## Independent Auditor's Report

To the Plan Administrator  
Pension Plan of the Children's Home Society of New Jersey

### *Opinion*

We have audited the financial statements of Pension Plan of the Children's Home Society of New Jersey (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits (in liquidation) as of February 29, 2024 and June 30, 2023, and the related statements of changes in net assets available for benefits (in liquidation) for the period from July 1, 2023 through February 29, 2024 and year ended June 30, 2023, and the statement of accumulated plan benefits (in liquidation) as of June 30, 2023, and the related statement of changes in accumulated plan benefits (in liquidation) for the year then ended, and the related notes to the financial statements (in liquidation).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits (in liquidation) of Pension Plan of the Children's Home Society of New Jersey as of February 29, 2024 and June 30, 2023, and the changes in its net assets available for benefits (in liquidation) for the period from July 1, 2023 through February 29, 2024 and the year ended June 30, 2023, and the accumulated plan benefits (in liquidation) as of June 30, 2023 and the changes in its accumulated plan benefits (in liquidation) for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

### *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Emphasis of Matter - Terminated Plan and Liquidation Basis of Accounting*

As further discussed in Notes 1 and 4 to the financial statements, the Board of Directors of the Children's Home Society of New Jersey, the Plan's sponsor, voted on February 15, 2022 to terminate the Plan. The Plan sponsor terminated the Plan effective May 31, 2022 and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting for the period from July 1, 2023 through February 29, 2024 and year ended June 30, 2023, from the going-concern basis of accounting to the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

*Auditor's Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Reportable Transactions (Schedule H, Line 4j) (in liquidation) as of and for the period from July 1, 2023 through February 29, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## **Pension Plan of the Children's Home Society of New Jersey**

### **Notes to Financial Statements (in Liquidation) February 29, 2024 and June 30, 2023**

#### **Note 1 - Description of plan**

The following description of the Pension Plan of the Children's Home Society of New Jersey (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### **General**

The Plan is a defined benefit pension plan covering substantially all nonunion employees of The Children's Home Society of New Jersey (the "Society" or "Plan Sponsor"). The Plan was established on July 1, 1975 and is available to employees of the Society who have completed one year of service and 1,000 hours and are at least 21 years of age. Union employees of the Society hired on or after January 1, 2015 are not covered under the Plan. Effective June 1, 2019, any employees hired or rehired on or after June 1, 2019 are no longer eligible for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective February 28, 2009, the Plan was amended to temporarily freeze the average monthly compensation as of that date; moreover, effective the same date, no years of credited service were awarded for any hours accrued by employees. On July 1, 2011, this temporary freeze was lifted, and the Plan continued to follow the original Plan document.

Effective as of the close of business on June 30, 2020, the Plan was amended to freeze all benefit accruals under the Plan for all participants. This amendment also introduced a new lumpsum benefit payment option to former employees whose annuity start date is on or after July 1, 2020 and whose lumpsum distribution amount does not exceed \$25,000, and a lumpsum option, with no maximum on the distribution amount, for any employee who was hired before January 1, 2006.

#### **Plan termination**

The Society has the right under the Plan to amend or terminate the Plan at any time subject to the provisions of ERISA. The Plan Sponsor voted on February 15, 2022 to terminate the Plan effective May 31, 2022. As a result of the termination, in accordance with accounting principles generally accepted in the United States of America, the financial statements are presented on the liquidation basis of accounting for the period from July 1, 2023 through February 29, 2024 and year ended June 30, 2023. On June 7, 2023, the Plan received an Internal Revenue Service (the "IRS") determination letter regarding the Plan's termination. All participant balances have been distributed as of February 29, 2024 (see Note 4). As a result of the Plan termination, the Plan recorded accrued receivables and liabilities as disclosed in the statements of net assets available for benefits (in liquidation) for a total liquidation basis adjustment of (\$11,480,414) for the year ended June 30, 2023.

#### **Funding policy**

The Plan's funding policy is for the Society to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. During the period ended February 29, 2024 and year ended June 30, 2023, the Society made contributions of \$0 and \$300,000, respectively. The Society's contributions for 2024 and 2023 met or exceeded the minimum funding requirements of ERISA.

#### **Pension benefits**

Employees with one or more years of service and who are age 21 or older are entitled to annual pension benefits beginning at normal retirement age (65) equal to 1.24% of their average monthly compensation, multiplied by the total number of years of credited service, plus 65% of their average

monthly compensation in excess of their monthly covered compensation multiplied by the total number of years of credited service, as defined by the Plan document. The Plan permits early retirement at ages 55-64 and upon completion of 10 years of service with the Society. The Plan also permits in-service distributions for any employees who are age 68 or older. Employees are eligible to receive either a joint and survivor annuity or a life annuity, depending on their marital status on the date their benefits are to begin, unless they elect to receive payment in one of the following methods: (1) a single lumpsum payment in cash as defined in the Plan document, (2) 50%, 75% and 100% joint and contingent annuity or (3) life annuity with 10 year period certain guaranteed. If employees terminate before rendering five years of service, they forfeit the right to receive their accumulated plan benefit.

#### **Death and disability benefits**

A married participant who dies and who has a surviving spouse shall have their death benefit paid to the surviving spouse in the form of a joint and 50% survivor annuity, unless waived. The surviving spouse may direct the payment of the death benefit to begin upon the earlier of the date the participant would have reached the early retirement date or the normal retirement date. If the value of the death benefit is \$3,500 or less, the Plan administrator will distribute the total value of the death benefit as soon as it is administratively possible. The death benefit may also be distributed in an alternative method such as a single lumpsum or a life annuity with period certain guaranteed, provided the surviving spouse consents to the alternative method. If the surviving spouse validly waives any right to the death benefit, such benefit will be paid to the beneficiary as a single lumpsum or a life annuity with period certain guaranteed. A non-married participant is entitled to these same death benefits. There are no disability benefits provided other than those payable upon termination of employment.

#### **Vesting**

Participants employed prior to January 1, 1990 and who had completed three years of service may elect to have their vesting percentage determined under the pre-amendment vesting schedule which awards 10% vesting for each year of service until 100% vesting is attained at five years of service. All other eligible employees are not eligible for incremental vesting and are not vested until they attain five years of service and then become 100% vested. See Note 4 for Plan termination information.

### **Note 2 - Summary of accounting policies**

#### **Basis of accounting**

In accordance with accounting principles generally accepted in the United States of America, due to the decision to terminate the Plan on February 15, 2022 (see Notes 1 and 4), the financial statements as of and for the period ended February 29, 2024 and year ended June 30, 2023 were prepared using the liquidation basis of accounting to determine the amounts at which the Plan assets and the accumulated benefit information are stated.

#### **Use of estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements and changes therein. Actual results could differ from those estimates.

## **Pension Plan of the Children's Home Society of New Jersey**

### **Notes to Financial Statements (in Liquidation) February 29, 2024 and June 30, 2023**

#### **Investment valuation and income recognition**

Investments are reported at fair value, which represents liquidation value for the periods ended February 29, 2024 and June 30, 2023, due to the Plan termination. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Governance Committee determines the Plan's valuation policies utilizing information provided by its investment advisors, custodians and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

#### **Payment of benefits**

Benefit payments to participants are recorded upon distribution except for accrued distributions recorded under the liquidation basis of accounting.

#### **Administrative expenses**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Society. Expenses that are paid by the Society are excluded from these financial statements. Investment-related expenses are included in net depreciation in fair value of investments.

#### **Subsequent events**

The Plan has evaluated subsequent events through September 17, 2024, which is the date the financial statements were available to be issued.

#### **Note 3 - Actuarial present value of accumulated plan benefits**

Accumulated plan benefits are those future periodic payments, including lumpsum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. Benefits under the Plan are accumulated based on employees' compensation converted to a monthly amount and then averaged over the five consecutive Plan years, including periods prior to the effective date of the Plan, which produce the highest monthly average within the last 10 completed years of employment. The accumulated plan benefits for active employees are based on the portion of the retirement benefit formula (see Note 1) they have earned as of a particular date based on the average monthly compensation and years of service as of such date which the benefit information is presented (the valuation date). Benefits payable under all circumstances - retirement, death, disability and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of June 30, 2023 were (a) life expectancy of participants (the Pri-2012 Mortality Tables then projected generationally from 2012 using Scale MP-2021), (b) retirement age assumptions (the assumed average retirement age was 65) and (c) investment return. Had valuations been made using Scale MP-2021, there would be no material differences. The interest

### Notes to Financial Statements (in Liquidation) February 29, 2024 and June 30, 2023

rate used to discount the obligation for June 30, 2023 was 4.48%. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Upon Plan termination (see Notes 1 and 4), different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of June 1, 2023. Had the valuations been made as of June 30, 2023, there would be no material differences. The June 1, 2023 actuarial valuation report was the final valuation report prepared as the Plan was terminated May 31, 2022. The report was the final computation of actuarial accumulated plan benefits and any other changes were the results of the fluctuation in market conditions.

#### Note 4 - Plan termination

As discussed in Note 1, the Plan Sponsor voted on February 15, 2022 to terminate the Plan. The Plan Sponsor terminated the Plan effective May 31, 2022 subject to the provisions of ERISA. The Plan evaluated changes in Plan assets and changes in the value of accumulated plan benefits expected to be generated in liquidation. Based on the evaluation, there was no reasonable basis to record adjustments to the statements of net assets available for benefits or changes in net assets available for benefits as of and for the year ended June 30, 2023. Based on evaluation of events happening subsequent to the year ended June 30, 2023, which were based on actual events, the Plan accrued for these activities in connection with the liquidation basis of accounting.

The net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Equally among: (a) retired participants and their beneficiaries to whom payment commenced at least three years prior to the date of termination and (b) participants who could have retired and received payment of their benefits at least three years prior to the date of termination. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation ("PBGC"), a U.S. government agency, up to the applicable limitations.
3. All other vested benefits (that is, vested benefits not insured by the PBGC).
4. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

#### Note 5 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board issued Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable inputs and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at February 29, 2024 and June 30, 2023.

*Money market accounts:* Valued in active markets for identical assets.

*Common stocks:* Valued at the closing price reported on the active market on which the individual securities are traded.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

### Notes to Financial Statements (in Liquidation) February 29, 2024 and June 30, 2023

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of February 29, 2024 and June 30, 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

For the period ended February 29, 2024 and year ended June 30, 2023, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

#### Note 6 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

#### Note 7 - Tax status

The IRS has determined and informed the Society by a letter dated September 16, 2013, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan received an updated IRS letter dated December 10, 2020 as a result of the June 30, 2020 amendment disclosed under Note 1. The Plan received updated IRS letters dated June 7, 2023 and September 18, 2023 as a result of the Plan termination effective May 31, 2022. The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

## **Pension Plan of the Children's Home Society of New Jersey**

### **Notes to Financial Statements (in Liquidation) February 29, 2024 and June 30, 2023**

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan terminated effective May 31, 2022 (see Note 1).

#### **Note 8 - Related party and party-in-interest transactions**

Certain Plan investments are shares of mutual funds managed by T. Rowe Price Services, Inc. ("TRP"). TRP is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

TRP provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement ("MSA") between the Society and TRP. TRP receives revenue from mutual fund service providers for services TRP provides to the funds. This revenue is used to offset certain amounts owed to TRP for its administrative services to the Plan.

If the revenue received by TRP from such mutual fund service providers exceeds the amount owed under the MSA, TRP remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During the period ended February 29, 2024 and year ended June 30, 2023, there were no excess amounts. The Plan or Plan Sponsor may make a payment to TRP for administrative expenses not covered by revenue sharing.

#### **Note 9 - Distribution payouts**

In October 2023, the Plan agreed to an annuity buyout of 85 participants who receive monthly benefit payments. The Plan paid United of Omaha Life Insurance Company \$7,403,885, of which \$20,394 was subsequently refunded based on excess of premium, to assume the liability for future benefit payments to these participants. In September 2023, the Plan entered into an agreement with Somerset Trust Company ("STC") to issue lumpsum payments to 125 participants based on the termination of the Plan. Total payment to STC totaled \$4,425,014. The Plan fully liquidated as of February 29, 2024 in which all remaining vested participants were distributed their benefits either directly or to insurance carriers for the provision of benefits for the related participants.
