Devon Energy Corporation Incentive Savings Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Devon Energy Corporation Incentive Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DEVON ENERGY CORPORATION INCENTIVE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Devon Energy Corporation Incentive Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan agreement and respective amendments for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Devon Energy Corporation (“Devon”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. Employees are eligible to participate in the Plan as soon as administratively possible following the completion of one hour of service. There is no minimum age requirement for employees to be eligible.

The plan administrator is a committee of Devon employees who are appointed by and serve at the direction of Devon (the “Benefits Committee”). The Benefits Committee is responsible for the administration of the Plan, except for the duties related to selecting and monitoring the Plan’s investment options. The selection and monitoring of investment options, and related functions, is the responsibility of a separate committee of Devon employees who are appointed by and serve at the direction of Devon (the “Investments Committee”).

Devon’s Board of Directors, or a committee thereof, has the sole responsibility for appointing and removing the Plan’s trustee, which is currently Fidelity Management Trust Company (the “Trustee”). Under the terms of an agreement between the Trustee and the Plan, the Trustee administers the Plan’s trust in accordance with instructions provided by the Benefits Committee.

Contributions

As defined in the Plan, participants may elect to contribute from 1% to 50% of their compensation to the Plan on a pre-tax basis or on an after-tax, designated Roth basis. The combined pre-tax and designated Roth contributions are subject to limitations under the Internal Revenue Code (the “Code”). Participants who have attained age 50 before the end of the Plan year are eligible to make pre-tax or designated Roth catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“Rollover Contributions”). Participant Rollover Contributions were approximately \$4,880,000 during 2023.

Participants may receive an employer match on their contribution to the Plan in an amount determined annually by Devon. The amount of the matching contribution varies according to the participant’s years of service. During 2023, for all participants with at least five years of service, Devon contributed amounts equal to 100% of each participant’s contributions to the Plan, with the matching contribution being limited to the lesser of 6% of the participant’s compensation or \$19,800. For participants with less than five years of service, Devon’s matching contributions in 2023 were limited to the lesser of 3% of the participant’s compensation or \$9,900. New employees who do not take action to either enroll or decline to enroll in the Plan are automatically enrolled in the Plan with a pre-tax deferral contribution rate equal to 3%.

Participants also receive an additional 8% nondiscretionary contribution calculated as a percentage of their compensation, as defined in the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, Devon’s contribution and allocations of earnings or losses on the investments selected by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investments

Participants direct their account balances to be invested in a number of investment options. Participants may change their investment options on a daily basis. Investment options of the Plan as of December 31, 2023, consist of mutual funds, collective trust funds and Brokerage Link. Brokerage Link is a self-directed brokerage account that allows participants to invest in a wide variety of funds.

DEVON ENERGY CORPORATION INCENTIVE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Vesting and Forfeitures

Participants are vested immediately in their contributions, plus the associated investment income or losses. For each year of service up to four years, a participant becomes 25% vested in employer contributions to their account and the associated investment income or losses. Participants will become vested upon a change of control of Devon, as defined in the Plan or if the participant dies, becomes totally disabled or reaches age 65 while employed by Devon.

Upon a termination of service that results in nonvested amounts in a participant's account, the nonvested portion is forfeited and used to reduce Devon's future contributions or pay Plan expenses. Employer contributions were reduced by approximately \$960,000 in 2023 due to forfeitures. In 2023, Plan expenses of approximately \$38,000 were paid by forfeitures. As of December 31, 2023, and 2022, there were approximately \$307,000 and \$295,000, respectively, of forfeitures available to reduce future employer contributions or pay expenses.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loan is secured by the balance in the participants' accounts. The loan bears interest at a fixed rate, which approximates the rate generally charged for consumer loans secured by certificates of deposit or marketable securities. The interest rates ranged from 4.25% to 9.5% at December 31, 2023. Maturity dates ranged from January 2024 to April 2038 at December 31, 2023. Principal and interest are repaid through biweekly payroll deductions from the participants' wages.

Payment of Benefits

While still employed, a participant who is age 59½ or older may withdraw all or part of the vested interest in their account at any time. Participants who are still employed also may withdraw their Rollover Contributions regardless of age. In addition, participants who are still employed may also request a withdrawal in an amount necessary to satisfy an immediate and heavy financial need.

On termination of service due to death, disability or upon retirement, participants (or a beneficiary in the case of death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or equal installments (monthly, quarterly, semi-annually or annually) for any period less than the life expectancy of the participant and their beneficiary. For termination of service for other reasons, participants may receive the value of the vested interest in their account as a lump-sum distribution. Depending on the value of the participant's vested interest in their account at the time of their termination of service, the value of the participant's vested interest may be automatically paid in a lump-sum distribution, paid in a direct rollover or automatically rolled over to an individual retirement account or annuity established in the participant's or beneficiary's name.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan in preparing the accompanying financial statements.

Basis of Presentation

The financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

DEVON ENERGY CORPORATION INCENTIVE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell the investment in an orderly transaction between market participants. This price is commonly referred to as the "exit price." Fair value measurements are classified according to a hierarchy that prioritizes the inputs underlying the valuation techniques. This hierarchy consists of three broad levels:

- Level 1 – Inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. When available, Level 1 inputs are used to measure fair value because they generally provide the most reliable evidence of fair value.
- Level 2 – Inputs consist of quoted prices that are generally observable for the asset. Common examples of Level 2 inputs include quoted prices for similar assets in active markets or quoted prices for identical assets in markets not considered to be active.
- Level 3 – Inputs are not observable from objective sources and have the lowest priority. The most common Level 3 fair value measurement is an internally developed cash flow model.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Trustee, audit and certain other administrative fees are paid by Devon on behalf of the Plan and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees related to the equity securities and collective trusts are included in administrative expenses. All other investment-related expenses are included in net appreciation or depreciation of fair value of investments.

3. Fair Value Measurements

The following tables provide the Plan's investments at fair value according to the fair value hierarchy. The Plan had no Level 2 or Level 3 investments as of December 31, 2023 and 2022. There have been no changes in the methodologies used at December 31, 2023 and 2022.

		As of December 31, 2023

DEVON ENERGY CORPORATION INCENTIVE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

The following methods and assumptions were used to estimate the fair values in the tables above.

Mutual funds. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts. Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Commingled funds. Valued based on the net asset value of the commingled funds' underlying investments using information reported by the investment advisor. The net asset value is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Stable value collective trust fund. Valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although these valuation methods are appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

4. Plan Termination

Although Devon has not expressed any intent to terminate the Plan, it may do so at any time. Benefits owed to participants are not actuarially determined and the aggregate vested benefits are limited to the Plan's net assets available for plan benefits. In the event of the Plan's termination, participants would become 100% vested in their accounts.

5. Related Party and Parties in Interest Transactions

The Trustee and Devon are parties in interest as defined by ERISA. Certain plan investments are shares of mutual funds managed by Fidelity Management & Research Company, which is an affiliate of the Trustee.

6. Trustee Certification

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee certified that the following information included in the financial statements and the supplemental schedule is complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023.
- Investment income (loss) and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule H, line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2023.

7. Tax Status

The Internal Revenue Service has determined and informed Devon by a letter dated July 10, 2017, that the Plan and related trusts are designed in accordance with applicable sections of the Code. Prior to July 10, 2017, the Plan

DEVON ENERGY CORPORATION INCENTIVE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

operated under a determination letter dated November 3, 2015. Although the Plan has been amended since receiving the determination letter, the Benefits Committee believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Benefits Committee has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements as of December 31, 2023 and 2022.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risk and Uncertainties

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit and overall market volatility risks. Because of the risks associated with investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent Events

Subsequent events have been evaluated through September 23, 2024, which is the date the financial statements were available to be issued.
