Independent Auditor's Report

Plan Administrator and Participants
Baker Drywall Partnership, L.L.P. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Baker Drywall Partnership, L.L.P. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certification from qualified institutions as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Baker Drywall Partnership, L.L.P. 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Baker Drywall Partnership, L.L.P. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established by Baker Drywall Partnership, L.L.P. and participating employers, both related and unrelated (collectively referred to as the “Company”), under the provision of section 401(a) of the Internal Revenue Code (“IRC”), which includes a qualified cash or deferred arrangement as described in section 401(k) of the IRC, for the benefit of eligible employees of the Company.

Substantially all employees of the Company who have completed one year of service, as defined, are eligible to participate, provided they are at least 20 years of age. Effective May 31, 2020, the age requirement for eligibility was reduced from 20 years of age to 18 years of age. Certain employees are excluded from participation, including employees covered by a collective bargaining agreement, leased employees, nonresident aliens, and interns. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Plan Administration

The Plan is administered by the Company. The Plan’s trustees are appointed by the Company. The duties of the trustees are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of Plan assets, and keep accurate records and reports. Accordingly, the trustees have been granted discretionary authority concerning investment and management activities.

Jackson National Life Insurance Company (“Jackson”) is responsible for the custody and management of the Plan’s individual variable annuities. Fidelity Management Trust Company (“Fidelity”) is responsible for the custody and management of all remaining assets for the Plan and serves as the record-keeper of the related participant accounts, as well as the third-party administrator for the Plan. Jackson and Fidelity are collectively referred to as the Custodians.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation as defined in the Plan, subject to the dollar limitation under section 402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective January 1, 2022, the Company reinstated the Plan’s safe harbor matching provision, where the Company makes safe harbor matching contributions to the 401(k) plan of 100% of the election deferral that does not exceed 3% of compensation, plus 50% of the elective deferral between 3 and 5% of the employee’s compensation. Additional profit sharing amounts may be contributed at the option of the Company. Contributions are subject to certain limitations. Company matching contributions to the Plan were \$1,112,044 and \$716,145 for 2023 and 2022, respectively. The Company did not make discretionary profit sharing contributions to the Plan in 2023 and 2022, respectively.

Participant Accounts

Individual accounts are maintained for each of the Plan’s participants to reflect the participant’s contributions and related employer matching and discretionary contributions, as well as the participant’s share of investment income, appreciation (depreciation), administrative expenses, and any related distributions. The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment alternatives. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Baker Drywall Partnership, L.L.P. 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions and any safe harbor employer matching contributions, plus the earnings thereon. Vesting in the Company's discretionary matching and profit sharing contribution portion of their accounts is based on years of vesting service, as defined in the Plan. A participant is 100% vested after five years of credited service. Full and immediate vesting will also occur upon early retirement, death, or disability, as defined in the Plan. Participants who leave the Company before they are fully vested in the Company's contributions forfeit their non-vested portion.

Investment Options

Upon enrollment in the Plan, the participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds maintained by the Custodians, and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to \$50,000 or 50% of their account balance, whichever is less. A participant can only have one loan outstanding at a time. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest as determined by the Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Loans may not exceed a term of five years, unless the loan is for the purchase of the participant's principal residence. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, retirement, death or disability, a participant (or a participant's beneficiary in the event of death) may leave their account in the Plan or elect to receive a lump-sum distribution equal to the participant's vested account balance, installments, a partial distribution, or a joint and 100% survivor annuity. However, if the vested account balance of the terminating participant's account is \$5,000 or less, the participant may only receive a lump sum distribution or direct rollover. Effective June 21, 2021, if the account is \$1,000 or less, the terminating participant may only receive an involuntary cash-out of his or her vested account balance. Participants are allowed to withdraw employee account balances prior to termination of their employment under certain conditions as specified in the Plan, including in-service and hardship distributions. Benefits are recorded when paid.

Forfeited Amounts

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$26,912 and \$45,057, respectively. Forfeitures of terminated participant's non-vested accounts may be used to pay administrative expenses, fund restorations of forfeitures, or to reduce employer contributions. For the years ending December 31, 2023 and 2022, forfeitures of \$2,578 and \$3,514 were used to pay Plan administrative expenses and \$27,157 and \$329,013 were used to reduce employer contributions, respectively. No amounts were used to fund restorations of forfeitures for the years ending December 31, 2023 and 2022.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") is as follows:

Baker Drywall Partnership, L.L.P. 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Method of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements. The Plan has no obligation to reimburse the Company for these expenses. Fees related to the administration of distributions and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses in the accompanying statements of changes in net assets available for benefits.

Adoption of New Accounting Pronouncement

Effective January 1, 2023, the Plan adopted Accounting Standards Update ("ASU") No. 2016-13, Financial Instruments—Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments. The ASU replaces the incurred loss impairment methodology with a current expected credit losses model for all financial assets measured at amortized cost. Financial assets held by the Plan that are subject to the ASU include contribution receivable. The Plan adopted the standard using a modified retrospective approach as of the effective date. No cumulative-effect adjustment to net assets available for benefits was required. The adoption of the standard did not have a material impact on the financial statements and primarily resulted in changes to the disclosures in the notes to the financial statements.

Use of Estimates

In preparing financial statements in conformity with GAAP, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from participants earned interest of \$77,992 and \$82,330 the years ended December 31, 2023 and 2022, respectively, which is included in interest and dividends in the accompanying statements of changes in net assets available for benefits. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Notes receivable from participants have interest rates ranging from 4.25% to 9.50% and are due at various dates through August 2044.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Changes in fair value are reflected in operations. Interest bearing cash and mutual funds represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in interest bearing cash and mutual funds are traded on national securities exchanges and are valued at the net asset value ("NAV") at year end. Individual variable annuities with insurance company are valued, as a practical expedient, using NAV and are discussed further below.

Purchases and sales of investments are recorded on the trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation (depreciation) of investments includes realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year end.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Individual Variable Annuities with Insurance Company

Effective January 1, 2015, the Company elected to disallow participants the option of making contributions to individual variable annuities with Jackson. The following description of the variable annuity contracts provides only general information. Participants who previously elected to contribute to these variable annuity contracts should read their variable annuity contracts and the prospectus for a more complete description of the contract provisions. Contributions to these individual variable annuities may be allocated by the participant to various investment divisions and fixed accounts. Each investment division purchases the shares of one underlying fund that has its own investment objective. The value of amounts in each participant's variable annuity contract and the income received depends on the performance of the investment divisions selected. The value of the investment divisions is not guaranteed and may decline. Each fixed account credits interest to the participant's contract value for a specified period selected by the participant. The variable annuity contracts guarantee a minimum interest rate for the fixed accounts and that minimum rate will never be less than 1% or more than 3%.

Contract holders have access to the money in their contract by making partial or complete withdrawals, electing a systematic withdrawal program, electing a guaranteed minimum withdraw benefit, or electing to receive income payments. Withdrawals from a variable annuity contract may be subject to withdrawal fees of up to 8% of the withdrawal amount, but depend on the number of years since receipt of contributions and the age of the participant. The contracts also provide for a death benefit which is payable during the period in which contributions are being made. The contracts are charged asset based fees for administration of 1.15% of the daily NAV of the investment division as well as an annual contract maintenance charge of up to \$35 for contracts with a value less than \$50,000. Other fees may apply, depending on the options selected by the contract holder. Individual variable annuities are valued based on the fair value of the underlying investments in each investment division, less asset-based charges.

Risks and Uncertainties

The Plan provides for investments in various investment securities with different investment strategies, which, in general, are exposed to various risks, such as interest rate, credit, foreign investment, active management, and overall market volatility risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. The Plan attempts to limit these risks by authorizing and offering participants a broad range of investment options that are invested in high quality securities or are offered and administered by reputable and known investment companies. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The Plan's exposure to a concentration of risk is limited by the diversification of investments across multiple investment fund options. Additionally, the investments within each investment fund option are further diversified into varied financial instruments.

Market conditions have resulted in an unusually high degree of volatility and increased the risks and may affect the short-term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS (UNAUDITED)

The trustees have elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodians have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ending December 31:

	<u>2023</u>	<u>2022</u>
Investments at fair value:		
Interest bearing cash	\$ 984,923	\$ 975,670
Mutual funds	36,997,657	31,201,025
Individual variable annuities with insurance company	2,018,690	1,634,886
Notes receivable from participants	<u>1,141,179</u>	<u>1,633,382</u>
	<u>\$ 41,142,449</u>	<u>\$ 35,444,963</u>
Investment income:		
Net appreciation (depreciation) in fair value of investments	\$ 4,263,784	\$ (8,596,212)
Interest and dividends	<u>1,207,067</u>	<u>2,056,015</u>
Total investment income (loss)	<u>\$ 5,470,851</u>	<u>\$ (6,540,197)</u>

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2023 and 2022, there were no significant transfers in or out of levels 1, 2 or 3.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Interest bearing cash: Valued at the NAV of units held by the Plan at year end, as provided by the Custodians.

Baker Drywall Partnership, L.L.P. 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

Mutual funds: Valued at the NAV of shares held by the Plan at year end, as provided by the Custodians.

Individual variable annuities with insurance company: Valued, as a practical expedient, based on the NAV of individual variable annuities held by the Plan at year-end, as provided by the Custodians.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Interest bearing cash	\$ 984,923	\$ -	\$ -	\$ 984,923
Mutual funds	36,997,657	-	-	36,997,657
Total assets in the fair value hierarchy	<u>\$ 37,982,580</u>	<u>\$ -</u>	<u>\$ -</u>	<u>37,982,580</u>
Individual variable annuities with insurance company (a)				<u>2,018,690</u>
Total investments at fair value				<u>\$ 40,001,270</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Interest bearing cash	\$ 975,670	\$ -	\$ -	\$ 975,670
Mutual funds	31,201,025	-	-	31,201,025
Total assets in the fair value hierarchy	<u>\$ 32,176,695</u>	<u>\$ -</u>	<u>\$ -</u>	<u>32,176,695</u>
Individual variable annuities with insurance company (a)				<u>1,634,886</u>
Total investments at fair value				<u>\$ 33,811,581</u>

(a) These investments are valued using NAV as a practical expedient, and therefore have not been classified in the fair value hierarchy. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

5. REPORTABLE TRANSACTIONS

During the years ended December 31, 2023 and 2022, there were no reportable transactions, no investments both acquired and disposed of within the Plan year, no loans or leases in default or uncollectible, or non-exempt transactions with parties-in-interest which would require presentation under the DOL's Rules and Regulations.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments represent interest bearing cash (money market accounts) and mutual funds managed by Fidelity Investments. Fidelity Investments is an affiliate of Fidelity Management Trust Company, one of the Custodians of the Plan; therefore, these transactions qualify as party-in-interest transactions. Certain Plan investments represent individual variable annuities managed by Jackson, one of the Custodians of the Plan; therefore, these transactions qualify as party-in-interest transactions.

Purchases and sales of these accounts and the underlying investments comprising these accounts are open market transactions at fair market value. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

Baker Drywall Partnership, L.L.P. 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

8. TAX STATUS

Effective October 1, 2019, the Plan adopted the Fidelity Management & Research Company (“FMR”) Volume Submitter Defined Contribution Plan (Fidelity Basic Plan Document No. 17) and the related adoption agreement. The IRS has issued an opinion letter dated March 31, 2014 stating that the plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2011-49) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Effective September 17, 2021, the Plan adopted the amended and restated FMR, LLC Pre-Approved Defined Contribution Plan (Fidelity Basic Plan Document No. 17) and the related adoption agreement. The IRS has issued an opinion letter dated June 30, 2020 stating that the plan is acceptable under section 401 of the IRC for use by employers for the benefit of their employees. The Company is relying on the advisory letter (in accordance with Announcement 2017-41) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the advisory letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The trustees have analyzed the tax positions taken by the Plan, and have concluded that as of December 31, 2023 and 2022 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. PLAN AMENDMENTS

Effective January 1, 2023, the Company amended the Plan document to update the determination period for the employer match to be each payroll period. During 2022, the determination period was based on the plan year.

Effective January 1, 2023, the Company amended the Plan document to decrease the number of loans a participant can take from 2 to 1 with 30 days waiting period to take a new loan after paying one loan off. In addition, participants can now only borrow from the employee deferral source. There was no change to the calculation to determine necessary security.

10. SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 19, 2024, the date the financial statements were available to be issued.
