Independent Auditor's Report

To the Participants and Administrator of the
Retirement Savings Plan of Newmont

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Retirement Savings Plan of Newmont, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Retirement Savings Plan of Newmont's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of the Retirement Savings Plan of Newmont and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Retirement Savings Plan of Newmont's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Retirement Savings Plan of Newmont's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Retirement Savings Plan of Newmont's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at the end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RETIREMENT SAVINGS PLAN OF NEWMONT

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

1. Description of the Plan

The following description of the Retirement Savings Plan of Newmont (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

The Plan was established effective July 1, 1973 by Newmont Mining Corporation and its affiliates to qualify as a defined contribution, profit sharing plan under Section 401(a) of the Internal Revenue Code, for the benefit of eligible employees of the Company. The Plan was restated on January 1, 2017. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Benefits under the Plan are not subject to guarantee by the Pension Benefit Guaranty Corporation. The current Plan sponsor is Newmont USA Limited (the “Company”).

Administration

Trustee, recordkeeping and investment management services are performed by Fidelity Management Trust Company (“Trustee”).

The Plan is administered by the Administration Committee. The Administration Committee may retain independent advisors and consultants, and is responsible for administration and for managing the Plan’s activities. The Plan’s assets are managed by the Investment Committee. The Company appoints members of the Investment Committee, which is responsible for reviewing and selecting the investment fund options offered under the Plan.

Eligibility and Contributions

Eligible employees participate in the Plan after performing one hour of service. Effective November 1, 2020, hourly employees of Cripple Creek and Victor Gold Mining Co. who are scheduled to work less than 1,000 hours are not eligible for the Plan. Participants may elect to contribute to the Plan, on a pre-tax or after-tax basis or combination thereof, from 1% to 100% of the Plan eligible compensation. The Plan allows for Roth contributions, which are after-tax contributions tracked in a separate account, and regular after-tax contributions. The maximum contribution on a pre-tax or Roth basis is \$22,500 for 2023 and \$20,500 for 2022. The Company’s matching contribution for each eligible active participant, is limited to 6% of his or her eligible compensation.

All employees who are eligible to make elective deferrals under this Plan and who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions beyond the pre-tax and Roth limit to “catch-up” retirement savings. Catch-up contributions were limited to \$7,500 for 2023 and \$6,500 for 2022.

In addition, the maximum contributions and other additions (including all other defined contribution plans sponsored by the Company) for the plan year of a participant under the Plan may not exceed the lesser of \$73,500, including the catch-up provisions in 2023, and \$67,500 in 2022, or 100% of the eligible compensation paid to the participant by the Company in such plan year. Annual additions are defined to include participant’s contributions and the Company’s matching contributions and retirement contributions.

RETIREMENT SAVINGS PLAN OF NEWMONT
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

1. Description of the Plan (continued)

Hourly non-union employees receive an additional retirement Company contribution to the participant's Retirement Contribution Account equal to an amount determined by the Company. Retirement contributions are subject to and included with the contribution limit, as described above. Retirement contributions are participant directed.

The Plan also allows rollover contributions of part or all of an "eligible rollover distribution" received by a participant from a qualified plan of a previous employer.

Vesting

Participants are fully vested in their contributions and are vested in employer matching contributions and, with respect to hourly non-union employees, retirement contributions 20% after one year of service, 40% after two years of service, 60% after three years of service and 100% after four years of service. Additionally, participants become fully vested in Company contributions upon death, disability, change of control or attainment of retirement age while employed by the Company. Terminated participants are subject to the vesting schedule in place at the time of their termination of employment with the Company.

Non-vested balances of employees who terminate are forfeited and generally used to reduce subsequent Company contributions to the Plan and pay administrative expenses of the Plan. Unallocated forfeited balances amounted to \$30,396 and \$151,058 at December 31, 2023 and 2022, respectively. Unallocated forfeited balances are included in *Investments in registered investment companies* in the Statements of Net Assets Available for Benefits.

Participant Accounts

Separate accounts are maintained for each participant and are credited with the participant's contributions, the Company's contributions and rollover contributions, if any, including the allocations of earnings and losses to these accounts calculated daily based on participant account balances. Participants direct their investments by electing the percentages of their accounts and contributions to be allocated between investment fund alternatives. Participants may make unlimited changes in their future investment allocations or make transfers of existing balances between investment fund alternatives.

Payment of Benefits, Withdrawals and Transfers

At the time of a participant's death or disability, the vested balances in all of his or her accounts will be paid in a lump sum. Upon termination of employment for reasons other than death or disability, participants are entitled to receive a lump sum payment for the value of the non-forfeitable portion of their account. Such lump sum payments may result in adverse tax consequences for the participant. Participants with vested account balances of \$5,000 or less are not permitted to leave their account balances in the Plan and must roll their account balances into an IRA rollover account or another qualified benefit plan or receive a lump sum distribution. Participants with account balances in excess of \$5,000 may choose to leave their account balances in the Plan.

In order to facilitate efficient Plan administration and disclosure, the Plan permits the automatic transfer of accounts held under the Plan to any other defined contribution plan maintained by the

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

1. Description of the Plan (continued)

Company or its controlled group members when a participant becomes an active participant in such other plan.

Notes Receivable from Participants

Participants may borrow from their individual plan account, with a minimum amount of \$1,000 and a maximum amount equal to the lesser of 50% of such participant's vested balance or \$50,000. The interest rate on such loans is the prime rate in effect at the time the loan is taken, plus one percent, and is fixed over the term of the loan. The repayment period may be up to five years for a general loan, or up to 15 years for the purchase of a principal residence.

Plan Termination

Although the Company expects to continue the Plan indefinitely, the Company has the right under the Plan document to discontinue its contributions at any time and to terminate the Plan ("full termination") subject to the provisions of ERISA. In the event of full termination or termination with respect to a group or class of participants ("partial termination"), the unvested portion of Company contributions for participants subject to such full termination or partial termination will become fully vested and non-forfeitable.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

All of the Plan's investments are maintained in collective trusts and registered investment companies, which are valued using quoted market prices from the respective securities' principal active exchange or at net asset value. The *Net appreciation (depreciation) in the fair value of investments* for the period is included in the determination of *Net investment income (loss)* as reflected in the Statements of Changes in Net Assets Available for Benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. *Interest income on notes receivable from participants* is recorded when earned. Delinquent loans are treated as distributions based upon the terms of the Plan document. These notes have interest rates ranging from 4.25% to 9.5% and mature from January 2024 through September 2038.

RETIREMENT SAVINGS PLAN OF NEWMONT
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan provides for various investment options in a combination of collective trusts and registered investment companies. Investment securities are exposed to various risks, such as interest rate risks, market risks and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Payments of Benefits

Payments of benefits are recorded when paid.

Plan Expenses

Administrative expenses on behalf of the Plan are paid through the use of forfeitures, by the Plan and by the Company. No Plan-related expenses were paid by the Company for the years ended December 31, 2023 and 2022.

Administrative expenses include recordkeeping fees, Trustee fees, audit fees, account maintenance fees and legal fees. Participant loan origination fees are included in *Administrative and other expenses* in the Statements of Changes in Net Assets Available for Benefits and deducted from participant's accounts as they are paid directly by the participants to the Trustee.

3. Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 Quoted prices in markets that are not active, quoted prices for similar assets or liabilities in active markets, quoted prices or inputs that are observable, either directly or indirectly, for substantially the full term of the asset or liability; and

Level 3 Prices or valuation techniques that require inputs that are both significant to their fair value measurement and unobservable (supported by little or no market activity).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

RETIREMENT SAVINGS PLAN OF NEWMONT
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

3. Fair Value Measurements (continued)

Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Investments in collective trust funds: Investments in collective trusts are valued at unit value, which is based on the aggregate current fair values of the underlying assets in relation to the total number of units outstanding. Unit value, or the equivalent of net asset value, is a practical expedient for estimating the fair values of those investments.

Investments in registered investment companies: Valued at its year-end quoted market price.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2023.

	<u>Assets at Fair Value as of December 31, 2023</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Investments at fair value	<u>\$ 98,091,366</u>	<u>-</u>	<u>-</u>	<u>\$ 316,895,910</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2022:

	<u>Assets at Fair Value as of December 31, 2022</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

(1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

3. Fair Value Measurements (continued)

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022, respectively.

<u>December 31, 2023</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>

Collective trusts	\$ 185,656,725	n/a	Daily	n/a

4. Tax Status of the Plan

The Plan received a favorable determination letter from the Internal Revenue Service as to the qualified status of the Plan on March 4, 2014. Although the Plan has been amended since receipt of the determination letter, the Plan's administrator believes the Plan remains a qualified plan and is not subject to tax. Accordingly, no provision for federal or state income taxes has been recorded.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan's administrator has analyzed the tax positions taken by the Plan and has concluded that at December 31, 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Information Provided by the Plan's Trustee

As of and for the years ended December 31, 2023 and 2022, the Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, the Trustee has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments, at fair value as shown in the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022 and in Note 3;
- Investment income and interest income on notes receivable from participants as shown in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2023 and 2022.
- Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023.

5. Information Provided by the Plan's Trustee (continued)

The Plan's independent auditors did not perform auditing procedures with respect to the certified investment information provided by the Plan's trustee, except for comparing such information to the related information included in the financial statements.

6. Party In Interest Transactions

The Plan holds investments in mutual funds managed by affiliates of the Trustee and as such, these transactions qualify as exempt party in interest transactions. Administrative fees paid by the trust for Trustee services were \$90,925 and \$109,215 for the years ended December 31, 2023 and 2022, respectively.

7. Subsequent Events

The Company has evaluated events subsequent to December 31, 2023, through September 20, 2024, which is the date the financial statements were available to be issued. There have been no material events noted in this period which would impact the results reflected in this report, the Plan's results going forward or required additional disclosure.

To the Participants and Administrator of the
Retirement Savings Plan of Newmont

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Retirement Savings Plan of Newmont, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Retirement Savings Plan of Newmont's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of the Retirement Savings Plan of Newmont and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Retirement Savings Plan of Newmont's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Retirement Savings Plan of Newmont's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Retirement Savings Plan of Newmont's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at the end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RETIREMENT SAVINGS PLAN OF NEWMONT

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

1. Description of the Plan

The following description of the Retirement Savings Plan of Newmont (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

The Plan was established effective July 1, 1973 by Newmont Mining Corporation and its affiliates to qualify as a defined contribution, profit sharing plan under Section 401(a) of the Internal Revenue Code, for the benefit of eligible employees of the Company. The Plan was restated on January 1, 2017. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Benefits under the Plan are not subject to guarantee by the Pension Benefit Guaranty Corporation. The current Plan sponsor is Newmont USA Limited (the “Company”).

Administration

Trustee, recordkeeping and investment management services are performed by Fidelity Management Trust Company (“Trustee”).

The Plan is administered by the Administration Committee. The Administration Committee may retain independent advisors and consultants, and is responsible for administration and for managing the Plan’s activities. The Plan’s assets are managed by the Investment Committee. The Company appoints members of the Investment Committee, which is responsible for reviewing and selecting the investment fund options offered under the Plan.

Eligibility and Contributions

Eligible employees participate in the Plan after performing one hour of service. Effective November 1, 2020, hourly employees of Cripple Creek and Victor Gold Mining Co. who are scheduled to work less than 1,000 hours are not eligible for the Plan. Participants may elect to contribute to the Plan, on a pre-tax or after-tax basis or combination thereof, from 1% to 100% of the Plan eligible compensation. The Plan allows for Roth contributions, which are after-tax contributions tracked in a separate account, and regular after-tax contributions. The maximum contribution on a pre-tax or Roth basis is \$22,500 for 2023 and \$20,500 for 2022. The Company’s matching contribution for each eligible active participant, is limited to 6% of his or her eligible compensation.

All employees who are eligible to make elective deferrals under this Plan and who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions beyond the pre-tax and Roth limit to “catch-up” retirement savings. Catch-up contributions were limited to \$7,500 for 2023 and \$6,500 for 2022.

In addition, the maximum contributions and other additions (including all other defined contribution plans sponsored by the Company) for the plan year of a participant under the Plan may not exceed the lesser of \$73,500, including the catch-up provisions in 2023, and \$67,500 in 2022, or 100% of the eligible compensation paid to the participant by the Company in such plan year. Annual additions are defined to include participant’s contributions and the Company’s matching contributions and retirement contributions.

RETIREMENT SAVINGS PLAN OF NEWMONT

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

1. Description of the Plan (continued)

Hourly non-union employees receive an additional retirement Company contribution to the participant's Retirement Contribution Account equal to an amount determined by the Company. Retirement contributions are subject to and included with the contribution limit, as described above. Retirement contributions are participant directed.

The Plan also allows rollover contributions of part or all of an "eligible rollover distribution" received by a participant from a qualified plan of a previous employer.

Vesting

Participants are fully vested in their contributions and are vested in employer matching contributions and, with respect to hourly non-union employees, retirement contributions 20% after one year of service, 40% after two years of service, 60% after three years of service and 100% after four years of service. Additionally, participants become fully vested in Company contributions upon death, disability, change of control or attainment of retirement age while employed by the Company. Terminated participants are subject to the vesting schedule in place at the time of their termination of employment with the Company.

Non-vested balances of employees who terminate are forfeited and generally used to reduce subsequent Company contributions to the Plan and pay administrative expenses of the Plan. Unallocated forfeited balances amounted to \$30,396 and \$151,058 at December 31, 2023 and 2022, respectively. Unallocated forfeited balances are included in *Investments in registered investment companies* in the Statements of Net Assets Available for Benefits.

Participant Accounts

Separate accounts are maintained for each participant and are credited with the participant's contributions, the Company's contributions and rollover contributions, if any, including the allocations of earnings and losses to these accounts calculated daily based on participant account balances. Participants direct their investments by electing the percentages of their accounts and contributions to be allocated between investment fund alternatives. Participants may make unlimited changes in their future investment allocations or make transfers of existing balances between investment fund alternatives.

Payment of Benefits, Withdrawals and Transfers

At the time of a participant's death or disability, the vested balances in all of his or her accounts will be paid in a lump sum. Upon termination of employment for reasons other than death or disability, participants are entitled to receive a lump sum payment for the value of the non-forfeitable portion of their account. Such lump sum payments may result in adverse tax consequences for the participant. Participants with vested account balances of \$5,000 or less are not permitted to leave their account balances in the Plan and must roll their account balances into an IRA rollover account or another qualified benefit plan or receive a lump sum distribution. Participants with account balances in excess of \$5,000 may choose to leave their account balances in the Plan.

In order to facilitate efficient Plan administration and disclosure, the Plan permits the automatic transfer of accounts held under the Plan to any other defined contribution plan maintained by the

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

1. Description of the Plan (continued)

Company or its controlled group members when a participant becomes an active participant in such other plan.

Notes Receivable from Participants

Participants may borrow from their individual plan account, with a minimum amount of \$1,000 and a maximum amount equal to the lesser of 50% of such participant's vested balance or \$50,000. The interest rate on such loans is the prime rate in effect at the time the loan is taken, plus one percent, and is fixed over the term of the loan. The repayment period may be up to five years for a general loan, or up to 15 years for the purchase of a principal residence.

Plan Termination

Although the Company expects to continue the Plan indefinitely, the Company has the right under the Plan document to discontinue its contributions at any time and to terminate the Plan ("full termination") subject to the provisions of ERISA. In the event of full termination or termination with respect to a group or class of participants ("partial termination"), the unvested portion of Company contributions for participants subject to such full termination or partial termination will become fully vested and non-forfeitable.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

All of the Plan's investments are maintained in collective trusts and registered investment companies, which are valued using quoted market prices from the respective securities' principal active exchange or at net asset value. The *Net appreciation (depreciation) in the fair value of investments* for the period is included in the determination of *Net investment income (loss)* as reflected in the Statements of Changes in Net Assets Available for Benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. *Interest income on notes receivable from participants* is recorded when earned. Delinquent loans are treated as distributions based upon the terms of the Plan document. These notes have interest rates ranging from 4.25% to 9.5% and mature from January 2024 through September 2038.

RETIREMENT SAVINGS PLAN OF NEWMONT
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan provides for various investment options in a combination of collective trusts and registered investment companies. Investment securities are exposed to various risks, such as interest rate risks, market risks and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Payments of Benefits

Payments of benefits are recorded when paid.

Plan Expenses

Administrative expenses on behalf of the Plan are paid through the use of forfeitures, by the Plan and by the Company. No Plan-related expenses were paid by the Company for the years ended December 31, 2023 and 2022.

Administrative expenses include recordkeeping fees, Trustee fees, audit fees, account maintenance fees and legal fees. Participant loan origination fees are included in *Administrative and other expenses* in the Statements of Changes in Net Assets Available for Benefits and deducted from participant's accounts as they are paid directly by the participants to the Trustee.

3. Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 Quoted prices in markets that are not active, quoted prices for similar assets or liabilities in active markets, quoted prices or inputs that are observable, either directly or indirectly, for substantially the full term of the asset or liability; and

Level 3 Prices or valuation techniques that require inputs that are both significant to their fair value measurement and unobservable (supported by little or no market activity).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

RETIREMENT SAVINGS PLAN OF NEWMONT
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

3. Fair Value Measurements (continued)

Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Investments in collective trust funds: Investments in collective trusts are valued at unit value, which is based on the aggregate current fair values of the underlying assets in relation to the total number of units outstanding. Unit value, or the equivalent of net asset value, is a practical expedient for estimating the fair values of those investments.

Investments in registered investment companies: Valued at its year-end quoted market price.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2023.

	<u>Assets at Fair Value as of December 31, 2023</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Investments at fair value	<u>\$ 98,091,366</u>	<u>-</u>	<u>-</u>	<u>\$ 316,895,910</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2022:

	<u>Assets at Fair Value as of December 31, 2022</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Investments at fair value	<u>\$ 87,673,558</u>	<u>-</u>	<u>-</u>	<u>\$ 273,330,283</u>

(1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

3. Fair Value Measurements (continued)

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022, respectively.

4. Tax Status of the Plan

The Plan received a favorable determination letter from the Internal Revenue Service as to the qualified status of the Plan on March 4, 2014. Although the Plan has been amended since receipt of the determination letter, the Plan's administrator believes the Plan remains a qualified plan and is not subject to tax. Accordingly, no provision for federal or state income taxes has been recorded.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan's administrator has analyzed the tax positions taken by the Plan and has concluded that at December 31, 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Information Provided by the Plan's Trustee

As of and for the years ended December 31, 2023 and 2022, the Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, the Trustee has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments, at fair value as shown in the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022 and in Note 3;
- Investment income and interest income on notes receivable from participants as shown in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2023 and 2022.
- Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023.

5. Information Provided by the Plan's Trustee (continued)

The Plan's independent auditors did not perform auditing procedures with respect to the certified investment information provided by the Plan's trustee, except for comparing such information to the related information included in the financial statements.

6. Party In Interest Transactions

The Plan holds investments in mutual funds managed by affiliates of the Trustee and as such, these transactions qualify as exempt party in interest transactions. Administrative fees paid by the trust for Trustee services were \$90,925 and \$109,215 for the years ended December 31, 2023 and 2022, respectively.

7. Subsequent Events

The Company has evaluated events subsequent to December 31, 2023, through September 20, 2024, which is the date the financial statements were available to be issued. There have been no material events noted in this period which would impact the results reflected in this report, the Plan's results going forward or required additional disclosure.
