INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Wisco Industries Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the accompanying financial statements of Wisco Industries Profit Sharing Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2023 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the plan's 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from qualified institutions as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2023 Financial Statements section,

- the amounts and disclosures in the accompanying 2023 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying 2023 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

ERISA-Required Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2023 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Report on the 2022 Financial Statement

Plan management is responsible for the preparation and fair presentation of the accompanying 2022 financial statement of the plan, which comprise the statement of net assets available for benefits as of December 31, 2022 and the related notes to the financial statement, in accordance with GAAP. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the 2022 financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, or provide any form of assurance on the 2022 financial statement.

Wisco Industries Profit Sharing Plan
Notes to Financial Statements
December 31, 2023 and 2022
(2022 compiled - see independent auditors' report)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - Wisco Industries Profit Sharing Plan ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2023 through September 23, 2024, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - Wisco Industries, Inc. is the plan sponsor, employer and plan administrator. Empower Trust Company, LLC holds custody of the plan's mutual fund investments and is the trustee of all assets except for the cash surrender value (CSV) of life insurance assets. An officer of the plan sponsor is the trustee for the CSV of life insurance assets. Empower Annuity Insurance Company of America holds custody of the plan's guaranteed investment contract. Empower Retirement, LLC maintains investment and participant records and is the brand name which refers to the products and services provided by the Empower entities discussed above, collectively referred to as "Empower". Blue Chip Retirement Plans, Inc. is the plan's third party administrator that maintains plan records and performs various compliance tests as tax counsel. UBS Financial Services, Inc. is the plan's investment advisor.

Investments - The plan administrator determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. Earnings on investments bought, sold and held during the years are reflected in the accompanying statement of changes in net assets available for benefits. Participants should refer to the prospectuses and investment account summaries for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodologies used for investments measured at fair value.

Mutual funds - Valued at the daily quoted market prices as reported by the fund. The mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value and are deemed to be actively traded.

Wisco Industries Profit Sharing Plan
Notes to Financial Statements
December 31, 2023 and 2022
(2022 compiled - see independent auditors' report)

CSV of life insurance - The plan previously allowed participants to purchase life insurance contracts with plan assets, however, the plan was amended in a previous year to disallow any new life insurance contracts from being purchased. The CSV of life insurance is valued at the CSV as provided by the underlying insurance company, which approximates fair value.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	\$14,430,347	\$ -	\$ -	\$14,430,347
CSV of life insurance	-	-	67,772	67,772
Total investments at fair value	\$14,430,347	\$ -	\$67,772	\$14,498,119

Investments at fair value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$12,687,516	\$ -	\$ -	\$12,687,516
CSV of life insurance	-	-	69,007	69,007
Total investments at fair value	\$12,687,516	\$ -	\$69,007	\$12,756,523

Investment at contract value - The plan invests in the Guaranteed Interest Fund, a general account product of Empower. The investment is a fully benefit-responsive investment through a group fixed annuity contract issued by Empower. As a general account product, participants' principal and interest amounts are fully guaranteed by the general assets of Empower. The methodology for calculating the interest crediting rate is based on the prevailing market conditions and earnings of medium-long term investments compared to a minimum interest crediting rate, as more fully described in the plan's contract with Empower. The interest crediting rate is reset quarterly. The average yield earned by the fund was 1.48% in 2023.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of the investment at contract value.

The contract does not have a maturity date and there are no contract provisions that require a distribution at contract value at any specified time. The plan sponsor may request a full distribution, with a market value adjustment or an installment payout at contract value, over a certain period as defined in the related contract. The contract will continue in full force until all assets have been distributed or no further payments are due.

The plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the plan to transact at contract value with the issuer. As of the date these financial statements were available to be issued, the plan administrator is not aware of any events that might limit the ability of the plan to transact at contract value with the contract issuer or limit the ability of the plan to transact at contract value with the participants.

2. DESCRIPTION OF PLAN

The following description of the plan provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General - The plan was established on January 1, 1966 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees are eligible to participate in the plan once they have completed 1,000 hours over a one year service period and reached 18 years of age. An employee can enter the plan on the first day of the month coinciding with or the next following the date the eligibility requirements are met.

Contributions - Contributions are recorded in the year in which the plan eligible compensation is paid. Contributions to the plan can be made in the following ways:

- a. Participants may contribute a percentage of their compensation subject to certain limitations (elective deferral contributions). New employees are automatically enrolled in the plan after meeting the eligibility requirements and have 3% of compensation withheld as elective deferral contributions. Such participants have the option to increase, decrease or stop the deferral by completing the necessary documentation. The plan also permits Roth elective deferral contributions.
- b. Rollover contributions are accepted by the plan from other qualified plans.
- c. Employer discretionary matching contributions may be made at the discretion of the employer. Employer discretionary matching contributions were made, on a quarterly basis, equal to 100% of a participant's elective deferral contribution up to \$500 for office employees and \$480 for shop employees in 2023.
- d. Employer discretionary non-elective contributions may be made and are allocated to certain groups of participants at the employer's discretion. The employer made two discretionary non-elective contributions to the plan in 2023; a quarterly contribution equal to \$0.45 for each eligible hour worked and an annual profit sharing contribution allocated based on eligible wages.

Participant accounts - Earnings, including the fair value appreciation (depreciation), are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's elective deferral and rollover contributions and employer contributions. Participants are allowed to change their investment options on a daily basis and change their deferral percentage each pay period.

Vesting - Participants are always 100% vested in their elective deferral contributions, rollover contributions, employer discretionary matching contributions and related earnings. Employer discretionary non-elective contributions and related earnings become 20% vested after the completion of two years of service and vest an additional 20% each year thereafter until they are fully vested after six years of service. Upon death, disability or qualified retirement, participants become 100% vested.

Payment of benefits - Benefits are recorded when paid. Benefit payments may commence upon termination of employment, death, disability or attainment of normal or early retirement age as defined in the plan documents. Distributions are generally made in the form of a single lump sum. Installment payments are only permitted for participants who must receive required minimum distributions. In addition, hardship withdrawals are permitted under certain circumstances.

Wisco Industries Profit Sharing Plan
Notes to Financial Statements
December 31, 2023 and 2022
(2022 compiled - see independent auditors' report)

Administrative expenses - Certain administrative expenses of the plan are paid by the employer. Certain other administrative fees are paid by the plan from plan assets and recorded as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for distribution processing service fees and nonparticipant directed charges for service, administrative and investment advisory fees. The nonparticipant directed charges are allocated to participants on an account value basis.

Forfeitures - Forfeited non-vested employer discretionary non-elective contributions may be used to pay certain plan administrative expenses or reduce employer contributions. There were no forfeitures used in 2023. Unapplied forfeitures were insignificant as of December 31, 2023 and 2022.

Notes receivable from participants - Participant loans are not permitted under the plan.

3. PARTY-IN-INTEREST TRANSACTIONS

Any transactions involving the plan, plan sponsor and Empower qualify as party-in-interest transactions. Empower receives revenue from mutual fund service providers for services Empower provides to the funds. Certain revenues received by Empower from such service providers are remitted to the plan in the form of service credits (as part of an administrative services agreement between the plan sponsor and Empower). Such service credits received by the plan are used by the plan to pay service and administrative fees and advisory fees. There are also certain other plan expenses that Empower charges that are paid directly by the plan. Direct fees paid by the plan to Empower, recorded as a component of administrative expenses in the accompanying financial statements, were \$19,000 in 2023.

All of the above party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the plan sponsor has the right to terminate the plan at any time subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and related earnings.

5. INCOME TAX STATUS

The plan adopted a CCH Incorporated non-standardized pre-approved profit sharing plan. The pre-approved profit sharing plan received a favorable opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan. However, the plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2023 and 2022. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY EMPOWER

Management has obtained certifications from Empower, a qualified institution under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that states the following information with respect to assets held for investment of the plan is complete and accurate.

- a. Investments held by the plan and the fair value and contract value of such as of December 31, 2023 and 2022;
- b. Dividends and interest income from investments and the net appreciation in fair values of investments during 2023;
- c. Contributions to, withdrawals from, purchases, sales and inter-fund transfers of investments during 2023; and
- d. The report of individual participant accounts as of December 31, 2023 and 2022 and for the year ended December 31, 2023.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The accompanying statement of net assets available for benefits as of December 31, 2022 and the statement of changes in net assets available for benefits for the year ended December 31, 2023 differ from the Form 5500. The following table reconciles the financial statements to the applicable Form 5500.
