Independent Auditor's Report

Investment Committee and Participants
Leeann Chin, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Leeann Chin, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that individually or in the aggregate they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Leeann Chin, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of Leeann Chin, Inc. 401(k) Plan (the Plan) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a salary deferral 401(k) defined contribution savings plan established to provide retirement income and other benefits to eligible employees of Leeann Chin, Inc. (the Employer or the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Employees are eligible to participate in the Plan after attaining age 21 and completing one year of service. A year of eligible service is a 12-month period in which an employee has completed 1,000 or more hours of service. An employee will become a participant in the Plan on the first day of the following month after satisfying the Plan's eligibility requirements.

The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions: Participants may make voluntary contributions up to the maximum amount permitted by law. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of annual compensation, as defined, as a pretax 401(k) contribution, unless the participant elects otherwise. The deferral percentage can be changed by the participant at any time. Participants are also allowed to contribute Roth 401(k) deferrals. The Plan allows participants aged 50 and older to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Each year, the Employer may make a discretionary matching contribution. For the year ended December 31, 2023, the Employer contributed 25% of the first 4% of compensation that a participant contributed to the Plan. The Plan allows for discretionary profit-sharing contributions. There were no discretionary profit-sharing contributions in 2023. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Employer contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after three years of credited service, upon death or permanent disability during the term of employment, plan termination or upon retirement.

Participant accounts: Each participant's account is credited with the participant's contribution, the Employer's contributions, if any, and allocations of plan earnings, and charged with an allocation of administrative expenses that are paid by the Plan and plan losses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Payment of benefits: Upon termination of service, death, permanent disability or retirement (age 65), the participant may receive the value of the vested interest in their account in the form of a lump-sum distribution or installments. If a participant terminates employment and the participant's account balance is between \$1,000 and \$5,000, the Plan Administrator will authorize the rollover of the vested benefit to an individual retirement account (IRA) without the participant's consent. If a participant terminates employment and the participant's account balance is less than \$1,000, the Plan Administrator is allowed to authorize a lump-sum benefit payment without the participant's consent. Participants may receive in-service distributions upon attaining age 59½ or due to financial hardship, subject to Plan provisions.

The Plan was amended and restated effective June 19, 2023, such that if a participant terminates employment and the participant's account balance is less than \$5,000, the Plan Administrator has the authority to rollover the participant's vested benefit to an IRA without the participant's consent.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants are permitted to have no more than two outstanding loans at any given time. Note terms range from less than one year up to five years or longer if used for the purchase of a principal residence. The notes are secured by the vested balance in the participant's account and bear interest at the prime rate plus 2%. Interest rates on outstanding notes at December 31, 2023, range from 5.25% to 10.50%. Principal and interest are paid ratably through payroll deductions, and notes are due in various amounts through September 2028.

Forfeited accounts: Upon termination of service, any nonvested portion of the participant's account balance will be forfeited. Forfeited nonvested accounts may first be used to pay Plan expenses and then to fund future Employer contributions. Forfeited nonvested accounts as of December 31, 2023 and 2022, totaled \$2,292 and \$2,295, respectively. Forfeitures of \$1,004 and \$635 were used to pay plan expenses and fund Employer contributions, respectively, for the year ended December 31, 2023.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan are prepared under the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors and custodian. See Note 4 for a discussion of fair value measurements.

Leeann Chin, Inc. 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Notes receivable from participants are classified as an investment for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, schedule H, line 4i—schedule of assets (held at end of year).

Excess contributions refundable: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability, with a corresponding reduction to contributions. The Plan distributed the 2023 and 2022 excess contributions to the applicable participants prior to March 15, 2023 and 2022, respectively.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Contributions: Contributions from plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Benefit payments: Benefit payments are recorded when paid.

Risks and uncertainties: The Plan provides for investment in a variety of investment securities. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2023 statement of net assets available for benefits.

Subsequent events: In preparing the financial statements, management has evaluated subsequent events through September 18, 2024, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Plan Custodian

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Voya Retirement Insurance and Annuity Company (Voya), the custodian of the Plan. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2023	2022
Investments, at fair value:		
Pooled separate accounts	\$ 5,735,270	\$ 4,800,910
Investments, at contract value:		
Fixed account	172,024	179,906
Notes receivable from participants	64,383	68,600
	<u>\$ 5,971,677</u>	<u>\$ 5,049,416</u>

The custodian also certified as to the completeness and accuracy of \$923,102 of net appreciation in fair value of investments, \$2,360 of interest and dividends related to the aforementioned investments, and \$3,664 of interest income on notes receivable from participants for the year ended December 31, 2023.

Note 4. Fair Value Measurements

Accounting standards establish the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Leeann Chin, Inc. 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Pooled separate accounts: Pooled separate accounts are valued at the net asset value (NAV) of shares held by the Plan at year-end, which is based on quoted prices for similar assets traded in active markets. The NAV, as provided by the custodian, is used as the practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

In accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Subtopic 820-10, the pooled separate accounts held by the Plan are not classified in the fair value hierarchy table that prioritizes the inputs to valuation techniques used to measure fair value because they are measured at NAV per share as a practical expedient.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments.

	2023	2022	Redemption Frequency	Redemption Notice Period
Pooled separate accounts:				
Bond funds (a)	\$ 246,789	\$ 313,169	Daily	None

- (a) This category is composed of funds whose objective is to provide a total return through investing primarily in a portfolio of bonds.
- (b) This category is primarily composed of funds whose objective is to provide a total return consistent with an asset allocation targeted at various retirement dates through investing in a combination of U.S. stocks, international stocks, U.S. bonds and other fixed-income investments.
- (c) This category is primarily composed of funds whose objective is to provide capital growth and total return through investing primarily in large-cap U.S. stocks.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

- (d) This category is composed of funds whose objective is to provide capital growth over the long term through investing in small- to mid-cap U.S. stocks and through investing in companies that provide exposure to the commercial real estate market.
- (e) This category is composed of funds whose objective is to provide long-term capital appreciation through investing primarily in non-U.S. stocks.
- (f) This category is primarily composed of a fund whose objective is to provide stable total return through investing primarily in short-term debt securities and other fixed-income investments.

Note 5. Group Annuity Contract with Voya

The Plan invests in the Voya Fixed Account under a benefit-responsive annuity contract (the Contract). Voya maintains the contributions governed by the Contract in a general account that is managed by Voya. The Contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value, as reported by Voya, represents contributions made under the Contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Voya may impose restrictions on the ability to move Plan assets into or out of this investment option or among investment options in general under the Contract, these restrictions have not impacted the benefit-responsiveness of the Contract. Under the Contract, Voya is contractually obligated to repay the Plan the principal and a specified interest rate. The crediting rate is based on a formula established by the Contract issuer but may not be less than 1%. The crediting rate is reviewed on an annual basis for resetting and was 1% at December 31, 2023. The Contract does not have a scheduled maturity date.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 6. Tax Status

The Plan has adopted a non-standardized pre-approved plan sponsored by Voya. The non-standardized pre-approved plan provider has received an advisory letter from the IRS as to the non-standardized pre-approved plan's qualified status. The advisory letter has been relied upon by the Plan. The Plan has been amended since the Plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Leeann Chin, Inc. 401(k) Plan

Notes to Financial Statements

Note 6. Tax Status (Continued)

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan at any time, subject to the provisions of ERISA. In such event, all benefits become fully vested and nonforfeitable, and the custodian shall be directed to distribute all assets in the Plan to participants in the same manner as if each participant had then retired.

Note 8. Related-Party Transactions and Party-in-Interest Transactions

The investments are managed by Voya, the custodian as defined by the Plan. The Plan and Employer pay certain ongoing administrative expenses associated with the Plan to Voya; therefore, these transactions qualify as party-in-interest transactions.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net increase in net assets available for benefits as presented in the financial statements to Form 5500 as of December 31, 2023:
