INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the IntraFi Network, LLC 401(k) Plan
Arlington, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of IntraFi Network, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of IntraFi Network, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of IntraFi Network, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about IntraFi Network, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ABC Company Employee Benefit Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ABC Company Employee Benefit Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the

certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held at End of Year is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - Description of Plan

The following description of the IntraFi Network, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan adoption agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering certain employees of the Company who have completed a 90-day period of service and are 21 years of age. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Eligible employees may become participants on the first day of the coinciding or following month after satisfying the eligibility requirements.

The custodian and record keeper of the Plan is Great-West Life & Annuity Insurance Company (Empower Retirement) who is responsible for holding Plan assets. They also serve as the Plan's trustee.

Participant Contributions

Each year, participants may make salary reduction contributions up to 100% of pretax annual compensation subject to the limitations of the Internal Revenue Code (IRC), as defined in the Plan. Eligible employees are automatically enrolled at 5% of their Plan compensation. The automatic deferral amount will increase annually by 1% of Plan compensation up to a maximum of 10%. Participants have a 90-day grace period to decline participation in the Plan under the automatic deferral provisions. Qualified distributions from other qualified retirement plans can also be contributed to the Plan and retained as a rollover contribution. Participants are immediately vested in their salary reduction and rollover contributions plus actual earnings thereon.

Company Contributions

For the year ended December 31, 2023, the Company contributed a matching contribution of \$1,630,262 equal to 100% of each participant's contribution up to \$7,000 per year. The Company may also make additional contributions to the Plan that is at its sole discretion. For the year ended December 31, 2023, no such additional discretionary contributions were made by the Company. Vesting in the Company matching contribution portions of their account plus earnings thereon is based on years of continuous service. A participant is 25% vested after each year of credited service until fully vested at 100% after four years of credited service.

Participant Accounts

Each participant's account is credited with the participant's salary deferral contribution, rollovers (transfers in from other qualified plans), the Company matching contribution, and allocations of (a) Company discretionary contribution (if any), (b) Plan earnings, (c) realized and unrealized gains and losses on investments, and (d) administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Hardship Withdrawals and In-Service Distributions

Participants may withdraw part or all their vested account balances while actively employed. The Plan also allows both in-service distributions upon reaching age 59 ½ and hardship withdrawals based on certain hardship situations as defined in the Plan. Hardship withdrawals are subject to IRC restrictions and penalties.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - Description of Plan – continued

Notes Receivables from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. The number of loans a participant may have outstanding is limited to two. All loans must be approved by the Plan custodian and will bear interest at the prime interest rate plus 1%. Interest rates on participant loans range from 4.25% to 9.50%. Loans are secured by the balance in the participants' account, require periodic payments and are due through July 31, 2036.

Forfeited Accounts

Terminating participants forfeit the non-vested portion of the participants' employer contributions. Forfeitures can be used to reduce the administrative expenses first; any remaining amounts are used to reduce the Company's contributions to the Plan as directed by the Company. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$45,334 and \$5,393, respectively. Forfeitures of \$51 were used to offset Plan expenses for the year ended December 31, 2023.

Payment of Benefits

Participants are eligible for retirement benefits upon attaining the age of 65 or 5 years of continuous service and age 55. On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in their account in a lump-sum amount, annuity, or partial withdrawals. If service is terminated for other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution annuity, partial withdrawals, or elect a direct rollover distribution. However, if the total value of the vested balance is \$5,000 or less, the entire vested balance will be distributed in a lump-sum payment. Benefit payments to participants are recorded when paid.

Investments

Participants are afforded several investment options covering a wide range of investment objectives and risk. Participants may allocate their contributions across these options in any proportion and can change the allocation at any time. Transfers of account balances between elected investment options may also be made daily; Empower Retirement reserves the right to take up to 5 days to process the transfer and restrict same day investment transfers to one per 60-day period.

With the exception of the Guaranteed Investment Account, all investment company termination payments are generally processed within 31 days; however, Empower reserves the right to take up to 45 days to process payments and to restrict the rights for redemption at any time.

NOTE 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Income Recognition

In accordance with the policy of stating investments at current market value, net realized and unrealized appreciation and depreciation are reflected in the statement of changes in net assets available for Plan benefits. Earnings from investments are recorded as earned using the accrual method of accounting. Dividends are recorded on the ex-dividend date.

Investment Valuation

Accounting Standards Codification 820, *Fair Value Measurements* (ASC 820) establishes a framework for measuring fair value in accordance with accounting principles generally accepted in the United States of America. ASC 820 provides a three-tiered fair value hierarchy with Level 1 representing quoted prices for identical assets or liabilities in an active market. Level 2 valuation methodologies include: 1) quoted similar assets or liabilities in an active market, 2) quoted identical or similar assets or liabilities in an inactive market, 3) inputs other than quoted prices that are observable for the asset or liability, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 is a valuation methodology based on unobservable inputs significant to the fair value measurement.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

The Plan discloses its financial instruments, where it is practicable to estimate, at fair value. For the pooled separate accounts and registered investment companies, audited financial statements by an independent third party are the basis for the net asset value of investment securities.

Plan contributions are invested under a Group Annuity Contract issued by Empower Life Insurance Company at December 31, 2023. This product is an unallocated insurance contract. The insurance company performs the functions of receiving contributions from the Trustees, valuing Plan assets, and making payment of benefits, as directed by the Trustees. Valuation of accounts under the Plan is based on the unit system of accounting. Available investment options include funds held in the general account at Empower's Benefit-Responsive Investment Contract and Mutual Funds for the year ended December 31, 2023. All investments are participant directed. The Plan's investments at December 31, 2023 and 2022 are stated at fair value except for its fully benefit-responsive investment contract which is valued at contract value.

INTRAFFI NETWORK LLC

401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 – Summary of Significant Accounting Policies, continued

Administrative Expenses

The Company may elect to pay the administrative expenses of the Plan or apply forfeitures to pay the administrative expenses of the Plan. If not paid by the Company, administrative expenses are required to be paid by the Plan. All such costs and expenses will, unless allocable to the accounts of participants, be charged against the accounts of all participants on a pro-rata basis or in such other reasonable manner as may be directed by the Company. In addition, certain accounting and administrative functions of the Plan are performed by employees of the Company at no cost to the Plan.

An asset charge at an effective annual rate of 0.35% is applied monthly to all assets of the Plan as described in the Plan investment agreement, provided that no charge will be applied to assets invested in a Self-Directed Brokerage Account, an Employer Stock Account or a third-party component of a stable value blend investment option. The Company has an ERISA Budget Account (EBA) Agreement to hold assets that may be used by the Plan Administrator to pay reasonable Plan administrative expenses or allocate among the accounts of Plan participants. All such EBA administrative expenses are paid quarterly.

Insurance Contracts

The Plan has an investment contract with Empower Life Insurance Company. Empower maintains the contributions in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Prior to the first day of each month, Empower establishes an effective annual rate of interest for the Guaranteed Interest Account general account. Interest is credited to the Guaranteed Interest Account (GIA) daily, based on its daily balance, at a rate of interest, which is the daily equivalent of the effective annual rate of interest applicable for the period. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the statement of net assets available for benefits at contract value, and, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value subject to restrictions where Empower can take up to six months to process the termination payment. The Guaranteed Interest Account is subject to fees resulting from early withdrawals which are described in the contract sections applicable to early surrender of the account.

NOTE 3 – Investments

Investments at Fair Value

The following table presents, by level, the Plan's investments at fair value:

		December 31, 2023			
		Level 1	Level 2	Level 3	Total
Registered investment companies	\$	16,650,663	\$ -	\$ -	\$ 16,650,663
Pooled separate accounts		-	39,960,193	-	39,960,193
Investments at fair value	\$	<u>16,650,663</u>	<u>\$ 39,960,193</u>	<u>\$ -</u>	<u>\$ 56,610,856</u>

		December 31, 2022			
		Level 1	Level 2	Level 3	Total
Registered investment companies	\$	7,841,797	\$ -	\$ -	\$ 7,841,797
Pooled separate accounts		-	35,708,005	-	35,708,005
Investments at fair value	\$	<u>7,841,797</u>	<u>\$ 35,708,005</u>	<u>\$ -</u>	<u>\$ 43,549,802</u>

Investments at Contract Value

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2023 and 2022 was \$7,662,027 and \$6,963,282, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3 percent (3%). The average yield and the interest rate credited to participants was 3% for the year ended December 31, 2023. Such interest rates are reviewed on a semi-annual basis for resetting. However, the average yield earned by the Plan and the interest rate credited to participants may differ from the guaranteed crediting rate due to interest being credited on contract values, the timing of cash flows, rate resetting, and simplified assumptions used in the calculation.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. These events may be different under each contract. Such events include the following: (a) the Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC, (b) premature termination of the contracts, (c) Plan termination or merger, (d) changes to the Plan's prohibition on competing investment options, or (e) bankruptcy of the Company or other Company events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Such events include the following: (a) an uncured violation of the Plan's investment guidelines, (b) a breach of material obligation under the contract, (c) a material misrepresentation, or (d) a material amendment to the agreements without the consent of the issuer.

NOTES TO FINANCIAL STATEMENTS

NOTE 4 – Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Annuity Insurance Company of America, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income, net, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2023, as shown on the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

NOTE 5 – Tax Status

On November 14, 2022, the Internal Revenue Service stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the IRC and is exempt for Federal income taxes. The Plan has since been amended and restated. Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts.

NOTE 7 – Parties-In-Interest Transactions

The Plan has not considered participant contributions or benefits accrued or paid by the Plan for participants as party-in-interest transactions. Certain Plan investments are pooled separate accounts managed by Empower. Such transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules. Fees paid during the year for professional services rendered by parties-in-interest were based on customary and reasonable rates for such services. Participant loan origination fees are paid out of the relevant participants' accounts.

NOTE 8 – Subsequent Events

Management has reviewed transactions subsequent to year-end through August 29, 2024, the date the financial statements were available to be issued. Management believes that all subsequent events that would require recognition or disclosure in the financial statements have been appropriately reflected.
