INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of the
Independent Physicians 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Independent Physicians 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified

investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Physicians 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2023 and 2022

1. Description of Plan

The following description of the Independent Physicians 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

Eligibility

The Plan is a defined contribution plan sponsored by Independent Physicians Resource, Inc. (the Company, or Plan Sponsor). The Plan covers all eligible employees of the Company, excluding collectively bargained employees and independent contractors. Employees are eligible to participate in the Plan after completing a service requirement of 30 days and have attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended and restated effective May 27, 2022.

During 2023, eligible employees consisted of employees of the Plan Sponsor, Cornerstone Medical Center, LLC, and RelyMD, LLC, which are wholly-owned subsidiaries of the Plan Sponsor.

Merger and Transfer of Assets into Plan

Effective April 8, 2022, RelyMD, LLC (RelyMD), a wholly owned subsidiary of the Plan Sponsor, was added to the Plan as a participating employer to the Plan and their employees became eligible on that date. No employee of RelyMD was eligible prior to that date but were 100% vested immediately into the Plan. On August 1, 2022, assets totaling \$138,167 were transferred into the Plan from the TriNet Passport 401(k) Plan.

Contributions

Each participant may elect to make pre-tax and/or Roth contributions of up to 99% of eligible compensation, as defined in the Plan document, not to exceed a maximum of \$22,500 for the 2023 Plan year, plus a catch-up contribution of up to \$7,500 for participants who have reached at least 50 years of age by the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Company makes safe harbor matching contributions of 100% of the participant's deferral up to the first 5% of eligible compensation. In addition, the Board of Directors may, at their discretion, authorize an additional discretionary profit-sharing contribution. There were no discretionary profit-sharing contributions during 2023.

Independent Physicians 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2023 and 2022

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, any Company contributions and earnings and losses on the investments in their account and is charged with transaction fees for services received by the participant and certain administrative expenses. Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan. The Plan also offers a self-directed brokerage account as an additional investment option for participants. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants vest immediately in their contributions, Company safe harbor matching contributions, and rollovers plus earnings and losses thereon. Participants become 100% vested in the Company's discretionary profit-sharing contributions after three years of service. All amounts become fully vested upon the participant's attainment of normal retirement age, disability, or death.

Forfeitures

Forfeited non-vested accounts were \$581 and \$0 as of December 31, 2023 and 2022, respectively. Forfeitures may be used to pay administrative expenses of the Plan or to reduce future Company contributions. In 2023, no forfeitures were used to pay administrative expenses, however, \$581 of forfeitures were used to reduce the Company's safe harbor matching contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account balance. Participants may only have one note receivable outstanding at a time. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate, as defined by the Plan document. As December 31, 2023, notes had fixed interest rates ranging from 4.25% to 9.50% for the term of the notes receivable, not to exceed five years, unless used for the purchase of a residence. Principal and interest are paid through payroll deductions or by other means as specified in the participant's loan agreement. Notes receivable from participants qualify as party-in-interest transactions.

Independent Physicians 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2023 and 2022

Payment of Benefits

On termination of service due to death, disability, termination of employment or retirement, a participant or beneficiary may elect to receive a payment of the vested interest in their account in a lump sum distribution. In-service withdrawals are also permitted for participants who have attained age 59½. A participant's account balance between \$1,000 and \$5,000 may be paid as a direct rollover to an individual retirement account established by the Company for the benefit of the participant. If the account balance is \$1,000 or less, the Plan may, upon termination of service, pay the benefits owed in a lump sum.

Participants are also eligible to receive hardship withdrawals when certain conditions are met.

Administrative Expenses

Administrative expenses paid by participants include distribution fees, loan fees, and other transaction and recordkeeping fees. Investment related expenses are paid by participants based on the specific expense ratio for each fund invested in through a direct payment. Investment related expenses attributable to self-directed accounts are charged directly to the participant's account and are included in administrative expenses. The Plan document permits certain administrative expenses to be paid by the Plan. Expenses paid by the Plan in 2023 included recordkeeping fees and advisory fees paid to service providers of the Plan. These expenses paid to the various service providers of the Plan qualify for party-in-interest transactions. The Company pays all other administrative expenses of the Plan. The Company does not expect reimbursement from the Plan for these expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates, and such differences may be material to the financial statements.

Independent Physicians 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2023 and 2022

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The Company safe harbor matching contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan. The Company's discretionary profit-sharing contributions are payable to the Plan after they have been approved by the Company. Any unfunded participant or Company safe harbor matching and Company discretionary profit-sharing contributions are included in the participant or Plan Sponsor contributions receivable on the statements of net assets available for benefits as of December 31, 2023 and 2022.

In accordance with Financial Accounting Standards Board's Accounting Standards Codification ASC 326, *Financial Instruments—Credit Losses*, the Company estimates the current credit risk associated with Plan Sponsor contribution receivables. The Company determined that no allowance for credit loss was necessary as of December 31, 2023 and 2022.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Net increase in fair value of investments include realized and unrealized gains and losses, interest and dividends on those investments, and fees charged for investment management services on those investments. Interest income is recorded when received.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make note repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded as a deemed distribution.

Payment of Benefits

Benefit payments are recorded when paid.

Subsequent Events

The plan administrator evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect

Independent Physicians 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2023 and 2022

the financial statements. Subsequent events have been evaluated through September 5, 2024, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2023 and 2022, including the net increase in fair value of investments and interest income for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the Plan's qualified institution.

4. Investments

Fees incurred by the Plan for the investment management services are included in net change in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Investments are exposed to various risks, such as market, currency, interest rate, and credit risks. Market risks include U.S. and global events that could impact the value of Plan investments. Such events may include public health emergencies such as a pandemic, as well as international conflicts, cybersecurity attacks, supply chain disruptions, global monetary policy decisions, inflation, significant economic influences, and other adverse credit and market events and conditions. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Independent Physicians 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2023 and 2022

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds are stated at quoted market prices for the identical security in an active market (Level 1).

Investments in the self-direct brokerage accounts include cash equivalents, interest-bearing cash, common stock, mutual funds, unit investment trusts, cash and other assets and are stated at quoted market prices for the identical security in an active market (Level 1).

The Plan invests in a stable value fund held in a common collective trust. The stable value fund invests in fully benefit-responsive guaranteed investment contracts (GICs), which are general obligations of the insurance companies that issue the contracts, as well as synthetic GICs. The stable value fund trades at the net asset value (NAV), which is based on the contract value of the underlying investments (Level 1). The stable value fund includes certain redemption restrictions. If the Plan chooses to redeem all or a significant portion of the stable value fund, the issuer may require a 12-month wait period to redeem.

The following table summarizes the Plan's investments based on the inputs used to determine their values as of December 31, 2023 and 2022:

	Level 1	
	2023	2022
Mutual funds	\$ 59,674,371	\$ 45,861,973
Stable value fund	4,097,392	4,256,574
Self-directed brokerage account	2,127,763	1,431,027
Total	\$ 65,899,526	\$ 51,549,574

5. Income Tax Status

Effective May 27, 2022, the Plan adopted a non-standardized plan that has received an opinion letter from the Internal Revenue Service dated June 30, 2020 stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC), and therefore, the related trust is tax-exempt. Although the Plan has not obtained an individual determination letter and has

Independent Physicians 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2023 and 2022

been amended since receiving the opinion letter, the plan administrator believes the Plan is designed and is currently being operating in compliance with the applicable requirements of the IRC and has chosen to rely on the current IRS non-standardized pre-approved plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in the employer discretionary profit-sharing contributions.
