Independent Auditor's Report

**To the Seattle Foundation Defined Contribution Retirement Plan Investment Committee
Seattle Foundation Defined Contribution Retirement Plan
Seattle, Washington**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Seattle Foundation Defined Contribution Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplementary information, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplementary information agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SEATTLE FOUNDATION DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements For the Year Ended December 31, 2023

Note 1 - Plan Description

The following description of the Seattle Foundation Defined Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established by the Seattle Foundation (the Sponsor) under the provisions of Section 403(b) of the Internal Revenue Code (IRC). All employees, except those who normally work fewer than 20 hours per week, are eligible to make elective deferrals upon commencing employment. To be eligible for matching contributions, employees must be age 18 or older and complete 90 consecutive days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions - Employees may elect to defer up to 100% of their compensation as pre-tax or Roth contributions. The Plan has an automatic enrollment feature under which new employees are enrolled at a 5% deferral rate unless they formally waive participation or elect a different participation level. Unless formally waived, automatic deferrals will increase 1% per year on the first of the year up to 10%. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible defined benefit or defined contribution plans (rollover).

The Sponsor makes employer matching contributions for participants. For participants with fewer than five years of service, the Sponsor will match 100% of their deferrals up to 5% of compensation. For participants with at least five years of service but fewer than ten years of service, the Sponsor will match 100% of their deferrals up to 7.5% of compensation. For participants with ten or more years of service, the Sponsor will match 100% of their deferrals up to 10% of compensation.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts - Each participant's account is credited with the participant's contributions and Sponsor matching contributions as well as Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting - Participants are always 100% vested in all contributions to the Plan and any earnings thereon.

Payment of Benefits - Upon termination of service, death, or disability, a participant or beneficiary may elect to receive a lump-sum distribution or installment payments equal to the value of the participant's vested interest in their account. Participants who have attained age 59 ½ may also elect to receive a distribution of all or any portion of their account balance prior to termination of employment (in-service withdrawals). The Plan allows for hardship withdrawals in accordance with provisions specified in the plan document. Participants may also elect to receive in-service withdrawals from balances rolled into the Plan.

Note 2 - Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

SEATTLE FOUNDATION DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements For the Year Ended December 31, 2023

Note 2 - Continued

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments represents the change in fair value of assets from one period to the next and realized gains and losses on investments.

Payment of Benefits - Benefits are recorded when paid.

Investment Management and Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Transaction based fees for distributions are charged directly to participant accounts. Certain investment related expenses are charged directly against the fund's investment performance and, therefore, are not separately disclosed in the accompanying financial statements.

Subsequent Events - The Plan's management has evaluated subsequent events through September 11, 2024, the date on which the Plan's financial statements were available to be issued.

Note 3 - Fair Value Measurements

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than the quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs that are significant to the fair value measurement.

SEATTLE FOUNDATION DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements For the Year Ended December 31, 2023

Note 3 - Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable Annuity Accounts - CREF is a registered investment company and consists of eight accounts which fund variable annuity contracts issued by CREF. The fair values of accumulation units held in CREF accounts are based on each account's daily published net asset value (NAV). NAV is based on the market value of its underlying securities determined by market quotations or prices obtained from independent pricing sources. The CREF Money Market Account is valued at amortized cost, which approximates fair value. Accumulation units in CREF accounts are available for transactions at the closing accumulation unit value on any day the New York Stock Exchange (NYSE) is open for business.

Pooled Separate Accounts - The TIAA Real Estate Account (REA) is a pooled separate account which funds variable annuity contracts issued by TIAA. The fair value of accumulation units is published daily and based on the market values of the underlying real estate properties determined by external appraisals, which are estimates of property based on a professional's opinion. The REA may also hold real estate-related marketable securities which are valued using independent pricing sources. Accumulation units are available for transactions at the closing accumulation unit value on any day the NYSE is open for business. Transfers out of the REA are limited to one per calendar quarter.

Fixed Annuity Contracts - The TIAA Traditional Annuity are fixed annuity contracts (guaranteed investment contracts) that are fully and unconditionally guaranteed by TIAA. As an insurance company, TIAA is required to maintain contingency reserves to ensure that it will be able to fulfill its contractual obligations to policyholders. The TIAA Traditional Annuity that is not considered fully benefit-responsive and measured at fair value is offered through the Group Retirement Annuity (GRA) contract type. Under GRA contracts, participant initiated withdrawals or transfers may be subject to certain liquidity restrictions and/or fees. GRA contracts are reported at contract value which is the aggregation of contributions, plus interest, less any withdrawals. Contract value approximates a discounted cash flow value (fair value) calculated using an appropriate risk-adjusted market discount rate which correlates closely with historical crediting rates for these contracts. Fair value is determined annually for financial statement reporting purposes. When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate.

Note 3 - Continued

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, the significant unobservable inputs and the ranges of values for those inputs:

	Valuation Technique	Unobservable Inputs	December 31, 2023 Range (Average)	December 31, 2022 Range (Average)
Fixed annuity contracts	Discounted cash flow	Risk-adjusted discount rate	GRA: 4.0% - 6.75% (3.91%)	GRA: 3.7% - 6.25% (3.86%)

The following table provides redemption information and additional disclosures of the Plan's investments, whose fair value is estimated using the NAV (or its equivalent) practical expedient, as of December 31:

	2023 Fair Value	2022 Fair Value	Redemption Frequency	Redemption Notice Period
Variable annuity accounts ⁽¹⁾	\$ 249,572	\$ 224,473	Daily	1 day

- (1) Variable Annuity Accounts - Variable annuity accounts using the NAV practical expedient consists of TIAA Access accounts. TIAA Access accounts fund variable annuity contracts issued by TIAA. The fair values of accumulation units held in TIAA Access accounts are based on each account's daily NAV. The NAV is based on the market value of its underlying securities determined by market quotations or prices obtained from independent pricing sources. There are no trading restrictions associated with TIAA Access Lifecycle accounts.

Note 4 - Certified Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2023 and 2022, and investment income or loss for the year ended December 31, 2023, that is disclosed in the accompanying financial statements and supplementary information, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Nationwide Trust Company, FSB, and TIAA and CREF. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

Note 5 - Party-in-Interest Transactions

The Plan's investments include fixed and variable annuity contracts issued by TIAA and CREF. TIAA is the recordkeeper for these investments and, therefore, transactions with these investments qualify as party-in-interest transactions. The Plan pays certain expenses related to plan operations to various service providers which are party-in-interest transactions.

SEATTLE FOUNDATION DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements For the Year Ended December 31, 2023

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their account balances.

Note 7 - Tax Status

The Sponsor adopted a Hunnex and Shoemaker Inc. (Hunnex) volume submitter 403(b) plan document. Hunnex received an approval letter from the IRS dated March 31, 2017, which states that the form of the plan document satisfies the applicable provisions of Section 403(b) of the IRC. The Plan's management believes that the Plan is currently designed and being operated in a manner that would not jeopardize the tax benefits associated with these arrangements. The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan provides for various investment fund options, which in turn invest in a combination of investment securities such as stocks, bonds, and others. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events such as a pandemic or international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
