Independent Auditor's Report

Audit and Employee Benefits and Retirement Investment Committees and Participants
Regency Centers 401(k) Profit Sharing Plan
Jacksonville, Florida

Opinion

We have audited the financial statements of Regency Centers 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Audit and Employee Benefits and Retirement Investment Committees and Participants
Regency Centers 401(k) Profit Sharing Plan

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements
December 31, 2023 and 2022

1. Description of Plan

The following description of the Regency Centers 401(k) Profit Sharing Plan ("the Plan") is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a 401(k) and profit sharing defined contribution retirement plan covering all eligible employees of Regency Centers Corporation and its subsidiaries and affiliates ("the Company"), who are at least 18 years of age. Employees become eligible the first day of the quarter following the employee's date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

On May 17, 2023, the Company entered into an Agreement and Plan of Merger (the "Merger Agreement") by and among the Company, Hercules Merger Sub, LLC, a wholly owned subsidiary of the Company ("Merger Sub"), UBP, UB Maryland I, Inc., a wholly owned subsidiary of Urstadt Biddle ("UB Sub I"), and UB Maryland II, Inc., a wholly owned subsidiary of UB Sub I ("UB Sub II"), pursuant to which, (a) UB Sub II merged with and into Urstadt Biddle (the "first merger"), with Urstadt Biddle surviving the first merger as a wholly owned subsidiary of UB Sub I, and (b) following the first merger, UB Sub I merged with and into Merger Sub (the "second merger" and together with the first merger, the "mergers"), with Merger Sub being the surviving entity in the second merger. The closing of the mergers completed on August 18, 2023.

The Merger Agreement provided that the Company would hire certain employees of UBP on the date of the Acquisition and would credit those employees for service with UBP. Prior to the Merger, UBP maintained a separate 401(k) plan for the benefit of UBP employees, which was known as the Qualified Retirement Plan (the "UBP Plan"). Effective August 18, 2023, the UBP Plan was terminated, and the assets were distributed to UBP participants. UBP participants employed by the Company were permitted to make rollover contributions into the Plan, including outstanding plan loans. Rollovers were received in the form \$1,890,400 in cash and \$4,700 in participant loans.

(b) Contributions

Each eligible employee is automatically enrolled in the Plan, at a contribution rate of 6% on a pre-tax basis, and becomes a participant of the Plan, unless the employee elects to decline participation within 45 days of his or her eligibility date. Participants who are automatically enrolled but do not make investment elections have their contributions allocated to one of eleven designated Vanguard age-based retirement target date funds until changed by the participant. Additionally, on an annual basis, employee deferrals are automatically increased by 1%, up to a maximum contribution rate of 10%, unless the employee elects to decline. During 2023, participants may contribute up to \$22,500 of annual compensation, on a pre-tax or after-tax basis, as defined in the Plan. Participants who are or will attain age 50 before the end of the Plan year may elect to defer additional amounts up to \$7,500 ("catch-up contributions") to the Plan that year.

The Company matches participant contributions equal to 100% of salary deferrals up to a maximum matching amount of \$5,000. Participant and employer matching contributions are invested as directed by the participant. The Company may also elect to make a profit sharing contribution to the Plan in the form of cash. During 2023, the Company's profit sharing contribution totaled \$3,212,552, and was paid in March 2024.

A participant may transfer funds from other qualified plans to the Plan. These funds are set up in a separate participant account referred to as a "Participant's Rollover Account."

(c) Plan Administration

Principal Financial Group serves as recordkeeper, trustee and asset custodian. Regions Bank is the Investment Manager for the Plan. The Company's Employee Benefits and Retirement Investment Committee oversees the Plan.

(d) Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, (b) plan earnings, and (c) discretionary profit sharing contributions. Allocations of the Company's profit sharing

REGENCY CENTERS 401(k) PROFIT SHARING PLAN

contributions are based on participant earnings, as defined in the Plan document. Allocations of plan earnings for investments other than self-directed accounts are based on participants' account balances. Self-directed accounts are credited with the earnings of the specific investments chosen by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

(e) Notes Receivable from Participants

Participants may borrow from the Plan using their vested account balance as security for the loan. Participant loans are repaid through payroll deductions. The minimum loan amount is \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of the participants' vested account balance. Generally, the term of the loan may not exceed five years; however, if the loan is for the purchase of a primary residence, the Plan may allow for a longer repayment term. A participant may have only one loan outstanding at any time. The interest rate is fixed over the life of the loan based on market rates at loan inception, and the interest paid by the participant is credited back to the participant's account. At December 31, 2023 participant loans with interest rates ranging from 4.25% to 9.5%.

(f) Investment Options

Participants direct the investment of their participant deferrals, Company matching contributions, and Company profit sharing contributions into various investment options offered by the Plan, including a self-directed account option. Self-directed accounts consist of assets invested at the discretion of plan participants, within certain guidelines as defined by the Plan.

(g) Vesting

Participants' contributions and the Company's matching contributions to the Plan vest immediately. The Company's discretionary profit sharing contributions cliff vest at 100% after three years of service. A year of service is defined as at least 1,000 hours of service during a Plan year. Participants immediately vest in all contributions upon reaching normal retirement age of 65 or early retirement age, which is the later of the date of reaching the age of 55 or the date of completion of the third anniversary of Plan participation.

(h) Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant (or beneficiary) may elect to receive cash in either a lump-sum distribution or installments equal to the value of the participant's vested interest in his or her account. In addition, for all terminations of service, including those for the reasons mentioned above, a participant may receive a distribution in the form of the Company's common stock ("distribution-in-kind") equal to the value of the participant's vested interest in his or her Regency Centers Corporation common stock fund account. If a participant is entitled to a distribution of more than \$200, then he or she may elect whether to receive the distribution or to roll over the distribution to another retirement plan such as an individual retirement account ("IRA"). If the vested interest in the Plan is greater than \$1,000 but less than \$5,000 and the participant does not elect to receive or roll over the distribution, then the distribution must be rolled over to an IRA. If the vested interest in the Plan is greater than \$5,000, the participant must consent to the distribution before it will be made. In-service hardship distributions are permissible under the Plan and follow the Internal Revenue Service ("IRS") issued regulations.

(i) Plan Expenses

Participants pay certain fees including (a) investment advisory fees based on participant balances, (b) investment management fees which are fixed quarterly fees to transact investments, and (c) administrative fees to transact new participant loans. The plan sponsor also pays certain plan expenses, which are excluded from these financial statements.

(j) Forfeitures

Forfeitures are allocated in the subsequent year in which the forfeiture occurs to all participants eligible to receive a Company profit sharing contribution, as defined in the Plan document. The amount allocated to each participant is the product of the ratio of his or her compensation (subject to a maximum) to total compensation, multiplied by total forfeitures. During 2023,

REGENCY CENTERS 401(k) PROFIT SHARING PLAN

amounts forfeited in prior years and earnings thereon totaling \$146,000 were allocated to participants. At December 31, 2023 and 2022, unallocated forfeitures totaled \$90,107 and \$100,394, respectively.

2. Summary of Significant Accounting Policies

(a) *Basis of Accounting*

The accrual basis of accounting has been used in preparing the accompanying financial statements in conformity with generally accepted accounting principles ("GAAP") in the United States of America.

(b) *Valuation of Investments and Income Recognition*

Investments are recorded at fair value which represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements. The net appreciation in fair value of investments includes the gain or loss on investments bought, sold, and held during the year, as well as, the unrealized change in fair value of investments.

One of the investment options offered by the Plan, the Galliard Stable Return Fund (N) (the "Stable Return Fund"), is a common collective trust fund that is indirectly invested in fully benefit-responsive investment contracts. The Stable Return Fund is valued utilizing the Net Asset Value ("NAV") per share as a practical expedient for fair value, as reported by the manager of the common collective trust fund.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

(c) *Notes receivable from participants*

Notes receivable from participants are recorded at amortized cost plus accrued interest.

(d) *Use of Estimates*

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets available for benefits and disclosure of commitments at the date of the financial statements and changes in assets available for benefits during the reporting period. Actual results could differ from those estimates.

(e) *Payment of Benefits*

Benefits are recorded when paid.

(f) *Risks and Uncertainties*

The Plan invests in various investment securities. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investments, including the Plan's investment in the Company's common stock in which it has a concentration, will occur in the future and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in all employer contributions and earnings thereon. Additionally, the Company may direct benefits to be distributed as soon as practicable or a trust, created by the Plan, can be continued with benefits distributed as if the Plan had not been terminated.

4. Income Tax Status

The sponsor of the prototype plan, on which this standardized plan is based, received a tax opinion letter from the IRS dated June 30, 2020, which indicates that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code (“the Code”). Although the Plan has been amended since receiving the determination letter, in the opinion of the Plan administrator and its counsel, the Plan has operated in accordance with the Code and the plan document and therefore remains qualified and tax exempt.

The Plan recognizes tax positions in the financial statements when it is more likely than not the position will be sustained upon examination by the tax authorities. Such tax positions shall initially and subsequently be measured as the largest amount of tax benefit that has a greater than 50% likelihood of being realized upon ultimate settlement with the tax authority assuming full knowledge of the position and relevant facts. The Company believes that it has appropriate support for the income tax positions taken based on an assessment of many factors including past experience and interpretations of tax laws applied to the facts of each matter. The Plan is subject to routine audits by taxing jurisdictions.

5. Parties-in-interest Transactions and Related Party Transactions

Fees paid by the Plan to the trustees for administrative and investment services approximated \$133,000 for the year ended December 31, 2023. Fees paid by the Plan to the Investment Manager approximated \$55,000 for the year ended December 31, 2023. Fees paid for investment management services were included as a reduction of the return earned on each fund.

Transactions in Company common stock qualify as party-in-interest transactions. The investments in the common stock of the Company earned dividend income of \$313,775 during 2023, of which \$79,871 is accrued at December 31, 2023.

6. Fair Value Measurements

Fair value is a market-based measurement, not an entity-specific measurement. Therefore, fair value measurement is determined based on the assumptions that market participants would use in pricing the asset. As a basis for considering market participant assumptions in fair value measurements, the Plan uses a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from independent sources (observable inputs that are classified within Levels 1 and 2 of the hierarchy) and the Plan’s own assumptions about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy). The three levels of inputs used to measure fair value are as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability, which are typically based on the Plan’s own assumptions, as there is little, if any, related market activity.

The valuation techniques attempt to maximize the use of observable inputs and minimize the use of unobservable inputs. The availability of observable market data is monitored to assess the appropriate classifications of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The significance of transfers between levels was evaluated based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2023, there were no transfers in or out of levels 1, 2, or 3.

Plan Investments

Money market funds

The assets held in money market funds are valued at the NAV of the underlying funds. The NAV of money market funds are based on quoted prices in an active market and have been classified within Level 1.

Common/collective trusts

The investments held in common/collective trusts are valued at the NAV per unit of the underlying funds. The NAV is used as the practical expedient to estimate fair value and therefore, investments recorded at NAV are not categorized in the fair value hierarchy. NAV of the collective trust is calculated daily. Participants' redemptions of the common/collective trusts are permitted daily with no other restrictions or notice periods and there are no unfunded commitments.

Mutual funds

Shares of mutual funds are valued at the NAV of shares held by the Plan. The NAV of the mutual funds are based on quoted prices in active markets and have been classified within Level 1.

Self-directed accounts

The investments held in self-directed accounts include shares of money market funds and mutual funds valued at the NAV of shares held by the Plan. The NAV of the money market funds and mutual funds are based on quoted prices in active markets and have been classified within Level 1. The investments held in self-directed accounts also include common stocks with quoted prices in active markets and have been classified within Level 1.

Regency Centers Corporation Common Stock Fund

The Regency Centers Corporation Common Stock Fund is a unitized stock fund valued at the net asset value of the fund. The fund mainly consists of the employer stock which is valued at the closing price reported on the active market on which the stock is traded and the value of cash held for liquidity purposes. The value of this fund has been classified within Level 2.
