Independent Auditor's Report

To the Plan Administrator
Bluebonnet Chrysler Dodge, LTD 401(k) Plan
New Braunfels, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Bluebonnet Chrysler Dodge, LTD 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bluebonnet Chrysler Dodge, LTD 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report (continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bluebonnet Chrysler Dodge, LTD 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bluebonnet Chrysler Dodge, LTD 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

Independent Auditor's Report (continued)

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bluebonnet Chrysler Dodge, LTD 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bluebonnet Chrysler Dodge, LTD 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedules of Assets (Held at End of Year) as of December 31, 2023 and Delinquent Participant Contributions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Independent Auditor's Report (continued)

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Bluebonnet Chrysler Dodge, LTD 401(k) Plan

Notes to Financial Statements

1. **Description of the Plan** The following description of the Bluebonnet Chrysler Dodge, LTD 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Bluebonnet Chrysler Dodge, LTD (the "Company") who have completed one year of service, except for employees covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined by the Plan. Participants may also make after-tax contributions. Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan provides for automatic enrollment. Any newly eligible employee who has not affirmatively elected to contribute to the Plan or has not affirmatively declined to participate in the Plan will be automatically enrolled in the Plan with a five percent withholding of pretax annual compensation. This withholding will increase by one percent each subsequent year until the automatic election reaches a maximum withholding contribution of ten percent of compensation. The Company may make discretionary matching contributions. An allocation is made to each participant who is employed with the Company on the last day of the Plan year based on the first \$6,000 of salary deferrals contributed by the participant during the Plan year, and allocated based upon the employee's deferrals compared to total eligible employee deferrals. The Company made discretionary matching contributions of \$152,000 in 2023. Non-elective amounts may also be contributed at the discretion of the Company. Participants must be employed on the last day of the Plan year to receive an allocation of any discretionary non-elective contributions. There were no such contributions for the Plan year ended December 31, 2023. Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Bluebonnet Chrysler Dodge, LTD 401(k) Plan

Notes to Financial Statements

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions, if any, the Company's discretionary non-elective contributions, if any, and Plan earnings. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. Allocations of the Company's discretionary non-elective contributions, if any, are based on the ratio of the participant's eligible compensation to total eligible compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at the prime interest rate plus one percent. Principal and interest are paid through payroll deductions.

Payment of benefits: Benefits are payable upon retirement at age 65, early retirement at age 55 with seven years of service, death, disability or termination of employment. Hardship withdrawals and in-service withdrawals at age 59 1/2 are also permitted, subject to provisions described in the Plan document. Withdrawals from after-tax and rollover contributions are permitted at any time. Benefits are payable in lump sum, installments, or, if qualified, as an annuity.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company discretionary matching and non-elective contributions is based on years of continuous service. A participant is 10 percent vested after one year of service is completed, 20 percent vested after two years of service is completed, and vests an additional 20 percent per year until full vesting after six years.

Forfeited accounts: At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$5,466 and \$7,431, respectively. Forfeitures are reallocated to participants in the same manner as Company discretionary matching contributions. During 2023, \$7,106 of forfeited nonvested accounts were reallocated to participants.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Company. Transaction expenses, such as loan and distribution administration fees, are charged directly to the participant's account. Participants are also charged an asset based fee for recordkeeping. These fees are included in administrative expenses.

Notes to Financial Statements

2. Significant accounting policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Contributions: Participant contributions and the related Company matching contributions are recognized in the period the participant contribution is withheld from compensation. Company discretionary non-elective contributions are recognized in the period the related eligible compensation is paid to the participant.

Payment of benefits: Benefits are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events: The Plan has evaluated subsequent events for disclosure in these financial statements through September 20, 2024, which is the date the financial statements were available to be issued.

Notes to Financial Statements

-
- 3. Certified information** Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividend income, and interest income from notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC, the trustee of the Plan.

- 4. Fair value measurements** The Plan reports its assets at fair value based on a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Bluebonnet Chrysler Dodge, LTD 401(k) Plan

Notes to Financial Statements

The fair value of the shares of mutual funds owned by the Plan is based on quoted net asset values on the last business day of the Plan year.

The fair value of the collective trust fund is based on the net asset value ("NAV") on the last business day of the Plan year provided by the entity holding the trust funds. The NAV of the collective trust is used as a practical expedient to estimate fair value and is determined by the fund trustee based on the fair value of underlying assets in the trust, less its liabilities.

The fair value of assets is as follows:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,478,212	\$ -	\$ -	\$ 5,478,212
Total assets within the fair value hierarchy	\$ 5,478,212	\$ -	\$ -	5,478,212
Investments measured at net asset value ^(a)				1,139,681
Total assets at fair value				\$ 6,617,893

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,476,309	\$ -	\$ -	\$ 4,476,309
Total assets within the fair value hierarchy	\$ 4,476,309	\$ -	\$ -	4,476,309
Investments measured at net asset value ^(a)				1,068,180
Total assets at fair value				\$ 5,544,489

Bluebonnet Chrysler Dodge, LTD 401(k) Plan

Notes to Financial Statements

(a) In accordance with ASC 820, certain investments that were measured at net asset value per share (or its equivalent) as of December 31, 2023 and 2022 have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Participant initiated withdrawals can be made from the Reliance Trust Company Stable Value Fund 25053 each business day. Company initiated withdrawals may result in a reduction in value if the fair value of the fund's underlying assets is less than the guaranteed value of the Fund. There are no other withdrawal limits, redemption frequency limits or redemption notice periods. There were no unfunded commitments for this investment as of December 31, 2023 and 2022.

|-----------------------------------|---|
| 5. Risks and uncertainties | The Plan provides for investments in various securities that are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in future statements of net assets available for benefits. |
| 6. Tax status | <p>The Plan is a pre-approved plan of Empower Retirement, LLC (formerly Great-West Trust Company, LLC) which received an opinion letter on November 14, 2022, in which the Internal Revenue Service ("IRS") stated that the form of the plan document was acceptable under the applicable requirements of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.</p> <p>Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.</p> |
| 7. Plan termination | Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts. |

Bluebonnet Chrysler Dodge, LTD 401(k) Plan

Notes to Financial Statements

- 8. Party-in-interest transactions** The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions qualify as exempt party-in-interest transactions.

Participants are charged an asset based fee for recordkeeping by Empower Trust Company, LLC ("Empower"). The Plan is a party to a Plan Expense Agreement ("PEA") with Empower that provides for a portion of the revenue earned by Empower with respect to the services it provides for the Plan, including the recordkeeping fees paid from participant accounts, to be made available to the Plan to pay expenses. For the year ended December 31, 2023, Empower deposited approximately \$9,000 into the PEA. This amount has been netted against administrative expenses in the accompanying Statement of Changes in Net Assets Available for Benefits. The Plan incurred approximately \$8,600 in investment advisory fees during the year ended December 31, 2023, which was paid from the PEA. Amounts due to the investment advisor of approximately \$2,300 and \$2,000, respectively, is included in accrued expenses in the Statements of Net Assets Available for Benefits at December 31, 2023 and 2022. The balance in the unallocated account was \$3,476 and \$2,730 at December 31, 2023 and 2022, respectively.

During 2022, the Company failed to remit to the trustee certain employee contributions totaling \$78 within the period prescribed by Department of Labor regulations. These delinquent remittances are considered nonexempt party-in-interest transactions.

- 9. Reconciliation to Form 5500** The following is a reconciliation of amounts in the financial statements to Form 5500 as of December 31, 2023 and 2022 and for the year ended December 31, 2023:
