Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **CBIZ CPAS P.C.**

(2) EIN: **43-1947695**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		3000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Independent Auditors' Report

The Plan Administrator
Vicor 401(k) Plan
Andover, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Vicor 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years then ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by (See Note 3) and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VICOR 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the Vicor 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that was established for the benefit of the employees of Vicor Corporation (“the Company” or “the Employer”). The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement. Under Section 401(k) of the Internal Revenue Code (the Code), contributions to the Plan are not included in a participant’s compensation for federal income tax purposes until distributed to the participant. All full-time employees of the Company who are at least 18 years of age and have completed three months of service to the Company or 1,000 hours in a Plan year are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Substantially all of the investments are participant directed.

On April 1, 2022, Great-West Life & Annuity Insurance Company (GWLA), the parent company of Empower Retirement, LLC (Empower), acquired the full service retirement business of Prudential Financial, Inc. In connection with the transaction, GWLA acquired all shares of the following entities, which are no longer affiliated with Prudential Financial, Inc.: Prudential Retirement Insurance and Annuity Company, Prudential Bank & Trust, FSB, Global Portfolio Strategies, Inc., TBG Insurance Services Corporation, MC Insurance Agency Services, LLC, and Mullin TBG Insurance Agency Services, LLC.

Participant Contributions

Participants may defer up to 80% of their eligible compensation during the year as defined by the Plan, subject to a dollar limit set by Federal law. Newly eligible employees are automatically enrolled in the Plan at an initial 3% deferral unless they affirmatively elect otherwise. Subsequent year contributions are increased 1% per year to a maximum of 12%. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (“Participant Rollovers”).

Employer Matching and Discretionary Contributions

The Employer makes matching contributions each pay period in an amount equal to 50% of the amount contributed by a participant, up to the first 6% of the participant’s compensation, subject to limits imposed by Federal law. For the years ended December 31, 2023 and 2022, there were no discretionary contributions made.

VICOR 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the Participant's contribution and a pro rata allocation of (a) the Employer's matching and discretionary contributions, if any, (b) the Plan's investment earnings and (c) charged with loan fees and an allocation of administrative expenses. Allocations are based on participant compensation, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the Participant's vested account.

Forfeitures

A participant who leaves the employ of the Employer forfeits any non-vested balance at the earlier of the end of five consecutive one-year breaks in service or if the participant receives a complete distribution of their vested accounts. Forfeited account balances are used to pay the Plan's administrative expenses with any remainder used to reduce Employer contributions. As of December 31, 2023 and 2022, forfeited nonvested accounts totaled \$14,513 and \$14,331, respectively. During the years ended December 31, 2023 and 2022, \$30,292 and \$23,123, respectively, of forfeitures were used to offset a portion of the Employer contributions paid into the Plan.

Vesting

Each participant is fully vested at all times in his or her elective contributions and the related investment earnings. The Company's discretionary contribution and any matching contributions vest at a rate of 20% per year, with a participant becoming fully vested after five years of service.

A participant also becomes fully vested upon reaching normal retirement age or due to death or disability.

Withdrawals and Distributions

Hardship withdrawals are permitted from a participant's elective deferral contribution account. In addition, in-service withdrawals from the Participant's total vested account balances are permitted upon reaching age 59½. Participants are entitled to a lump-sum amount equal to their total vested account balance upon death, disability, retirement or termination of employment. Upon termination, if a participant's vested account is greater than \$1,000, but not more than \$5,000, the Plan administrator, after notification, may distribute the entire non-forfeited account balance to an IRA rollover account for the benefit of the former participant. In addition, upon termination, if a participant's vested account is \$1,000 or less, the Plan administrator, after notification and without consent, may distribute the benefit to the participant in a lump-sum amount.

VICOR 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may only have one loan outstanding at a time. Loan terms range from one to five years (or up to thirty years for the purchase of a primary residence). Loans are secured by the vested balance in the Participant's account and bear interest at 1% above the prime rate in effect at the time the loan is granted, as determined by the Plan's administrator. Principal and interest are paid ratably through payroll deductions.

Plan Administration and Administrative Expenses

The Employer is the Plan administrator and has the authority to appoint person(s) or entities to carry out the operation of the Plan. The Employer has the option, at its sole discretion, to pay any expenses on behalf of the Plan. All other expenses are paid by the Plan.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

VICOR 401(k) PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies

Unit Values

Individual participant accounts for the pooled separate investment accounts are maintained on a unit value basis. Participants do not have beneficial ownership in specific underlying securities or other assets in the funds, but do have an interest therein represented by units which are valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefits Paid

Benefits are recorded when paid.

Subsequent Events

The Plan administrator has evaluated subsequent events through September 17, 2024, the date that the financial statements were available to be issued

Note 3 – Information Certified by Trustees and Custodians

Plan investments are held under a group annuity contract primarily in pooled separate investment accounts, mutual funds and a guaranteed income account by the Plan's custodians and trustees, Empower Trust Company, LLC ("Empower"), Empower Annuity Insurance Company ("Empower Annuity"), and Prudential Retirement Insurance and Annuity Company and Prudential Bank and Trust, F.S.B. ("Prudential").

VICOR 401(k) PLAN

Notes to Financial Statements

Note 3 – Information Certified by Trustees and Custodians (Continued)

The fair and contract values as of December 31, 2023 and 2022 and all investment transactions for the for the years then ended including interest and dividend income and net appreciation (depreciation), are reported to the Plan and certified as complete and accurate by the trustees and custodians. Information included in the supplemental schedule and notes receivable from participants have also been derived from information certified by the trustees and custodians

On April 1, 2022, Empower Annuity Insurance Company of America acquired the retirement plan business of Prudential Financial, Inc., including Prudential Retirement Insurance & Annuity Company and Prudential Bank & Trust, FSB., and on October 2, 2022, Prudential Retirement Insurance and Annuity Company was renamed Empower Annuity Insurance Company.

The Plan offers investment choices to allow participants to create a diversified portfolio of assets based on the Participants' risk tolerance. Participants may invest their accounts in a combination of several pooled separate investment accounts, mutual funds and a guaranteed investment account sponsored by Prudential.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level I	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at measurement date.
Level II	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.
Level III	Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

VICOR 401(k) PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

Pooled Separate Investment Accounts

Pooled investments are valued at the net asset value ("NAV") of units of the separate accounts. The NAV, as provided by Prudential, is used as the practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022.

Description	Assets at Fair Value as of December 31, 2023

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

- (a) In accordance with ASC Subtopic 820-10, "Fair Value Measurements," certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified within the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy amounts to amounts presented in the Statements of Net Assets Available for Benefits.

Fair Value of Investments that Calculate Net Asset Value Practical Expedient

The following table summarizes investments measured at fair value based on net asset value (NAV) per share as of December 31, 2023 and 2022, respectively.

Investments	Fair Value 12/31/2023	Fair Value 12/31/2022	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts (b)	\$ 19,652,212	\$ 30,126,184	\$ -	daily	1 day
Total	\$ 19,652,212	\$ 30,126,184	\$ -		

- (b) See Note 4 for the description of the pooled separate accounts.

Note 5 - Fully Benefit-Responsive Investment Contracts

Following is a description of the investments and valuation methodologies for the fully benefit-responsive investment contract:

Guaranteed Interest Account

The Plan has a fully benefit-responsive investment contract with Prudential Retirement Insurance and Annuity Company ("Prudential") and is reported at contract value. Prudential maintains that this guaranteed income fund is a general account evergreen fund that has no maturity date. Also, in the event of discontinuance of the fund, Prudential would payout full contract value within 90 days. The account is credited with interest, whose rate is set by Prudential, on the underlying investments and charged for participant withdrawals and administrative expenses. During 2023, the interest rate under the guaranteed income account was 1.90% from January 1, 2023 through June 30, 2023 and was 1.95% from July 1, 2023 through December 31, 2023. During 2022, the interest rate under the guaranteed income account was 1.65% from January 1, 2022 through June 30, 2022 and was 1.70% from July 1, 2022 through December 31, 2022. Prudential is contractually obligated to repay the principal and accumulated interest which is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

VICOR 401(k) PLAN

Notes to Financial Statements

Note 5 - Fully Benefit-Responsive Investment Contracts (Continued)

Guaranteed Interest Account (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer including amendments to the plan document, changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants

At December 31, 2023 and 2022, the fully benefit-responsive investment contract at contract value amounted to \$39,205,604 and \$37,887,778, respectively.

Note 6 - Related-Party Transactions and Exempt Party-in-Interest Transactions

Certain Plan investments include units of participation in pooled separate investment and guaranteed interest accounts managed by Empower and Prudential. Empower and Prudential are the custodians and trustees as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid to Empower and Prudential and other service providers totaled \$279,486 and \$305,589 for the years ended December 31, 2023 and 2022, respectively. Notes receivable from participants also qualify as exempt party-in-interest transactions.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

VICOR 401(k) PLAN

Notes to Financial Statements

Note 9 - Tax Status

The Plan received a favorable Internal Revenue Service (IRS) opinion letter dated May 15, 2017, which stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan continues to qualify under Section 401(a) and the related trust continues to be tax-exempt. Therefore, no provision for income taxes is included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Independent Auditors' Report

The Plan Administrator
Vicor 401(k) Plan
Andover, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Vicor 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years then ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by (See Note 3) and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VICOR 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the Vicor 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that was established for the benefit of the employees of Vicor Corporation (“the Company” or “the Employer”). The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement. Under Section 401(k) of the Internal Revenue Code (the Code), contributions to the Plan are not included in a participant’s compensation for federal income tax purposes until distributed to the participant. All full-time employees of the Company who are at least 18 years of age and have completed three months of service to the Company or 1,000 hours in a Plan year are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Substantially all of the investments are participant directed.

On April 1, 2022, Great-West Life & Annuity Insurance Company (GWLA), the parent company of Empower Retirement, LLC (Empower), acquired the full service retirement business of Prudential Financial, Inc. In connection with the transaction, GWLA acquired all shares of the following entities, which are no longer affiliated with Prudential Financial, Inc.: Prudential Retirement Insurance and Annuity Company, Prudential Bank & Trust, FSB, Global Portfolio Strategies, Inc., TBG Insurance Services Corporation, MC Insurance Agency Services, LLC, and Mullin TBG Insurance Agency Services, LLC.

Participant Contributions

Participants may defer up to 80% of their eligible compensation during the year as defined by the Plan, subject to a dollar limit set by Federal law. Newly eligible employees are automatically enrolled in the Plan at an initial 3% deferral unless they affirmatively elect otherwise. Subsequent year contributions are increased 1% per year to a maximum of 12%. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (“Participant Rollovers”).

Employer Matching and Discretionary Contributions

The Employer makes matching contributions each pay period in an amount equal to 50% of the amount contributed by a participant, up to the first 6% of the participant’s compensation, subject to limits imposed by Federal law. For the years ended December 31, 2023 and 2022, there were no discretionary contributions made.

VICOR 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the Participant's contribution and a pro rata allocation of (a) the Employer's matching and discretionary contributions, if any, (b) the Plan's investment earnings and (c) charged with loan fees and an allocation of administrative expenses. Allocations are based on participant compensation, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the Participant's vested account.

Forfeitures

A participant who leaves the employ of the Employer forfeits any non-vested balance at the earlier of the end of five consecutive one-year breaks in service or if the participant receives a complete distribution of their vested accounts. Forfeited account balances are used to pay the Plan's administrative expenses with any remainder used to reduce Employer contributions. As of December 31, 2023 and 2022, forfeited nonvested accounts totaled \$14,513 and \$14,331, respectively. During the years ended December 31, 2023 and 2022, \$30,292 and \$23,123, respectively, of forfeitures were used to offset a portion of the Employer contributions paid into the Plan.

Vesting

Each participant is fully vested at all times in his or her elective contributions and the related investment earnings. The Company's discretionary contribution and any matching contributions vest at a rate of 20% per year, with a participant becoming fully vested after five years of service.

A participant also becomes fully vested upon reaching normal retirement age or due to death or disability.

Withdrawals and Distributions

Hardship withdrawals are permitted from a participant's elective deferral contribution account. In addition, in-service withdrawals from the Participant's total vested account balances are permitted upon reaching age 59½. Participants are entitled to a lump-sum amount equal to their total vested account balance upon death, disability, retirement or termination of employment. Upon termination, if a participant's vested account is greater than \$1,000, but not more than \$5,000, the Plan administrator, after notification, may distribute the entire non-forfeited account balance to an IRA rollover account for the benefit of the former participant. In addition, upon termination, if a participant's vested account is \$1,000 or less, the Plan administrator, after notification and without consent, may distribute the benefit to the participant in a lump-sum amount.

VICOR 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may only have one loan outstanding at a time. Loan terms range from one to five years (or up to thirty years for the purchase of a primary residence). Loans are secured by the vested balance in the Participant's account and bear interest at 1% above the prime rate in effect at the time the loan is granted, as determined by the Plan's administrator. Principal and interest are paid ratably through payroll deductions.

Plan Administration and Administrative Expenses

The Employer is the Plan administrator and has the authority to appoint person(s) or entities to carry out the operation of the Plan. The Employer has the option, at its sole discretion, to pay any expenses on behalf of the Plan. All other expenses are paid by the Plan.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

VICOR 401(k) PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies

Unit Values

Individual participant accounts for the pooled separate investment accounts are maintained on a unit value basis. Participants do not have beneficial ownership in specific underlying securities or other assets in the funds, but do have an interest therein represented by units which are valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefits Paid

Benefits are recorded when paid.

Subsequent Events

The Plan administrator has evaluated subsequent events through September 17, 2024, the date that the financial statements were available to be issued

Note 3 – Information Certified by Trustees and Custodians

Plan investments are held under a group annuity contract primarily in pooled separate investment accounts, mutual funds and a guaranteed income account by the Plan's custodians and trustees, Empower Trust Company, LLC ("Empower"), Empower Annuity Insurance Company ("Empower Annuity"), and Prudential Retirement Insurance and Annuity Company and Prudential Bank and Trust, F.S.B. ("Prudential").

VICOR 401(k) PLAN

Notes to Financial Statements

Note 3 – Information Certified by Trustees and Custodians (Continued)

The fair and contract values as of December 31, 2023 and 2022 and all investment transactions for the for the years then ended including interest and dividend income and net appreciation (depreciation), are reported to the Plan and certified as complete and accurate by the trustees and custodians. Information included in the supplemental schedule and notes receivable from participants have also been derived from information certified by the trustees and custodians

On April 1, 2022, Empower Annuity Insurance Company of America acquired the retirement plan business of Prudential Financial, Inc., including Prudential Retirement Insurance & Annuity Company and Prudential Bank & Trust, FSB., and on October 2, 2022, Prudential Retirement Insurance and Annuity Company was renamed Empower Annuity Insurance Company.

The Plan offers investment choices to allow participants to create a diversified portfolio of assets based on the Participants' risk tolerance. Participants may invest their accounts in a combination of several pooled separate investment accounts, mutual funds and a guaranteed investment account sponsored by Prudential.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level I	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at measurement date.
Level II	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.
Level III	Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

VICOR 401(k) PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

Pooled Separate Investment Accounts

Pooled investments are valued at the net asset value ("NAV") of units of the separate accounts. The NAV, as provided by Prudential, is used as the practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022.

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

- (a) In accordance with ASC Subtopic 820-10, "Fair Value Measurements," certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified within the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy amounts to amounts presented in the Statements of Net Assets Available for Benefits.

Fair Value of Investments that Calculate Net Asset Value Practical Expedient

The following table summarizes investments measured at fair value based on net asset value (NAV) per share as of December 31, 2023 and 2022, respectively.

Investments	Fair Value 12/31/2023	Fair Value 12/31/2022	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts (b)	\$ 19,652,212	\$ 30,126,184	\$ -	daily	1 day
Total	\$ 19,652,212	\$ 30,126,184	\$ -		

- (b) See Note 4 for the description of the pooled separate accounts.

Note 5 - Fully Benefit-Responsive Investment Contracts

Following is a description of the investments and valuation methodologies for the fully benefit-responsive investment contract:

Guaranteed Interest Account

The Plan has a fully benefit-responsive investment contract with Prudential Retirement Insurance and Annuity Company ("Prudential") and is reported at contract value. Prudential maintains that this guaranteed income fund is a general account evergreen fund that has no maturity date. Also, in the event of discontinuance of the fund, Prudential would payout full contract value within 90 days. The account is credited with interest, whose rate is set by Prudential, on the underlying investments and charged for participant withdrawals and administrative expenses. During 2023, the interest rate under the guaranteed income account was 1.90% from January 1, 2023 through June 30, 2023 and was 1.95% from July 1, 2023 through December 31, 2023. During 2022, the interest rate under the guaranteed income account was 1.65% from January 1, 2022 through June 30, 2022 and was 1.70% from July 1, 2022 through December 31, 2022. Prudential is contractually obligated to repay the principal and accumulated interest which is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

VICOR 401(k) PLAN

Notes to Financial Statements

Note 5 - Fully Benefit-Responsive Investment Contracts (Continued)

Guaranteed Interest Account (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer including amendments to the plan document, changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants

At December 31, 2023 and 2022, the fully benefit-responsive investment contract at contract value amounted to \$39,205,604 and \$37,887,778, respectively.

Note 6 - Related-Party Transactions and Exempt Party-in-Interest Transactions

Certain Plan investments include units of participation in pooled separate investment and guaranteed interest accounts managed by Empower and Prudential. Empower and Prudential are the custodians and trustees as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid to Empower and Prudential and other service providers totaled \$279,486 and \$305,589 for the years ended December 31, 2023 and 2022, respectively. Notes receivable from participants also qualify as exempt party-in-interest transactions.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

VICOR 401(k) PLAN

Notes to Financial Statements

Note 9 - Tax Status

The Plan received a favorable Internal Revenue Service (IRS) opinion letter dated May 15, 2017, which stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan continues to qualify under Section 401(a) and the related trust continues to be tax-exempt. Therefore, no provision for income taxes is included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan Administrator
Vicor 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Vicor 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years then ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by (See Note 3) and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VICOR 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the Vicor 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that was established for the benefit of the employees of Vicor Corporation (“the Company” or “the Employer”). The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement. Under Section 401(k) of the Internal Revenue Code (the Code), contributions to the Plan are not included in a participant’s compensation for federal income tax purposes until distributed to the participant. All full-time employees of the Company who are at least 18 years of age and have completed three months of service to the Company or 1,000 hours in a Plan year are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Substantially all of the investments are participant directed.

On April 1, 2022, Great-West Life & Annuity Insurance Company (GWLA), the parent company of Empower Retirement, LLC (Empower), acquired the full service retirement business of Prudential Financial, Inc. In connection with the transaction, GWLA acquired all shares of the following entities, which are no longer affiliated with Prudential Financial, Inc.: Prudential Retirement Insurance and Annuity Company, Prudential Bank & Trust, FSB, Global Portfolio Strategies, Inc., TBG Insurance Services Corporation, MC Insurance Agency Services, LLC, and Mullin TBG Insurance Agency Services, LLC.

Participant Contributions

Participants may defer up to 80% of their eligible compensation during the year as defined by the Plan, subject to a dollar limit set by Federal law. Newly eligible employees are automatically enrolled in the Plan at an initial 3% deferral unless they affirmatively elect otherwise. Subsequent year contributions are increased 1% per year to a maximum of 12%. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (“Participant Rollovers”).

Employer Matching and Discretionary Contributions

The Employer makes matching contributions each pay period in an amount equal to 50% of the amount contributed by a participant, up to the first 6% of the participant’s compensation, subject to limits imposed by Federal law. For the years ended December 31, 2023 and 2022, there were no discretionary contributions made.

VICOR 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the Participant's contribution and a pro rata allocation of (a) the Employer's matching and discretionary contributions, if any, (b) the Plan's investment earnings and (c) charged with loan fees and an allocation of administrative expenses. Allocations are based on participant compensation, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the Participant's vested account.

Forfeitures

A participant who leaves the employ of the Employer forfeits any non-vested balance at the earlier of the end of five consecutive one-year breaks in service or if the participant receives a complete distribution of their vested accounts. Forfeited account balances are used to pay the Plan's administrative expenses with any remainder used to reduce Employer contributions. As of December 31, 2023 and 2022, forfeited nonvested accounts totaled \$14,513 and \$14,331, respectively. During the years ended December 31, 2023 and 2022, \$30,292 and \$23,123, respectively, of forfeitures were used to offset a portion of the Employer contributions paid into the Plan.

Vesting

Each participant is fully vested at all times in his or her elective contributions and the related investment earnings. The Company's discretionary contribution and any matching contributions vest at a rate of 20% per year, with a participant becoming fully vested after five years of service.

A participant also becomes fully vested upon reaching normal retirement age or due to death or disability.

Withdrawals and Distributions

Hardship withdrawals are permitted from a participant's elective deferral contribution account. In addition, in-service withdrawals from the Participant's total vested account balances are permitted upon reaching age 59½. Participants are entitled to a lump-sum amount equal to their total vested account balance upon death, disability, retirement or termination of employment. Upon termination, if a participant's vested account is greater than \$1,000, but not more than \$5,000, the Plan administrator, after notification, may distribute the entire non-forfeited account balance to an IRA rollover account for the benefit of the former participant. In addition, upon termination, if a participant's vested account is \$1,000 or less, the Plan administrator, after notification and without consent, may distribute the benefit to the participant in a lump-sum amount.

VICOR 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may only have one loan outstanding at a time. Loan terms range from one to five years (or up to thirty years for the purchase of a primary residence). Loans are secured by the vested balance in the Participant's account and bear interest at 1% above the prime rate in effect at the time the loan is granted, as determined by the Plan's administrator. Principal and interest are paid ratably through payroll deductions.

Plan Administration and Administrative Expenses

The Employer is the Plan administrator and has the authority to appoint person(s) or entities to carry out the operation of the Plan. The Employer has the option, at its sole discretion, to pay any expenses on behalf of the Plan. All other expenses are paid by the Plan.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

VICOR 401(k) PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies

Unit Values

Individual participant accounts for the pooled separate investment accounts are maintained on a unit value basis. Participants do not have beneficial ownership in specific underlying securities or other assets in the funds, but do have an interest therein represented by units which are valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefits Paid

Benefits are recorded when paid.

Subsequent Events

The Plan administrator has evaluated subsequent events through September 17, 2024, the date that the financial statements were available to be issued

Note 3 – Information Certified by Trustees and Custodians

Plan investments are held under a group annuity contract primarily in pooled separate investment accounts, mutual funds and a guaranteed income account by the Plan's custodians and trustees, Empower Trust Company, LLC ("Empower"), Empower Annuity Insurance Company ("Empower Annuity"), and Prudential Retirement Insurance and Annuity Company and Prudential Bank and Trust, F.S.B. ("Prudential").

VICOR 401(k) PLAN

Notes to Financial Statements

Note 3 – Information Certified by Trustees and Custodians (Continued)

The fair and contract values as of December 31, 2023 and 2022 and all investment transactions for the for the years then ended including interest and dividend income and net appreciation (depreciation), are reported to the Plan and certified as complete and accurate by the trustees and custodians. Information included in the supplemental schedule and notes receivable from participants have also been derived from information certified by the trustees and custodians

On April 1, 2022, Empower Annuity Insurance Company of America acquired the retirement plan business of Prudential Financial, Inc., including Prudential Retirement Insurance & Annuity Company and Prudential Bank & Trust, FSB., and on October 2, 2022, Prudential Retirement Insurance and Annuity Company was renamed Empower Annuity Insurance Company.

The Plan offers investment choices to allow participants to create a diversified portfolio of assets based on the Participants' risk tolerance. Participants may invest their accounts in a combination of several pooled separate investment accounts, mutual funds and a guaranteed investment account sponsored by Prudential.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level I	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at measurement date.
Level II	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.
Level III	Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

VICOR 401(k) PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

Pooled Separate Investment Accounts

Pooled investments are valued at the net asset value ("NAV") of units of the separate accounts. The NAV, as provided by Prudential, is used as the practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022.

Description	Assets at Fair Value as of December 31, 2023

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

- (a) In accordance with ASC Subtopic 820-10, "Fair Value Measurements," certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified within the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy amounts to amounts presented in the Statements of Net Assets Available for Benefits.

Fair Value of Investments that Calculate Net Asset Value Practical Expedient

The following table summarizes investments measured at fair value based on net asset value (NAV) per share as of December 31, 2023 and 2022, respectively.

Investments	Fair Value 12/31/2023	Fair Value 12/31/2022	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts (b)	\$ 19,652,212	\$ 30,126,184	\$ -	daily	1 day
Total	\$ 19,652,212	\$ 30,126,184	\$ -		

- (b) See Note 4 for the description of the pooled separate accounts.

Note 5 - Fully Benefit-Responsive Investment Contracts

Following is a description of the investments and valuation methodologies for the fully benefit-responsive investment contract:

Guaranteed Interest Account

The Plan has a fully benefit-responsive investment contract with Prudential Retirement Insurance and Annuity Company ("Prudential") and is reported at contract value. Prudential maintains that this guaranteed income fund is a general account evergreen fund that has no maturity date. Also, in the event of discontinuance of the fund, Prudential would payout full contract value within 90 days. The account is credited with interest, whose rate is set by Prudential, on the underlying investments and charged for participant withdrawals and administrative expenses. During 2023, the interest rate under the guaranteed income account was 1.90% from January 1, 2023 through June 30, 2023 and was 1.95% from July 1, 2023 through December 31, 2023. During 2022, the interest rate under the guaranteed income account was 1.65% from January 1, 2022 through June 30, 2022 and was 1.70% from July 1, 2022 through December 31, 2022. Prudential is contractually obligated to repay the principal and accumulated interest which is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Note 5 - Fully Benefit-Responsive Investment Contracts (Continued)

Guaranteed Interest Account (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer including amendments to the plan document, changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants

At December 31, 2023 and 2022, the fully benefit-responsive investment contract at contract value amounted to \$39,205,604 and \$37,887,778, respectively.

Note 6 - Related-Party Transactions and Exempt Party-in-Interest Transactions

Certain Plan investments include units of participation in pooled separate investment and guaranteed interest accounts managed by Empower and Prudential. Empower and Prudential are the custodians and trustees as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid to Empower and Prudential and other service providers totaled \$279,486 and \$305,589 for the years ended December 31, 2023 and 2022, respectively. Notes receivable from participants also qualify as exempt party-in-interest transactions.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

Note 9 - Tax Status

The Plan received a favorable Internal Revenue Service (IRS) opinion letter dated May 15, 2017, which stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan continues to qualify under Section 401(a) and the related trust continues to be tax-exempt. Therefore, no provision for income taxes is included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
