INDEPENDENT AUDITOR'S REPORT

To the Oversight Committee of the
The Brink's Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Brink's Company 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE BRINK'S COMPANY 401(k) PLAN
Notes to Financial Statements
December 31, 2023 and 2022

Note 1 - Plan Information and Summary of Significant Accounting Policies

Description of Plan

The Brink's Company 401(k) Plan (the "Plan") is a voluntary defined contribution plan sponsored by The Brink's Company and participating subsidiaries (the "Company"), originally effective as of January 1, 1976. Effective January 1, 2020, the Plan was amended and restated on the T. Rowe Price Volume Submitter Plan document. Employees of the Company who are not members of a collective bargaining unit (unless the collective bargaining agreement provides specifically for and the Company has approved participation) are eligible to participate in the Plan. Effective April 6, 2020, automatic enrollment was removed and, therefore, all new hires and rehires must elect to enroll in order to participate in the Plan. For employees who participate in the Plan, Company-matching contributions commence after one year of service. Effective October 1, 2021, the Plan was amended to reduce the employee service requirement for Company-matching contributions to thirty days. Effective August 1, 2023, the Plan was amended and restated to add Roth 401(k) contributions as a contribution source. The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The following is a general description of certain provisions of the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Vesting Schedule

A participant is 100% vested in the value of his or her employee contributions. A participant is 100% vested after two years of service in any Company-matching contributions. Participants with Prior Matching Contributions are vested in such contributions under the specific applicable vesting schedules. Capitalized terms used herein refer to terms as defined in the Plan.

If a participant ends his or her employment with the Company and is subsequently rehired, his or her prior service with the Company is counted for vesting purposes. Once a participant reaches normal retirement age, he or she is 100% vested in Company-matching contributions regardless of years of service.

Forfeitures by the participants of the unvested portion of their account upon termination of employment with the Company are used to reduce future matching contributions of the Company to the Plan. Forfeitures reduced employer contributions by approximately \$261,000 in 2023 and \$173,000 in 2022. At December 31, 2023, there were approximately \$99,000 in forfeitures available to reduce future employer contributions compared to approximately \$88,000 at December 31, 2022.

Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to amend, suspend, or discontinue the Plan in whole or in part at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investments and Investment Income

Investments are presented at fair value within the statements of net assets available for benefits. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date.

The fair value of mutual fund investments is determined by using quoted market prices. The common trust funds (the Stable Value Common Trust Fund and the T. Rowe Price Retirement Trusts) are valued at the net asset value ("NAV") as a practical expedient for fair value as determined by using estimated fair value of the investments held in the fund.

The cost of securities sold is determined principally on the basis of average cost at the time of sale. Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis. Realized and unrealized gains and losses are included in net appreciation.

Notes Receivable from Participants

Notes receivable from participants are recorded at the principal amount outstanding. Interest income on notes receivable from participants is recorded on the accrual basis.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings or losses. Allocations are based on participant compensation or account balances, as defined by the Plan. Administrative expenses are also charged to each participant's account, which are comprised of fees specific to a participant's activity as well as general fees that are allocated once a year based on participant's balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Use of Estimates

In accordance with U.S. generally accepted accounting principles, management of the Plan has made estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities to prepare these financial statements. Actual results could differ materially from those estimates.

Benefit Payments

Benefit payments to participants or beneficiaries are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options that are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. As a result, values of investment securities can be volatile which could adversely affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events for potential recognition and disclosure through July 31, 2024, the date the Plan's financial statements were available to be issued. Management has determined there are no subsequent events to be reported in the accompanying financial statements.

Note 2 - Notes Receivable from Participants

Participants can borrow, in exchange for a promissory note, up to the lesser of \$50,000 less the highest outstanding loan during the previous twelve months or 50% of their aggregate vested account balance in the Plan, including rollovers, subject to certain maximum limits designated by the IRS. Each note is secured by a pledge of the participant account balance in the Plan to the extent of the unpaid balance. Repayments are generally made through level monthly payroll deductions. The term of a loan cannot exceed five years for general purpose loans and fifteen years for principal residence loans. The interest rate charged on a note receivable from a participant is fixed for the duration of the loan at one percentage point above the prime rate as published in the *Wall Street Journal* on the last business day before the loan application is received. Interest paid by the participant is credited to the participant's account. At December 31, 2023, interest rates on outstanding notes receivable from participants ranged from 4.25% to 9.50% compared to 4.25% to 8.50% at December 31, 2022. Delinquent notes receivable from participants that the Plan administrator considers to be in default are reclassified to distributions based upon the terms of the Plan document.

Note 3 - Contributions

Employee Contributions

During 2023, each participant could designate a contribution of up to the lesser of \$22,500 or 75% of pretax earnings. For purposes of determining Plan contributions, pretax earnings are defined as regular pay including commissions, bonuses, overtime, and premium pay, but excluding allowances. Amounts contributed are subject to limitations under IRS non-discrimination tests. Employee contributions may be allocated among investment funds in multiples of 1% based upon the participant's election. Participants may change their contribution percentages at any time; however, they are effective in the following pay period.

Participants who reached the age of 50 on or prior to December 31, 2023, were eligible to make additional catch-up contributions during 2023. Catch-up contributions in 2023 were limited to a maximum of \$7,500.

Participant contributions to the Plan may be invested in one of several investment funds managed by an affiliate of the Plan's Trustee, T. Rowe Price Trust Company ("T. Rowe Price" or "Trustee"), and other fund alternatives not managed by the affiliate.

Employer Contributions

Matching contributions can be made in cash and allocated to investment funds in the same manner as employee contributions. Prior to January 1, 2023, the Company matched 50% of participant contributions up to the first 4% of pretax earnings. Effective January 1, 2023 (or August 1, 2023 in the case of after-tax contributions), the Company now matches 50% of participant contributions up to the first 6% of pretax earnings. Participants must complete thirty days of service before Company-matching contributions commence.

In accordance with Plan provisions, the Company may make discretionary contributions to participant accounts. The percentage of salary payout for this discretionary contribution is up to a maximum of 3.0%. The Company did not make any discretionary contributions in 2024 related to the 2023 Plan year.

Participants can direct the investment of both their vested and unvested employer-matching contributions.

Note 4 - Distributions

Upon leaving the Company for any reason and after a formal disbursement request is made by the participant, the full fair value of an employee's contributions and related investment income and all vested Company-matching contributions and related investment income will be distributed. The Plan requires that vested balances less than \$5,000 will be automatically rolled into a T. Rowe Price traditional IRA unless the terminated participant elects to roll the balance to another qualified plan or IRA or receive a direct distribution. If a participant's employment with the Company terminates and the participant has a vested account balance of more than \$5,000, the participant may elect to leave all of his or her vested balance in the Plan. Participants who retire on or before their normal retirement date may elect to defer distribution until age 72 (or age 70½ if they were born before July 1, 1949). Participants who work for the Company beyond age 72, may defer distribution until they retire.

Withdrawals

The Plan generally requires that pretax contributions and Roth contributions remain in the Plan while the participant is actively employed. However, the Plan allows two exceptions:

- (a) If the participant is age 59 1/2 or older, he or she may withdraw all or a portion of his or her pretax contributions and Roth contributions, or
- (b) If the participant has a "financial hardship" (as that term is defined by Internal Revenue Service ("IRS") guidelines) it is possible to withdraw all or a portion of his or her pretax contributions and Roth contributions in the Plan up to the amount needed to satisfy the hardship, regardless of age.

A participant may withdraw the following at any time without being suspended from the Plan in the following order:

- (a) All or a portion of after-tax contributions and their related earnings. The Plan no longer allows after-tax contributions, but they were allowed before 1987.
- (b) All or a portion of Company-matching contributions made before January 1, 1985, and their related earnings.
- (c) Any rollover contributions.
- (d) All or a portion of vested Company-matching contributions made after December 31, 1984, and before January 1, 2008, and their related earnings. Vested Company-matching contributions made after January 1, 2008 may not be withdrawn from the Plan while employed by the Company.

Note 5 - Information Certified by a Qualified Institution (unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2023 and 2022 and for the year ended December 31, 2023. The information detailed below has been certified as complete and accurate by the Trustee. The information certified by the Trustee was not audited by the Plan's independent auditors, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule as of December 31, 2023 and 2022 and for the year ended December 31, 2023.

The following information in the accompanying statements of net assets available for benefits was not audited by the Plan's independent auditors.

<i>(In thousands)</i>	December 31,	
	2023	2022
Investments at fair value	\$ 448,144	387,383
Notes receivable from participants	11,733	11,116
Total investments and notes receivable	\$ 459,877	398,499

The following information in the accompanying statement of changes in net assets available for benefits was not audited by the Plan's independent auditors.

<i>(In thousands)</i>	December 31, 2023
Net appreciation in fair value of investments	\$ 64,508
Dividends	4,409
Interest income on notes receivable from participants	694

Note 6 - Related-Party Transactions

Certain Plan investments are shares of mutual funds and common trust funds managed by T. Rowe Price, the Trustee. Such transactions are deemed to be party-in-interest transactions of the Plan as indicated on the accompanying supplemental schedule, as are all notes receivable from participants. Fees paid by the Plan for investment management services amounted to approximately \$425,000 for the year ended December 31, 2023.

Note 7 - Federal Income Taxes

The Internal Revenue Service has determined and informed the Company by a letter dated April 16, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The favorable determination applies to Plan amendments through December 4, 2019. The Plan has been amended since December 4, 2019. Effective January 1, 2021, the Plan was amended and restated on the T. Rowe Price Volume Submitter Plan which has received a determination letter dated August 19, 2020 from the Internal Revenue Service. The Company believes that the Plan is designed and is currently being operated in material compliance with the applicable requirements of the IRC.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.

Note 8 - Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets and liabilities in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals. Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset or liability. In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The following is a description of the valuation methodologies used for investments measured at fair value, including the general classification of such investments in the fair value hierarchy.

Mutual Funds

These investments are open-ended mutual funds and valued using quoted market prices.

Common Trust Funds

These investments are valued using the NAV as a practical expedient as provided by the administrator of the fund. The NAV as a practical expedient is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. Even though the unit prices are not quoted in an active market, they are based on underlying investments. These investments are either traded on an active market or are valued based on observable inputs such as market interest rates and quoted prices for similar securities. The common trust funds investment can be redeemed daily. There are no significant restrictions related to such redemptions. Under the guidance of ASU 2015-7, the NAV as a practical expedient is no longer required to be classified within the fair value hierarchy. However, it is included as a separate line item to reconcile to the fair value amount presented in the statements of net assets available for benefits.

Below are the Plan's investments carried at fair value on a recurring basis by the ASC 820 fair value hierarchy levels described above as of December 31, 2023 and 2022:

(In thousands)	Quoted Prices in Active Markets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
<i>December 31, 2023</i>				
Mutual Funds-Stock Funds	\$ 114,476	—	—	\$ 114,476
Mutual Funds-Bond Funds	9,416	—	—	9,416
Total assets in the fair value hierarchy	123,892	—	—	123,892

Mutual Funds-Stock Funds	\$ 93,576	—	—	\$ 93,576
Mutual Funds-Bond Funds	8,373	—	—	8,373
Total assets in the fair value hierarchy	101,949	—	—	101,949
Net asset value per share practical expedient*				285,434
Investments at fair value				\$ 387,383

*During 2022, the T. Rowe Price Retirement Funds were transferred to the T. Rowe Price Retirement Trusts (the "Retirement Trusts"), which comprises 14 trusts formed under the T. Rowe Price Strategic Common Trust Fund (the master trust). Each Retirement Trust is structured as a trust of trusts that invests in other trusts offered by the trust company (the "underlying trusts"); the underlying trusts invest directly in securities. At December 31, 2023 and 2022, the Retirement Trust did not have any unfunded commitments, any other redemption restrictions or a redemption notice period.

Note 9 - Reconciliation to Form 5500

Assets available for benefits in the Form 5500 for the Plan reflect a reduction in assets for deemed distributions of certain notes receivable from participants. The accompanying financial statements do not include the reduction for deemed distributions as the participants to which deemed distributions relate continue to retain their assets within the Plan.

The following reconciles net assets available for benefits and distributions to participants or beneficiaries from the Form 5500 to the Plan's financial statements:
