Independent Auditors' Report

The Board of Trustees
Clemens Family Sharing Plan
Hatfield, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Clemens Family Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Clemens Family Sharing Plan

Notes to Financial Statements

December 31, 2023 and 2022

(1) Description of Plan

The following description of the Clemens Family Sharing Plan (the Plan), sponsored by The Clemens Family Corporation (the Company), provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General

The Plan is a contributory defined contribution plan qualified under Section 401(k) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The plan trustees are responsible for oversight of the Plan, determine the appropriateness of the Plan's investment offerings and monitor investment performance.

The Plan was amended and restated as of January 1, 2022.

Eligibility

Substantially all employees of the Company having worked for the Company for sixty days are eligible to participate in the Plan.

Contributions

Each year, participants may contribute up to 60% of pre-tax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants are also permitted to make Roth contributions to the Plan. In addition, participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at 5% unless they affirmatively elect not to participate in the Plan. The participant's contributions are automatically invested in the Plan's default investment option whenever a participant does not actively choose the investments for contributions made to their account. The Plan includes an auto-escalation provision whereby participants with a pre-tax contribution percentage between 1% and 10% will automatically be increased by 1% (unless the participant elects otherwise) annually during the month of January.

In order to be eligible for employer contributions, employees are required to complete one year with the Company and attain 1,000 hours of service. Employer contributions consist of separate components as follows:

Safe Harbor Matching Contributions – The employer has in place a safe harbor match: the employer matches 100% of the first 3% of elective deferral contributions plus 50% of the next 2% of elective deferral contributions. Employees are required to contribute to their 401(k) in order to get the match. The safe harbor matching contribution is made on a payroll period basis. The employer matching contribution for the plan year ended December 31, 2023, was \$7,537,072.

Notes to Financial Statements December 31, 2023 and 2022

(1) Description of Plan, Continued

Contributions, Continued

Discretionary Matching Contributions – The Company may choose, in its sole discretion, to make discretionary matching contributions. There were no discretionary matching contributions made during the plan year ended December 31, 2023.

Profit Sharing Contributions – The Plan allows for profit sharing contributions which are allocated to the participants in proportion to their eligible compensation, as defined by the plan document. There were no profit-sharing contributions made during the plan year ended December 31, 2023.

Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, safe harbor matching contributions, discretionary matching contributions, profit sharing contributions, and plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

The trustee maintains a participant directed employee account for each participant. All participant deferrals, including performance bonus deferrals, catch-up and rollover balances directed into the Plan are immediately vested. All employer safe harbor contributions into the Plan are also immediately vested. Employer matching contributions and profit sharing contributions are subject to a three year cliff vesting schedule based on years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Most loans must be repaid over a period not to exceed 60 months with the exception of loans meeting special criteria that may be repaid over a period in excess of 5 years. The loans are secured by the balances in the participants' accounts and bear interest at a fixed rate equal to the prime rate plus 1%, ranging from 4.25% to 9.50% at December 31, 2023. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a distribution equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or annuity, or a combination of both. All distributions are subject to the applicable provisions of the plan agreement.

(1) Description of Plan, Continued

Payment of Benefits, Continued

Other forms of benefit payment may be available. Participants may take certain in-service withdrawals including hardship withdrawals, subject to the applicable provisions of the plan agreement. The plan also provides for the automatic distribution to certain terminated participants whose vested account balances are less than \$5,000.

Forfeitures

On December 31, 2023 and 2022, forfeited non-vested accounts totaled \$5,066 and \$18,390, respectively. These accounts will first be used to reinstate previously forfeited account balances of former participants, if any, and the remaining forfeitures, if any, will be used to reduce future employer contributions (excluding safe harbor contributions) and administrative expenses. Employer contributions were reduced by \$48,294 from forfeited non-vested accounts during 2023.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

December 31, 2023 and 2022

(2) Summary of Significant Accounting Policies, Continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default based upon the terms of the plan document, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Contributions from plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Expenses

Participants pay an annual fee for administrative costs associated with the recordkeeping and trustee fees, as well as transaction charges for loan and benefit payment transactions which are paid by the Plan by reducing the balances of those participants initiating the transactions. Investment related expenses are included in net appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through September 19, 2024, the date the financial statements were available to be issued.

(3) Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments at fair value and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividend income and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Bank of America, N.A. (Bank of America), a qualified institution.

(4) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Cash, interest-bearing: Valued at the cost that equals fair value.

(4) Fair Value Measurements, Continued

Common collective trust: Valued at the net asset value (NAV) of units of a trust company collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open end registered investment companies that are registered with the Securities and Exchange Commission. These investments are required to publish their daily NAV and to transact at that price. Registered investment companies held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Valued based on quoted market prices of the underlying investments. The underlying assets consist of common stock and registered investment companies that are actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Cash, interest bearing	\$ 39,456	\$ -	\$ -	\$ 39,456

Self-directed brokerage accounts	5,985,420	-	-	5,985,420
Total assets at fair value	\$ 162,162,465	\$ -	\$ -	162,162,465
Investments measured at NAV as a practical expedient				38,110,488
Total investments at fair value				<u>\$ 200,272,953</u>

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Cash, interest bearing	\$ 16,318	\$ -	\$ -	\$ 16,318
Registered investment companies	126,033,673	-	-	126,033,673
Self-directed brokerage accounts	5,658,073	-	-	5,658,073
Total assets at fair value	\$ 131,691,746	\$ -	\$ -	131,708,064
Investments measured at NAV as a practical expedient				35,587,972
Total investments at fair value				<u>\$ 167,296,036</u>

Certain investments that are measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(4) Fair Value Measurements, Continued

There were no significant transfers among investment levels for the years ended December 31, 2023 and 2022.

The following table summarizes investments measured at fair value based on NAV per share as a practical expedient as of December 31, 2023 and 2022, respectively.

	Fair Value at December 31,		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2023	2022			
Common collective trust	\$ 38,110,488	\$ 35,587,972	None	Daily	No defined period ^(a)

^(a) Were the Plan to initiate a full redemption of the common collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that the securities liquidations will be carried out in an orderly business manner.

(5) Related Party Transactions and Party-In-Interest Transactions

The Merrill Lynch Bank deposit program, representing interest bearing cash, is managed by Bank of America. Bank of America is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Fees paid by the Plan for operational and investment management services amounted to \$615,137 for the year ended December 31, 2023.

The Plan is administered by a board of trustees, comprising employees of the Company appointed by the Company's board of directors. The Company has entered into a trust agreement with the members of this board giving those members, as trustees, oversight of the plan assets, which are maintained by Bank of America.

The Plan is responsible for payment of all investment management fees.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

Notes to Financial Statements

December 31, 2023 and 2022

(7) Tax Status

The Plan uses a prototype document sponsored by Merrill Lynch Pierce Fenner & Smith, Inc. (Merrill Lynch). The Internal Revenue Service (IRS) has determined and informed Merrill Lynch by a letter dated March 31, 2014, that the prototype plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(9) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

	2023	2022
Net assets available for benefits per the financial statements	\$ 208,728,676	\$ 173,643,367
