INDEPENDENT AUDITORS' REPORT

To the Trustees and Plan Administrator
Cook's Pest Control, Inc. Employee Capital Accumulation Plan
Decatur, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Cook's Pest Control, Inc. Employee Capital Accumulation Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Cook's Pest Control, Inc. Employee Capital Accumulation Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cook's Pest Control, Inc. Employee Capital Accumulation Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Prior Period Adjustment

As discussed in Note 2 to the financial statements, certain errors resulting in overstatement of amounts previously reported for employer contributions receivable as of December 31, 2022 were discovered by management of the Plan during the current year. Accordingly, amounts reported for employer contributions receivable and net assets available for benefits have been restated in the 2022 financial statements now presented, to correct the error. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cook's Pest Control, Inc. Employee Capital Accumulation Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cook's Pest Control, Inc. Employee Capital Accumulation Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cook's Pest Control, Inc. Employee Capital Accumulation Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of schedule H, line 4i - schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or was derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COOK'S PEST CONTROL, INC. EMPLOYEE CAPITAL ACCUMULATION PLAN

Notes to Financial Statements

December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN

Nature of the Plan

The following description of the Cook's Pest Control, Inc. Employee Capital Accumulation Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Cook's Pest Control, Inc. (the Company) as defined by the Plan. Participation in the Plan is available to all employees of the Company who have completed six months of service by the end of a twelve-month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustee is responsible for oversight of the Plan.

Contributions

Participant Salary Deferral - Each year, participants may contribute up to 60% of pretax annual compensation, as defined by the Plan, up to maximum amounts established by the Internal Revenue Service (IRS). Participants 50 years or older during the Plan year are eligible to make catch-up contributions up to maximum amounts established by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Participant Roth Deferral - Participants may designate some or all of the salary deferral as a Roth Deferral at the time the participant makes his or her deferral election. Once made, the election is irrevocable (that is, a Roth Deferral cannot later be re-characterized as a pretax salary reduction). The amount of the Roth Deferral is included in participants' income for tax purposes, and the income tax withholding amounts are deducted from the remainder of compensation, not from the Roth Deferral amount.

Employer Match - The employer may elect to make discretionary matching contributions to the Plan in an amount equal to 100% of the participants' contributions that are not in excess of 5% of the participants' annual eligible compensation.

Employer Qualified Match - The employer may designate all or a portion of any matching contributions for a Plan year as "qualified matching contributions" and allocate them to employees to help the Plan pass one or more annually required Internal Revenue Code nondiscrimination tests. Any such contributions will be allocated to those participants eligible to receive the employer matching contributions described above who made deferral contributions during the Plan year. Participants are 100% vested in these contributions and may not request a hardship withdrawal of these contributions.

NOTE 1 - DESCRIPTION OF PLAN - Continued

Contributions - Continued

Employer Discretionary Nonelective - The employer may also elect to make a discretionary nonelective contribution in an amount to be determined by the Board of Directors for each Plan year. A participant must be employed as of the last day of the Plan year to be eligible for any nonelective contributions that may be made for that Plan year, as defined by the Plan. Discretionary nonelective contributions, if any, made to the Plan by the employer will be allocated to the participant's account in the ratio that the participant's eligible compensation bears to the total eligible compensation paid to all eligible participants. The Company did not make a discretionary nonelective contribution for the year ended December 31, 2023.

Employer Qualified Nonelective - The employer may designate all or a portion of any nonelective contributions for a Plan year as "qualified nonelective contributions" and allocate them to non-highly compensated employees to help the Plan pass one or more annually required Internal Revenue Code discrimination tests. A participant will be 100% vested in these contributions and may not request a hardship withdrawal of these contributions. The Company did not make a qualified nonelective contribution for the year ended December 31, 2023.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of participants' accounts, plus actual earnings thereon is based on years of continuous service. A participant is one hundred percent vested after six years of creditable service.

Investment Options

Participants direct the investment of their contributions, as well as Company contributions, into various investment options offered by the Plan. As of December 31, 2023 and 2022, the Plan offered a money market account, mutual funds and a collective trust fund.

Notes to Financial Statements

December 31, 2023 and 2022

(Continued)

NOTE 1 - PLAN DESCRIPTION - Continued

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a fixed rate of 5.25% - 10.50%, which is commensurate with local prevailing rates as determined by the plan administrator, as defined by the Plan. Principal and interest are paid ratably through monthly payroll deductions. Loan terms may not be greater than five years unless the loan is used for purchase of a primary residence. The maximum number of loans outstanding at any time is one per participant.

Payment of Benefits

Benefits commence upon one of several dates: retirement, disability, death, or termination of employment. Benefits are distributed by means of either direct rollover or lump-sum distribution.

Forfeitures

As of December 31, 2023 and 2022, forfeited nonvested accounts totaled \$253,826 and \$354,692, respectively. These accounts will first be used to pay administrative expenses under the Plan, and any remaining amounts are used to reduce future employer contributions. During 2023, participant forfeitures totaling \$281,488 were incurred related to participant withdrawals from accounts that were not fully vested.

Administrative Expenses

The Company absorbs significant costs of compliance and Plan administration. Certain expenses related to the administration of the Plan were paid directly by the assets of the Plan. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments to participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

NOTE 2 - PRIOR PERIOD ADJUSTMENT

During the year ended December 31, 2023, it was discovered that the prior period employer contributions receivable and employer contributions were overstated, and a prior period adjustment was recorded to correct the December 31, 2022 balances. The effect of the adjustment as of and for the year ended December 31, 2022 was a decrease in employer contributions receivable, net assets available for benefits, and change in net assets available for benefits of \$384,000. This adjustment is shown as a decrease in net assets available for benefits - beginning of year of \$384,000 on the statement of changes in net assets available for benefits.

NOTE 3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America. Management has evaluated subsequent events through August 30, 2024, the date the financial statements were available to be issued.

Investment Valuation and Income Recognition

The Plan's investments in all of the funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The collective trust fund is valued at the net asset value (NAV) of the shares held by the Plan at year end as a practical expedient, which is based on the fair value of the underlying assets.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Realized gains and losses from security transactions are reported on the average cost method.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Concentration of Market Risk

As of December 31, 2023 and 2022, approximately 36% and 33% of the Plan's investments balance was comprised of three registered investments. The underlying value of the investments are dependent on the performance of the individual investment holding and the market's evaluation of such performance. It is at least reasonably possible that changes in the fair value of the registered investments and their investment holdings in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

COOK'S PEST CONTROL, INC. EMPLOYEE CAPITAL ACCUMULATION PLAN

Notes to Financial Statements

December 31, 2023 and 2022

(Continued)

NOTE 3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the plan administrator considers the participant loan to be in default, the participant loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Fair Value

The established framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is the price the Plan would expect to receive to sell an asset or pay to transfer a liability in an orderly transaction with a market participant at the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs which are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

COOK'S PEST CONTROL, INC. EMPLOYEE CAPITAL ACCUMULATION PLAN

Notes to Financial Statements

December 31, 2023 and 2022

(Continued)

NOTE 3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Payment of Benefits

Benefits are recorded when paid.

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, Fidelity Management Trust Company, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.

- Investments at fair value and notes receivable from participants, included in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income, interest income on loans, interest income and net appreciation in fair value of investments, included in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- The schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023, included in the supplemental information.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

Notes to Financial Statements

(Continued)

NOTE 6 - FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2023 or 2022.

- *Money market funds:* Valued at amortized cost which approximates fair value.
- *Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Collective trust fund:* Valued at the net asset value per share/unit reported at the close of every business day.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6 - FAIR VALUE MEASUREMENTS - Continued

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value, as of December 31, 2023 and 2022

NOTE 7 - INVESTMENTS MEASURED USING THE NET ASSET VALUE PER SHARE PRACTICAL EXPEDIENT

The Plan invests in a collective trust fund which trades at the NAV per share practical expedient of the collective trust fund. This collective trust fund is not categorized within the fair value hierarchy.

The collective trust fund is a stable value fund that measures fair value using the NAV practical expedient. If the Plan initiates full redemption of the collective trust fund, the issuer reserves the right to require 12 months' notification. There are no participant redemption restrictions for these investments, with the exception of exchanges to other investment options under the Plan. Transferred amounts may not be directed into a competing fund and must be held in a non-competing investment option for 90 days before subsequent transfers to a competing fund can occur.

--------------------------	-------------------	---------------------------------	---------------------------------	---

Collective trust fund	\$ 1,409,143	n/a	Daily	12 months
-----------------------	--------------	-----	-------	-----------

The collective trust fund invests in benefit-responsive investment contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds. The fund seeks to preserve principal investments while earning a level of interest income that is consistent with principal preservation. The fund seeks to maintain a stable net asset value of \$1 per share, but it cannot guarantee that it will be able to do so.

NOTE 8 - RELATED PARTY TRANSACTIONS

Certain Plan assets are shares of mutual funds which are managed by the trustee, Fidelity Management Trust Company, and therefore, these investment transactions qualify as party-in-interest transactions. Fees paid by the Plan to the trustee totaled \$110,240 for the year ended December 31, 2023. The Company performs all administrative duties for the Plan.

Deemed distributions	(1,172)	
Adjustment from fair value to contract value	18,817	
Increase in net assets available for benefits per Form 5500	<u>\$ 10,528,357</u>	

NOTE 10 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 11 - INCOME TAX STATUS

The Plan is a Fidelity Management & Research Company volume submitter defined contribution plan. The Internal Revenue Service has ruled in a letter dated June 30, 2020, that the volume submitter plan developed by Fidelity Management & Research Company, after which the Plan is modeled, qualifies under the applicable sections of the Internal Revenue Code (IRC).

Although the Plan has been amended since receiving the advisory letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE 11 - INCOME TAX STATUS - Continued

Tax positions are recognized in the financial statements when it is more likely than not that the position will be sustained upon examination by the tax authorities. The Company has concluded that as of December 31, 2023 and 2022, the Plan had no significant uncertain tax positions or material amounts of unrecognized tax benefits that qualify for either recognition or disclosure in the financial statements for open tax years based on an assessment of many factors including experience and interpretations of tax laws.
