INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
EFPR Group, LLP 401(k) Profit Sharing Plan
Rochester, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of EFPR Group, LLP 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i)-Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The EFPR Group, LLP 401(k) Profit Sharing Plan (the Plan), formerly The EFP Rotenberg, LLP 401(k) Profit Sharing Plan, is the 401(k) Plan for the EFPR Group, LLP; EFPR Group CPA's, PLLC; EF&P Group LLC dba StoneBridge Business Partners; Rotenberg Healthcare Consulting LLC; EFPR Solutions, LLC; TEM Group CPA's PLLC; EF&P Wealth Advisors LLC; Capital Performance Analyst LLC; Toski & Co., CPA's P.C.; Sinicropi & Healy, LLP; S. Barrie Godown CPAs PA; Carnevale Niles Whiney & Davis, P.C.; Eldredge Fox & Porretti, LLP; EFP Rotenberg Holdings, LLC; Provvidenza CPA's; Webber CPA, PLLC; Fecteau, PLLC; Nowicki & Company; RJ Williams Group, CPAs, PLLC; Kristie M. Beach, CPAs, PLLC; and EFPR Group Florida CPAs, PLLC; (collectively, the Company). The following description of the Plan provides only general information. The Plan Document together with the Volume Submitter Adoption Agreement should be consulted for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a profit-sharing feature. The Plan covers substantially all employees of the Company who have one year of service (12 months containing 1,000 hours of service) and are age twenty-one or older. There is no service requirement relating to the 401(k) feature and employees automatically enter the Plan with 5% pre-tax 401(k) contributions on the first day of the payroll period on or after their date of hire unless they opt out. Participant elective deferrals automatically increase by 1% each year, up to 10% of compensation. The entry date for purposes of the profit-sharing feature is the first day of each calendar quarter that falls on or after the day on which an employee meets the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year participants may contribute up to 92% of compensation on a pre-tax basis not to exceed the maximum allowed by law. Participants are also permitted to make contributions as "Roth" contributions. Participants are permitted to contribute distributions from other qualified plans ("rollovers"). The Plan constitutes a Safe Harbor Plan, which requires a Safe Harbor Non-Elective Company contribution of 3% of eligible compensation. The Company may make discretionary employer matching and non-elective contributions to the account of each participant in an amount determined by Plan management, provided the participant is at least twenty-one or older and has completed one year of service. Upon meeting the employer matching and non-elective eligibility computation period, Plan management, in their sole discretion, may make an employer matching and non-elective contribution on the participant's behalf. All of the Plan assets are participant directed.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's Safe Harbor and discretionary contributions and Plan earnings and is charged with the participant's withdrawals or distributions and an allocation of administrative expenses. The benefit to which a participant is entitled is the participant's vested account balance.

1. Description of the Plan (continued)

Vesting

Participants are immediately vested in their own contributions plus earnings thereon. Under the Safe Harbor Plan provisions, participants are 100% vested in amounts attributed as Safe Harbor employer contributions. Participants must have completed a year of service to receive the Safe Harbor contribution. Regarding discretionary employer contributions and earnings thereon, employees become 100% vested after six years of service at the rate of 20% per year starting with the second year of service.

Participants' Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. The maximum number of loans outstanding at one time per participant is two. Loans require repayment within 5 years unless the loan is for the purchase of a primary residence, which allows for a longer repayment term. The loans are secured by the balance in the participant's account and bear interest equal to the prime rate plus 2% at the time of each loan. Principal and interest must be paid ratably through payroll deductions or otherwise in at least equal quarterly installments.

Payment of Benefits

Upon separation from service including death, disability or normal retirement, a participant or beneficiary generally may elect to rollover benefits into an individual retirement account or another qualified plan or receive a lump sum payment in an amount equal to the value of the participant's vested interest in his or her account as dictated by provisions of the Plan. Upon death, disability or attainment of prescribed retirement requirements, a participant becomes 100% vested in his or her account in full. In-service withdrawals are allowable.

Effective June 1, 2022, in-plan Roth transfers are permitted without limitations and in-service withdrawals from employer matching contributions and non-elective contributions are allowable after 5 years of participation.

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts can be used to restore forfeitures, reduce employer contributions, or pay reasonable plan expenses. There were \$11 of forfeitures used to reduce Plan administrative expenses for the year ended December 31, 2023. There were \$670 of forfeitures used to reduce employer contributions for the year ended December 31, 2022.

As of December 31, 2023, there was no forfeiture balance in the Plan. As of December 31, 2022, there was \$11 of forfeitures available to be allocated in any manner at the discretion of the Plan Administrator.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accounting records and financial statements of the Plan are maintained on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Accounting Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2023 and 2022, and net realized and unrealized appreciation (depreciation) in fair value of investments, interest and dividend income, and administrative expenses for the years ended December 31, 2023 and 2022, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the trustee, Great-West Trust Company, LLC.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Administrative Expenses

Professional fees and other administrative expenses are paid by the Plan, unless paid by the Plan Sponsor.

Payment of Benefits

Benefits are recorded when paid.

Accounting for Uncertainty in Income Taxes

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 740, Subtopic 10 prescribes a comprehensive model for how a plan should measure, recognize, present, and disclose in its financial statements uncertain tax positions that the plan has taken or expects to take on a tax return. The Plan recognizes tax benefits from uncertain tax positions only if it is more likely than not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such positions are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. There was no impact to the Plan's financial statements as a result of FASB ASC Topic 740, Subtopic 10.

2. Summary of Significant Accounting Policies (continued)

Subsequent Events

The Plan has evaluated subsequent events through September 16, 2024, the date the financial statements were available to be issued.

3. Fair Value Measurements

FASB ASC Topic 820, *Fair Value Measurements and Disclosures* (FASB ASC 820), provides the framework for measuring fair value. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Market data or assumptions about risk and the risks inherent in the inputs are used in the valuation technique. These inputs can be readily observable, market corroborated or generally observable. Primarily the market approach for recurring fair value measurements is applied and also endeavored to utilize the best available information. Accordingly, the use of valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs are utilized. Fair value balances have been classified based on the observance of those inputs into the fair value hierarchy levels as set forth in the fair value accounting guidance.

All transfers between fair value hierarchy levels are recognized by the Plan at the end of each reporting period. There were no significant transfers between Levels 1, 2, and 3 during the year.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruction pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2023 and 2022.

EFPR Group, LLP
401(k) Profit Sharing Plan
Notes to Financial Statements (continued)

3. Fair Value Measurements (continued)

Common/collective trust: The Plan holds MetLife Group Annuity Contract No. 25554, a common/collective trust (CCT). A CCT primarily owns investments contracts that invest in conventional, synthetic and separate account investment contracts issued by life insurance companies, banks, and other financial institutions. The CCT is valued at the NAV as provided by the administrators of the fund. The NAV is used as the practical expedient to estimate fair value. The NAV is based on the value of the underlying assets of the fund, less liabilities, and then divided by the number of units outstanding.

The fund holds guaranteed investment contracts (traditional GICs), separate account guaranteed investment contracts (separate account GICs) and synthetic guaranteed investment contracts (synthetic GICs). Traditional GICs represent deposits which guarantee a stated interest rate for the term of the contracts. The fair value of traditional GICs is determined based on the present value of the contract's expected cash flows, discounted by current market interest rates for like-duration and like-quality investments.

Separate account GICs are portfolios of securities (fixed-income securities or shares of open-end mutual funds) held in a separate account owned and managed by or on behalf of the insurance company issuing the GIC for the exclusive benefit of investors in the separate account. Synthetic GICs are portfolios of securities owned by the fund. Each of the separate account GICs and synthetic GICs has a wrap contract that provides a minimum guaranteed rate of return for the term of the contracts.

The fair value of a separate account GIC and a synthetic GIC is determined based on the fair value of the securities underlying each GIC. The underlying securities can be comprised of, primarily, over-the-counter market securities and open-end mutual funds. Over-the-counter securities, such as fixed-income instruments, with remaining maturities greater than 90 days are fair valued using price evaluations provided by a pricing service. In addition, the fair value of the wrap contract is calculated using the contract value of the GIC as of the balance sheet date, giving consideration to any contractually agreed upon replacement fees charged by the wrap contract provider.

Mutual funds: Fair values are based on unadjusted quoted prices in active markets for identical assets or liabilities. Level 1 assets primarily include exchange-traded equity securities, mutual funds and U.S. Treasury Bonds. Prices are obtained from readily available sources for market transactions involving identical assets or liabilities and these are classified as Level 1 investments.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments Measured Using NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2023 and 2022, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

3. Fair Value Measurements (continued)

Investments Measured Using NAV per Share Practical Expedient (continued)

- (b) The investment objective of the fund is stability of principal and current income. To accomplish this objective, the fund invests primarily in stable value products, such as GIC's (also known as traditional GIC's), separate account GIC's, and synthetic GIC's and money market instruments.

4. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right, under the Plan Document, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

5. Tax Status

The trust established under the Plan to hold the Plan's assets is qualified under the applicable section of the Internal Revenue Code, and, accordingly, the trust's net investment income is exempt from income taxes. The Plan was established as a prototype plan which has attained a favorable determination letter from the Internal Revenue Service (IRS). The Plan has been amended since receiving the determination letter. The Plan Administrator will make any changes deemed necessary to ensure that the Plan is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code to maintain its tax-exempt status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes it is no longer subject to income tax examinations for years prior to 2020.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Information Prepared and Certified by Trustee

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, included throughout the Plan's financial statements and supplemental schedule that was provided by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations of Reporting and Disclosure under ERISA Section 103(a)(3)(C), the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets at December 31:
