Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of Schaedler Yesco Distribution, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year then ended December 31, 2023, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from issuance.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial

statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Plan is a deferred compensation (defined contribution) plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

The Plan is a profit sharing deferred compensation (defined contribution) plan covering all eligible employees of the Company who have completed three months of service for the 401(k) Plan deferral and match and who have completed one year of service (1,000 hours of service for the Plan year) for the allocation of a profit sharing contribution. There is no age requirement for participation.

Qualified Automatic Contribution Arrangement – The Plan provides for the automatic enrollment of employees once they become eligible to participate, unless they specifically opt out. Deferrals equal to 3% of eligible compensation will be contributed to the Plan, unless the employee elects otherwise.

Traditional and Roth 401(k) deferral contributions – Each year, participants may contribute up to 85% of eligible compensation, subject to certain limitations, to their traditional and/or Roth 401(k) accounts.

Employer Safe Harbor matching contributions – Employer matching contributions to the Plan are made biweekly. The amount of the employer matching contribution is equal to 100% of an employee's contribution up to 3.5% of compensation for 2023 and 2022.

Employer profit sharing contributions – Contributions are at the discretion of the board of directors. Contributions are allocated, based upon compensation as defined in the Plan document, to eligible participants who were employed at December 31. There was no employer profit sharing contribution for the year ended December 31, 2023.

Participant accounts:

Each participant's account is credited or charged with the participant's contribution, the Company's matching contribution, an allocation of the Company's discretionary profit sharing contribution and Plan earnings (losses) and certain administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The Plan provides for the participants to self-direct the investment of their account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2023
(with comparative information at December 31, 2022)

1. Description of the Plan and summary of significant accounting policies (continued):

Participant accounts:

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service. As of January 1, 2020, the Plan amended to a safe harbor matching contribution using a cliff vesting schedule. If a participant has less than two years of service, they are 0% vested in these contributions. If a participant has two years of service or more, they are 100% vested. With respect to employer matching contributions made prior to Plan year 2020, a participant becomes 20% vested after two years of service, and the percentage increases by 20% for each year of service thereafter. A participant is 100% vested after six years of credited service or, regardless of years of service, if the participant reaches age 65 or if the participant dies or becomes disabled.

Upon termination of service, the vested account is payable in installment payments or a lump-sum distribution. The Plan provides for 100% vesting and commencement of benefit payments at death.

Notes receivable from participants:

The Plan permits participant loans. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of 50% of their vested account balance or \$50,000. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1% at the time the loan is made. Principal and interest are paid ratably through payroll deductions. Loan fees for origination are paid by the participant.

Forfeitures:

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents forfeiture. Forfeitures are used to pay for administrative expenses first and then are used to reduce the employer's discretionary contributions. Forfeitures are allocated immediately following the Plan year in which the forfeiture is accrued. During 2023, forfeitures in the amount of \$11,926 were used to reduce administrative expenses and employer contributions. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$869 and \$244, respectively.

Plan termination:

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth by ERISA.

In the event the Plan is terminated, all amounts credited to participants' accounts will become 100% vested. The Company will direct that either benefits be distributed to participants, or the trust created by the Plan be continued and benefits be distributed to participants and beneficiaries as if the Plan had not been terminated.

Basis of presentation:

The accompanying financial statements have been prepared on an accrual basis and present the net assets available for benefits and changes in those net assets.

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2023
(with comparative information at December 31, 2022)

1. Description of the Plan and summary of significant accounting policies (continued):

Investment valuation:

The Plan's investments are valued as follows. Shares of mutual funds are valued at quoted market prices, which represent the fair value of shares held by the Plan at year end. Money market fund shares cost equals fair value.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Income and contribution recognition:

Interest and dividends on investments are recognized in the period earned. Gains and losses on sales are recognized when realized while unrealized gains and losses on investments are recognized as they occur. Contributions are recorded on the accrual basis.

Benefits to participants:

Benefits are included as a deduction when they are paid to participants.

Administrative expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Some fees incurred by the Plan for the investment management services or recordkeeping are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Use of estimates:

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Certification of Plan assets and transactions:

The Plan's cash and investments are held by Charles Schwab Bank, the trustee. Investment information disclosed in the accompanying financial statements and schedule of assets held at end of year, including cash and investments held at December 31, 2023 and 2022 and investment income, interest and dividends and net appreciation in fair value of investments for the year ended December 31, 2023, was obtained or derived from information certified as complete and accurate by the trustee.

(with comparative information at December 31, 2022)

3. Fair value measurement:

The Plan ranks investments required to be reported at fair value in a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset. Inputs may be observable or unobservable and refer broadly to the assumptions that market participants would use in pricing the asset. Observable inputs reflect the assumptions market participants would use in pricing the asset based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the Plan's own assumptions about the assumptions that market participants would use in pricing the asset developed based on the best information available in the circumstances. The three levels of the fair value hierarchy are described below:

Level 1 – Quoted prices in active markets for identical investment.

Level 2 – Other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.). The Plan does not hold any Level 2 investments.

Level 3 – Significant unobservable inputs (including the Plan's own assumptions in determining the fair value of investments). The Plan does not hold any Level 3 investments.

See Note 1 for a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023.

Assets reported at fair value and required to be disclosed according to the fair value measurement hierarchy at December 31, 2023 and 2022 were as follows:

	Fair value measurement using Level 1 inputs
<u>2023</u>	
Mutual funds	<u>\$ 33,804,956</u>
<u>2022</u>	
Mutual funds	<u>\$ 27,569,937</u>

4. Income tax status:

The Plan obtained an updated determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and the related trust is tax exempt.

5. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Related party and party-in-interest transactions:

Certain Plan investments are managed by Charles Schwab Bank, the trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Some fees incurred by the Plan for the investment management services or recordkeeping are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Additionally, the Plan issues loans to participants, which are secured by the balance in the participants' accounts. These transactions qualify as party-in-interest transactions.

7. Concentrations:

Two investments accounted for approximately 44% of investments at December 31, 2023. Two investments accounted for approximately 46% of investments at December 31, 2022.

8. Subsequent events:

The Plan has evaluated subsequent events through September 12, 2024, the date which the financial statements were available to be issued.

The Plan was amended to recognize employees' service with Stewarts Enterprise for purpose of determining eligibility and vesting service, with the initial eligibility date on January 1, 2024.
