To the Board of Directors
Billy Graham Evangelistic Association 401(k) Retirement Plan
Charlotte, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Billy Graham Evangelistic Association 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BILLY GRAHAM EVANGELISTIC ASSOCIATION
401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 1—Description of the Plan

General – The following brief description of the Billy Graham Evangelistic Association 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description for a more complete explanation of the Plan’s provisions.

Beginning January 1, 1994, the Billy Graham Evangelistic Association established a defined contribution plan that is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended, covering all employees of the Billy Graham Evangelistic Association and its participating affiliated employers (the “Association”, the “Plan sponsor”, or “Employer”) who meet the eligibility requirements of the Plan. The Plan was most recently restated effective March 18, 2022 to be in compliance with current rules and regulations. All employees who are 18 years of age and who have completed one year of service are eligible to participate.

Administration – The Plan is administered by the Association, which serves without compensation. The Plan administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities. The Association has outsourced the recordkeeping function of the Plan to Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the “qualified institution”.

Contributions – Upon meeting eligibility requirements, employees are automatically enrolled in the Plan with a 6% deferral per semi-monthly pay period. Employees may choose a different deferral percentage, including zero, by completing an elective deferral agreement. The Plan allows participants to contribute to the Plan through pre-tax or Roth elective deferrals. These contributions are described as “elective deferrals”. These salary reduction contributions may not exceed 70% or be less than 1% of an employee’s compensation for the year. These elective deferrals are also subject to the Internal Revenue Service (“IRS”) maximum contribution of \$22,500 for the year ended December 31, 2023. Participants may also contribute amounts representing distributions from other qualified plans.

Employer contributions are discretionary; however, a minimum of a 3% non-elective contribution to all employees eligible to make elective deferrals is required to take advantage of the safe harbor discriminatory testing. A discretionary annual, non-elective contribution of up to 2% of an employee’s eligible compensation and a discretionary matching of participant elected deferrals of 100% up to the first 3% will also be considered each Plan year by the Board of Directors. Employees who have worked 1,000 or more hours in the Plan year are eligible for the discretionary annual, non-elective contribution. Employees who are an active participant at any time during the Plan year are eligible for the discretionary match. For the year ended December 31, 2023, the Board of Directors approved the 3% safe harbor non-elective contribution, the 2% discretionary contribution, and a match of 100% up to the first 3% of eligible compensation.

Catch-Up Contributions – For the year ended December 31, 2023, if a participant is eligible to make deferral and turns 50 before the end of the calendar year, the participant may defer an additional \$7,500 into the Plan as a contribution subject to certain Internal Revenue Code (“IRC”) limitations. The Plan allows participants to make catch-up contributions through pre-tax or Roth elective deferrals.

Participant Accounts – Each participant’s account is credited with the participant’s contributions, the Association’s contributions, benefit payments, and allocations of Plan earnings or losses and expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

BILLY GRAHAM EVANGELISTIC ASSOCIATION
401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 1—Description of the Plan (continued)

Vesting – Participants are immediately vested in any safe harbor non-elective contribution and in their own voluntary deferrals. After three years of vested service (i.e., three Plan years of at least 1,000 hours of service in each Plan year), participants are 100% vested in any Employer matching contribution and any Employer discretionary annual, non-elective contribution.

Investment Options – Upon enrollment in the Plan, a participant may direct 100% of their allocation of contributions with the qualified institution. Participants may select between several investment options and may transfer balances periodically based on the applicable funds as defined in the custodial service agreement.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or greater for the purchase of a primary residence. Participants may not have more than one outstanding loan at a time, except for those who had taken loans under prior provisions. The loans are secured by the balance in the participant's account and bear interest at a rate based on the rates available for similar loans from commercial lending institutions. The effective interest rate for participant loans ranged from 3.25% to 8.50% with maturities through February 2040 as of December 31, 2023. Principal and interest are paid monthly through semi-monthly or biweekly payroll deductions.

Benefits Paid to Participants – Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installment payments, or an annuity. For termination of service for other reasons, distribution of the value of the participant's vested interest in his or her account will begin as soon as possible after the participant's request. Withdrawals prior to attaining age 59½ are not permitted, except in the event of retirement, disability, or as a hardship distribution. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose. Certain income tax penalties may apply to withdrawals or distributions prior to age 59½.

Forfeited Accounts – As of December 31, 2023 and 2022, the balance in the forfeited balances of participants' nonvested Employer matching and discretionary contribution accounts was \$149 and \$46, respectively. Forfeitures are retained in the Plan and may be applied to the payment of the Plan's administrative expenses or Employer contributions to the Plan. Forfeitures of \$33,470 were used to reduce Employer contributions and \$305 were used to pay administrative expenses for the year ended December 31, 2023.

Note 2—Significant accounting policies

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

BILLY GRAHAM EVANGELISTIC ASSOCIATION
401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 2—Significant accounting policies (continued)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Risks and Uncertainties – Investment securities, in general, are subject to various risks, such as interest rate, credit, and overall market volatility. Due to the levels of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Benefits Paid to Participants – Benefit payments to participants are recorded upon distribution.

Administrative Expenses – As discussed in Note 7, certain Plan administrative expenses are paid by the Plan. The Plan sponsor pays all other administrative expenses incurred by the Plan.

Investment Valuation and Income Recognition – Investments in the Plan are reported at fair value. U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Note 3—Information certified by the qualified institution (unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the qualified institution, has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule.

- Investments, at fair value and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net appreciation in fair value of investments, interest and dividends, and interest on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule of Assets (Held at End of Year) – Schedule H, Part IV, Line 4i as of December 31, 2023.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4—Fair value measurements

U.S. GAAP describes three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds – These investments are public investment vehicles valued using the net asset value ("NAV") provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Pooled Separate Accounts – Pooled separate accounts invest mainly in domestic stocks. These assets are not available in an exchange or an active market; however, the fair value is determined based on the NAV of the underlying assets as traded in an exchange or active market. The fair value of the pooled separate accounts is stated at NAV as a practical expedient.

Common Collective Trusts – These investments are investment vehicles valued using NAV as a practical expedient. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Through July 10, 2023, the Plan invested in Goldman Sachs Stable Value Collective Trust ("Goldman Sachs Fund") issued by Goldman Sachs Trust Company, N.A. The Goldman Sachs Fund sought to earn current income, while seeking to preserve capital and stability of principal. The Goldman Sachs Fund also sought to maintain a stable NAV of \$1.00 per unit. The Goldman Sachs Fund invested in benefit responsive contracts such as wrap agreements and insurance company separate account agreements, under which the insurance company or other financial institution contract issuer agrees, subject to certain conditions, to make payments from the contract in connection with redemptions from the Goldman Sachs Fund for Plan participant-initiated benefit payments. The Goldman Sachs Fund's stable value contracts typically related to a portfolio or portfolios of fixed income securities or units or other interests in fixed income commingled funds.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 4—Fair value measurements (continued)

On and after July 10, 2023, the Plan invested in flexPATH Strategies - Stable Value Collective Trust ("Stable Value Fund") issued by Great Gray Trust Company, LLC. The Stable Value Fund seeks to preserve principal and achieve high current income through a diversified portfolio of high-quality investment contracts. The Stable Value Fund invests in an underlying fund (Putnam Fiduciary Trust Company Investment Funds for Pension and Profit Sharing Trusts established and maintained by Putnam Fiduciary Trust Company, LLC) that seeks to invest in high-quality guaranteed investment contracts ("GICs") and similar contracts issued by insurance companies, banks and other financial institutions. It also invests up to 75% of its assets in security-backed investment contracts ("SBICs"), including separate account products of insurance companies. It invests at least 5% of its assets in high-quality money market instruments, cash, cash equivalents and stable value funds. The process is focused first on liquidity and then total return and capturing market opportunities to help create return above the benchmark.

The Plan believes its valuation methods are appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Below are the Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels as of December 31:

	2023				Total Fair Value
	Level 1	Level 2	Level 3	Other ^(*)	
Mutual funds	\$ 42,935,416	\$ -	\$ -	\$ -	\$ 42,935,416
Pooled separate accounts	-	-	-	11,477,005	11,477,005
Common collective trusts	-	-	-	17,006,936	17,006,936
Total investments	<u>\$ 42,935,416</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 28,483,941</u>	<u>\$ 71,419,357</u>

	2022				Total Fair Value
	Level 1	Level 2	Level 3	Other ^(*)	
Mutual funds	\$ 36,598,281	\$ -	\$ -	\$ -	\$ 36,598,281
Pooled separate accounts	-	-	-	9,707,009	9,707,009
Common collective trusts	-	-	-	15,195,225	15,195,225
Total investments	<u>\$ 36,598,281</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 24,902,234</u>	<u>\$ 61,500,515</u>

^(*) In accordance with U.S. GAAP, certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. As of December 31, 2023 and 2022, the pooled separate accounts had no unfunded commitments and redemptions are processed daily with a 30-day notice period. As of December 31, 2023, the common collective trusts had no unfunded commitments or redemption frequency restrictions.

DECEMBER 31, 2023 AND 2022

Note 5—Income tax status

The IRS has determined and informed the Plan prototype sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Association has chosen to rely on the determination letter issued to the Plan prototype sponsor. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax and, therefore, the Plan and related trust continue to be tax-exempt.

As required by U.S. GAAP, Plan management evaluates tax positions taken by the Plan and would recognize a tax liability for any tax position taken that is beneficial to the Plan, including any related interest and penalties, when it is more likely than not that the position taken by the Plan would be overturned by a taxing authority upon examination. Plan management believes there are no such positions as of December 31, 2023 or 2022 that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6—Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2023	2022
Net assets available for benefits per financial statements	\$ 73,082,497	\$ 62,998,853
Plus employer contributions	846	-
Net assets per Form 5500	<u>\$ 73,083,343</u>	<u>\$ 62,998,853</u>

The following is a reconciliation of the change in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2023:

Net change in net assets available for benefits per financial statements	\$ 10,083,644
Change in employer contributions	846
Net income per Form 5500	<u>\$ 10,084,490</u>

Note 7—Parties-in-interest transactions

Plan investments are managed by the qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023 and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative expenses amounted to \$146,317 for the year ended December 31, 2023. Notes receivable from participants also qualify as party-in-interest transactions.

Note 8—Plan termination

The Association believes the Plan will continue without interruption but reserves the right to discontinue the Plan. In the event such discontinuance results in termination of the Plan, a participant's account becomes 100% vested and non-forfeitable. The Plan provides that the assets be allocated among the participants and beneficiaries in the amounts credited to each participant's respective account at the effective date of such termination.
