Board of Trustees and Management
Protech Powder Coatings, Inc.
Protech Powder 401(k) Plan
939 Monocacy Road
York, Pennsylvania 17404

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed an audit of the financial statements of Protech Powder 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Protech Powder 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Opinion (Continued)

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Protech Powder 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Protech Powder 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)
In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Protech Powder 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Protech Powder 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA
The supplemental schedule Form 5500 Schedule H Line 4i, Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying

Other Matter - Supplemental Schedule Required by ERISA (Continued)
accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1: Description of Plan

The following description of Protech Powder 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may defer between 1% and 90% of eligible compensation as defined by the Plan up to the IRS annual limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company match is 100% of the first 3% of participant's deferrals.

Participant Accounts

Each participant's account is credited with an allocation of (a) participant's contributions, (b) the Company's contribution, and (c) plan earnings. Allocations of the Company's contribution, plan earnings, and forfeitures are allocated pro rata according to the net credit balances in the participant's accounts.

Vesting

Participants are immediately vested in both their contributions, both matching and discretionary employer contributions and actual earnings thereon.

Forfeited Accounts

Due to vesting schedule described above, no forfeitures exist within the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest rates, which commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or separation of service, a participant shall receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Note 1: Description of Plan (Continued)

Investment Options
The Plan is entirely participant-directed and, as such, upon enrollment in the Plan, a participant may direct employee and employer contributions in any investment option offered in the Plan. Participants may change their investment options at any time. The Plan currently offers various registered investment companies and common collective trusts accounts as investment options.

Expenses
Certain expenses of maintaining the Plan are paid by the Company and are, therefore, excluded from these financial statements. Investment-related expenses are included in net appreciation in value of investments in the statement of changes in net assets available for benefits. Fees for the administration of notes receivable from participants are charged directly to the participant's account.

Secure Act and Secure Act 2.0
The Plan is currently working with their third party administrator to ensure compliance and any required plan changes are made to comply with the Secure Act and the Secure Act 2.0.

Note 2: Summary of Significant Accounting Policies

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in value of investments in the statement of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Basis of Accounting
The accompanying financial statements are prepared on the accrual basis of accounting.

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are treated as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Administrative Expenses

Substantially all of the administrator expenses of the Plan are paid by the Plan sponsor.

Subsequent Events

In preparing these financial statements, management has evaluated events and transactions for recognition or disclosure through August 27, 2024, the date the financial statements were available to be issued.

Note 3: Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated October 6, 2020 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2020.

Note 4: Information Prepared and Certified by Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2023 and 2022. Accordingly, Reliance Trust an FIS Company, the custodian of the Plan has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022 and the supplemental Form 5500 Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, and the related investment and interest income on notes receivable from participants activity reported in the statement of changes in net assets available for benefits for the year ended December 31, 2023.

Note 5: Fair Value Measurement

The Plan measures on a recurring basis its investments at fair value in accordance with FASB codification "Fair Value Measurements and Disclosures," which provides the framework for measuring fair value. That framework provides fair value hierarchy used to classify the inputs used in measuring fair value. That hierarchy prioritizes the inputs used in determining valuations into three levels. The levels of fair value hierarchy are as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible to the Plan for identical assets. These generally provide the most reliable evidence and are used to measure fair value whenever available.

Level 2
Inputs to the valuation methodology include significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets, quoted market prices in markets that are not active for identical or similar assets, and other observable inputs.

Level 3
Inputs to the valuation methodology are unobservable inputs and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's policy is to recognize transfer of investments into or out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2023 and 2022, there were no transfers of investments into or out of Level 3.

At December 31, 2023 and 2022, the Plan's investments subject to fair value measurement consist of a common collective trust cash account, registered investment companies, and common collective trust accounts. Registered investment companies are valued at unadjusted quoted market prices in active markets. Common collective trust account cash account is valued based on interest rates forecasted for the coming month based. Common collective trust accounts are valued based on net asset value ("NAV") per unit of participation in the fund and have no unfunded commitments or significant redemption restrictions. NAV is valued based on the fair value of the underlying assets of the fund derived from or corroborated by observable market data by correlation or other means, although not based upon quoted market prices in an active market.

Note 5: Fair Value Measurement (Continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used or level designations at December 31, 2023 and 2022.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies (Mutual Funds)	$5,046,930	$ 0	$0	$5,046,930
Common Collective Trust Accounts	0	2,293,762	0	2,293,762
Common Collective Trust Cash Account	0	726,540	0	726,540
	$5,046,930	$3,020,302	$0	$8,067,232

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies (Mutual Funds)	$4,661,443	$ 0	$0	$4,661,443
Common Collective Trust Accounts	0	1,932,288	0	1,932,288
Common Collective Trust Cash Account	0	470,170	0	470,170
	$4,661,443	$2,402,458	$0	$7,063,901

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7: Separated Participants

Amounts allocated to withdrawing participants are recorded on the Schedule H of Form 5500 for benefit claims that have been processed and approved for payment prior to December 31, but not yet paid as of that date.

Vested accounts of terminated participants, as reported on IRS Form 8955-SSA, included in investment balances as of December 31, 2023 and 2022 was $45,760 and $249,901, respectively.

Note 8: Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Borrowings are secured by the balance in the participant's account and bear interest at rates that range from 3.65% to 10.50% at December 31, 2023, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through bi-weekly payroll deductions. Terms range from one to five years or greater for the purchase of a primary residence. Notes receivable are stated at their unpaid principal balance. Interest received on participant notes for the year ended December 31, 2023 totaled $15,550.

Note 9: Related Party and Party-In-Interest Transactions

Certain Plan investments are common collective trust funds with State Street Bank and Trust Company, the custodian, and therefore, these transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Administrative fees paid by the Plan amounted to $0 for both the years ended December 31, 2023 and 2022.

Note 10: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
