INDEPENDENT AUDITOR'S REPORT

To the Retirement Plan Committee and participants of the
Federal Home Loan Bank of Atlanta 401(k) Savings Plan

Opinion

We have audited the accompanying financial statements of the Federal Home Loan Bank of Atlanta 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Federal Home Loan Bank of Atlanta 401(k) Savings Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Federal Home Loan Bank of Atlanta 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Federal Home Loan Bank of Atlanta 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Federal Home Loan Bank of Atlanta 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Federal Home Loan Bank of Atlanta 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial

statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Federal Home Loan Bank of Atlanta 401(k) Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following description of the Federal Home Loan Bank of Atlanta 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan covering all eligible employees of the Federal Home Loan Bank of Atlanta (Collectively, the Bank or Plan Administrator). Employees are eligible to participate in the Plan on the first day of the calendar month following their date of employment. The Plan is a United States of America governmental plan and is, therefore, exempt from certain requirements of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan Administrator has chosen to voluntarily comply with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan was amended and restated effective January 1, 2021.

Contributions

All eligible employees are automatically enrolled in the Plan, and pre-tax contributions are withheld at 6% of eligible compensation, as defined by the Plan document unless the employee elects differently. Participants may elect to make pre-tax and/or Roth contributions to the Plan between 1% to 40% of eligible compensation as defined by the Plan document not to exceed a maximum of \$22,500 in 2023, plus an additional \$7,500 catch-up contribution for eligible employees at or over age 50. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

For the year ended December 31, 2023, the Bank made matching contributions of 100% of a participant's contribution to the Plan, not to exceed 6% of the participants eligible compensation. The Plan also made an additional profit sharing contribution of 4% of eligible compensation for employees hired on or after March 1, 2011, in lieu of participation in the Bank's defined benefit pension plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Bank's contributions, and earnings and losses on the investments in their account and is charged with certain transaction fees for services received by the participant. Participants direct the investment of their account into various investment options offered by the Plan. The Plan currently offers a self-directed brokerage account as an additional investment option for participants. Self-directed brokerage accounts cannot invest in options, private limited partnerships, futures, precious metals, real estate/property outside of a real estate investment trust, foreign exchanges, master limited partnerships, commodities, municipal bonds, currencies, promissory notes, collectibles, and alternative investments. Participants may change their investment options daily. The benefit

Federal Home Loan Bank of Atlanta 401(k) Savings Plan

Notes to Financial Statements December 31, 2023 and 2022

to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. The Bank's matching and profit sharing contributions become fully vested after two years of service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. A participant may have two notes outstanding at any time. The notes are secured by the vested balance in the participant's account. At December 31, 2023, notes had fixed rates ranging from 4.25% to 9.50% for the term of the note, not to exceed 5 years unless used for the purchase of the participant's primary residence. Principal and interest are paid through payroll deductions.

Payment of Benefits

At the time of death, disability, termination of employment or retirement, a participant or their beneficiary may elect to receive payment of the vested interest in their account in a lump sum distribution or installments. Participants are eligible to receive hardship withdrawals when certain conditions are met. After attaining the age of 59 ½, participants may also be eligible to make a withdrawal of all or any part of their vested account.

If the account balance is \$1,000 or less, the Plan may, upon termination of service, pay the benefits owed in a lump sum. Additionally, upon termination, participants' account balances between \$1,000 and \$5,000 will be automatically rolled over to an individual retirement account, unless the participant elects otherwise.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$15,125 and \$37,239, respectively. Forfeited non-vested accounts are used to reduce future employer contributions. During 2023, the Plan used \$111,602 to offset the Bank's matching contributions.

Administrative Expenses

Participants are charged for specific transaction charges, such as loan origination fees, distribution fees, and self-directed brokerage account fees. All remaining Plan administrative expenses, except the annual recordkeeping fee, are paid by the Bank, for which the Bank does not expect to be reimbursed by the Plan. Each quarter, a recordkeeping fee of \$37.25 is charged to each participant. Certain investment related expenses are included in the net change in fair value of investments.

Notes to Financial Statements

December 31, 2023 and 2022

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The Bank's matching and profit sharing contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan. Any unfunded participant, Bank matching and profit sharing contributions are included in the participant or employer contribution receivable on the statements of net assets available for benefits as of December 31, 2023 and 2022.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Net change in fair value of investments includes interest, dividends, and realized and unrealized gains and losses on those investments.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make notes receivable repayments and the Plan Administrator deems the notes receivable to be in default, the notes receivable balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through August 20, 2024, the date the financial statements were available to be issued.

3. Investments

Investments are exposed to several risks, such as market, interest rate, currency and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cybersecurity attacks, or other similar events. It is at least reasonably possible that changes in their fair values will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Investments in the mutual funds, money market fund, and self-directed brokerage accounts (including common stock, mutual funds, and interest bearing cash) are based on quoted market prices for the identical asset in an active market, and are considered Level 1 assets.

Notes to Financial Statements December 31, 2023 and 2022

The Plan invests in the Vanguard Retirement Savings Trust III, which is a common/collective trust fund. The Funds trade at net asset value (NAV) per share. The Plan has elected to use NAV as a practical expedient to measure the fair value of the Fund. This practical expedient would not be used if it is determined to be probable that the Fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Participants' balances in the Fund can be redeemed daily without restrictions or any prior notice. If the Plan initiates a full redemption of the Fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. No unfunded commitment existed with respect to the Fund at December 31, 2023 and 2022. The Fund is not categorized within the fair value hierarchy. The Fund invests in fully benefit-responsive investment contracts issued by insurance companies and similar types of fixed principal investments.

The following table summarizes the Plan's investments based on the inputs used to determine their fair values as of December 31, 2023 and 2022:

4. Plan Termination

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

5. Income Tax Status

The Plan is a Non-Standardized Pre-Approved Profit Sharing Plan with CODA (pre-approved plan) document prepared by The Vanguard Group, an affiliate of Vanguard Fiduciary Trust Company. The Internal Revenue Service has opined and informed The Vanguard Group, by a letter dated June 30, 2020, that the pre-approved plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt and has no income subject to unrelated business income tax. The Plan's returns for the past three years are subject to examination by taxing authorities and may change upon examination.

6. Related Party and Party-in-Interest Transactions

Plan investments include shares of a money market fund, mutual funds, a common/collective trust fund, and certain investments in the self-directed brokerage account which are managed by Vanguard Fiduciary Trust Company (Vanguard). Vanguard is a service provider of the Plan; therefore, transactions in these investments qualify as party-in-interest transactions. The Plan also maintains notes receivable from participants which are exempt from prohibited transaction rules; however, the notes receivable from participants qualify as party-in-interest transactions. The Bank also provides certain accounting, recordkeeping and administrative services to the Plan for which it is not compensated. The services performed by the Bank, on behalf of the Plan, qualify as party-in-interest transactions.

INDEPENDENT AUDITOR'S REPORT

To the Retirement Plan Committee and participants of the
Federal Home Loan Bank of Atlanta 401(k) Savings Plan

Opinion

We have audited the accompanying financial statements of the Federal Home Loan Bank of Atlanta 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Federal Home Loan Bank of Atlanta 401(k) Savings Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Federal Home Loan Bank of Atlanta 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Federal Home Loan Bank of Atlanta 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Federal Home Loan Bank of Atlanta 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Federal Home Loan Bank of Atlanta 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial

statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Federal Home Loan Bank of Atlanta 401(k) Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following description of the Federal Home Loan Bank of Atlanta 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan covering all eligible employees of the Federal Home Loan Bank of Atlanta (Collectively, the Bank or Plan Administrator). Employees are eligible to participate in the Plan on the first day of the calendar month following their date of employment. The Plan is a United States of America governmental plan and is, therefore, exempt from certain requirements of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan Administrator has chosen to voluntarily comply with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan was amended and restated effective January 1, 2021.

Contributions

All eligible employees are automatically enrolled in the Plan, and pre-tax contributions are withheld at 6% of eligible compensation, as defined by the Plan document unless the employee elects differently. Participants may elect to make pre-tax and/or Roth contributions to the Plan between 1% to 40% of eligible compensation as defined by the Plan document not to exceed a maximum of \$22,500 in 2023, plus an additional \$7,500 catch-up contribution for eligible employees at or over age 50. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

For the year ended December 31, 2023, the Bank made matching contributions of 100% of a participant's contribution to the Plan, not to exceed 6% of the participants eligible compensation. The Plan also made an additional profit sharing contribution of 4% of eligible compensation for employees hired on or after March 1, 2011, in lieu of participation in the Bank's defined benefit pension plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Bank's contributions, and earnings and losses on the investments in their account and is charged with certain transaction fees for services received by the participant. Participants direct the investment of their account into various investment options offered by the Plan. The Plan currently offers a self-directed brokerage account as an additional investment option for participants. Self-directed brokerage accounts cannot invest in options, private limited partnerships, futures, precious metals, real estate/property outside of a real estate investment trust, foreign exchanges, master limited partnerships, commodities, municipal bonds, currencies, promissory notes, collectibles, and alternative investments. Participants may change their investment options daily. The benefit

Federal Home Loan Bank of Atlanta 401(k) Savings Plan

Notes to Financial Statements December 31, 2023 and 2022

to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. The Bank's matching and profit sharing contributions become fully vested after two years of service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. A participant may have two notes outstanding at any time. The notes are secured by the vested balance in the participant's account. At December 31, 2023, notes had fixed rates ranging from 4.25% to 9.50% for the term of the note, not to exceed 5 years unless used for the purchase of the participant's primary residence. Principal and interest are paid through payroll deductions.

Payment of Benefits

At the time of death, disability, termination of employment or retirement, a participant or their beneficiary may elect to receive payment of the vested interest in their account in a lump sum distribution or installments. Participants are eligible to receive hardship withdrawals when certain conditions are met. After attaining the age of 59 ½, participants may also be eligible to make a withdrawal of all or any part of their vested account.

If the account balance is \$1,000 or less, the Plan may, upon termination of service, pay the benefits owed in a lump sum. Additionally, upon termination, participants' account balances between \$1,000 and \$5,000 will be automatically rolled over to an individual retirement account, unless the participant elects otherwise.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$15,125 and \$37,239, respectively. Forfeited non-vested accounts are used to reduce future employer contributions. During 2023, the Plan used \$111,602 to offset the Bank's matching contributions.

Administrative Expenses

Participants are charged for specific transaction charges, such as loan origination fees, distribution fees, and self-directed brokerage account fees. All remaining Plan administrative expenses, except the annual recordkeeping fee, are paid by the Bank, for which the Bank does not expect to be reimbursed by the Plan. Each quarter, a recordkeeping fee of \$37.25 is charged to each participant. Certain investment related expenses are included in the net change in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The Bank's matching and profit sharing contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan. Any unfunded participant, Bank matching and profit sharing contributions are included in the participant or employer contribution receivable on the statements of net assets available for benefits as of December 31, 2023 and 2022.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Net change in fair value of investments includes interest, dividends, and realized and unrealized gains and losses on those investments.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make notes receivable repayments and the Plan Administrator deems the notes receivable to be in default, the notes receivable balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through August 20, 2024, the date the financial statements were available to be issued.

3. Investments

Investments are exposed to several risks, such as market, interest rate, currency and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cybersecurity attacks, or other similar events. It is at least reasonably possible that changes in their fair values will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Investments in the mutual funds, money market fund, and self-directed brokerage accounts (including common stock, mutual funds, and interest bearing cash) are based on quoted market prices for the identical asset in an active market, and are considered Level 1 assets.

5. Income Tax Status

The Plan is a Non-Standardized Pre-Approved Profit Sharing Plan with CODA (pre-approved plan) document prepared by The Vanguard Group, an affiliate of Vanguard Fiduciary Trust Company. The Internal Revenue Service has opined and informed The Vanguard Group, by a letter dated June 30, 2020, that the pre-approved plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt and has no income subject to unrelated business income tax. The Plan's returns for the past three years are subject to examination by taxing authorities and may change upon examination.

6. Related Party and Party-in-Interest Transactions

Plan investments include shares of a money market fund, mutual funds, a common/collective trust fund, and certain investments in the self-directed brokerage account which are managed by Vanguard Fiduciary Trust Company (Vanguard). Vanguard is a service provider of the Plan; therefore, transactions in these investments qualify as party-in-interest transactions. The Plan also maintains notes receivable from participants which are exempt from prohibited transaction rules; however, the notes receivable from participants qualify as party-in-interest transactions. The Bank also provides certain accounting, recordkeeping and administrative services to the Plan for which it is not compensated. The services performed by the Bank, on behalf of the Plan, qualify as party-in-interest transactions.

INDEPENDENT AUDITOR'S REPORT

To the Retirement Plan Committee and participants of the
Federal Home Loan Bank of Atlanta 401(k) Savings Plan

Opinion

We have audited the accompanying financial statements of the Federal Home Loan Bank of Atlanta 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Federal Home Loan Bank of Atlanta 401(k) Savings Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Federal Home Loan Bank of Atlanta 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Federal Home Loan Bank of Atlanta 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Federal Home Loan Bank of Atlanta 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Federal Home Loan Bank of Atlanta 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial

statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Federal Home Loan Bank of Atlanta 401(k) Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following description of the Federal Home Loan Bank of Atlanta 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan covering all eligible employees of the Federal Home Loan Bank of Atlanta (Collectively, the Bank or Plan Administrator). Employees are eligible to participate in the Plan on the first day of the calendar month following their date of employment. The Plan is a United States of America governmental plan and is, therefore, exempt from certain requirements of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan Administrator has chosen to voluntarily comply with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan was amended and restated effective January 1, 2021.

Contributions

All eligible employees are automatically enrolled in the Plan, and pre-tax contributions are withheld at 6% of eligible compensation, as defined by the Plan document unless the employee elects differently. Participants may elect to make pre-tax and/or Roth contributions to the Plan between 1% to 40% of eligible compensation as defined by the Plan document not to exceed a maximum of \$22,500 in 2023, plus an additional \$7,500 catch-up contribution for eligible employees at or over age 50. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

For the year ended December 31, 2023, the Bank made matching contributions of 100% of a participant's contribution to the Plan, not to exceed 6% of the participants eligible compensation. The Plan also made an additional profit sharing contribution of 4% of eligible compensation for employees hired on or after March 1, 2011, in lieu of participation in the Bank's defined benefit pension plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Bank's contributions, and earnings and losses on the investments in their account and is charged with certain transaction fees for services received by the participant. Participants direct the investment of their account into various investment options offered by the Plan. The Plan currently offers a self-directed brokerage account as an additional investment option for participants. Self-directed brokerage accounts cannot invest in options, private limited partnerships, futures, precious metals, real estate/property outside of a real estate investment trust, foreign exchanges, master limited partnerships, commodities, municipal bonds, currencies, promissory notes, collectibles, and alternative investments. Participants may change their investment options daily. The benefit

Federal Home Loan Bank of Atlanta 401(k) Savings Plan

Notes to Financial Statements December 31, 2023 and 2022

to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. The Bank's matching and profit sharing contributions become fully vested after two years of service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. A participant may have two notes outstanding at any time. The notes are secured by the vested balance in the participant's account. At December 31, 2023, notes had fixed rates ranging from 4.25% to 9.50% for the term of the note, not to exceed 5 years unless used for the purchase of the participant's primary residence. Principal and interest are paid through payroll deductions.

Payment of Benefits

At the time of death, disability, termination of employment or retirement, a participant or their beneficiary may elect to receive payment of the vested interest in their account in a lump sum distribution or installments. Participants are eligible to receive hardship withdrawals when certain conditions are met. After attaining the age of 59 ½, participants may also be eligible to make a withdrawal of all or any part of their vested account.

If the account balance is \$1,000 or less, the Plan may, upon termination of service, pay the benefits owed in a lump sum. Additionally, upon termination, participants' account balances between \$1,000 and \$5,000 will be automatically rolled over to an individual retirement account, unless the participant elects otherwise.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$15,125 and \$37,239, respectively. Forfeited non-vested accounts are used to reduce future employer contributions. During 2023, the Plan used \$111,602 to offset the Bank's matching contributions.

Administrative Expenses

Participants are charged for specific transaction charges, such as loan origination fees, distribution fees, and self-directed brokerage account fees. All remaining Plan administrative expenses, except the annual recordkeeping fee, are paid by the Bank, for which the Bank does not expect to be reimbursed by the Plan. Each quarter, a recordkeeping fee of \$37.25 is charged to each participant. Certain investment related expenses are included in the net change in fair value of investments.

Notes to Financial Statements December 31, 2023 and 2022

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The Bank's matching and profit sharing contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan. Any unfunded participant, Bank matching and profit sharing contributions are included in the participant or employer contribution receivable on the statements of net assets available for benefits as of December 31, 2023 and 2022.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Net change in fair value of investments includes interest, dividends, and realized and unrealized gains and losses on those investments.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make notes receivable repayments and the Plan Administrator deems the notes receivable to be in default, the notes receivable balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Federal Home Loan Bank of Atlanta 401(k) Savings Plan

Notes to Financial Statements December 31, 2023 and 2022

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through August 20, 2024, the date the financial statements were available to be issued.

3. Investments

Investments are exposed to several risks, such as market, interest rate, currency and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cybersecurity attacks, or other similar events. It is at least reasonably possible that changes in their fair values will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Investments in the mutual funds, money market fund, and self-directed brokerage accounts (including common stock, mutual funds, and interest bearing cash) are based on quoted market prices for the identical asset in an active market, and are considered Level 1 assets.

Federal Home Loan Bank of Atlanta 401(k) Savings Plan

Notes to Financial Statements December 31, 2023 and 2022

The Plan invests in the Vanguard Retirement Savings Trust III, which is a common/collective trust fund. The Funds trade at net asset value (NAV) per share. The Plan has elected to use NAV as a practical expedient to measure the fair value of the Fund. This practical expedient would not be used if it is determined to be probable that the Fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Participants' balances in the Fund can be redeemed daily without restrictions or any prior notice. If the Plan initiates a full redemption of the Fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. No unfunded commitment existed with respect to the Fund at December 31, 2023 and 2022. The Fund is not categorized within the fair value hierarchy. The Fund invests in fully benefit-responsive investment contracts issued by insurance companies and similar types of fixed principal investments.

The following table summarizes the Plan's investments based on the inputs used to determine their fair values as of December 31, 2023 and 2022:

4. Plan Termination

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

5. Income Tax Status

The Plan is a Non-Standardized Pre-Approved Profit Sharing Plan with CODA (pre-approved plan) document prepared by The Vanguard Group, an affiliate of Vanguard Fiduciary Trust Company. The Internal Revenue Service has opined and informed The Vanguard Group, by a letter dated June 30, 2020, that the pre-approved plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt and has no income subject to unrelated business income tax. The Plan's returns for the past three years are subject to examination by taxing authorities and may change upon examination.

6. Related Party and Party-in-Interest Transactions

Plan investments include shares of a money market fund, mutual funds, a common/collective trust fund, and certain investments in the self-directed brokerage account which are managed by Vanguard Fiduciary Trust Company (Vanguard). Vanguard is a service provider of the Plan; therefore, transactions in these investments qualify as party-in-interest transactions. The Plan also maintains notes receivable from participants which are exempt from prohibited transaction rules; however, the notes receivable from participants qualify as party-in-interest transactions. The Bank also provides certain accounting, recordkeeping and administrative services to the Plan for which it is not compensated. The services performed by the Bank, on behalf of the Plan, qualify as party-in-interest transactions.
