To the Trustees of
Enterprise Offshore Drilling 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Enterprise Offshore Drilling 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ENTERPRISE OFFSHORE DRILLING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Enterprise Offshore Drilling 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

Plan Administration and Restatement

Effective January 1, 2023, the Plan changed trustee and recordkeeper from Ascensus Trust Company and The Vanguard Group, Inc. (“Vanguard”), respectively, to Fidelity Management Trust Company and Fidelity Workplace Services LLC, respectively, (collectively, “Fidelity”). The Plan was amended and restated effective January 1, 2023, to adopt a new non-standardized pre-approved defined contribution plan, sponsored by FMR, LLC an affiliate of Fidelity. Any changes to the Plan provisions as a result of the restatement are detailed below.

Plan assets were liquidated by Vanguard and transferred to Fidelity on December 30, 2022 along with the notes receivable from participants. Fidelity received the Plan net assets on January 3, 2023, and notes receivable from participants on January 9, 2023. Due to the timing on the transfer, the Plan’s net assets were in transit at December 31, 2022 and deemed to be held in a noninterest-bearing cash account. The conversion initiated a blackout period beginning December 22, 2022, that continued through February 13, 2023. During this period, participant contributions continued to be made through payroll deductions; however, participants could not access their accounts and could not initiate transactions such as investment transfers, withdrawals or loans until Fidelity could accurately complete the conversion.

General

The Plan is a defined contribution plan established effective January 1, 2018, covering all employees of Enterprise Offshore Drilling LLC (the “Company”). Effective January 1, 2023, all employees, other than those covered by a collective bargaining agreement, residents of Puerto Rico, and nonresident aliens, are eligible to participate in the Plan upon completion of three months of service. Prior to January 1, 2023, eligible employees could participate upon date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Effective January 1, 2023, participants may elect to make pre-tax and/or Roth salary deferral contributions to the Plan of up to 90% of their eligible compensation as defined by the Plan, subject to certain limitations. Prior to January 1, 2023, participants could elect a pre-tax salary deferral up to 100% of their eligible compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

Effective January 1 2023, unless affirmatively elected otherwise, eligible employees are automatically enrolled into the Plan at a pre-tax salary deferral of 3%, based on a qualified automatic contribution arrangement. If automatically enrolled, a participant’s pre-tax salary deferral will be increased annually by 1% on January 1st up to a maximum of 10%, unless the participant elects to opt out.

ENTERPRISE OFFSHORE DRILLING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Effective January 1, 2023, the Company will make a safe harbor matching contribution on a pay period basis equal to 100% of the first 3% of the participant's compensation contributed to the Plan, plus 50% of the next 2% of the participant's compensation contributed to the Plan. The Company may also make an additional matching contribution and/or a discretionary nonelective employer contribution on a plan year basis to participants that are employed on the last day of the plan year, or that terminate during the plan year due to death, disability, or reaching normal retirement age. Prior to January 1, 2023, the Company could elect to make a discretionary matching contribution on a plan year basis. There was no additional matching contribution or discretionary nonelective employer contribution made for the plan year ending December 31, 2023.

The Plan permits participants to make rollover contributions from other qualified plans, subject to conditions set forth in the Plan. The Plan is participant directed, and participants may change their contribution rates at the beginning of each payroll period and investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company contributions, as well as allocations of Plan earnings, including realized and unrealized gains and losses, and any applicable administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are at all times fully vested in their contributions and the appreciation or depreciation thereon. Effective January 1, 2023, participants become 100% vested in their safe harbor matching, additional matching, and discretionary nonelective employer contributions upon attaining two years of service, but shall be immediately vested upon death, retirement, or termination of employment due to permanent disability. Participants hired prior to January 1, 2023 are 100% vested in their discretionary matching contribution.

Forfeitures

Forfeitures of nonvested employer contributions are used to pay the Plan's administrative expenses of reduce employer contributions. The forfeitures balance at December 31, 2023 was \$4,984. There was no forfeitures balance at December 31, 2022. During 2023, forfeitures totaling \$29,000 were used to reduce employer contributions and forfeitures totaling \$8,579 were used to pay administrative expenses of the Plan.

ENTERPRISE OFFSHORE DRILLING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Benefit Payments

Normal retirement age under the Plan is 65. Upon a participant's termination, disability, retirement, or death, the vested funds in the participant's account may be distributed in a lump-sum or partial payment. Participants who terminate and have an account balance of \$5,000 or less will be cashed out of the Plan as soon as administratively feasible. The Plan also allows in-service withdrawals at the age of 59½ and hardship withdrawals, subject to certain Plan provisions. Rollover contributions can be withdrawn at any time.

Notes Receivable from Participants

Plan participants may borrow a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance in the Plan. Interest rates on loans are stated at the prime rate plus 1% at the date of the loan. Loans are repaid in level installments through payroll deductions for periods ranging up to five years, or longer for the purchase of a primary residence. Loans are secured by the participant's vested account balance to the extent of the principal amount of the loan plus accrued interest. Participants may only have one loan outstanding at a time.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts and receive benefits based on their account balances accumulated to the date of termination of the Plan.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investments

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions

Contributions from Plan participants and the employer are recorded in the plan year in which the participant contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to notes receivable from participants and certain other transaction fees are charged directly to the participant's accounts and are included in administrative expenses. Other investment-related expenses are included in net appreciation in fair value of investments.

Concentrations of Credit Risk

Financial instruments that potentially subject the Plan to a concentration of credit risk consist primarily of cash deposits held by one financial institution at December 31, 2022. The Plan's exposure to loss is the amount of cash deposits in excess of the federally insured limits.

NOTE 3 - FAIR VALUE MEASUREMENTS

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Mutual Funds: Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Money Market Fund: Primarily invests in cash, U.S. Government securities, and/or repurchase agreements that are fully collateralized to maintain a stable \$1 NAV. The NAV is a quoted price in an active market.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023. There were no investments at December 31, 2022.

NOTE 4 - INFORMATION CERTIFIED

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2023, and the schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023, and the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2023.

NOTE 5 - INCOME TAX STATUS

The Plan has adopted a non-standardized pre-approved plan, which obtained its latest opinion letter dated June 30, 2020 in which the Internal Revenue Service (IRS) stated that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan to determine if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are in mutual funds and a money market fund managed by entities affiliated with Fidelity and, therefore, these investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions.

NOTE 8 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 9, 2024, the date the financial statements were available to be issued.
