivable from participants are valued at their unpaid principal balance plus accrued interest.

2. Summary of Significant Accounting Policies

Basis of Accounting - Accrual Method

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Accounting Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with GAAP. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates, and the differences could be material.

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Recently Adopted Accounting Pronouncements

Effective January 1, 2023, the Plan adopted the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-13, Financial Instruments – Credit Losses (Topic 326), following the modified retrospective method of transition. This guidance changes the methodology to be used to measure credit losses for certain financial instruments and financial assets, including trade receivables. The new methodology requires the recognition of an allowance that reflects the current estimate of credit losses expected to be incurred over the life of the financial asset. The adoption of the guidance did not have a material impact on the Plan's financial statements.

2. Summary of Significant Accounting Policies (continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered insurance company mutual funds and money market funds are valued at the net asset value of shares held by the Plan at year end using quoted market prices.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses on investments bought and sold during the year, as well as unrealized gains and losses on investments held during the year are presented in the net appreciation (depreciation) in fair value of investments.

Fair Value of Financial Instruments

The Plan's accounting for fair value measurements of assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring or nonrecurring basis adheres to the Financial Accounting Standards Board ("FASB") fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the Plan at the measurement date.
- Level 2 Inputs: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 Inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is classified based on the lowest level input that is significant to the fair value measurement.

Payment of Benefits

Benefit payments are recorded when paid.

Secure Strong Retirement Act

In December 2022, Securing a Strong Retirement Act ("SECURE 2.0") was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2020 CARES Act. Most of the provisions of SECURE 2.0 will become effective in 2024 and beyond. Therefore, there is no current impact to the Plan. Since the provisions include both required and optional elements, the Plan Administrator will have elected the optional provisions to elect.

Subsequent Events

Management has evaluated subsequent events for possible recognition or disclosure in the financial statements through September 6, 2024, the date the financial statements were available to be issued. Management has determined that there are no material events, other than those disclosed in Note 9, that would require disclosure in the financial statements through this date.

3. Certification of Investment Information

The Plan Administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(c), pursuant to 29 CFR Section 2520.103-8 of the Department of Labor ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed its independent auditors not to perform, and they did not perform, any auditing procedures with respect to the following information certified by Vanguard Fiduciary Trust Company (the "Trustee"), except for comparing the information with the related information included in the financial statements and supplemental schedule.

The Trustee certified all investments and the notes receivable from participants at December 31, 2023 and 2022. The Trustee certified the net appreciation (depreciation) in the fair value of investments, investment income, and interest from notes receivable from participants for the years ended December 31, 2023 and 2022.

4. Fair Value Measurements

The following tables provide information on those assets that are measured at fair value on a recurring basis:

5. Party-In-Interest Transactions

Certain Plan investments are shares of registered insurance company mutual funds managed by the Trustee; therefore, these are party-in-interest transactions as defined by ERISA. Fees paid by the Plan for investment management services amounted to approximately \$4,800 and \$3,700 for the years ended December 31, 2023 and 2022, respectively.

6. Tax Status

The Plan has adopted the Vanguard Fiduciary Trust Company Defined Contribution Volume Submitter Plan and Trust on November 1, 2019, which obtained a determination letter on February 12, 2019, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan's management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Due to the tax-exempt status of the Plan, the Plan does not have any significant tax uncertainties that would require recognition or disclosure. Due to the formation of the Plan in 2019, the Plan is not subject to income tax examinations before 2019.

7. Risks and Uncertainties

The Plan invests in various investment securities. The Plan's investments are exposed to various risk factors, such as interest rate risk, market conditions and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risk factors in the near term could materially affect the amounts reported in the financial statements.

8. Plan Termination

The Plan Sponsor has the right to amend, in whole or in part, any or all of the provisions of the Plan at any time. Additionally, the Plan Sponsor has the right to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

9. Subsequent Event

Effective April 18, 2024, approximately \$28,400,000 of assets of the CarVal Investors LP Savings Plan were transferred to the AllianceBernstein L.P. 401(k) plan, Profit Sharing Plan for Employees. Former participants of the CarVal Investors LP Savings Plan were allowed to participate in the AllianceBernstein L.P. 401(k) plan, Profit Sharing Plan for Employees beginning January 1, 2024, prior to the date of the transfer.
