To the Trustee and Plan Committee
Bierschbach Equipment & Supply Co., Inc. Employee Stock Ownership Plan
Sioux Falls, South Dakota

We have audited the financial statements of Bierschbach Equipment & Supply Co., Inc. Employee Stock Ownership Plan as of and for the year ended December 31, 2023, and have issued our report thereon dated September 9, 2024. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our letter dated August 15, 2024, our responsibility, as described by professional standards, is to form and express an opinion about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in conformity with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of its respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of the system of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control over financial reporting. Accordingly, as part of our audit, we considered the system of internal control of Bierschbach Equipment & Supply Co., Inc. Employee Stock Ownership Plan solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

We have provided our comments regarding significant control deficiencies, material weaknesses and other matters noted during our audit in a separate letter to you dated September 9, 2024.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, our firm, and our network firms, have complied with all relevant ethical requirements regarding independence.

Qualitative Aspects of the Plan's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by Bierschbach Equipment & Supply Co., Inc. Employee Stock Ownership Plan is included in Note 2 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during 2023. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Accounting Estimates and Related Disclosures

Accounting estimates and related disclosures are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive accounting estimates affecting the financial statements was:

Fair Value of Company Stock - Management's estimate of the fair value of Company stock is based on an independent appraisal which estimates fair value as of December 31, 2023. We evaluated the key factors and assumptions used to develop the above estimate in determining that it is reasonable in relation to the financial statements taken as a whole.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the Plan's financial statements relate to the disclosures of fair value measurements.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards also require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. Uncorrected misstatements or matters underlying those uncorrected misstatements could potentially cause future-period financial statements to be materially misstated, even though the uncorrected misstatements are immaterial to the financial statements currently under audit. There were no uncorrected or corrected misstatements identified as a result of our audit procedures.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to Bierschbach Equipment & Supply Co., Inc. Employee Stock Ownership Plan's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Circumstances that Affect the Form and Content of the Auditor's Report

For purposes of this letter, professional standards require that we communicate any circumstances that affect the form and content of our auditor's report. We did not identify any circumstances that affect the form and content of the auditor's report.

Representations Requested from Management

We have requested certain written representations from management which are included in the management representation letter dated September 9, 2024.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with Bierschbach Equipment & Supply Co., Inc. Employee Stock Ownership Plan, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, business conditions affecting the plan, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as Bierschbach Equipment & Supply Co., Inc. Employee Stock Ownership Plan's auditors.

Other Matters

The ERISA-required supplemental schedules were subjected to the audit procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

This report is intended solely for the information and use of the Trustee, Plan Committee, and management of Bierschbach Equipment & Supply Co., Inc. Employee Stock Ownership Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Sioux Falls, South Dakota

Opinion

We have audited the financial statements of Bierschbach Equipment & Supply Co., Inc Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Bierschbach Equipment & Supply Co., Inc Employee Stock Ownership Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Bierschbach Equipment & Supply Co., Inc Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bierschbach Equipment & Supply Co., Inc Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bierschbach Equipment & Supply Co., Inc Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bierschbach Equipment & Supply Co., Inc Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, line 4i-schedule of assets held at end of year as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The following brief description of the Bierschbach Equipment & Supply Co., Inc. Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

Bierschbach Equipment & Supply Co., Inc. (the Company) established the Bierschbach Equipment & Supply Co., Inc. Employee Stock Ownership Plan effective October 1, 1995. The Plan operates as an employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by a Plan Administrator who may delegate duties to the Plan Committee. The Trustee is appointed by the Company's Board of Directors. A Company executive serves as the Plan's trustee.

Eligibility

Employees are eligible to participate in the Plan if they have completed 1,000 hours of service and are at least 18 years of age. Leased employees, union members, and non-resident aliens are not eligible to participate in the Plan.

Entry Date

Employees may enter the Plan on the first day of the Plan year during which they satisfy the Plan's eligibility requirements.

Contributions

The Company may contribute to the Plan an amount which its Board of Directors may from time to time deem advisable and not an amount that would exceed the participant's maximum permissible amount as described in the Plan Document. Contributions may be made in cash or Company securities. Contributions are allocated according to the pro rata share of each participant's compensation to total eligible compensation. To receive an allocation of Company discretionary contributions, participants must have completed at least 1,000 hours of service during the Plan year and be actively employed on the last working day of the Plan year, unless terminated during the year due to retirement, death, or disability. During the year ended December 31, 2023, the Company made discretionary contributions of \$1,500,000.

Participant Accounts

The Plan is a defined contribution plan under which a separate account is established for each participant. Each participant's account is credited as of the last day of the Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account, if any, and forfeitures of terminated participants' non-vested accounts, the Company's contribution, and Plan earnings. Each participant's account is charged with withdrawals and an allocation of Plan losses and administrative expenses. Stock and forfeiture allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings and expenses are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Vesting in the Company's contributions is based on years of continuous service. Participants vest 20% per year of service starting with the second full year of service and are 100% vested after six years of service.

Notwithstanding the foregoing, a participant's vested percentage will be 100% upon occurrence of any of the following events: (1) separation from service due to disability or retirement; (2) death; (3) termination of the Plan; or (4) partial termination of the Plan affecting the participant.

Forfeitures

At December 31, 2023 and 2022, there was no balance in the forfeited non-vested account as all forfeitures are used in the same year they are forfeited. Forfeited accounts are allocated to eligible participants. During the year ended December 31, 2023, forfeited non-vested accounts totaling \$43,725 were allocated to eligible participants. Allocations are based upon the relation of a participant's eligible compensation to total eligible compensation for the Plan year.

Payment of Benefits

Notwithstanding the availability of distributions to achieve diversification available to participants satisfying certain eligibility conditions, no distributions from the Plan will be made until a participant retires, becomes disabled, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), or otherwise terminates employment with the Company. Distributions are made in the form of Company common shares plus cash for any fractional share or, if a participant elects, in cash.

A participant whose separation results from death, disability or attainment of normal retirement age, and whose vested benefit is less than \$10,000 upon separation will receive their vested account balance in a lump sum payment made as soon as administratively possible after the close of the Plan year in which the participant's employment ended. A participant whose separation results from death, disability or attainment of normal retirement age, and whose vested benefit exceeds \$10,000 will receive their vested account balance in substantially equal annual installments over a period of five years. This period may increase, up to five additional years, for account balances in excess of specified limits defined in the Plan Document.

Bierschbach Equipment & Supply Co., Inc. Employee Stock Ownership Plan

Notes to Financial Statements
December 31, 2023 and 2022

A participant whose separation results from reasons other than death, disability or attainment of normal retirement age, and whose vested benefit is less than \$10,000 upon separation will receive their vested account balance in a lump sum payment made as soon as administratively possible after the close of the Plan year in which the participant's employment ended. A participant whose separation results from reasons other than death, disability or attainment of normal retirement age, and whose vested benefit exceeds \$10,000 will receive their vested account balance in substantially equal annual installments over a period of five years, installment eligibility begins no later than the sixth Plan year following the participant's separation if the participant is not reemployed in the interim. This period may increase, up to five additional years, for account balances in excess of specified limits defined in the Plan Document.

Under the provisions of the Plan, the Plan or Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan, if the shares are not publicly traded or if the shares are subject to trading limitations. No shares were repurchased by the Plan or the Company during the year ended December 31, 2023.

Voting Rights

Full and fractional shares of stock in the trust shall be voted by the Trustee. The Trustee shall follow a participant's instructions for voting of full and fractional shares of stock allocated to the participant's account with respect to the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets of a trade or business, or such similar transaction as may be provided in regulations.

The Trustee will vote shares of stock allocated to participants' accounts for which instructions are not received from the participants, and stock contributed to or acquired by the Plan that is not yet allocated, in accordance with instructions from the Plan Committee that are in the best interests of the participants and that comply with the IRC and ERISA.

Put Option

Under federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Right of First Refusal

Company stock that has been distributed to a participant and not immediately repurchased by the Company or Trust may be subject to a right of first refusal if so determined by the Company. Prior to any subsequent transfer, the shares must first be offered by written offer to the Company, and then, if refused by the Company, to the Trust. Both the Company and the Plan shall have a right of refusal for a period of 14 days (such 14-day period will run concurrently against the Company and the Plan). The Plan shall have priority to acquire the stock over the Company.

Diversification

Diversification is offered to participants nearing retirement so that they may have the opportunity to move part of the value of their investment in the Company's common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their accounts. Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years, a participant may diversify up to 25 percent of the Company's stock held. In the sixth year, the participant may elect a cumulative amount up to 50 percent of the Company's stock held.

Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan and the IRC.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Concentrations

The Plan's financial instruments that are exposed to concentrations of credit risk consist primarily of non interest-bearing cash deposits. The Plan believes it places its cash with high quality credit institutions. At times, these balances may exceed the Federal Deposit Insurance Corporation (FDIC) insurance limit. Accounts are guaranteed by the FDIC up to \$250,000 per depositor, per insured bank, for each account ownership category. At December 31, 2023 and 2022, the Plan had cash deposits of approximately \$1,251,000 and \$1,223,000, respectively, in excess of FDIC-insured limits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The Plan Committee determines the Plan's valuation policies utilizing information provided by the independent appraiser, investment custodian, and other third parties.

Bierschbach Equipment & Supply Co., Inc. Employee Stock Ownership Plan

Notes to Financial Statements

December 31, 2023 and 2022

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan Document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent Events

The Plan Sponsor has evaluated subsequent events through September 9, 2024, the date which the financial statements were available to be issued.

Note 3 - Investments

The Plan maintained no unallocated shares as of December 31, 2023 and 2022. The Plan's investment in Bierschbach Equipment & Supply Co., Inc. common shares is as follows:

	<u>2023</u>	<u>2022</u>
Bierschbach Equipment & Supply Co., Inc. Common Stock		
Number of shares	<u>6,420</u>	<u>6,420</u>
Cost	<u>\$ 1,600,000</u>	<u>\$ 1,600,000</u>
Market	<u>\$ 26,578,800</u>	<u>\$ 24,595,020</u>

Note 4 - Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Plan Sponsor common stock: The fair value of the Company's common stock held by the Plan is determined based upon an independent appraisal. This appraisal considers a combination of the income, market and asset (or cost) valuation techniques. The appraiser takes into account historical and projected cash flow and net income, return on assets, return on equity, market comparability, and estimated fair value of Company assets and liabilities. Plan management has concluded that a market participant would also recognize a discount for lack of marketability.

The valuation process involves the Trustee's selection of an independent appraiser. Plan management accumulates the data for the appraiser from the audited financial statements of the Company. The appraiser prepares a preliminary report, which the Trustee and Plan Committee then review and discuss the current valuation techniques in addition to evaluating the unobservable inputs based upon the current market conditions. Once the Trustee and Plan Committee are comfortable with the valuation report, they will approve.

Notes to Financial Statements

December 31, 2023 and 2022

Mutual funds (including money market mutual fund): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Certificates of deposit: Valued at carrying value, which approximates fair value, based upon the amount of net contributions plus any investment earnings allocated to the account.

Corporate, municipal, and tax-exempt bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Mortgage-backed securities: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Change in Fair Value of Level 3 Assets

For the year ended December 31, 2023, there were no transfers in or out of Level 3 and no purchases, sales, issuances, or redemptions of Level 3 assets.

Note 5 - Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated October 31, 2016, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. The Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Related Party and Party-In-Interest Transactions

Certain Plan investments consist of a mutual fund managed by Principal Life Insurance Company, the custodian as defined by the Plan, and shares of common stock of Bierschbach Equipment & Supply Co., Inc. Bierschbach Equipment & Supply Co., Inc. is the Plan Sponsor, as defined by the Plan. These transactions are related party and party-in-interest transactions under ERISA.

As described in Note 2, the Plan paid certain expenses related to Plan operations to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities, including shares of the Company's common stock. Investment securities are exposed to various risks such as interest rate, market, and credit risks as well as valuation assumptions based on earnings, cash flows, and/or other such techniques. Market risks include global events which could impact the value of investments, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 8 - Administration of Plan Assets

Certain Plan assets, including Bierschbach Equipment & Supply Co. Inc. common shares, are held by the Trustee of the Plan. Other assets, including mutual funds, money market mutual fund, certificates of deposit, bonds, and mortgage-backed securities are held by a custodian and are administered by the Trustee of the Plan. Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees are paid directly by the Company.
