INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the Robinson Export Import Corporation Profit Sharing Plan
Springfield, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Robinson Export Import Corporation Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Robinson Export Import Corporation Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Robinson Export Import Corporation Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Robinson Export Import Corporation Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Robinson Export Import Corporation Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Robinson Export Import Corporation Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ROBINSON EXPORT IMPORT CORPORATION PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - Description of Plan

The following description of the Robinson Export Import Corporation (the Company) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which qualifies under Section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan generally allows employees to participate who have attained 18 years of age and 90 days of service.

The custodian of the Plan is Principal Life Insurance Company, Inc. (Principal), who is responsible for holding Plan assets. Principal also serves as the Plan record keeper. Individuals of the Company serve as the Plan's trustees (Trustees).

Participant Contributions

Each year, participants may make salary reduction contributions up to 100% of pretax annual compensation subject to the limitations of the IRC, as defined in the Plan.

The Plan allows participants to make Roth 401(k) contributions. The additional Roth contribution does not allow total employee's contributions to the Plan above the dollar limits of 401(k) contributions for the year.

Qualified distributions from other qualified retirement plans can also be contributed to the Plan and retained as rollover contributions. Participants are immediately vested in their salary reduction and rollover contributions plus actual earnings thereon.

Participants are automatically enrolled in the Plan with a 2% salary deferral, unless a different salary deferral percentage is elected.

Company Contributions

- **Annual Discretionary Matching Contributions** – The Company has the option to make annual discretionary matching contributions to the Plan. The percentage of elective deferral contributions matched, if any, shall be a percentage determined by the Company and shall apply to all eligible persons for the entire Plan year. Contributions, when made, are allocated based upon a percentage of each participant's deferral. Effective July 8, 2023 the Company increased matching contribution from 100% of the first 1% of each participant's salary reduction contribution to 100% of the first 2% of each participant's salary reduction contribution.
- **Profit Sharing Contributions** – The Company has the option to make annual non-elective contributions to the Plan. A participant must complete at least 1,000 hours of service by the beginning of the Plan year to be eligible for this discretionary employer contribution. Non-elective employer contributions made to the Plan are allocated to the participant's account based on an integrated allocation formula. For the year ended December 31, 2023, no such contributions were made.

ROBINSON EXPORT IMPORT CORPORATION

PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - Description of Plan, Continued

Vesting in the Company contributions (plus earnings thereon) is based on years of continuous service. Company contributions vest by 20% after completion of the first two years of service and vest an additional 20% per year thereafter until fully vested after six years. Participants also become fully vested on the date they reach normal retirement age, become totally disabled (as defined by the Plan), or death.

Payment of Benefits

Participants are eligible for retirement benefits upon attaining the age of 65 or early retirement defined as age 59 1/2. On termination of service due to death, disability or retirement, a participant can receive an amount equal to the vested portion of the participant's account in a lump-sum amount, installment payments, or an annuity over the applicable life expectancy or term-certain period. For termination of service for other reasons, a participant may receive the value of the vested portion in the participant's account as a lump-sum distribution or elect a direct rollover distribution. However, if the total value of the vested balance is \$5,000 or less, the entire vested balance will be distributed in a lump-sum payment. Benefit payments to participants are recorded when paid.

Participant Accounts

Each participant's account is credited with the participant's salary deferral contribution, rollovers (transfers in from other qualified plans), the Company discretionary matching contribution (if any), and allocations of (a) Company discretionary profit-sharing contributions (if any), (b) Plan earnings, (c) realized and unrealized gains and losses on investments, and (d) an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants are afforded several investment options covering a wide range of investment objectives and risks. Participants may allocate their contributions across these options in any proportion they wish and can change this allocation at any time. Transfers of account balances between elected investment options may also be made at any time.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant can only have one loan outstanding at any time. All loans must be approved by the Plan administrator and will bear interest at a rate commensurate with local prevailing rates. Interest rates on participant loans ranged from 5.25% to 10.50%. Loans are secured by the balance in the participant's account and require periodic payments and are due through February 15, 2029.

PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 – Summary of Significant Accounting Policies

Forfeited Accounts

Terminating participants forfeit the non-vested portion of the participant's Company contributions. Forfeitures can be allocated to participant accounts based on participant earnings, as defined, used to reduce the Company's administrative expenses to the Plan, or used to reduce the Company's Plan contributions. For the year ended December 31, 2023, \$11,352 of forfeitures were applied to reduce the Company's Plan contributions and \$3,572 of forfeitures were applied to reduce administrative expenses. At both December 31, 2023 and 2022, forfeited non-vested accounts totaled \$-0-.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

The Company may elect to pay the administrative expenses of the Plan. If not paid by the Company, administrative expenses are required to be paid by the Plan. All such costs and expenses will, unless allocable to the accounts of particular participants, be charged against the accounts of all participants on a pro-rata basis or in such other reasonable manner as may be directed by the Plan. In addition, certain accounting and administrative functions of the Plan are performed by employees of the Company at no cost to the Plan.

Fair Value of Financial Instruments

Accounting Standards Codification 820, *Fair Value Measurements* (ASC 820) establishes a framework for measuring fair value in accordance with accounting principles generally accepted in the United States of America. ASC 820 provides a three-tiered fair value hierarchy with Level 1 representing quoted prices for identical assets or liabilities in an active market. Level 2 valuation methodologies include: 1) quoted similar assets or liabilities in an active market, 2) quoted identical or similar assets or liabilities in an inactive market, 3) inputs other than quoted prices that are observable for the asset or liability, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 represents a valuation methodology based on unobservable inputs significant to the fair value measurement.

ROBINSON EXPORT IMPORT CORPORATION

PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 – Summary of Significant Accounting Policies, Continued

The Plan discloses its financial instruments at fair value. For the registered investment companies, quoted market prices are the basis for the fair value of investment securities. For the pooled separate accounts, audited financial statements by an independent third party are the basis for the fair value of investment securities. Market values are determined using the last reported sales price on the last business day of the Plan year. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end.

Plan contributions are invested under a Group Annuity Contract issued by Principal which is an unallocated investment contract. Principal performs the functions of receiving contributions from the Trustees, valuing Plan assets, and making payment of benefits, as directed by the Trustees. Valuation of accounts under the Plan is based on the unit system of accounting. Available investment options include a money market account, a common collective trust, and mutual funds. All investments are participant directed. The Plan's investments at December 31, 2023 and 2022 are all stated at fair value.

Investment Contracts

The Plan has a collective investment trust with Principal. Principal maintains the Stable Value Fund contributions in a common collective trust through Principal Global Investors Trust Company (Principal Global). The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Principal Global. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. ASU 2015-12 explains that stable value collective investment trusts are not to be treated as fully benefit-responsive investment contracts; therefore, fair value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at fair value, except transfers to competing funds may be restricted at either 30 or 90 days. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting. The average yield is 2.34% for the year ended December 31, 2023.

Income Recognition

In accordance with the policy of stating investments at current market value, net realized, and unrealized appreciation and depreciation are reflected in the statement of changes in net assets available for Plan benefits. Earnings and interest from investments are recorded as earned using the accrual method of accounting. Dividends are recorded on the ex-dividend date.

NOTE 4 – Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company and Principal Trust Company, both qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income, net and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2023, as shown on the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

NOTE 5 – Excess Contributions Payable

At December 31, 2023 and 2022, payables of \$26,059 and \$8,177, respectively, were recorded for amounts refundable by the Plan and paid to participants in 2024 and 2023, respectively, for contributions made in excess of amounts allowed by the Internal Revenue Service.

NOTE 6 – Parties-In-Interest Transactions

The Plan has not considered participant contributions or benefits accrued or paid by the Plan for participants as party-in-interest transactions. Certain Plan investments are mutual funds and pooled separate accounts managed by Principal. Such transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules. Fees paid during the year for professional services rendered by parties-in-interest were based on customary and reasonable rates for such services. Participant loan origination fees are paid out of the relevant participant's account.

NOTE 7 – Income Tax Status

The Company adopted a prototype standardized profit-sharing plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the Plan is designed in accordance with applicable sections of the IRC, and therefore, is not subject to tax under present federal income tax laws.

Management evaluated the Plan's tax positions under guidance from the Financial Accounting Standards Board and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of this guidance. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 8 – Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts.
