The Plan Administrator
Data Analysis Inc. Investment Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Data Analysis Inc. Investment Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a) and Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of or for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Data Analysis Inc. Investment Plan and Trust

Notes to Financial Statements December 31, 2023

1. DESCRIPTION OF THE PLAN

The following description of the Data Analysis Inc. Investment Plan and Trust (the “Plan”), provides only general information. Participants should refer to the Plan document for a complete description of the Plan’s provisions.

GENERAL

Data Analysis Inc. adopted the Plan effective January 1, 1990. The Plan is a defined contribution plan, which covers employees of Data Analysis Inc. and its affiliates (the “Company”), that include William O’Neil & Co. Incorporated; O’Neil Global Advisors Inc.; O’Neil Digital Solutions LLC; and O’Neil Securities, Incorporated. The Plan is a defined contribution plan designed to provide participating employees the opportunity to accumulate retirement funds through a tax-deferred contribution arrangement pursuant to Section 401(k) of the Internal Revenue Code of 1986, as amended (the “Code”). In addition to the Code, the Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

ADMINISTRATION OF THE PLAN

The Board of Directors of the Company is responsible for oversight of the Plan. The Plan committee, as appointed by the board of directors of the Company, determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Company’s Board of Directors.

Voya Retirement Insurance and Annuity Company (the “Recordkeeper”) is the current recordkeeper of the Plan. Further, Voya Institutional Trust Company (“Voya”) (the “Trustee”) serves as the trustee and custodian of the Plan. The Company acts as the Plan administrator (the “Plan Administrator”) and the Plan sponsor (the “Plan Sponsor”). Most administrative expenses of maintaining the Plan are paid by the Company.

PARTICIPATION

Participation in the Plan is available to all eligible employees who have completed one month of service. Re-hired employees who were previously participants in the Plan are eligible to re-enter the Plan immediately.

The Plan accepts direct cash rollovers from other qualified plans regardless of whether the employee has met the Plan’s eligibility requirements.

Employees who become eligible to participate in the Plan are automatically enrolled in the Plan to make pretax deferrals unless the employee affirmatively elects not to make pretax deferrals within the applicable time period as described by the Plan. The employee is deemed to have elected to contribute 4% of the employee’s pretax compensation each payroll period into a Voya targeted fund selected based on age and estimated retirement until a subsequent valid election is made by the participant. The deferral amount is increased by 1% of compensation up to a maximum of 7% at the beginning of each Plan year.

Data Analysis Inc. Investment Plan and Trust

Notes to Financial Statements December 31, 2023

CONTRIBUTIONS

The Plan allows participants to contribute in whole percentages from 1% to 100% of their base compensation on a pretax basis or after-tax contribution ("Roth"), through payroll deductions. A participant's total contributions, in any Plan year, cannot exceed the limits provided under Section 415 of the Code. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions.

The Plan Sponsor has the option of making matching contributions and discretionary contributions but is not obligated to make such contributions. Contributions to the Plan include (i) salary reduction contributions authorized by participants, (ii) matching contributions made by the Company, (iii) discretionary contributions made by the Company; and (iv) participant rollovers from another qualified plan. Participants have the option to make Roth elective salary reduction contributions to the Plan.

For the year ended December 31, 2023, the Company made a matching contribution equal to 30% of the amount of the participant's salary reduction contribution up to the first 4% of eligible compensation as defined by the Plan.

VESTING

Upon contribution, participants are immediately 100% vested in their elective contribution and employer matching account. Upon termination of service, participants are eligible to receive a lump-sum amount equal to the value of their account.

PARTICIPANT ACCOUNTS

The Recordkeeper maintains an elective contribution account for each participant in the Plan. Each account is credited with the appropriate contributions and any earnings and/or gains/losses resulting from the investment of those contributions. Participants are charged with an allocation of administrative expenses that are paid by the Plan and upon any distributions from the participant accounts. Each participant may select the investment funds in which his or her contributions will be invested and may change his or her election anytime. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

BENEFITS, DISTRIBUTIONS AND WITHDRAWALS

On termination of service due to death, disability, retirement, or termination a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or elect to keep the balance in the Plan. Participants with account balances under \$5,000 are required to withdraw their balances from the Plan within 60 days. Participants with account balances of \$5,000 or more may elect a distribution at any time following the termination of employment. Annuity payments are available if the participant selects one of the Voya Lifetime Income Protection Funds. All amounts are to be distributed in accordance with the minimum required distribution provisions of the Code.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants are permitted to borrow from their accounts subject to certain limitations and conditions established to comply with the current requirements of the Code. All notes receivable made to participants are secured by their accounts. Participants may borrow up

Data Analysis Inc. Investment Plan and Trust

Notes to Financial Statements December 31, 2023

to 50% of their vested account balance not to exceed \$50,000. Participants may have a maximum of one outstanding note receivable at any time.

Notes receivable may have a term of up to five years; however, the term can be extended up to 30 years if the loan is used to acquire or construct a principal residence of the participant. The interest rate on notes receivable is prime rate, plus 1% which ranges between 4.25% and 9.50% for the notes receivable as of December 31, 2023.

FORFEITED ACCOUNTS

At December 31, 2023 and 2022, forfeited nonvested account totaled \$13,652 and \$23,220, respectively. During the year ended December 31, 2023, \$20,662 of forfeitures were used to fund employer contributions and administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") using the accrual method of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are stated at fair value except for fully benefit-responsive investment contracts (FBRICs). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. There was no accrued or unpaid interest for 2023 or 2022. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Data Analysis Inc. Investment Plan and Trust

Notes to Financial Statements December 31, 2023

CONTRIBUTIONS AND DISTRIBUTIONS

Participant contributions are recorded in the period during which the Company makes payroll deductions from the participants' pay. Distributions, which include benefits and withdrawals, are recorded when paid. On termination of service with the Company (including termination of service due to death, disability, or retirement), a participant may generally elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account.

PAYMENTS OF BENEFITS

Benefit payments to participants are recorded upon distribution. There were no participants who have elected to withdraw from the Plan but have not yet been paid as of December 31, 2023 and 2022.

EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

SUBSEQUENT EVENTS

The Plan administrator has evaluated subsequent events through September 19, 2024, the date the financial statements were available to be issued. See Note 11.

3. FAIR VALUE MEASUREMENTS

Certain investments that are measured at fair value using net asset value ("NAV") per share (or its equivalent) as a practical expedient are not required to be categorized in the fair value hierarchy tables as described below in the "Pooled Separate Accounts" and "Collective Trust Funds" section.

As of December 31, 2023 and 2022, there were no investments that were measured at fair value using NAV per share (or its equivalent) as a practical expedient that were expected to be sold at a value materially different than NAV.

The Plan holds an investment contract that meets the criteria of a FBRIC. These investment contracts are reported at contract value on the statements of net assets available for benefits, as provided by the contract issuer. The contract value is the relevant measurement of the FBRICs because this is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The contract value of the investment contracts represents contributions plus earnings, less participant withdrawals and administrative expenses.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Data Analysis Inc. Investment Plan and Trust

Notes to Financial Statements December 31, 2023

Pooled separate accounts are valued at the accumulated unit value ("AUV") of shares held by the Plan at year-end as determined by the Recordkeeper. Pooled separate accounts invest directly in designated mutual funds or, in some cases, collective investment trusts. The pooled separate accounts own and hold the underlying mutual fund or collective trust shares, which are valued daily at their NAV.

Plan participants hold "units of participation" in these pooled separate accounts offered by the Trustee.

The AUV is the value of each unit in the pooled separate account and is calculated daily. The AUV is first established when a new fund starts and is then determined daily based on the NAV of the shares of the underlying fund(s), the underlying funds' dividends and the separate account charges. Plan participants can redeem their pooled separate account units daily. There are no unfunded commitments, no defined remaining life, and there are no redemption notice periods or other restrictions at the measurement date.

Certain unobservable inputs are assessed through review of contract terms (for example, surrender date) while others are substantiated utilizing available market data (for example, Treasury bond rate).

Collective trust funds are valued at NAV of units of an investment trust. The NAV is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Data Analysis Inc. Investment Plan and Trust Committee determines the Plan's valuation policies utilizing information provided by the Recordkeeper.

The following table summarizes investments for which fair value is measured using NAV/AUV per share as a practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2023</u>	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency (if currently eligible)</u>	<u>Redemption notice period</u>
Pooled separate accounts	<u>\$59,954,122</u>	n/a	Daily	1 day
Collective trust funds	<u>\$ 5,388,402</u>	n/a	Daily	1 day

Data Analysis Inc. Investment Plan and Trust

Notes to Financial Statements December 31, 2023

<u>December 31, 2022</u>	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency (if currently eligible)</u>	<u>Redemption notice period</u>
Pooled separate accounts	<u>\$48,531,346</u>	n/a	Daily	1 day
Collective trust funds	<u>\$ 2,998,312</u>	n/a	Daily	1 day

In accordance with ASC 820, for investments that file a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Fund, as a direct filing entity, disclosures of that investment's strategy is not required. All the investment funds valued at NAV above file Form 5500 annually.

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive guaranteed investment contract with the Trustee. The Recordkeeper maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. The crediting rate is reviewed on a monthly basis for resetting. The guaranteed investment contract does not permit the Trustee insurance company to terminate the agreement prior to the scheduled maturity date. The contract value of the guaranteed investment contracts at December 31, 2023 and 2022 was \$9,397,557 and \$11,278,912, respectively.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by the Trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value on a daily basis.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) Plan termination or merger, (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that causes a significant withdrawal from the Plan, (4) premature termination of the contract, or (5) failures of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of a material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Data Analysis Inc. Investment Plan and Trust

Notes to Financial Statements December 31, 2023

The Plan Administrator does not believe that any events that may limit the ability of the Plan to transact at contract value or terminate the contract with the issuer are probable as of December 31, 2023, or the date these financial statements are available to be issued.

5. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2023 and 2022 and investment income (loss) and interest income on notes receivable from participants for the year ended December 31, 2023, that are disclosed in the accompanying financial statements and supplemental schedules, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Voya Institutional Trust Company, the Trustee of the Plan.

6. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. Some of the pooled separate accounts, collective trust funds and the benefit-responsive investment contract are managed by the Trustee. Fees paid for investment management services were included as a reduction of the return earned on each pooled separate account and collective trust fund. Participant notes receivable are related-party and party-in-interest transactions. These transactions qualify as party-in-interest transactions as permitted by Department of Labor regulations. In addition, the Plan invests in pooled separate accounts and the benefit-responsive investment contract and issues loans to participants, which are secured by the vested balances in the participants' accounts.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Board of Directors of Data Analysis Inc. has the right at any time to discontinue its contributions and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all net assets available for distribution at the time of termination would be distributed to participants in proportion to their respective account balances.

8. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Data Analysis Inc. Investment Plan and Trust

Notes to Financial Statements December 31, 2023

9. TAX STATUS OF THE PLAN

The Plan has adopted a prototype plan prepared by the Trustee of the Plan. This prototype plan has obtained its latest opinion letter on June 30, 2020, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. NONEXEMPT TRANSACTIONS

As reported on the supplemental schedule of delinquent participant contributions (Schedule H, Line 4a), certain Plan contributions were not remitted to the trust within the time frame specified by the Department of Labor's Regulation 29 (CFR 2510.3-102), thus constituting nonexempt transactions between the Plan and the Company for the years ended December 31, 2023 and 2022. The Plan made the corrections for the 2023 and 2022 late contributions by crediting lost earnings into participants accounts on September 16, 2024 and October 13, 2023, respectively.

11. SUBSEQUENT EVENTS

Effective April 1, 2024, the Plan is amended as follows:

- Compensation to be adjusted to exclude reimbursements or other expenses, allowances, fringe benefits (cash or non-cash), moving expenses, deferred compensation (other than deferrals specified in the Plan document) and welfare benefits.
- Exclude interns, temporary employees, and seasonal employees from being eligible employees for all contribution types.
