Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **TANNER LLC**

(2) EIN: **20-2253063**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		1500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Independent Auditors' Report

To the Plan Administrator of the Nature's Sunshine Products, Inc. Tax Deferred Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Nature's Sunshine Products, Inc. Tax Deferred Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in assets available for benefits for the year ended December 31, 2023, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following brief description of the Nature's Sunshine Products, Inc. Tax Deferred Retirement Plan (the Plan) provides only general information. Participants, and other users of the financial statements, should refer to the Plan document and summary plan description for a more complete description of the Plan's provisions.

Recent Pronouncements

On December 29, 2023, the Setting Every Community Up for Retirement Enhancement Act 2.0 (the "SECURE Act 2.0") was signed into law. It includes mandatory and optional provisions impacting defined contribution plans. Key provisions that may affect plan participants in the future include increasing the age for Required Minimum Distributions (RMDs). Applicable provisions outlined in the SECURE 2.0 Act will be adopted if elected and/or required. Plan amendments for these changes are not yet required.

General

The Plan is a defined contribution plan established to provide retirement benefits to eligible employees of Nature's Sunshine Products, Inc. and its domestic subsidiary, Synergy WorldWide, Inc., collectively, (the Company or the Employer). All full-time and part-time employees, except employees that are part of a collective bargaining agreement, leased employee, or independent contractor, that are 18 years of age or older are eligible to participate in the Plan immediately upon hire. The Plan is intended to be a qualified retirement plan under the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and permits traditional 401(k) deferrals (pre-tax) as well as Roth 401(k) deferrals (after-tax).

Contributions

Eligible employees automatically become a participant and are enrolled in the Plan at a 6% deferral rate, unless the employee elects otherwise. Participants may change their deferral percentage of their eligible compensation up to 100%, not to exceed the IRC limits. Contributions are limited by the IRC, which established a maximum contribution of \$22,500 (\$30,000 for participants age 50 and older) for the year ended December 31, 2023. Participant contributions by highly compensated employees, as defined in the IRC, may be limited by the Plan Administrator. In 2023, the Plan Administrator did not limit the amount that highly compensated employees could contribute. For 2023, the Company made matching contributions equal to 100% of the first 1% plus 50% of the participants' contributions that did not exceed 6% of their eligible compensation.

The Plan permits rollovers to the Plan from other qualified retirement plans.

The Plan document was amended effective January 1, 2023. This amendment added an automatic deferral rate change from 5% to 6%, safe harbor match of 100% match of elective deferrals that are not over 1% compensation, plus 50% of elective deferrals contributions which are over 1% but are not over 6% of compensation, participants are 100% vested after a 2-year period, and eliminated the automatic increase percentage of 1% deferral rate each year.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's matching contributions, and an allocation of investment earnings, and is charged with withdrawals, an allocation of investment gains/losses, and its share of any expenses of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant-Directed Options for Investments

Participants direct the investment of their contributions and the Company matching contributions into various investment options offered by the Plan. Investment options include mutual funds, collective investment trusts, and pooled separate accounts. Participants may change their election or transfer monies between funds at any time.

Since March 2006, purchases of Company common stock under the Plan have been suspended. Participants with common stock of the Company in their accounts may direct the sale of the stock and the investment of the resulting monies into other investment options offered by the Plan.

Vesting

Participants are immediately vested in their contributions to the Plan plus actual earnings thereon. A participant is 100% vested in the employer contributions and related earnings after being credited with the maximum 1,000 hours of service in each year over a 2-year period, which may result in full vesting prior to 2 years of employment, upon attaining the Plan's normal retirement age of 59½, or upon death or certain types of disability while an employee. A period of military duty shall be included as service with the Employer to the extent it has not already been credited. For purposes of crediting hours of service during the period of military duty, an hour of service shall be credited (without regard to the 501 Hour of Service limitation) for each hour an employee would normally have been scheduled to work for the Employer during such period.

Payment of Benefits

The Plan provides for benefit distributions (either in installments or as a lump sum) to Plan participants or their beneficiaries of their vested account balance upon termination of employment, certain types of disability, or attainment of age 59½ (retirement age) while employed by the Company. Vested benefits may also be rolled over into another eligible retirement plan.

If the value of a vested account is less than \$1,000 when employment is terminated, the benefit will be distributed to the participant following the date of termination.

If the value of a vested account is less than \$5,000, but more than \$1,000, and the participant does not elect to receive the distribution or roll it over to an eligible retirement plan, the Plan Administrator will automatically initiate a distribution to a Principal Trust Company (Principal) Individual Retirement Rollover Account when employment is terminated.

The Plan provides that the remaining vested account balance of a Plan participant at death will be distributed in a lump sum to the beneficiary.

Hardship Withdrawals

Participants may withdraw all or part of their vested account balances, including voluntary contributions (but none of the income earned on such contributions after December 31, 1988), upon demonstration of a financial hardship subject to the requirements of the Plan. Hardship withdrawals are permitted based on the safe harbor rules.

Forfeitures

Forfeitures may be used to pay Plan administrative expenses or reduce employer contributions. During the year ended December 31, 2023, the forfeiture account had investment earnings of \$654 and forfeitures utilized to reduce Company contributions and pay. Plan administrative expenses totaled \$71,892. Additional forfeitures that became available for general use for the year ended December 31, 2023, totaled \$78,575. As of December 31, 2023 and 2022, the balance in the forfeiture account was \$22,164 and \$2,926, respectively. Unused forfeitures as of the last day of the Plan year are to be allocated as additional contributions to participants meeting the allocation requirements of the Plan document.

Nature's Sunshine Products, Inc. Common Stock Voting Rights

Each participant is entitled to exercise voting rights attributable to shares of Nature's Sunshine Products, Inc. common stock allocated to his or her account and is notified prior to the time that such rights are to be exercised.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan document to amend or terminate the Plan subject to the terms of the Plan agreement and the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer matching contributions and these contributions become non-forfeitable.

2. Summary of Significant Accounting Policies***Basis of Accounting***

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates. Key management estimates include the fair value of investments.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. The fair value of investments in registered investments companies (mutual funds) is based upon the daily quoted net asset value (NAV) closing price per unit as reported by the mutual fund.

The Plan's investments in collective investment trusts and pooled separate accounts are stated at fair value based on NAV per unit. NAV serves as the practical expedient to estimate the fair values of the Plan's collective investment trusts and pooled separate accounts which represents the values at which the Plan transacts with the fund. NAV is based upon quoted redemption values of underlying assets in the collective investment trusts and pooled separate accounts on the last day of the Plan year.

The Plan's investment in the Principle Stable Value Fund (Stable Value Fund) is stated at fair value based on the NAV per unit. The Stable Value Fund is organized as a collective investment trust and invests 100% of the assets in the Morley Stable Value Fund that invests in conventional, synthetic, and separate account investment contracts issued by life insurance companies, banks, and other financial institutions. The objective of the stable value fund is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit responsive plan or participant payments. The Stable Value Fund is not fully-benefit responsive and is therefore reported at fair value, which is NAV per unit, which serves as the practical expedient to estimate the fair value of the Plan's investment in the Stable Value Fund. The Stable Value Fund is reported with collective investment trusts in the statements of assets available for benefits.

The Plan's investment in Nature's Sunshine Products, Inc. common stock is based on the closing quoted trading price on the NASDAQ stock exchange on the last day of the Plan year.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as those held during the period.

The preceding described methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Administrative Expenses

Principal direct expenses, professional fees, and administrative fees for participant communication and services, recordkeeping, and benefit payment services are paid by the Plan. These expenses are borne by participants based on their investments in the Plan's investment funds. Certain services are provided to the Plan by Company employees at no cost.

Subsequent Events

Plan management has evaluated events occurring subsequent to year-end through September 19, 2024, which is the date the financial statements were available to be issued.

3. Income Tax Status

The Company received a determination letter dated June 30, 2020, from the Internal Revenue Service (IRS), informing the Company that the Plan is designed in accordance with applicable sections of the IRC. The Company believes that the Plan continues to be designed and operated in compliance with the applicable requirements of the IRC and the trust established under the Plan is tax-exempt under the IRC. Accordingly, an income tax provision is not recorded by the Plan.

Management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. Plan management has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions that require either recognition or disclosure in the financial statements.

4. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statements of assets available for benefits.

As of December 31, 2023 and 2022, approximately 0.6% and .04%, respectively, of total Plan investments were held in Company common stock. This investment is exposed to Company specific and general market risks that can result in material changes in the fair market value of such shares.

5. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Financial Accounting Standards Board established a framework for measuring fair value in the form of a fair value hierarchy, which prioritizes inputs into valuation techniques used to measure fair value into three broad levels. This hierarchy requires assets to be classified by level in their entirety based upon the lowest level of input that was significant to the fair value measurement. The three levels of the fair value hierarchy are as follows:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than Level 1 including quoted prices for similar assets or liabilities, quoted prices in less active markets, or other observable inputs that can be corroborated by observable market data.

Level 3 – Unobservable inputs supported by little or no market activity for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The following tables summarize the Plan's financial assets that were accounted for at fair value on a recurring basis as of December 31, 2023 and 2022, and the fair value calculation input hierarchy level that the Plan has determined applies to each asset category:

Assets Measured at "Fair Value" on a recurring basis as of December 31, 2023

Total investments				\$ 57,928,222

**The fair values for these investments are provided above to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of assets available for benefits.*

The following table summarizes investments measured at fair value based on net asset value (NAV), as a practical expedient, per unit as of December 31, 2023 and 2022, respectively.

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective investment trusts	\$ 50,763,168	N/A	Daily	1 day

6. Trustee Certification

The following sets forth the information regarding the Plan as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal), the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that such information is complete and accurate.

- Investment assets of the Plan
- Investment transactions, including investment earnings (losses)

7. Exempt Party-In-Interest Transactions

Certain Plan investments include collective investment trusts and pooled separate accounts managed by Principal. Principal has acted as the Plan trustee, and therefore is a party-in-interest. While transactions involving Plan assets with a party-in-interest are usually prohibited, these transactions are exempt under ERISA Section 408(b)(8).

Transactions associated with the shares of common stock of the Company are also considered exempt party-in-interest transactions. The Plan sold no shares of the Company's common stock during the year ended December 31, 2023. As of December 31, 2023 and 2022, the Plan held 25,286 of common stock of the Company.
