Independent Auditor's Report

The Plan Administrator
Block Imaging International, Inc. 401(k) Profit Sharing Plan
Holt, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Block Imaging International, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 and the Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 are presented for purposes of additional analysis and not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves,

and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Block Imaging International, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Block Imaging International, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Block Imaging International, Inc. (the Plan Sponsor) and participating employers who are not covered under a collective-bargaining agreement or are non-resident aliens. To be eligible to participate in the Plan, an employee must have attained the age of 18. An employee becomes a participant on the first day of the month following the date the employee satisfies the eligibility requirements. The Plan was originally adopted effective January 2002. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective January 1, 2024, the name of the Plan Sponsor of the Plan was changed to Block Imaging Parts and Service LLC.

Contributions

Participants may contribute up to the maximum amount allowed by law of their eligible annual compensation, subject to Internal Revenue Service (IRS) limitations. Contributions and earnings thereon are non-taxable until withdrawn from the Plan. Participants also may contribute amounts representing rollovers from other qualified plans and Roth contributions on an after-tax basis. The Plan also allows for catch-up contributions for those aged 50 and over during the Plan year, subject to certain limitations. The Plan includes an auto-enrollment provision for all newly eligible employees unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant. The feature also allows for annual auto-escalation of 2%, up to a maximum of 10% of eligible compensation.

In accordance with the safe harbor provisions, the Plan includes an annual employer non-discretionary contribution of 3% of an employee's eligible compensation, as defined in the Plan Agreement. To be eligible for non-discretionary contributions, an employee must attain the age of 18. Total non-discretionary employer contributions were approximately \$558,000 and \$458,000 for the Plan years ended December 31, 2023 and 2022, respectively. In addition, the Plan Sponsor may make annual discretionary profit-sharing contributions at the option of the Board of Directors of the Plan Sponsor. To be eligible for discretionary profit-sharing contributions an employee must have attained the age of 18. Total profit-sharing contributions were approximately \$47,000 and \$165,000 for the Plan years ended December 31, 2023 and 2022, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions and employer's contributions, as well as allocations of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that is paid by the Plan. Allocations are based on specific participant transactions or account balances, as defined by the Plan. Participant accounts are also charged directly for fees related to distributions, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Block Imaging International, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their elective deferral contributions and employer non-discretionary contributions, plus actual earnings and losses thereon. Vesting in the Plan's profit-sharing contributions is based on years of continuous service. Participants vest in the Plan's profit-sharing contributions at 33% after two years of service, 67% after three years of service, and are fully vested after four years of service. Participant accounts follow the vesting provisions in the event of death or disability.

Notes Receivable from Participants

Effective January 1, 2022, the Plan permits participant loans. Participants may borrow a minimum of \$1,000 of their vested accounts under the Plan up to a maximum equal to the lesser 50% of their vested account balance or \$50,000, reduced by the highest outstanding loan balance in their account during the prior one-year period. Loans are secured by the balance in the participant's account and bear interest at the prime interest rate plus 2%. Participants may not have more than one loan outstanding at a time. The notes are repaid ratably through payroll deductions over a period of five years or less.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, as defined by the Plan Agreement. For termination of service or for other reasons, a participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution or transfer the amount to another qualified plan or Individual Retirement Account, as defined by the Plan Agreement. In-service withdrawals of vested balances may be elected by participants who have reached age 59½. The Plan also permits withdrawals of active participants' elective contributions, employer contributions, and rollover contributions only in amounts necessary to satisfy financial hardship, as defined by the Plan Agreement.

Forfeited Accounts

Forfeited non-vested accounts are used to reduce future employer contributions or pay Plan expenses. Forfeited non-vested balances totaled \$0 and \$6,140 as of December 31, 2023 and 2022, respectively. Forfeitures in the amount of \$1,543 were used to offset employer contributions for the year ended December 31, 2023. Forfeitures in the amount of \$10,297 were used to offset administrative expenses for the year ended December 31, 2023. No forfeitures were used during 2022.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Block Imaging International, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Risk and Uncertainties

The Plan holds various investment instruments, which are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in their values could occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments, except for the guaranteed investment contract, are stated at fair value. Fair value is the price that would be received to sell an asset (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. The Plan's investment in the guaranteed investment contract is stated at contract value (see Note 5).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contribution Receivable

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Non-elective/Profit sharing contributions are recorded in the relevant period in accordance with the terms in the Plan document.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus unpaid accrued interest. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Block Imaging International, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the payment of benefits are charged directly to the participant's account and are included in administrative expenses. Total administrative expenses paid by the Plan for the years ended December 31, 2023 and 2022 were approximately \$83,000 and \$65,000, respectively. Certain investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

Subsequent events have been evaluated by management through September 17, 2024, the date these financial statements were available to be issued.

3. Fair Value Measurements

Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset. The Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, and other inputs that are observable or can be corroborated by observable market data.

Level 3 - Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

The following valuation methodologies were used to measure the fair value of the Plan's investments. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Collective Investment Trusts (CITs) - Units held in CITs are valued at the net asset value (NAV) as reported by the trustee. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the CIT less its liabilities. This practical expedient is not used when it is determined to be probable that the CITs will sell for an amount different than the reported NAV. The CITs provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. There are no unfunded commitments relating to these investments. These investments are direct filing entities.

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. These funds are required to publish their NAV and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Block Imaging International, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Pooled Separate Accounts (PSAs) - PSAs are valued at the NAV of the units held. The NAV is based on the fair value of the underlying investments held by the PSA less its liabilities. While the majority of the underlying assets values are based on quoted prices, the NAV of the PSAs is not publicly quoted. The NAV as reported by the fund managers is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the CITs will sell for an amount different than the reported NAV. The PSAs provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. There are no unfunded commitments relating to these investments.

The Plan's valuation methods may result in a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although Plan management believes the valuation methods are appropriate and consistent with the market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below set forth the Plan's investments by level within the fair value hierarchy:

December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,888,360	\$ -	\$ -	\$ 5,888,360
Investments at NAV				9,525,803
Total Investments, at fair value				\$ 15,414,163

December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,221,406	\$ -	\$ -	\$ 4,221,406
Investments at NAV				6,827,551
Total Investments, at fair value				\$ 11,048,957

4. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedules, related to investments and notes receivable from participants held as of December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Life Insurance Company, Principal Life Insurance Company on behalf of Principal Global Investors Trust Company and Principal Trust Company (collectively, Principal), qualified institutions.

5. Guaranteed Investment Contract

The Plan invests in the Principal Fixed-Income Guaranteed Option (PFIGO), a guaranteed investment contract. The PFIGO is a benefit-responsive contract entered into with Principal Life Insurance Company (Principal Life). Principal Life maintains the contributions in a general account. The

Block Imaging International, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The PFIGO is valued at contract value for presentation in the Plan's net assets available for benefits. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Prior to December 30, 2022, the crediting interest rate was based on a formula agreed upon with the issuer and in no case will be less than 1.0% or greater than 3.0%. Effective December 30, 2022, the crediting interest rate is not be less than 0.15% or greater than 3.0%. Such interest rates are reviewed on a semi-annual basis for resetting.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the maturity date. The Plan is required to give a 12-month notice before terminating the contract or a 5% penalty will be assessed against the contract value, as defined by the contract. Currently, Plan management believes the occurrence of an event that would cause the Plan to transact at less than contract value is not probable.

6. Related Party and Party-in-Interest Transactions

Investments in certain PSAs, CITs, and a guaranteed investment contract are managed by Principal Life, on behalf of Principal Global Investors Trust Company and Principal Life, the custodian and contract holder as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid to Principal for administrative services were approximately \$76,000 and \$62,000, respectively, during 2023 and 2022.

7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

8. Tax Status

The Plan has adopted the pre-approved profit-sharing plan sponsored by Great Lakes Pension Associates Inc. The IRS ruled in a letter dated December 29, 2020, that the pre-approved plan document was designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan Agreement has been amended since receiving the IRS ruling, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and tax-exempt.

Block Imaging International, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there currently are no audits for any tax periods in progress.

9. Delinquent Participant Contributions

During the Plan year ended December 31, 2023, participant contributions and loan repayments totaling \$14,202 were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. The related lost earnings were remitted to the Plan during 2023.
