Part I

Service Provider Information (see instructions)

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

1

Information on Persons Receiving Only Eligible Indirect Compensation

- a

Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions).....

X

| <b>Part I</b> | <b>Asset and Liability Statement</b> |
|---------------|--------------------------------------|

**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

## INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of  
Stratos 401(k) Plan  
New York, New York

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of Stratos 401(k) Plan (formerly FXCM 401(k) Plan) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

The supplemental Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions and Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**STRATOS 401(k) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
December 31, 2023 and 2022

**Note 1 – Description of Plan**

The following description of the Stratos 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a multiple employer defined contribution 401(k) profit sharing plan. Participating employers include Stratos Global Services, LLC (formerly FXCM Global Services, LLC) (the Employer and Plan Administrator), Forex Capital Markets, LLC (a related party of the Employer), V3 Markets LLC (an unrelated party) and Windsor Resources, LLC (an unrelated party), (collectively the “Participating Employers”). The Plan was amended with an effective date of June 2, 2022 to remove V3 Markets LLC and Windsor Resources, LLC as participating employers. On October 15, 2022, the Plan was amended to add Basic Pay II LLC (an unrelated party), as a participating employer with a retroactive effective date of January 1, 2020. The Plan covers all employees of the participating employers who have reached the age of 18 with no minimum service requirements as defined in the Plan document, except residents of Puerto Rico and interns. Interns excluded solely because of their classification shall become eligible to participate in the Plan upon attainment of age 21 and completion of 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Retirement Plan Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

The Plan was amended effective March 6, 2023, to change the name of the Plan from FXCM 401(k) Plan to Stratos 401(k) Plan as result of a change in the Plan sponsor’s name from FXCM Global Services, LLC to Stratos Global Services, LLC. There were no changes to the Plan’s provisions resulting from the name change.

Contributions

Each year, participants may contribute up to 85% of their pretax annual compensation, as defined in the Plan. Participants may also designate all or a portion of their elective contributions as Roth (after-tax) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan after 35 days of employment unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated lifecycle fund until changed by the participant. The Participating Employers may make discretionary matching contributions on behalf of eligible participants as a uniform percentage of the participants’ elective deferrals. For the year ended December 31, 2023, the Participating Employers made matching contributions equal to 25% of the first 6% of compensation that an eligible participant contributed to the Plan which totaled \$188,714. The Participating Employers may also make discretionary non-elective contributions. Discretionary non-elective contributions are allocated to the account balances of eligible participants in the ratio that each eligible participant’s compensation bears to the total compensation paid to all eligible participants for the contribution period. The Participating Employers did not make discretionary non-elective contributions during the year ended December 31, 2023. Discretionary matching and non-elective contributions are invested in a portfolio of investments as directed by the participants. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and Participating Employers matching contributions, as well as allocations of the Participating Employers’ discretionary non-elective contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

**STRATOS 401(k) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
December 31, 2023 and 2022

**Note 1 – Description of Plan (continued)**

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Participating Employers' contributions portion of their accounts is based on years of continuous service. Participants become 50% vested in the discretionary matching contribution portion of their accounts after 2 years of service and 100% vested after 3 years of service. A participant is 100% vested in the discretionary non-elective contributions portion of their account after 1 year of service. Participants shall become 100% vested in the Participating Employers discretionary matching and non-elective contributions portion of their accounts upon disability, death, or attainment of normal retirement age (age 65), as defined, if still employed by the Participating Employers on that date. Participants who are members of a class that includes a prior plan employer with vesting source contributions shall be immediately 100% vested in those contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. The note interest rate, determined quarterly, is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through payroll deductions. Notes must be repaid within five years unless the loan is used to purchase a principal residence.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the participant does not elect a distribution upon termination and their vested account balance is between \$1,000 and \$5,000, the vested portion of their account balance will be rolled over into an individual retirement account (IRA). In-service withdrawals are permitted for participants who remain employed after age 59 ½, or for a participant who is experiencing financial hardship.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$14,698 and \$6,407 respectively. These accounts may be used to pay Plan expenses. Any forfeitures not used to pay Plan expenses shall be used to reduce the contributions of the Participating Employers for the immediately following Plan year. During 2023, forfeitures were not used to pay Plan expenses or to reduce Participating Employers contributions.

Recent Regulatory Event

On December 29, 2022, the Setting Every Community Up for Retirement Enhancement (SECURE) 2.0 Act of 2022 was signed into law as part of the Consolidated Appropriations Act of 2023. The SECURE 2.0 Act of 2022 builds on the SECURE Act of 2019 which revised existing rules around retirement saving. The SECURE 2.0 Act of 2022 contains dozens of new retirement-related provisions intended to expand and increase retirement savings and to simplify and clarify many complex existing retirement plan rules.

**Note 2 – Summary of Significant Accounting Policies**

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**NOTES TO FINANCIAL STATEMENTS**  
December 31, 2023 and 2022

**Note 2 – Summary of Significant Accounting Policies** (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by investment advisers and the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Participating Employers. Expenses that are paid by the Participating Employers are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Plan management has evaluated subsequent events through the date of the report, which is the date the financial statements were available to be issued. See Note 12 for subsequent events disclosure information.

**Note 3 – Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- |         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
|---------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.                                                                                                                                                                                                                                                                                                                         |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none"><li>• Quoted prices for similar assets or liabilities in active markets;</li><li>• Quoted prices for identical or similar assets or liabilities in inactive markets;</li><li>• Inputs other than quoted prices that are observable for the asset or liability; and</li><li>• Inputs that are derived principally from or corroborated by observable market data by correlation or other means.</li></ul> |

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**Note 3 – Fair Value Measurements** (continued)

Level 3            Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

*Money market fund:* Valued at cost, which approximates fair value.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Self-directed brokerage account (SDBA):* The underlying investments of the SDBA held by the Plan consist of common and preferred stocks, mutual funds, and interest-bearing cash accounts such as money market funds and certificates of deposit. These investments are valued at the closing price reported on the active market on which the individual securities are traded.

The following table sets forth the Plan's level 1 assets at fair value as of December 31, 2023 and 2022. There were no level 2 or 3 assets held by the Plan at December 31, 2023 and 2022.

|                                 | Assets at Fair Value |                      |

| Total investments at fair value | <u>\$ 29,701,678</u> | <u>\$ 25,589,540</u> |

**Note 4 – Related Party Transactions and Party-In-Interest Transactions**

Certain Plan investments held by the Plan are managed by Fidelity Investments, an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company is the Plan's trustee. These transactions qualify as exempt party-in-interest transactions.

Fidelity Investments also provides recordkeeping services to the Plan and earns income from mutual fund companies for services they provide to the Plan through a revenue sharing arrangement. Fees incurred by the Plan for the investment management and recordkeeping services are included in net appreciation in fair value of the investment as they are paid through revenue sharing, rather than a direct payment. Direct payments made by the Plan to third party service providers for administrative services are included in administrative expenses and amounted to \$17,663 during 2023. The Participating Employers pay directly any other fees related to the Plan's operations. These transactions qualify as exempt party-in-interest transactions.

**Note 5 – Plan Termination**

Although it has not expressed any intent to do so, the Participating Employers have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions, if any.

**STRATOS 401(k) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
December 31, 2023 and 2022

**Note 6 – Tax Status**

The Plan is structured and follows a prototype non-standardized profit sharing plan with cash or deferred arrangement (CODA) pre-approved by the IRS. The IRS issued an opinion letter dated June 30, 2020, that the prototype non-standardized profit sharing plan with CODA is acceptable in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan had been amended since receiving the opinion letter, the Plan administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note 7 – Trustee Certification**

Certain information disclosed in the accompanying financial statements and supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) related to investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

**Note 8 – Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

**Note 9 – Delinquent Participant Contributions**

During 2023 and 2022, the Plan administrator did not remit to the Plan's trustee participant contributions totaling \$560 and \$853, respectively, within the period prescribed by the Department of Labor regulations. Delays in remitting these contributions to the trustee were due to administrative errors. The Plan administrator intends to remit the 2023 delinquent contributions plus lost earnings to the affected participant's account as soon as administratively possible. In June 2023, the Plan administrator remitted the 2022 delinquent contributions plus the lost earnings to the affected participant's account. A participant contribution receivable totaling \$560 and \$853 related to these delinquent contributions is included in the statements of net assets available for benefits as of December 31, 2023 and 2022, respectively.

**Note 10 – Compliance Matters and Voluntary Correction Program**

The Plan administrator identified that during 2019 through 2022, eligible bonus compensation was excluded from the calculation of employer matching contributions. In July 2023, the Plan administrator remitted to the Plan employer matching contributions totaling \$75,192 plus the lost earnings related to this error and filed a submission with the IRS under the Voluntary Compliance Program (VCP) of the Employee Plans Compliance Resolution System (Rev. Proc. 2019-19) stating their intention to correct these errors by making the corrective contributions plus applicable lost earnings to the affected participants. As of the date of the auditors' report the response from the IRS was still pending.

NOTES TO FINANCIAL STATEMENTS  
December 31, 2023 and 2022

**Note 10 – Compliance Matters and Voluntary Correction Program** (continued)

During 2022, the Plan administrator also identified that during 2019 through 2023, certain eligible compensation paid to a limited number of employees was excluded from elective deferrals and employer matching contributions. In December 2023, the Company self-corrected the error by making contributions to the Plan totaling \$2,403 plus lost earnings related to this error. A receivable totaling \$76,538 in the aggregate, related to the missed matching contributions from excluded eligible bonus compensation and the missed elective deferrals and matching contributions from other eligible compensation is included in “employer contributions – other” in the statements of net assets available for benefits as of December 31, 2022. There was no receivable outstanding as of December 31, 2023 related to these compliance matters.
