INDEPENDENT AUDITORS' REPORT

To the Trustees of
Active Power, Inc. 401K Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Active Power, Inc. 401K Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Active Power, Inc. 401K Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Active Power, Inc. 401K Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Active Power, Inc. 401K Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform the audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an audit opinion on the effectiveness of Active Power, Inc. 401K Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Active Power, Inc. 401K Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 Description of Plan

The following description of the Active Power, Inc. 401K Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all non-union, full-time employees of Active Power, Inc. (the “Company”) who are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Contributions

Each year, participants may contribute up to Internal Revenue Service (“IRS”) dollar limitations as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations. The Plan currently offers twenty-seven mutual funds, a common/collective trust fund and a self-directed brokerage account as investment options for participants. The Company may make matching contributions to the Plan in amounts determined and authorized by the Company’s Board of Directors. The matching contribution was 3% for both years ending December 31, 2023 and 2022. The Company may make discretionary non-elective contributions in an amount determined by the Board of Directors for each plan year. There were no such contributions made by the Company in 2023.

The Plan automatically enrolls newly eligible employees with a pre-tax deferral rate of 4% thirty days after an employee’s hire date, unless the employee opts out or selects their own deferral rate. Participants who are automatically enrolled will have their deferral rate increased by 1% every year until the deferral rate reaches 10%. Participants are able to change their deferral rate at any time.

Participant’s Individual Accounts

Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contribution and Plan earnings, and charged with the participant withdrawal, an allocation of administrative and investment expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions and matching contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their account is based on years of service. A participant is 100% vested after four years of credited service.

Note 1 Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at commercial bank rates, determined at the time of the loan. Loans currently outstanding bear interest at the rate of 5.25% to 10.5%. Principal and interest are paid through bi-weekly payroll deductions.

Payment of Benefits

Upon termination of service, disability or death of a participant, the participant or beneficiary will receive the value of the participant's vested interest in their account in either one payment or annual installments. Financial hardship withdrawals are permitted pending submission of verification to the Plan Administrator warranting the financial hardship.

Funding Policy

The Company remits employee deferral and Company matching contributions to the Plan on a bi-weekly basis.

Forfeitures

Nonvested balances of participants' accounts may be subject to forfeiture upon termination of their employment with the Company. Forfeited balances of terminated participant's nonvested accounts are used to reduce future Company contributions or to pay plan expenses. At December 31, 2023 and 2022, unallocated forfeitures were \$326 and \$318, respectively.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America except for benefit payments which are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reporting amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

ACTIVE POWER, INC. 401K PLAN
Financial Statements
December 31, 2023 and 2022

Note 2 Summary of Significant Accounting Policies (Continued)

Contributions

Participant contributions are recorded when the Company makes payroll deductions from eligible Plan participants. Employer contributions are accrued in the period in which they become obligations of the Company.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to investment management services and administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Note 3 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. These methodologies were consistently applied to all assets and liabilities carried by the Plan as of December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

ACTIVE POWER, INC. 401K PLAN
Financial Statements
December 31, 2023 and 2022

Note 3 Fair Value Measurements (Continued)

Common/Collective Trust Fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Brokerage Account: Plan investments held in self-directed brokerage accounts, which consists primarily of registered investment companies, are stated at fair value. The fair values of mutual funds and stocks within the self-directed brokerage accounts are based on quoted market prices.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

December 31, 2023	Level 1	Total
Investments, at Fair Value:		
Mutual Funds	\$ 9,368,007	\$ 9,368,007
BrokerageLink	<u>4</u>	<u>4</u>
Total Assets at Fair Value	9,368,011	9,368,011
Investments measured at net asset value		<u>263,752</u>
Total Investments at Fair Value		<u>\$ 9,631,763</u>
December 31, 2022	Level 1	Total
Investments, at Fair Value:		
Mutual Funds	\$ 7,427,299	\$ 7,427,299
BrokerageLink	<u>3</u>	<u>3</u>
Total Assets at Fair Value	7,427,302	7,427,302
Investments measured at net asset value		<u>257,763</u>
Total Investments at Fair Value		<u>\$ 7,685,065</u>

Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 4 Information Prepared and Certified by Trustee

The following information, included in the accompanying financial statements and supplemental schedule, was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company (“Fidelity”), trustee of the Plan, as of and for the years ending December 31:

	2023	2022
Investments, at Fair Value:		
Mutual Funds	\$ 9,368,007	\$ 7,427,299
Common/Collective Trusts	263,752	257,763

Notes Receivable from Participants	<u>\$ 98,717</u>	<u>\$ 58,290</u>
Investment Income	<u>\$ 1,544,114</u>	

Note 5 Related-Party Transactions and Party-in-Interest Transactions

Plan investments are managed by Alliant Retirement Services, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$21,132 and \$20,261 for the years ended December 31, 2023 and 2022, respectively.

Fidelity provides recordkeeping and administrative services to the Plan. Fees paid by the Plan to Fidelity for these services amounted to \$15,861 and \$16,309 for the years ended December 31, 2023 and 2022, respectively.

Strategic Advisors, Inc. provides investment advisory services to the Plan. Fees paid by the Plan for these services amounted to \$8,423 and \$7,382 for the years ended December 31, 2023 and 2022, respectively.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA.

Note 6 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 Tax Status

The Plan Sponsor has obtained an opinion letter dated June 30, 2019, in which the IRS stated that the restated prototype plan document was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). The Plan Administrator believes that the Plan is currently designed and being operated in accordance with IRC requirements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would be sustained upon examination by federal, state and/or local taxing authorities. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 9 Subsequent Events

Management has evaluated subsequent events through September 5, 2024, the date that the financial statements were available for issuance, for disclosure and/or recognition in the financial statements.

INDEPENDENT AUDITORS' REPORT

To the Trustees of
Active Power, Inc. 401K Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Active Power, Inc. 401K Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Active Power, Inc. 401K Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Active Power, Inc. 401K Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Active Power, Inc. 401K Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform the audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an audit opinion on the effectiveness of Active Power, Inc. 401K Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Active Power, Inc. 401K Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 Description of Plan

The following description of the Active Power, Inc. 401K Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all non-union, full-time employees of Active Power, Inc. (the “Company”) who are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Contributions

Each year, participants may contribute up to Internal Revenue Service (“IRS”) dollar limitations as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations. The Plan currently offers twenty-seven mutual funds, a common/collective trust fund and a self-directed brokerage account as investment options for participants. The Company may make matching contributions to the Plan in amounts determined and authorized by the Company’s Board of Directors. The matching contribution was 3% for both years ending December 31, 2023 and 2022. The Company may make discretionary non-elective contributions in an amount determined by the Board of Directors for each plan year. There were no such contributions made by the Company in 2023.

The Plan automatically enrolls newly eligible employees with a pre-tax deferral rate of 4% thirty days after an employee’s hire date, unless the employee opts out or selects their own deferral rate. Participants who are automatically enrolled will have their deferral rate increased by 1% every year until the deferral rate reaches 10%. Participants are able to change their deferral rate at any time.

Participant’s Individual Accounts

Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contribution and Plan earnings, and charged with the participant withdrawal, an allocation of administrative and investment expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions and matching contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their account is based on years of service. A participant is 100% vested after four years of credited service.

Note 1 Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at commercial bank rates, determined at the time of the loan. Loans currently outstanding bear interest at the rate of 5.25% to 10.5%. Principal and interest are paid through bi-weekly payroll deductions.

Payment of Benefits

Upon termination of service, disability or death of a participant, the participant or beneficiary will receive the value of the participant's vested interest in their account in either one payment or annual installments. Financial hardship withdrawals are permitted pending submission of verification to the Plan Administrator warranting the financial hardship.

Funding Policy

The Company remits employee deferral and Company matching contributions to the Plan on a bi-weekly basis.

Forfeitures

Nonvested balances of participants' accounts may be subject to forfeiture upon termination of their employment with the Company. Forfeited balances of terminated participant's nonvested accounts are used to reduce future Company contributions or to pay plan expenses. At December 31, 2023 and 2022, unallocated forfeitures were \$326 and \$318, respectively.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America except for benefit payments which are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reporting amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Note 2 Summary of Significant Accounting Policies (Continued)

Contributions

Participant contributions are recorded when the Company makes payroll deductions from eligible Plan participants. Employer contributions are accrued in the period in which they become obligations of the Company.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to investment management services and administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Note 3 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. These methodologies were consistently applied to all assets and liabilities carried by the Plan as of December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

December 31, 2023 and 2022

Note 3 Fair Value Measurements (Continued)

Common/Collective Trust Fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Brokerage Account: Plan investments held in self-directed brokerage accounts, which consists primarily of registered investment companies, are stated at fair value. The fair values of mutual funds and stocks within the self-directed brokerage accounts are based on quoted market prices.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

December 31, 2023	Level 1	Total
Investments, at Fair Value:		
Mutual Funds	\$ 9,368,007	\$ 9,368,007
BrokerageLink	<u>4</u>	<u>4</u>
Total Assets at Fair Value	9,368,011	9,368,011
Investments measured at net asset value		<u>263,752</u>
Total Investments at Fair Value		<u>\$ 9,631,763</u>
December 31, 2022	Level 1	Total
Investments, at Fair Value:		
Mutual Funds	\$ 7,427,299	\$ 7,427,299
BrokerageLink	<u>3</u>	<u>3</u>
Total Assets at Fair Value	7,427,302	7,427,302
Investments measured at net asset value		<u>257,763</u>
Total Investments at Fair Value		<u>\$ 7,685,065</u>

Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 4 Information Prepared and Certified by Trustee

The following information, included in the accompanying financial statements and supplemental schedule, was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company (“Fidelity”), trustee of the Plan, as of and for the years ending December 31:

	2023	2022
Investments, at Fair Value:		
Mutual Funds	\$ 9,368,007	\$ 7,427,299
Common/Collective Trusts	263,752	257,763
BrokerageLink	<u>4</u>	<u>3</u>
Total Investments	<u>\$ 9,631,763</u>	<u>\$ 7,685,065</u>
Receivables		
Notes Receivable from Participants	<u>\$ 98,717</u>	<u>\$ 58,290</u>
Investment Income	<u>\$ 1,544,114</u>	

Note 5 Related-Party Transactions and Party-in-Interest Transactions

Plan investments are managed by Alliant Retirement Services, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$21,132 and \$20,261 for the years ended December 31, 2023 and 2022, respectively.

Fidelity provides recordkeeping and administrative services to the Plan. Fees paid by the Plan to Fidelity for these services amounted to \$15,861 and \$16,309 for the years ended December 31, 2023 and 2022, respectively.

Strategic Advisors, Inc. provides investment advisory services to the Plan. Fees paid by the Plan for these services amounted to \$8,423 and \$7,382 for the years ended December 31, 2023 and 2022, respectively.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA.

Note 6 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 Tax Status

The Plan Sponsor has obtained an opinion letter dated June 30, 2019, in which the IRS stated that the restated prototype plan document was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). The Plan Administrator believes that the Plan is currently designed and being operated in accordance with IRC requirements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would be sustained upon examination by federal, state and/or local taxing authorities. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 9 Subsequent Events

Management has evaluated subsequent events through September 5, 2024, the date that the financial statements were available for issuance, for disclosure and/or recognition in the financial statements.
