Mate Precision Technologies Employee Retirement Savings Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Mate Precision Technologies Employee Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedule required by ERISA

The supplemental schedule of Schedule H, line 4(i) - schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE A - PLAN DESCRIPTION

The following description of the Mate Precision Technologies (the “Company” or “Plan Sponsor”) Employee Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan, established October 1, 1967, is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan was most recently amended on October 1, 2016. The provisions below reflect all changes from Plan amendments.

Eligibility

All employees who are not a member of a collective bargaining agreement, a leased employee, independent contractor or a nonresident alien are eligible to participate in the Plan and make participant elective deferrals upon commencement of employment. All employees are automatically enrolled in the Plan at a contribution rate equal to 6% of the participants’ eligible compensation upon hire, unless the employee affirmatively elects otherwise.

All employees, as defined in the Plan, are eligible to receive discretionary matching contributions upon making participant elective deferrals. All employees who complete one year of service, as defined in the Plan, are eligible to receive discretionary profit sharing contributions to the Plan effective January 1 or July 1.

Contributions

Contributions made pursuant to participant elective deferrals are permitted up to 75% of the participant’s credited compensation as defined in the Plan, subject to limits established by law. Participants satisfying certain criteria are permitted to make catch-up contributions, as stated in the Plan agreement. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Company matching and profit sharing contributions to the Plan are made at the discretion of the Company’s management.

For the years ended December 31, 2023 and 2022, the Company made employer discretionary matching contributions equal to 50% of the first 6% of eligible compensation of participating employees. The Company made discretionary profit sharing contributions to the Plan in the amount of \$365,431 and \$353,363, net of forfeitures, for the years ended December 31, 2023 and 2022, respectively.

Vesting

Participants are immediately vested in their participant elective deferral, catch-up, Roth, and rollover contributions, plus actual earnings thereon. Company contributions vest on a graduated scale of 0% for the first two years of service and 20% per year thereafter up to six years for 100% with a provision for 100% vesting at the normal retirement date, death, or permanent disability, as defined in the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contributions (elective deferral, catch-up, Roth and rollover) and an allocation of the Company’s discretionary contributions, plan earnings or losses, and forfeitures of terminated participants’ non-vested amounts. Allocations of Company discretionary contributions and forfeitures are based on participants’ contributions as specified in the Plan and allocations

Employee Retirement Savings Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

of Plan earnings or losses are based on account balances. The benefit to which a participant is entitled is the vested portion of the participant's account.

Payment of Benefits

On termination of service, due to termination of employment, death, disability or retirement, a participant may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account, net of tax, rollover the entire vested portion to a qualified plan, or receive installments over a specified period as provided for in the Plan. If the participant's vested balance is greater than \$1,000, the participant may also elect not to receive a distribution at the date of termination, as defined in the Plan agreement. Hardship withdrawals are permitted.

If a participant's vested account balance does not exceed \$1,000, a lump-sum distribution, net of tax, will be made. If a participant receiving a mandatory distribution greater than \$1,000 but less than \$5,000 does not specify whether the distribution should be paid directly to the participant, the Plan Administrator can pay the distribution through a direct rollover to an individual retirement account designated by the Plan Administrator.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and have interest rates that are commensurate with local prevailing rates as determined by the Plan Sponsor. Principal and interest are paid ratably through payroll deductions over a maximum period of five years, or 15 years if used to purchase a principal residence. Effective September 1, 2016, one loan is allowed per participant.

Forfeitures

The Plan requires forfeitures to be used to reduce employer discretionary matching contributions, employer discretionary profit sharing or to pay administrative expenses. During the years ended December 31, 2023 and 2022, forfeited amounts used to reduce employer discretionary matching contributions and employer discretionary profit sharing totaled \$21,778 and \$36,588, respectively. There were no unallocated forfeitures at December 31, 2023 and 2022.

Investment Options

All funds of the Plan are participant directed. Participants may direct the investment of their account balance into various funds and may transfer assets in their accounts between funds on a daily basis.

Plan and Administrative Expenses

Investment, trustee fees and administrative expenses are paid by either the Plan or the Plan Sponsor as specified in the Plan agreement.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies for the Plan consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

The Plan's mutual funds and money market account are carried at fair value. Investment in a collective trust is valued at net asset value ("NAV") as a practical expedient to fair value.

Prior to July 1, 2002, participants could designate that a portion of the Company's discretionary contribution credited to their account be used to pay premiums on an ordinary life insurance policy on the life of the participant. The Plan values its life insurance policies at the accumulated cash surrender value of each policy, as determined by the life insurance company, which incorporates premiums, dividends and expenses and represents contract value. Life insurance policies purchased prior to July 1, 2002 may be retained by participants, and these participants may continue to designate portions of the Company's discretionary contribution to pay existing related premiums.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Net Appreciation (Depreciation) in Fair Value of Investments

Net appreciation (depreciation) in fair value of investments represents the net realized gains (losses) and net unrealized appreciation (depreciation) of investments. Realized gains are the difference between the proceeds received and either the cost of the investment sold, determined on an average-cost basis, or the fair value at the end of the previous year, whichever is applicable. Unrealized appreciation (depreciation) is the change in the difference between fair value and the cost of the investment or the fair value at the end of the previous year, whichever is applicable.

Benefits Paid to Participants

Benefit payments to participants are recorded by the Plan when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when earned. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses have been recorded as of December 31, 2023 and 2022.

Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**Mate Precision Technologies
Employee Retirement Savings Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through September 17, 2024, the date the financial statements were available to be issued. Effective January 1, 2024, the Plan was amended to allow in-plan Roth conversions. Effective August 1, 2024, the Plan was amended to have Company contributions vest on a graduated scale of 0% for the first year of service, 33% in the second year of service, 66% in the third year of service and 100% thereafter. The Plan is not aware of any additional subsequent events which would require recognition or disclosure in the financial statements.

NOTE C - FAIR VALUE MEASUREMENTS

Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

**Mate Precision Technologies
Employee Retirement Savings Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Mutual funds and money market account: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds. These funds are required to publish their daily NAV and transact at that price. The mutual funds are deemed actively traded.

Cash surrender value of life insurance policies: Valued at the accumulated cash surrender value of each policy, as determined by the life insurance company, which incorporates premiums, dividends and expenses.

Collective trust fund: Valued at NAV based on the fair value of the underlying investments at year end as a practical expedient.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's collective trust investment is an investment in the Fidelity Advisor Stable Value Portfolio Class 1 Fund (the "Fund"), a stable value fund managed by Fidelity Management Trust Company. Fair value of the stable value fund is the NAV of the Fund. The Fund's investment objective is to preserve principal investments while earning a level of interest income that is consistent with principal preservation. The Fund seeks to maintain a stable NAV of \$1 per share. To achieve its investment objective the Fund invests in benefit-responsive investment contracts issued by insurance companies and other financial institutions ("Contracts"), fixed income securities, and money market funds. Under the terms of the Contracts, the assets of the Fund are invested in fixed income securities (which may include, but are not limited to, U.S. Treasury and agency bonds, corporate bonds, mortgage-backed securities, commercial mortgage-backed securities, asset-backed securities, and collective investment vehicles and shares of investment companies that invest primarily in fixed income securities) and shares of money market funds. The Fund may also invest in futures contracts, option contracts, and swap agreements. The Contracts provide for the payment of certain withdrawals and exchanges at book value during the terms of the Contracts. At December 31, 2023 and 2022, there were no other restrictions or unfunded commitments.

The Contracts subject the Fund and its participants to certain restrictions. Withdrawals prompted by certain events (e.g., layoffs, early retirement windows, spin-offs, sale of a division, facility closings, plan terminations, partial plan terminations, changes in laws or regulations) may be paid at the market value of the Fund's securities, which may be less than the book value balance.

Certain events limit the ability of the Plan to transact at contract value with the issuer. These events include, but are not limited to, the following: Plan terminations, layoffs, spin-offs, the sale of a division, facility closings or changes in laws or regulations. The Plan believes that the occurrence of any event limiting the Plan's ability to transact at contract value with members is not probable.

NOTE D - TRUSTEE CERTIFICATIONS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, excluding the cash surrender value of life insurance policies, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net investment income, excluding the increase in cash surrender value of life insurance policies, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023, excluding the cash surrender value of life insurance policies.

NOTE E - INCOME TAX STATUS

The Plan has adopted the Fidelity Management Trust Company prototype plan. The prototype plan obtained its latest opinion letter June 30, 2020, in which the Internal Revenue Service ("IRS") had determined the underlying proto-type plan document is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the

financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - RELATED-PARTY TRANSACTIONS

The Company has been designated as the Plan Administrator. Certain employees of the Company provide administrative services to the Plan at no cost to the Plan. Certain administrative expenses, including audit and legal fees, were paid by the Plan Administrator in 2023 and 2022.

Certain plan investments are units of mutual funds, money market fund and the collective trust fund managed by the trustee and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.
