REPORT OF INDEPENDENT AUDITORS

To the Trustees and Participants of
Donson Machine Co., Inc.
Employees' 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Donson Machine Co., Inc. Employees' 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America; and
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

DONSON MACHINE CO., INC.
EMPLOYEES' 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 1. DESCRIPTION OF THE PLAN

On October 1, 1978, Donson Machine Co., Inc. (the Company) established Donson Machine Co., Inc. Employees' 401(k) Profit Sharing Plan (the Plan), under Section 401(a) of the Internal Revenue Code to provide savings and retirement benefits for eligible employees of the Company. The Plan is a defined contribution retirement plan covering all eligible employees of Donson Machine Co., Inc. and Bett's Precision Inc., (companies related through common ownership, collectively, the "Company") immediately upon their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Benefits under the Plan are not insured by the Pension Benefit Guaranty Corporation.

Participants may elect to defer all or a portion of their compensation and have that amount contributed to the Plan on a pre-tax basis or on an after-tax basis as a Roth deferral. Elective salary deferrals are subject to Internal Revenue Service Code limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions (rollover contributions) from other qualified retirement plans. The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation.

Contributions to the Plan are invested as directed by the participants in various investment options. In the absence of participant direction, contributions are invested in a qualified default investment alternative account. Participants must evaluate their own investment goals and objectives and choose the investments best suited to achieve those goals and objectives. Poor investment performance by the investment options selected by the participants may cause their account balance to be lower than contributions made to the Plan.

The Company may make discretionary matching or profit sharing contributions as determined and authorized by the Board of Directors of the Company. In order to receive a discretionary profit sharing contribution, an employee must have had 500 hours of service during the Plan year.

Each participant's account is credited or charged with the participant's elective deferral, rollover contributions and an allocation of Plan earnings or losses, the employer's contribution (if any), and an allocation of administrative expenses. Allocations are based on participant earnings, contributions, and account balances or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Participants are immediately fully vested in their elected deferrals, rollovers and actual earnings thereon. Employer discretionary matching contributions are fully vested after six years of vesting service. In the event that an eligible participant passes away or becomes disabled while still employed, a participant will become 100% vested. The portion of the employer discretionary matching contribution that is vested is as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Upon termination of service due to death, disability or retirement age as defined in the Plan document, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in the account, partial account distributions or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in the account as a lump-sum distribution. Vested account balances of terminated participants that are less than \$5,000 are automatically distributed subject to automatic rollover requirements, as defined in the Plan document.

Participants in service may make hardship withdrawals from their vested contributions upon demonstrating an immediate and heavy financial need, as allowed under federal rules.

Participants should refer to the summary plan description for more complete information.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The accompanying financial statements have been prepared using the accrual basis of accounting.

New Accounting Pronouncement - In June 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-13, *Financial Instruments - Credit Losses* (Topic 326) which is effective for the year ended December 31, 2023. This new standard provides financial statement users with more decision-useful information about the expected credit losses on financial instruments and other commitments to extend credit held by a reporting entity at each reporting date. The standard replaced the incurred loss impairment model with a methodology that reflects expected credit losses and requires consideration of a broader range of reasonable and supportable information to inform credit loss estimates. The standard was considered immaterial for recognition and disclosure.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments - The investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Purchases and sales of the investments are reflected on a trade-date basis.

Dividend income is recorded on the ex dividend date. Interest income is recorded on the accrual basis.

Payment of Benefits - Benefits paid to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan but were not yet paid at either December 31, 2023 or 2022.

Forfeited Accounts - Forfeitures are retained in the Plan and may be used to pay administrative expenses or to reduce future employer contributions payable under the Plan. As of December 31, 2023, forfeited non-vested accounts totaled \$6,496. As of December 31, 2022, forfeited non-vested accounts totaled \$10,271. During the years ended December 31, 2023 and 2022, forfeited non-vested accounts totaling \$10,271 and \$0 respectively, were used to reduce Company matching contributions.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan sponsor. Expenses that are paid by the Plan sponsor are excluded from these financial statements. Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events have been evaluated through September 3, 2024, which is the date the financial statements were available to be issued.

NOTE 3. PRIORITIES UPON TERMINATION

Although it has not expressed an intention to do so, the Plan sponsor has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become fully vested in the employer contribution portion of their account.

NOTE 4. TAX STATUS

The Company adopted a volume submitter prototype plan. Because the Plan is not required to receive a determination letter directly from the Internal Revenue Service (IRS), the Plan has not received a determination letter specific to the Plan itself. However, the prototype plan has received a determination letter from the IRS as to the prototype plan's qualified status. The prototype plan determination letter has been relied upon by the Plan. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believes that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken and recognize a tax liability if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5. FAIR VALUE MEASUREMENTS

The *Fair Value Measurements and Disclosures* Topic of the Financial Accounting Standards Board Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

In accordance with generally accepted accounting principles, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy.

The Plan's investments are comprised of pooled separate accounts. The pooled separate accounts are valued at the net asset value per share, used as a practical expedient to estimate fair value. The net asset value is based on the fair values of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

The pooled separate accounts are direct filing entities (DFEs) and file Form 5500 annual reports with the U.S. Department of Labor. The Plan is not required to disclose the significant investment strategies of DFE investments. Redemptions are available on a daily basis without notice.

NOTE 6. INFORMATION CERTIFIED BY TRUSTEE AND CUSTODIAN

The Plan Administrator has obtained certifications from John Hancock Life Insurance Company (Trustee and Custodian) that the following information regarding the Plan's investments as of and for the years ended December 31, 2023 and 2022 is complete and accurate:

	<u>2023</u>	<u>2022</u>
Investments:		
Pooled separate accounts	\$ 6,005,272	\$ 5,231,944
Investment income:		
Net appreciation (depreciation) in fair value of investments	\$ 793,970	\$ (971,091)

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2023 and 2022, the Plan held a significant portion of its assets in one pooled separate account, John Hancock Multimanager Balanced Lifestyle Fund, with a fair value of \$3,311,031 and \$2,803,865 respectively, which represented approximately 55% and 53%, respectively, of net assets available for benefits. The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across the participant directed fund elections. Additionally, the investments within each participant directed fund election are further diversified into varied financial instruments. Investment decisions are made, and the resulting risks are borne, exclusively by the Plan participant who made such decisions.

NOTE 8. PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

The Plan's investments represent units of pooled separate accounts issued by John Hancock. These transactions qualify as party-in-interest transactions. John Hancock also performs administrative and recordkeeping services for the Plan. Fees paid by the Plan were included as a reduction of the return earned on each investment.

Certain employees of the Company are performing services for the Plan and are not compensated by the Plan. Certain other expenses of the Plan are paid by the Company.

NOTE 9. PARTICIPANT CONTRIBUTIONS

The Company withholds participants' contributions from their payroll. During the years ended December 31, 2023 and 2022, there were certain instances where the Company failed to timely remit participant contributions totaling \$38,540 and \$46,493 respectively, within the period prescribed by the Department of Labor regulations. Specifically, the regulations require the Company to segregate participant deferrals from its general assets as soon as practicable. The late payments did not meet the timeliness requirements and therefore constitute prohibited transactions with a party-in-interest. The Company computes the lost earnings on any late deferrals and subsequently remits the deferrals and makes a contribution for lost earnings to the Plan.
