INDEPENDENT AUDITOR'S REPORT

August 5, 2024

To the Plan Administrator of
Dicastal North America, Inc. 401k Plan & Trust
Greenville, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Dicastal North America, Inc. 401k Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Dicastal North America, Inc. 401k Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022 stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Dicastal North America, Inc. 401k Plan & Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dicastal North America, Inc. 401k Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dicastal North America, Inc. 401k Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dicastal North America, Inc. 401k Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

DICASTAL NORTH AMERICA, INC. 401K PLAN & TRUST

December 31, 2023 and 2022

Note A – Description of Plan

The following description of the Dicastal North America, Inc. 401k Plan & Trust (Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing and 401(k) plan covering substantially all employees of Dicastal North America, Inc. (Company). Eligible employees can become participants in the 401(k) portion of the Plan after completing two months of service and attainment of age 18. At that time, participants also become eligible to receive matching contributions from the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

A participant may elect to make pre-tax and after-tax Roth contributions to the Plan through payroll deductions from each participant's compensation, as defined, subject to statutory limitations. Unless a participant makes an affirmative election, the employer automatically enrolls the participant at a deferral rate of 3% of compensation. The deferral rate for automatically enrolled participants increases by one percentage point per year up to a maximum of 6% of compensation. The Plan also allows participants to transfer funds from other qualified plans into the Plan.

The Company must make a qualified automatic contribution arrangement (QACA) safe harbor matching contribution based on the participant's contribution, in the amount of 100% of the first 1% and 50% of the next 5% of deferred compensation.

Plan Operations

The Company has appointed Reliance Trust Company (Trustee) to serve as Trustee and the Company to act as plan administrator. The Trustee is responsible for holding the investment assets of the Plan, executing investment transactions, and making distributions to participants. The plan administrator interprets and communicates the provisions of the Plan, ensures that all government and participant reporting requirements are fulfilled, and approves all distributions from the Plan to participants. The Plan's fiduciary committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment strategy and monitors investment performance.

Participant Accounts

Individual accounts are maintained for each participant, with benefits limited to the amount contributed to the participant's account plus or minus any allocation of income, expenses, gains, or losses. Allocations to participant accounts are based on compensation or account balances, as specified by the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

DICASTAL NORTH AMERICA, INC. 401K PLAN & TRUST

December 31, 2023 and 2022

Note A – Description of Plan (Continued)

Participant Accounts (Continued)

The Plan allows a participant to self-direct investment transactions associated with separate investment fund options made available by the employer for this purpose.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer QACA matching contribution account is based on years of continuous service, as follows:

Years of Service	Vesting Percentage
Less than 1 year	0%
At least 1, but less than 2 years	50%
2 or more years	100%

A participant also becomes fully vested at the time of the participant's death, if the participant becomes disabled while employed, or upon attainment of normal retirement age.

Loans to Participants

Under certain conditions, a participant may obtain a loan from the Plan. A participant's loan cannot exceed the lesser of \$50,000, reduced by the excess of the highest outstanding loan balance during the one-year period ending the day before the loan was made over the outstanding balance of loans on the date the loan was made, or one half of the participant's nonforfeitable interest in the Plan. The loan will bear a reasonable interest rate determined at the time of the loan, be adequately secured, and not exceed a period of five years (unless used for the purchase of a primary residence). Principal and interest is paid through payroll deductions.

Payment of Benefits

On termination of service, retirement, total and permanent disability, attainment of age 65, or death, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. In-service withdrawals are permitted upon attaining age 59½ or in cases of financial hardship.

Costs and Expenses

Certain transaction fees and administrative expenses are paid by the Plan and are based on reasonable and customary rates. Certain other costs and expenses incurred in connection with the operation of the Plan are borne by the Company.

NOTES TO FINANCIAL STATEMENTS

DICASTAL NORTH AMERICA, INC. 401K PLAN & TRUST

December 31, 2023 and 2022

Note A – Description of Plan (Continued)

Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts are used to pay plan administrative expenses or to offset employer matching contributions. The balance in the forfeiture account on December 31, 2023 and 2022 was \$2,224 and \$21, respectively. Forfeitures of \$211,620 and \$32,211 were used to reduce employer contributions during the years ended December 31, 2023 and 2022, respectively.

Note B – Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investments and Income Recognition

Investments are reported in the Plan's financial statements at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Income from interest is recorded as it is earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade date basis. Net appreciation or depreciation of investments is determined using the value at the beginning of the year or purchase price if acquired since that date. Management fees and operating expenses charged to the Plan for investments in the mutual funds and common/collective trust funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are included in administrative expenses when incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document; therefore, an allowance for credit losses is not considered necessary at December 31, 2023 and 2022.

NOTES TO FINANCIAL STATEMENTS

DICASTAL NORTH AMERICA, INC. 401K PLAN & TRUST

December 31, 2023 and 2022

Note B – Summary of Accounting Policies (Continued)

Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through August 5, 2024, which is the date the financial statements were available to be issued.

Note C – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying Statements of Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- quoted prices for similar assets and liabilities in active markets,
- quoted prices for identical or similar assets and liabilities in markets that are not active,
- other inputs that are observable or can be corroborated by observable market data,
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTES TO FINANCIAL STATEMENTS

DICASTAL NORTH AMERICA, INC. 401K PLAN & TRUST

December 31, 2023 and 2022

Note C – Fair Value Measurements (Continued)

Level 3 – inputs are generally unobservable and significant to the fair value measurement. Such inputs typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability, including certain pricing models, discounted cash flow methodologies, and similar techniques that use significant unobservable inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued based on quoted net asset values (NAV) of the shares held by the Plan on the last business day of the plan year.

Common/collective trust funds: Valued at NAV based on the closing price for underlying securities, reported on the active market on which underlying securities are traded or based on quoted prices of similar assets. The NAV of each of the common/collective trusts is reported by the fund managers as of the financial statement date based on recent transaction prices and represents the price at which the Plan would be able to initiate a transaction.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

	Level 1	Level 2	Level 3	Total
<u>December 31, 2023</u>

NOTES TO FINANCIAL STATEMENTS

DICASTAL NORTH AMERICA, INC. 401K PLAN & TRUST

December 31, 2023 and 2022

Note D – Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Assets Available for Benefits.

Note E – Information Certified by Trustee

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest income from notes receivable from participants, and interest and dividends for the years then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

Note F – Party-In-Interest Transactions

Fees paid by the Plan to parties-in-interest for services rendered to the Plan were \$68,769 and \$19,004 for the years ended December 31, 2023 and 2022, respectively. Such fees were based on reasonable and customary rates.

In addition, the Plan maintains notes receivable from participants. Those party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note G – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts.

Note H – Tax Status

The prototype plan used by the Plan obtained an opinion letter dated October 6, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not requested or received an individual determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS

DICASTAL NORTH AMERICA, INC. 401K PLAN & TRUST

December 31, 2023 and 2022

Note H – Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.
