INDEPENDENT AUDITOR'S REPORT

To the Central Bank 401(k)/ESOP Committee of
Central Bancshares, Inc. Employee Stock Ownership and 401(k) Plan
Houston, Texas

Opinion

We have audited the financial statements of Central Bancshares, Inc. Employee Stock Ownership and 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CENTRAL BANCSHARES, INC. EMPLOYEE STOCK OWNERSHIP AND 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Central Bancshares, Inc. Employee Stock Ownership and 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

The Plan is a qualified retirement plan adopted by Central Bancshares, Inc. (the Bank) originally effective on April 1, 2018, and amended and restated generally effective as of January 1, 2019. The Plan provides employees of the Bank and any related organizations who participate in the Plan an opportunity to share in the growth and prosperity of the Bank, accumulate capital for their future economic security, and acquire beneficial stock ownership interests in the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On May 25, 2018, the Plan acquired 126 shares of Central Bancshares, Inc. common stock for \$2,079,000 at a value of \$16,500 a share. The shares were purchased by the Plan from the Central Bank 401(k) Plan amounts that participants had elected to transfer into the Plan. The shares are non-1042 non-leveraged shares.

Administration: The Bank is responsible for the administration and management of the Plan. The Bank has appointed the Central Bank 401(k)/ESOP Committee (Committee) to act as its agent in performing these duties. The Committee manages the operation of the Plan, including giving directions concerning all payments from the Plan. The Committee serves as the 401(k) trustee. The Bank has also entered into a trust agreement with an ESOP trustee. The trustees will receive, invest, and distribute the assets of the Plan.

Eligibility: Employees are eligible to participate in the Plan after attaining age 21 and are a covered employee. A covered employee is an employee of the Bank unless they were employed in a unit of employees subject to a collective bargaining agreement, a leased employee, an independent contractor, or a temporary or a technical employee. Entry to the Plan is immediate for covered employees upon reaching eligibility requirements.

Contributions: Participants may make an elective deferral contribution to the Plan by making a compensation deferral election. Participants can defer not less than one percent or more than 100% of their compensation or a fixed dollar amount. If the participant does not make a compensation deferral election (including a -0-% election), the participant will be treated as automatically electing to defer 8% of their compensation. There are two types of elective deferral contributions: pre-tax deferrals and Roth deferrals. Federal law limits the amount of elective deferral contributions. Participants can increase, reduce, or discontinue making deferral contributions. Participants who are at least age 50 or will attain age 50 before the end of a calendar year may elect to defer additional amounts as catch-up contributions to the Plan.

The Bank may contribute to their participants an additional amount designated as a matching contribution that will match a portion of the participants' elective deferral contributions. For 2023, the Bank made a matching contribution equal to 50% of participants' elective deferrals that were not in excess of 8% of their compensation. The Bank may also contribute to the participants' ESOP accounts an amount designated as a regular contribution. For 2023, the Bank did not make a contribution to participants' ESOP accounts.

Participants may at any time contribute to their account all or any part of a distribution that is eligible for tax-free rollover from a qualified plan or IRA as rollover contributions.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Payment of Benefits: Participants may receive a distribution of their 401(k) account in a single sum as soon as feasible after their termination of employment with the Bank. Participants may receive a distribution from their ESOP account as soon as feasible in the Plan year following the Plan year they terminate employment due to death, retirement, or total and permanent disability.

If the participant terminates employment for any other reason, the ESOP account will be distributed according to the following: (a) if the vested account is \$5,000 or less, the vested ESOP account will be distributed as soon as feasible in the Plan year following the Plan year in which they terminate employment, and (b) if the vested account is greater than \$5,000, the vested ESOP account will be distributed as soon as feasible in the Plan year following the Plan year in which they attain normal retirement age or upon their death, if earlier. However, the participant may elect to begin receiving the vested ESOP account following the end of the fifth Plan year following the Plan year in which they terminate employment. The Committee may determine, in a nondiscriminatory manner, to offer payment earlier than above.

In general, distributions from the Plan are eligible for a direct rollover. If the participant chooses a direct rollover, the payment will be made directly to an IRA or to an eligible employer plan. If the participant does not choose a direct rollover, the benefit will be paid to the participant in cash.

Participants may be entitled to receive in-service withdrawals. After attaining age 59½, participant may withdraw all or any portion of their 401(k) account. Participants may also withdraw deferral contributions and catch-up contributions (including earnings) they have made to the Plan in the event of a hardship if the withdrawal is made to meet an immediate and heavy financial need.

Voting Rights: The ESOP trustee will vote all Bank common stock held by participants as part of the Plan assets. Participants are entitled to direct the ESOP trustee in confidence to vote the shares of Bank common stock allocated to their accounts with respect to the approval or disapproval of certain corporate mergers or consolidations, the re-capitalization or re-classification of Bank common stock, or the liquidation, dissolution, or sale of substantially all the assets of the Bank. The ESOP trustee will vote shares on all other matters and on which no instructions have been received, shares on which instructions were not received in a timely or proper manner, and shares which have not been allocated to participants' accounts.

Participant Accounts: The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with the participant's contributions, employer contributions, rollovers, the value of Bank common stock contributed to the Plan or purchased with contributions, and investment gains and losses attributable to their account. Participant accounts may also be charged with an allocation of certain administrative expenses that are paid by the Plan. Allocations are based on participant earnings or losses, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are always 100% vested in all of their Plan accounts, other than their regular contribution account related to ESOP contributions, and Plan earnings or losses thereon. The vested portion of their regular contribution account is based on years of service. Participants are 0% vested with less than three years of service, and participants are 100% vested with three years or more of service.

Investment Options: Participants direct the investment of their 401(k) account among investment funds provided under the Plan. The Plan currently offers mutual funds and a stable value fund as investment securities. Participants may change the investment direction of future contributions or transfer amounts from one investment fund to another.

CENTRAL BANCSHARES, INC. EMPLOYEE STOCK OWNERSHIP AND 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Notes Receivable From Participants: Under certain circumstances, participants can borrow money from their 401(k) account. Only two loans may be outstanding at the same time. The maximum amount of any loan is the lesser of \$50,000 reduced by the highest outstanding loan balance during the one-year prior period or 50% of the participant's vested 401(k) account. The loans are secured by the vested balance in the participant's account and bear a reasonable rate of interest established by the Committee. Loans must usually be repaid within five years unless the proceeds are used to purchase a primary residence, in which the Committee may allow a repayment period of twenty years.

Put Option: Under federal income tax regulations, the Bank common stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Bank buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the common stock. The Bank can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification: Once a participant has completed 10 years of participation in the Plan and has attained age 55, the participant can elect to diversify part of their account. The participant will have six Plan years to make diversification elections. For each of the first five diversification years, the participant can diversify 25% of the total number of shares that have been allocated to their account less the number of shares they previously diversified under this procedure. For the sixth year, the participant can diversify up to 50% of the number of shares that have been allocated to their account less the number of shares previously diversified. A participant can make the election each year during the six-year period.

Forfeitures: Some participants will terminate employment before they are fully vested in all of their accounts. The portion of those accounts which is not vested is called a forfeiture. Benefits forfeited will be used to pay Plan expenses or added to employers' contributions and allocated to participants' accounts. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$801 and \$2,647, respectively. For 2023, \$9,558 in forfeitures were used to reduce the employer contribution.

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Bank. Expenses that are paid by the Bank are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Plan Termination: While it is intended that the Plan will continue indefinitely, future conditions affecting the Bank cannot be anticipated. The Bank has the right to terminate the Plan or to permanently discontinue making contributions at any time. If this happens, all participants' accounts would become fully vested and nonforfeitable. The value of the accounts will be determined as of the effective date of the termination and paid as provided in the Plan at that time. Each participant's account will be adjusted proportionately to reflect any charges or fees resulting from the termination of the Plan before accounts are paid out.

Subsequent Events: The Plan has evaluated subsequent events through September 18, 2024, the date the financial statements were available to be issued (see Note 8).

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

(Continued)

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Use of Estimates: The preparation of financial statements in accordance with generally accepted accounting principles requires the Bank to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments and the shares of Bank common stock are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date. Interest and other income are recorded on the accrual basis.

Notes Receivable From Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The plan investments consist of the Company common stock, which is exposed to various risks, such as interest rate, market, and credit risks resulting from global events, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with certain investment securities and common stock and to uncertainties inherent in the estimates and assumptions, it is at least reasonably possible that changes in the values of investment securities and common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits. The Plan may be subject to legal proceedings that arise in the ordinary course of operations. In the opinion of the Company, the aggregate liability, if any, with respect to these actions will not have a materially adverse effect on the plan's net assets available for benefits.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- *Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- *Level 2* – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

(Continued)

CENTRAL BANCSHARES, INC. EMPLOYEE STOCK OWNERSHIP AND 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 or 2022.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Money Market Fund: Valued at the daily closing price as reported by the fund. The money market fund is an open-end mutual fund that is registered with the SEC. This fund is required to publish its daily NAV and to transact at that price. The money market fund is deemed to be actively traded.

Stable Value Fund: Valued at NAV of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Collective Trust Funds: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund manager. The collective trusts provide for daily redemptions by the Plan are reported net assets values per share, with no advance notice requirement.

Central Bancshares, Inc. Common Stock: Reported at fair value based upon an appraisal. This appraisal was based upon market valuation techniques consistent with prior year as illustrated in the following table:

<u>Investment</u>	<u>2023 Fair Value</u>	<u>2022 Fair Value</u>	<u>Principal Valuation Technique</u>	<u>Unobservable Inputs</u>
Central Bancshares, Inc common stock	\$ 4,032,000	\$ 3,150,000	Market	Earnings estimate and multiple Public comparables Regional industry pricing Discounted cash flow Minority discount Liquidity/marketability discount

The valuation process involves the selection of an appraiser under contract with the right to cancel such contract at any time. The Bank accumulates the data for the appraiser from historical and projected financial information of the Bank. The appraiser prepares a report of estimated per share value that a participant will receive upon distribution.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 – ESOP DIVIDENDS

As determined by the Committee, cash dividends or S corporation distributions on Central Bancshares, Inc. common stock held by the Plan may be paid to participants' other investment accounts or used to pay Plan expenses. For 2023, \$254,299 in Sub-S distributions of earnings were paid on common stock. This is reported as dividends on the statement of changes in net assets available for benefits.

NOTE 6 – RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by J.P. Morgan Asset Management and Fidelity Investments. The Plan also invests in Central Bancshares, Inc. common stock. As described in Note 1, the Bank pays certain administrative expenses. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

(Continued)

NOTE 7 – TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated November 20, 2018, stating that the Plan is qualified under the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Bank believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, the Bank believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 8 – SUBSEQUENT EVENTS

The Company executed an amendment in July 2024 that will permit special qualified disaster recovery distributions from the Plan. Effective October 15, 2024, employees will be eligible to make withdrawals from the Plan while in service if they sustained an economic loss from a qualified disaster as provided by the allowable provisions under the 2023 Consolidated Appropriations Act.
