INDEPENDENT AUDITORS' REPORT

To the Trustee of the
BizLink Group 401(k) Plan
Fremont, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of BizLink Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022 and the related statement of changes in net assets available for benefits for the year ended December 31, 2023 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of BizLink Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023 stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of BizLink Group 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITORS' REPORT (Continued)

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about BizLink Group 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of BizLink Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about BizLink Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

INDEPENDENT AUDITORS' REPORT (Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes at the end of year December 31, 2023 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

Note A – Description of the Plan

The following description of the BizLink Group 401(k) Plan (“the Plan”) provides only general information. Interested persons should refer to the Plan Agreement or the Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan was established on January 1, 1998. The Plan is a participant-directed defined contribution plan established by BizLink Technology, Inc. (“the Company”) under the provision of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and subsequent laws. The Plan has been amended since inception to comply with tax law changes and make other changes to the Plan’s design.

Participation

Employees are eligible to participate in the Plan and receive discretionary matching contributions after completing three months of service and must have attained age 18. To be eligible to receive an employer profit sharing contribution the participant must have attained age 21 and completed one year of service. Once eligible, the participant will enter the Plan on the first day of each calendar month of the plan year, coincident with or the next following month. To contribute to the plan, the participant must complete a salary deferral agreement.

Employee Deferrals and Company Contributions

Employee deferral contributions to the Plan are intended to qualify under Section 401(k) and related provisions of the Internal Revenue Code. Participants may also make deferral contributions to a Roth account under Section 401(b) and related provisions of the Internal Revenue Code.

Eligible participants may elect to contribute up to the statutory limits of their compensation to the Plan through payroll deductions. The Plan permits participants to make certain tax-free transfers (rollovers) of lump sum distributions received from other tax-qualified plans subject to code regulations.

The Company did not make a profit-sharing contribution for the year ended December 31, 2023. The Company made matching contributions totaling \$302,044 and \$150,543 for the years ended December 31, 2023 and 2022. The employer match represents 50% of the first 50% of eligible participants’ contributions, up to a maximum of \$2,400 per year. The Plan defines eligible compensation as all W-2 wages, including compensation due to SEP deferrals, cafeteria plan deferrals under section 125, deemed section 125 compensation, and transportation compensation.

BIZLINK GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

Note A – Description of the Plan (Continued)

Employee Deferrals and Company Contributions (continued)

Employer matching and profit sharing contributions are subject to the following vesting schedule:

<u>Years of Vesting Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1 but less than 2.....	50%
2 but less than 3.....	75%
3 or more	100%

Participants direct the allocation of their contributions entirely or in percentages to any of the funds. Employee salary deferrals and the Company matching and profit sharing contributions are deposited directly into the appropriate fund in accordance with the participants' directives and the terms of the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions, Plan earnings or losses, and rollovers from other qualified plans in accordance with the participants' directives and the terms of the Plan. Plan earnings or losses are allocated based upon each participant's account balance. Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Payment of Benefits

Upon a participant's termination of employment, death, or disability, the participant (or the participant's beneficiary in the event of death) may elect to receive a lump sum distribution equal to the value of his or her account. If the participant's account balance is less than \$5,000, a lump sum distribution will be made without regard to the consent of the participant or the participant's spouse. In-service distributions may be made to a participant who has attained age 59½. At December 31, 2023 and 2022, there were excess salary deferrals of \$11,446 and \$7,588, respectively, due to participants.

Hardship Withdrawals

Participants may withdraw their vested contributions in the event of hardship as defined in the Plan agreement.

Notes Receivable from Participants

Eligible participants may apply to borrow against their vested balances for any reason. The loan provisions are structured to allow access to vested balances without incurring distribution penalties. The loan amount, length of loan, repayment terms, and interest rates are limited by statutory restrictions incorporated in the Internal Revenue Code and related regulations.

BIZLINK GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

Note A – Description of the Plan (Continued)

Notes Receivable from Participants (continued)

The Plan allows participants to borrow not less than \$1,000 and up to the lesser of \$50,000, or one-half of their vested account balance, or \$50,000 reduced by the highest outstanding loan balance in their account during the prior twelve-month period. All of the participants' loans will be considered for purposes of determining the maximum amount of the loan. Up to 50% of the vested account balance may be used as collateral for any loan. All loans bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate shall remain fixed throughout the duration of the loan. Loans must be repaid to the Plan within a five-year period, unless the loan is used for the purchase of a principal residence in which case the maximum repayment period may be repaid over 30 years. The specific terms and conditions of such loans are established by the Plan Administrator. Outstanding loans at December 31, 2023, carry interest at rates of 8.5% - 9.5%.

Forfeitures

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$15 and \$4,229, respectively. These accounts will be used to reduce employer contributions and pay administrative expenses of the Plan. During the year ended December 31, 2023 plan expenses and employer contributions were reduced by \$5,864 from forfeited non-vested accounts.

Plan Administration

The Company has delegated certain responsibilities for the operation and administration of the Plan. At December 31, 2023, the Trustee of the Plan was Annie Kuo. In addition, certain administrative and recordkeeping services were provided by Transamerica Life Insurance Company and Nicholas Pension Consultants.

Investment Management Fees and Operating Expenses

The Plan pays the cost of administering the Plan such as recordkeeping, accounting, legal and trustee services. Investment fees are generally assessed as a percentage of assets invested, and are deducted directly from investment returns.

Administrative Expenses

Administrative expenses of the Plan are paid by both the Company and the participants. Separate fees for distributions, loan processing and certain investments, as specified in the service agreement, are charged to individual participant's accounts.

Note B – Summary of Significant Accounting Policies

Basis of Accounting and Accounting Period

The accompanying financial statements of the Plan are maintained on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

BIZLINK GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

Note B – Summary of Significant Accounting Policies (Continued)

Valuation of Investments and Income Recognition

The Plan's registered investment companies (mutual funds) are stated at fair value. The shares of mutual funds are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. See Note F for discussion of fair value measurements. Fixed accounts are reported at contract value, see Note D.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Fair Value Measurements

The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures. Refer to Note F for the fair value measurement disclosures associated with the Plan's investments.

Net Appreciation in Fair Value of Investments

The earnings, expenses, realized gains and losses, and unrealized appreciation (depreciation) in registered investments companies and other investments are recorded in the accompanying financial statements as net appreciation in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note C – Information Certified by the Plan's Custodian

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the custodian, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule of assets held for investment purposes.

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

Note C – Information Certified by the Plan’s Custodian (Continued)

The following information included in the accompanying financial statements and supplementary schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

	2023	2022
Investments in common/collective trust	\$ 2,884,266	\$ 2,840,859
Investments in mutual funds	16,186,467	12,539,031
Notes receivable from participants	49,906	8,381
Net appreciation/(depreciation) in fair market value	2,554,607	(3,658,443)
Participant loan interest	2,830	445
Administrative expenses	(43,859)	(15,383)

Note D – Investment Contract with Insurance Company

In 2012, the Plan entered into a benefit-responsive investment contract with Transamerica Life Insurance Company. Transamerica Life Insurance Company maintains the contributions in a Fixed Account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attributable for the guaranteed investment contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

Note E – Related-Party and Party-in-Interest Transactions

Certain administrative functions are performed by officers or employees of the Company, Transamerica Life Insurance Company, and Nicholas Pension Consultants. No such officer, employee, or trustee receives compensation from the Plan.

BIZLINK GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

Note E – Related-Party and Party-in-Interest Transactions (Continued)

Certain Plan investments in mutual funds are managed by Transamerica Life Insurance Company, the custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transaction under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees incurred by the plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

Note F – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Certification (ASC) 820, Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS

Note F – Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value (“NAV”) of shares held by the Plan at year end. It is not probable that the mutual funds will be sold at amounts that differ materially from the NAV of shares held.

Guaranteed Investment Contract: Composed primarily of fully benefit-responsive investment contracts and is reported at contract value. The determination of a fixed fund’s relevant measurement is net assets which include the fully benefit-responsive investment contracts held by the fund at contract value, see Note D.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2023 and 2022:

^(a) Pursuant to the guidance of ASU 2015-12, which requires fully benefit-responsive investment contracts to be measured, presented and disclosed only at contract value. Therefore, the common collective trust is no longer included in level 3 in the fair value hierarchy under FASB ASC 820. Footnote D discloses the nature and risks of fully benefit-responsive investment contracts. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note G – Income Tax Status

The Plan uses a prototype plan document sponsored by CCH Incorporated dba FTWilliams Com. The pre-approved Plan received an IRS Opinion Letter dated June 30, 2020, in which the Internal Revenue Service (“IRS”) stated that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan’s management believes that the Plan is currently designed and being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.

Note H – Plan Termination

While the Company has not expressed any intent to terminate the Plan, it is free to do so at any time. In the event of plan termination, the full value of each participant’s account shall, to the extent funded, be 100% vested on the date of such plan termination.

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

Note I – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note J – Subsequent Events

The Plan has evaluated subsequent events through August 18, 2024, which is the date the financial statements were available to be issued.
