INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
the Western CNC Inc. 401(k) Savings Plan
Vista, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Western CNC Inc. 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Western CNC Inc. 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements of information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements Section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Western CNC Inc. 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Western CNC Inc. 401(k) Savings Plan's ability to continue as a going concern within one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Western CNC Inc. 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Western CNC Inc. 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2023 Supplemental Schedule Required by ERISA

The supplemental schedules of assets held for investment purposes and other schedules as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial

statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investments information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WESTERN CNC INC. 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Western CNC Inc. 401(k) Savings Plan (Plan) have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to group benefit plans and in accordance with the terms of the Plan documents.

The accompanying financial statements have been prepared on the accrual basis of accounting. Investments are stated at aggregated fair value, based upon published market prices, as determined by Principal Life Insurance Company, the Plan Custodian.

Investment contracts held by defined-contribution plans are required to be reported at fair value. However, contract value is the relevant measurement attributable for that portion of net assets available for benefits.

The COVID-19 outbreak in the United States and around the world has caused business disruption and market value increases and declines. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities have and will continue to occur. During the current year, the United States officially ended the national public health emergency. These changes could materially affect the participants' account balances as well as the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date

WESTERN CNC INC. 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The Plan adopted the required *Fair Value Measurements* provisions. The provision defines fair value, establishes a framework for measuring fair value in accordance with generally accepted accounting principles, and expands disclosures about fair value measurement.

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants on the measurement date. A three-level hierarchy is used to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability on the measurement date. The three levels are defined as follows:

Level 1 – inputs to the valuation methodology are quoted prices (unadjusted) for an identical asset or liability in an active market.

Level 2 – inputs to the valuation methodology include quoted prices for a similar asset or liability in an active market or model-derived valuation in which all significant inputs are observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement of the asset or liability.

Effective for fiscal years beginning after December 15, 2016, removes the requirement to categorize within fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient.

WESTERN CNC INC. 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

Financial assets and liabilities measured at fair value on a recurring basis in accordance with *Fair Value Measurements* as of December 31, 2023 and 2022 are:

Danny Ashcraft, President of Western CNC Inc, has been appointed the Trustee of the Plan since its inception. Effective February 28, 2019, April Ashcraft-Ramirez, Vice President of Western CNC Inc., was appointed co-trustee of the Plan. The Board of Trustees is responsible for oversight of the Plan.

WESTERN CNC INC. 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

Western CNC Inc., the Plan sponsor, has designated an administrative committee to oversee the Plan's operations. The Trustees are responsible for oversight of the Plan. The administrative committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Trustees of the Plan. The committee consisted of the Company's President, Vice President, Human Resources Manager and Controller.

Plan eligibility

All employees are eligible to participate in the Plan once they complete the service requirement. The service requirement is one year of service for the Company.

The employee can enter the Plan on the first day of the Plan year (January 1) or the first day of the seventh month (July 1) following the date the employee becomes eligible. Participation is continued unless the employee incurs a break in service. A break in service is defined as a failure to work at least one hour in a consecutive twelve-month period. However, a break in service does not occur if the employee did not work the required number of hours due to pregnancy, birth or adoption of a child.

An employee is not eligible to participate in the Plan if the employee is initially classified by the Company as a member of a collective bargaining unit, unless the collective bargaining agreement provided for coverage under the Plan, was a non-resident alien who did not receive any earned income from services rendered within the United States, or is incorrectly determined to be an employee of the employer.

WESTERN CNC INC. 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

Contributions

Eligible employees elect to make pre-tax and/or Roth after-tax contributions through payroll deductions. Once deemed eligible, an employee must complete an Elective Deferral Agreement. Each participant may elect to contribute to the Plan a set percentage (in increments of 1%) of compensation or a fixed dollar amount. Any changes in contribution percentages or participation discontinuance must be made with a completed revised Elective Deferral Agreement and become effective as soon as administratively feasible. Contributions must comply with the federal tax law limitations for the plan year ended December 31, 2023 and 2022 of \$22,500 and \$20,500, with a “catch-up” provision of \$7,500 and \$6,500, for participants fifty years or older, respectively.

Rollover and transfer contributions are permitted under the Plan. A rollover or transfer may be made prior to becoming a participant in the Plan. Acceptable rollovers and transfers to the Plan must originate from another qualified retirement plan and must occur on or before the sixtieth day after the participant receives a distribution from a previous plan.

Matching contributions are made for all persons who were active at any time during each payroll period. The Company provided matching contributions of 50% of the participant’s elective deferrals that do not exceed 6% of the participants’ eligible gross compensation. Matching contributions are \$160,140 and \$147,862 for the years ended December 31, 2023 and 2022, respectively.

Participants considered as highly compensated employees are limited in the amount of matching contributions based on the average contribution percentage received by the non-highly compensated group of employees during a plan year. The Plan administrator and custodian

WESTERN CNC INC. 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

periodically monitor contributions to ensure compliance with the nondiscrimination tests. Future contributions may be limited, or prior contributions may be returned to highly compensated employees to comply with the nondiscrimination test results. Excess contributions returned to certain highly compensated participants to satisfy the nondiscrimination provision of the Plan prior to March 15, 2024 and 2023 are \$1,857 and \$2,137, respectively.

Employer profit sharing contributions are discretionary. To be eligible for an employer contribution, the participant must have been an active participant sometime during the Plan year. The participant's share of the profit sharing contribution is the discretionary contribution multiplied by the ratio of the participant's annual pay divided by the total annual pay of all participants eligible for the employer contribution. The discretionary employer profit sharing contributions for the years ended December 31, 2023 and 2022 is \$-0-.

Vesting

Company contributions to the Plan vest (become nonforfeitable) in accordance with the following vesting schedule:

<u>Years of Service</u>	<u>Percentage of Account Vested</u>
Less than 1	0%
1 but less than 2	0%
2 but less than 3	25%
3 but less than 4	50%
4 but less than 5	75%
5 or more	100%

However, non-terminated participants become fully vested at normal retirement age, early retirement age, upon death or permanent disability, or if the Plan is terminated.

See independent auditors' report

WESTERN CNC INC. 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

The portion of the participant's account attributable to elective deferral contributions and rollover contributions are always 100% vested and nonforfeitable.

Forfeitures

The non-vested participant forfeitures for the years ended December 31, 2023 and 2022 are \$9,134 and \$4,622, respectively. The balance in the forfeiture account at December 31, 2023 and 2022 is \$1 and \$5, respectively. Forfeitures of matching contributions can be used to: restore previously forfeited account balances of former participants who return to the Company within five consecutive years, after service was discontinued, provided the participant paid back any distribution received during the break in service, applied to plan administration expenses, to allocate as an employer's matching contribution, or reallocated to participants who are eligible. Forfeitures (plus earnings less losses, if any), allocated as payment of administrative and management expenses, were \$854 and \$1,285, respectively. Forfeitures (plus earnings less losses, if any), allocated as matching contributions, were \$8,317 and \$3,315, respectively. Payments reallocated to participants who were eligible are \$-0- for the years ended December 31, 2023 and 2022.

Allocations

Earnings, gains or losses and changes in fair market value of investments are allocated to each participant's individual account.

Benefit distributions

The Plan provides for benefits to be distributed in a lump sum if the participant's vested benefits do not exceed \$1,000 at death, disability, early retirement age, normal retirement age of sixty-five, late retirement age, or termination of the Plan. Participant vested benefits between \$1,000 and

WESTERN CNC INC. 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

\$5,000 are required, by the rules and regulations promulgated by the Internal Revenue Service, to be automatically rolled into an Individual Retirement Account if the participant does not elect any other distribution option allowed by the Plan. Vested benefits over \$5,000 can be distributed in a single lump sum of the entire balance or the participant can choose from five annuity options. However, the participant must begin taking their required minimum distributions at age seventy three (73).

Participant borrowing

Participants are not allowed to borrow from a portion of their individual vested account balance.

Hardship withdrawals

The *Bipartisan Budget Act of 2018* changed hardship withdrawal requirements to make them easier for participants to receive.

Hardship withdrawals are available for participants only if the participant has one of the following qualified financial needs: medical expenses for the participant or immediate family, purchase of principal residence, payment of tuition and related educational fees for the next twelve months for the participant or immediate family, to prevent eviction or foreclosure on a principal residence, payments for burial or funeral expense for the participant's parents and immediate family, or expenses for the repair of damage to the principal residence that would qualify for the casualty deduction without regard to the residence being located in a federally declared disaster area.

To request a hardship withdrawal the participant must submit a written request completed by the participant and the participant's spouse. Hardship withdrawals are limited to the participant's stated amount necessary to meet the qualified financial need.

WESTERN CNC INC. 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

Plan termination

The Company has the right under the Plan to amend or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Plan expenses

The cost of day-to-day operations of the Plan, insurance, attorney fees, payroll and related overhead costs associated with these services are paid directly by the Company.

Fees incurred for the acquisition and sale of investments are included in the cost basis of the investments. These fees are considered in calculating the investment earnings, gains and losses reported for the year.

The custodian deducts administrative and management fees each month from the participants' accounts computed as a percentage of the total asset value. Plan management fees net of forfeitures for the years ended December 31, 2023 and 2022 are \$43,801 and \$43,940, respectively.

Note C. INVESTMENT INFORMATION CERTIFIED BY PLAN CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company (Principal), the custodian of the Plan, holds the Plan's investment assets and has executed transactions as directed by Plan participants. Principal has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedules as complete and accurate at December 31, carried at fair market value, comprising of:

WESTERN CNC INC. 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note D. COMMON COLLECTIVE TRUST

The Plan holds an interest in the Principal Stable Value Fund which is a fully benefit-responsive common collective trust fund. The fund is reported in the financial statements at contract value.

Contract value represents contributions, plus earnings, less participant withdrawals and administrative expenses. Interest rate is based on a formula agreed upon with the issuer. Interest rates are reviewed on a daily basis for resetting. The average yield earned by the Principal Stable Value Fund on the actual interest rate credited to participants during December 31, 2023 and 2022 was 2.67% and 1.82%, respectively.

Note E. INCOME TAXES

The Plan is a prototype non-standardized pre-approved profit sharing plan with CODA, adopted by the Company from Principal Financial Group. The Plan received its latest advisory letter on June 30, 2020, in which the Internal Revenue Service states that the form of the Plan, as designed and operated, is in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability, or asset, if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon

examination by the Internal Revenue Service and/or Department of Labor. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Form 5500 of the Plan for 2022, 2021, and 2020 are within statute for examination.

Note F. PARTIES-IN-INTEREST

Plan investments, including the pooled separate accounts, common/collective trusts, and guaranteed interest accounts are managed by Principal Life Insurance Company, Plan Custodian. Since Principal Life Insurance Company is the manager and the Custodian, these services qualify as party-in-interest transactions.
