INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Advanced Auto Trends Employee Savings and Retirement Plan
Oxford, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Advanced Auto Trends Employee Savings and Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Advanced Auto Trends Employee Savings and Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Advanced Auto Trends Employee Savings and Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Advanced Auto Trends Employee Savings and Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Advanced Auto Trends Employee Savings and Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Advanced Auto Trends Employee Savings and Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets held as of December 31, 2023 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ADVANCED AUTO TRENDS EMPLOYEE SAVINGS AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

Note 1. Description of the Plan

The following description of Advanced Auto Trends Employee Savings and Retirement Plan (the "Plan") provides summary information for general purposes only. Participants should refer to the Summary Plan Description or the Plan Agreement for a more complete description of the Plan's provisions.

- A. General – The Plan, a defined contribution plan, was established on May 1, 1983 under the provisions of Section 401(k) of the Internal Revenue Code ("IRC"). The Plan was restated on September 1, 2010 and amended during 2022. The Plan covers all employees of Advanced Auto Trends who have at least 90 days of consecutive service, as defined in the Plan agreement, and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").
- B. Administration – The Plan is administered by Advanced Auto Trends (the "Company"). The Plan's trustee and custodian is Great-West Life & Annuity Insurance Company. Certain administrative expenses incurred by the Plan have been paid by the Plan.
- C. Contributions – Each year, participants may generally contribute salary deferrals between 1% and 100% of the participant's eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. During 2023, the Plan offered various mutual funds and common/collective trusts as investment options. The Plan currently offers various mutual funds and fixed annuities as investment options for participants. Participants may change certain investment options any time throughout the year via direct phone or internet access to the third party administrator.

The employer matching contributions made to the plan, if any, are allocated to the participant accounts based on each participant's elective deferral. The Company can make a matching contribution of any percentage of deferred compensation up to the legal limit that a participant contributed to the Plan.

- D. Participant Accounts – Each participant account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- E. Vesting – Employee contributions are fully vested at all times. Participants vest in the Company's contributions 20 percent per year starting after the first year of service and reaching 100 percent at five years, based on the individual company's schedule, with full vesting at the end of the vesting period or earlier upon the attainment of age 59 ½, death, or permanent disability of a participant.
- F. Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms may range up to five years, unless the loan is for the purchase of a primary residence when the term can be extended to twenty years. The loans are secured by the balance of the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest are paid through payroll deductions.

Loan transactions are treated as transfers between the applicable investment funds and loan fund. Interest earned on loan balances is treated as income to the loan fund and a subsequent transfer into the employee's investment funds.

- G. Payment of Benefits – Upon normal retirement at 59 ½, death, disability, or termination of services for other reasons, the participant or beneficiary will receive lump-sum or annual payments equal to the value of the participant's vested interest in his or her accounts. Participants who experience a financial hardship are eligible to receive a distribution from their Plan accounts to the extent necessary to relieve that financial hardship, subject to certain restrictions.
- H. Forfeited Accounts – No forfeited non-vested accounts were used to reduce administrative expenses for the year ended December 31, 2023.

ADVANCED AUTO TRENDS EMPLOYEE SAVINGS AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

Note 2. Summary of Significant Accounting Policies

- A. Basis of Presentation – The accompanying financial statements have been prepared based on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.
- B. Use of Estimates – The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.
- C. Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 8 for discussion of fair value measurements.
- D. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well held during the year.
- E. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.
- F. Payment of Benefits – Benefits are recorded when paid. Requests for distribution of Plan benefits by terminated participants are in various stages of processing. At December 31, 2023 and 2022, there were no outstanding requests for distribution of benefit claims payable.

Note 3. Investments

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

The crediting interest rate on the fixed account investment fund is based on a formula agreed upon with the issuer but may not be less than 3.0%. The crediting interest rate is reviewed on a quarterly basis for resetting. The average yield and crediting interest rate on the general account was 3.0% for the period ended December 31, 2023.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with the third party administrator. The Plan administrator does not believe that the occurrence of such event, which would limit the Plan's ability to transact at contract value, is probable.

The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

ADVANCED AUTO TRENDS EMPLOYEE SAVINGS AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

Note 4. Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of the Employee Retirement Security Act of 1974. Upon termination, participants may elect to receive a lump-sum amount equal to the vested value of his or her account. Terminated employees' contributions, as well as vested employer contributions, are available for distribution as soon as is administratively possible after the receipt of the distribution request. The account of each participant shall be 100% vested and non-forfeitable as of the effective date of complete termination of the Plan.

Note 5. Tax Status

The Plan adopted a volume submitter plan document on September 1, 2010. The Internal Revenue Service ("IRS") has determined and communicated by a letter dated March 31, 2008, that the volume submitter plan document and related trust are designed in accordance with applicable sections of the IRC. Plan's Management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7. Reconciliation of Financial Statements to Form 5500

The differences between the amounts reflected in the financial statements and the amounts reported on the Form 5500 as of December 31, 2023 and December 31, 2022 are shown below:

	December 31, 2023	December 31, 2022
Net Assets Available for Plan Benefits per Financial Statement	\$5,787,407	\$ 5,466,414
Employer Contributions Receivable	(14,400)	(16,360)

ADVANCED AUTO TRENDS EMPLOYEE SAVINGS AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

Note 8. Fair Value Measurements

As of January 1, 2008, the Plan adopted Accounting Standards Codification ("ASC") Topic 820 Fair Value Measurements and Disclosures ("ASC Topic 820"). ASC Topic 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under ASC Topic 820 are described below:

- Level 1 includes observable inputs which reflect quoted prices for identical assets or liabilities in active markets at the measurement date.
- Level 2 includes observable inputs for assets or liabilities other than quoted prices included in Level 1 and it includes valuation techniques which use prices for similar assets and liabilities.
- Level 3 includes unobservable inputs which reflect the reporting entity's estimates of the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2023.

- *Mutual funds*: Fair Value
- *Fixed Annuities*: Value determined by the fund trustee based on the fair value, which represent the net asset value ("NAV") of the portfolio held by the Plan at year end

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Total
Mutual Funds	\$ 5,189,432	\$ -	\$ 5,189,432
Fixed Annuities	-	471,877	471,877
Total assets at fair value	<u>\$ 5,189,432</u>	<u>\$ 471,877</u>	<u>\$ 5,661,309</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Total
Mutual Funds	\$ 4,791,361	\$ -	\$ 4,791,361
Fixed Annuities	-	516,450	516,450
Total assets at fair value	<u>\$ 4,791,361</u>	<u>\$ 516,450</u>	<u>\$ 5,307,811</u>

Note 9. Party-in Interest

Certain Plan investments include collective investment trusts and mutual funds managed by the plan trustees and custodians. Therefore, investment transactions in such collective investment trusts and mutual funds are considered to be exempt party-in-interest transactions under the Department of Labor's rules and regulations.

Note 10. Subsequent Events

The Plan has evaluated subsequent events through September 20, 2024, the date on which the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.
