INDEPENDENT AUDITOR'S REPORT

To the Trustees of
the Argon 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Argon 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Argon 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information

prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Argon 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Argon 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of

internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Argon 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Argon 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Item 4(i) Schedule of Assets (Held at End of Year) for the year ended December 31, 2023 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ARGON 401(K) PLAN
Notes to Financial Statements
For the years ended December 31, 2023 and 2022

NOTE 1 – Description of Plan

The following description of the Argon 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

A. Nature of the Plan

The Plan provides a defined contribution plan with elective deferral 401(k) and Roth 401(k) features covering eligible employees of Argon Industries, Inc. (the “Company”) over the age of 18 who have completed at least three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustee of the plan is Alerus Financial, N.A.

The Plan’s federal identification number is 01-0601214 and the Plan number is 001.

B. Contributions

Each year, participants may contribute the maximum deferral amount allowed by the IRS. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds along with a common trust fund. The company match is discretionary. Matching contributions were 15% of the eligible participant’s elective deferrals that do not exceed 8% of the participant’s compensation for the year ended December 31, 2023.

C. Participant Accounts and Rollovers

Each participant’s account is credited with the participant’s contribution and an allocation of (a) the Company’s contribution, (b) Plan earnings, losses, and (c) forfeitures of terminated participant’s nonvested accounts. Allocations are based on participant earnings or account balances, as defined, and allocations of Company contributions are based on participants’ compensation, as provided in the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. The plan permits the transfer of funds from other qualified plans to a separate participant’s rollover account.

D. Forfeitures

If a participant terminates employment, any non-vested Company contributions are forfeited when the participant incurs five consecutive 1 year breaks in service, or when the participant receives a distribution of their entire vested balance, whichever occurs first. The forfeited amounts are restored if the participant is rehired before incurring five consecutive one-year breaks in service and repays the full amount of any earlier distribution. Forfeitures may be used in this order: to restore forfeited amounts to other participants, offset plan expenses, and reduce Company matching contributions. For the year ending December 31, 2023 plan expenses and contributions were reduced by \$5,669 from forfeited non-vested accounts. At December 31, 2023 and 2022 forfeited, non-vested accounts totaled \$704 and \$745, respectively.

E. Investment options

Upon enrollment in the Plan, a participant may direct contributions in 1% increments in any of the investment options offered under the Plan. Participants may change their investment options daily.

For the years ended December 31, 2023 and 2022

NOTE 1 – Description of Plan (continued)

F. Vesting

Participants are immediately vested in their elective deferral contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants become vested in the discretionary profit-sharing contribution in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

G. Payments of Benefits

Upon termination of service due to death, disability, or retirement (age 65), a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In addition, an in-service withdrawal of funds can be made for any reason after attainment of at least age 59 ½ years, provided certain conditions are met. Additionally in-service withdrawals are allowed for financial hardship and disability, provided certain conditions are met. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Mandatory distributions are required for all terminated employees with balances less than \$5,000.

H. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Loan transactions are treated as a transfer from (to) the investment fund to (from) the loan fund. Loan terms range from 1 to 5 years. If the loan is for the purchase of a primary residence, the Company may extend the term of the loan. The loans are secured by the balance in the participant's account and bear interest at 4.25% to 9.50%. Principal and interest are paid through payroll deductions.

NOTE 2 – Summary of Significant Accounting Policies

A summary of the Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements are as follows.

A. Method of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

NOTE 2 – Summary of Significant Accounting Policies (continued)

B. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued or unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

D. Investment Valuation and Income Recognition

The fair value of the registered investment companies are valued at quoted prices in an active market. The fair value of participation units in the collective investment trust fund are valued using net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability as reported to the Plan by Alerus Financial, N.A.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

E. Payment of benefits

Benefits are recorded when paid.

F. Administration

Alerus Financial, N.A. is the third-party administrator and custodian of the Plan. The custodian is responsible for investing and safekeeping all the Plan assets. All administrative expenses of the Plan are paid by the Company and the Plan.

G. Subsequent Events

For the year ended December 31, 2023, the Company has evaluated subsequent events for potential recognition and disclosure through September 4, 2024, the date the financial statements were available for issuance.

NOTE 3 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits.

	Fair Value Measurements Using: Unadjusted Quoted Prices in Active Markets for Identical Assets (Level 1)		Total
<u>December 31, 2023</u>			
Mutual Funds	\$	2,178,177	\$ 2,178,777
Investments measured at NAV			
Collective trust			<u>39,283</u>
Total investments, at fair value			\$ <u><u>2,217,460</u></u>
<u>December 31, 2022</u>			
Mutual Funds	\$	1,773,279	\$ 1,773,279
Investments measured at NAV			
Collective trust			<u>34,386</u>
Total investments, at fair value			\$ <u><u>1,807,665</u></u>

Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 820-10, Fair Value Measurements, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 1 inputs were available to the plan, so Level 2 and 3 inputs were not used.

Mutual funds are valued at the net asset value of the shares held by the Plan at year end as determined by quoted market prices.

NOTE 3 – Fair Value Measurements (continued)

The collective trust is valued at the fair value of participation units held in the Reliance Trust Stable Value Fund (MetLife GAC Series 25053), the trust is valued based on net asset value, as reported by the manager of the collective trust fund, Reliance Trust Company, and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. The collective trust invests entirely in the MetLife Group Annuity Contract 25053, which consists of separately managed investment portfolios in fixed income securities, and also enters into wrapper contracts, which are issued by third-parties and are designed to allow the Fund to maintain a constant net asset value. The collective trust provides for daily redemptions by the Plan at reported net asset value, with no advance notice requirements.

NOTE 4 – Trustee’s Certification and Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held as of December 31, 2023 and 2022, assets acquired and disposed of within the year, net appreciation (depreciation) in fair value of investments, and interest and dividends for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Alerus Financial, N.A. (the trustee of the plan).

NOTE 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, the Plan Agreement including all rights, titles, powers, duties, discretions and immunities imposed upon or reserved to the Trustee and the Company will continue in effect until all assets have been distributed by the Trustee as directed by the Company. Each Plan participant’s amounts credited to their accounts will become 100% vested in the event the Plan is terminated.

NOTE 6 – Tax Status

The Plan has received a favorable determination from the Internal Revenue Service, which qualifies it for tax-exempt status. The plan obtained its latest determination letter on June 30, 2020 in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the US Federal authorities. Plan management determined there were no items to be recognized as of December 31, 2023 and 2022. The Plan is subject to routine audits by taxing jurisdictions for US Federal; however, there are currently no audits for any tax periods in progress.

NOTE 7 – Supplemental Schedules

Disclosures required by regulations include separate schedules of: (1) assets (held at end of year), (2) assets (acquired and disposed of within year), (3) nonexempt transactions with parties in interest, (4) loans in default or uncollectible, (5) leases in default or uncollectible and (6) reportable transactions. Schedules 2, 3, 4, 5, and 6 are not included herein as they are not applicable to this Plan as of or for the years ended December 31, 2023 and 2022.

NOTE 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
