Independent Auditors' Report

To the Plan Administrator and Participants of
Dollar Bank Employee Tax-Sheltered Incentive Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Dollar Bank Employee Tax-Sheltered Incentive Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter —Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Dollar Bank Employee Tax-Sheltered Incentive Savings Plan
Notes to Financial Statements
December 31, 2023 and 2022

1. Description of the Plan

The following description of the Dollar Bank Employee Tax-Sheltered Incentive Savings Plan (the Plan) provides only general information. Dollar Bank (the Bank) is the plan sponsor. Participants should refer to the Plan Document and the Summary Plan Description for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan qualifying under Section 401(a) of the Internal Revenue Code (the Code). Employees of Dollar Bank and all participating affiliates, including Colton Enterprises Inc. and Dollar Bank Insurance Agency are eligible to participate in the Plan. Leased employees are excluded unless otherwise specifically included by the Board of Directors or unless required to be treated as a covered employee under Code Section 414(n). An employee participating in the Plan can contribute up to a maximum of 75% of their compensation, subject to Code limitations, through payroll deductions. The Bank provides a dollar-for-dollar match on the first 3% of employee contributions and 50% of their next 3% of contributions. Additionally, the Bank will make a 2% non-discretionary contribution to all employees whether or not they are contributing to the Plan, based on their December 31st annual salaries from the previous year that will be paid into their account by January 31st of the following year. Non-discretionary contributions totaled \$1,916,146 for the Plan year ended December 31, 2023. The Bank may also make a discretionary contribution to all employees whether or not they are contributing to the Plan, based on their December 31st annual salaries from the previous year that will be paid into their account by January 31st of the following year. The discretionary contribution for the Plan year ended December 31, 2023 was 1.5% which totaled \$1,437,110. Eligible employees may directly roll all or a portion of a lump sum distribution from another employer's qualified plan or from a rollover individual retirement account or annuity (rollover IRA) into the Plan (rollover IRAs are individual retirement accounts or annuities that hold distributions from another employer's qualified plan). Rollovers cannot include (i) after-tax contributions unless such contributions are directly transferred from another employer's Roth designated account or (ii) any amounts from a Code Section 403(b) or 457 plan.

The Dollar Bank Retirement Plan Investment Committee (the Committee) is responsible for the general supervision of the Plan. The Dollar Bank Employee Tax-Sheltered Incentive Savings Plan Administrative Committee, which is appointed by the Board of Directors of the Bank, is responsible for the general administration of the Plan (the Plan Administrator). The Vanguard Fiduciary Trust Company (the Trustee) is the record keeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

New employees are automatically enrolled in the Plan unless nonparticipation is affirmatively elected before the end of the 30-day election period. If a participant is automatically enrolled, their contributions are invested in the applicable Target Retirement fund based on the participant's age until the participant changes their election. Individual accounts are established for each plan participant at a pretax contribution deferral rate of 6% of pay. Each participant may elect to have

their contributions, as well as the Bank's contributions, invested in one or more of 28 mutual funds offered by the Vanguard Group: U.S. Growth Fund, GNMA Fund, Short-Term Federal Fund, Windsor II Fund, Wellington Fund, International Growth Fund, Long-Term Investment Grade Fund, Institutional Index Fund, Total Stock Market Index Fund, International Bond Index Fund, International Stock Index Fund, Cash Reserves Federal MM Fund, Small-Cap Index Fund, Mid-Cap Index Fund, Bond Market Index Fund, High-Yield Corporate Fund, Target Retirement 2020 Fund, Target Retirement 2025 Fund, Target Retirement 2030 Fund, Target Retirement 2035 Fund, Target Retirement 2040 Fund, Target Retirement 2045 Fund, Target Retirement 2050 Fund, Target Retirement 2055 Fund, Target Retirement 2060 Fund, Target Retirement 2065 Fund, Target Retirement 2070 Fund and Target Retirement Income Fund. The Bank's contribution is invested in the same manner as the participant's contribution. A participant can change their fund elections on a daily basis. All contributions are immediately vested in the Plan and are subject to certain limitations of the Code.

Loans are available up to a maximum of one-half of an employee's vested account balance, but not more than \$50,000. Loans must be at least \$1,000 and repayment, including principal and interest, is repaid into the funds based on the participant's current contribution election. The \$50,000 limit is reduced by the participant's highest outstanding loan balance during the preceding 12-month period. A participant may not have more than two loans outstanding at any point in time. The loans bear interest at a fixed rate equal to the Bank's prime interest rate plus 1%, determined as of the date the participant requests the loan, ranging from 4.25% to 9.50% at December 31, 2023. Principal and interest are paid ratably through bimonthly payroll deductions.

In the event of termination of employment, a participant shall receive, as a distribution, his or her full account balance. Hardship withdrawals are also permitted from the Plan for the purchase of a primary residence, postsecondary education expenses, to prevent eviction or foreclosure from the primary residence, to cover uninsured medical expenses or to cover burial or funeral expenses. Hardship withdrawals are restricted to employee and rollover contributions.

The Plan's administrative expenses are paid by either the Plan or the Bank, as provided in the Plan's provisions. Administrative expenses paid by the Plan include but are not limited to those involved in retaining necessary professional assistance from the Trustee and record keeper. Expenses related to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. Legal, accounting, and certain other administrative fees are paid by the Bank. Expenses that are paid by the Bank are excluded from these financial statements.

The Trustee determines the fair value of the investment funds on each day on which the New York Stock Exchange is open for business. Each participant's account is then adjusted upward or downward proportionately to reflect any increase or decrease in the value of the funds as a whole. The fair value adjustments would include any expenses that are allocated to the participant accounts.

Notes to Financial Statements
December 31, 2023 and 2022

The Bank intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to modify, amend, or terminate the Plan at any time by resolution of its Board of Directors. In the event that the Plan is terminated, each employee is entitled to his or her entire account balance as all contributions are fully vested upon deposit.

2. Significant Accounting Policies

Basis of Accounting

The accounting records of the Plan and the accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Participant withdrawals are recorded upon distribution.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related loan origination fees are included in gross loan withdrawals. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States (GAAP) requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

December 31, 2023 and 2022

3. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated January 28, 2016, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Transactions with Parties in Interest

The Plan invests in shares of the mutual funds managed by an affiliate of Vanguard Fiduciary Trust Company, the record-keeper and Trustee for the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of investments, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions. Legal, accounting, and certain other administrative fees are paid by the Bank, (the Plan Sponsor). These fees are excluded from the financial statements.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2023, the Plan had an investment of approximately \$19.2 million that was concentrated in one fund. As of December 31, 2022, the Plan had an investment of approximately \$15.3 million that was concentrated in one fund.

6. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to fair value measurements derived from unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to fair value measurements derived from unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.
- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
 - Quoted prices for similar assets and liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in markets that are not active
 - Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management’s own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

Following is a description of the valuation methodologies used for major categories of assets measured at fair value by the Plan.

7. Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through September 18, 2024, the date the financial statements were available to be issued.

8. Information Certified by Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2023 and 2022. Accordingly, Vanguard Fiduciary Trust Company, the Trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022 and the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023.
