Year Ended December 31, 2023

September 24, 2024

To: The Benefits Committee and Plan Management
Of Kirwan Surgical Products, Inc. 401(k) Profit Sharing Plan

I have audited the financial statements of Kirwan Surgical Products, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), for the year ended December 31, 2023, and I will issue my report thereon dated September 24, 2024. Professional standards require that I provide you with information about my responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of my audit. I have communicated such information in my engagement letter dated June 26, 2024. Professional standards also require that I communicate to you the following information related to my audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

You are responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Kirwan Surgical Products, Inc. 401(k) Profit Sharing Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2023. I noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

I am required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. I identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

I encountered no significant difficulties in performing and completing my audit.

Corrected and Uncorrected Misstatements

Professional standards require me to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no misstatements encountered during the course of the audit.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in my professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that I determined are sufficiently important to merit management's attention. I am pleased to note that there were no reportable findings encountered during the course of the audit.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to my satisfaction, that could be significant to the financial statements or the auditor's report. I am pleased to report that no such disagreements arose during the course of my audit.

Other Matters

With respect to the ERISA required supplementary information accompanying the financial statements, I made certain inquiries of you and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to my audit of the financial statements. I compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of those charged with governance of Kirwan Surgical Products, Inc. 401(k) Profit Sharing Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Natick, Massachusetts

Independent Auditor's Report

To: The Plan Administrator and Participants of
Kirwan Surgical Products 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed an audit of the accompanying financial statements of Kirwan Surgical Products 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audit need not extend to any statements or information related to assets held for investment of the by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of Kirwan Surgical Products 401(k) Profit Sharing Plan and to meet my other ethical responsibilities in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kirwan Surgical Products 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Kirwan Surgical Products 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kirwan Surgical Products 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

My audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets for the year ended December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming my opinion on the supplemental schedules, I evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Kirwan Surgical Products 401(k) Profit Sharing Plan
Notes to Financial Statements
For the Year Ended December 31, 2023

Note 1 - Description of the Plan

The following description of Kirwan Surgical Products 401(k) Profit Sharing Plan, (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering certain employees who have three months of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Plan management is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, in accordance with Internal Revenue Service ("IRS") regulations, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible for catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds with registered investment companies and a common collective trust fund as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 8% of eligible compensation and their contributions invested in a designated age-based fund until changed by the participant. In addition, on an annual basis, the automatic enrollment rate will increase by 1% per year for each participant who is automatically enrolled.

The Plan allows for non-discretionary matching contributions in an amount equal to 60% of elective deferrals, not in excess of 10% of compensation. The Plan also allows discretionary non-elective contributions into the Plan as determined annually by management. During 2023, management approved discretionary non-elective contributions equal to 5% of eligible compensation. Discretionary non-elective contributions for year ended December 31, 2023 amounted to \$754,691. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Plan earnings, as well as employer matching contributions and allocations of the employer's discretionary contribution, when applicable. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Kirwan Surgical Products 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

Note 1 - Description of the Plan (continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer's matching contributions and discretionary contributions portion of their accounts plus actual earnings thereon is based on years of continuous service. Matching contributions and discretionary contributions plus actual earnings vest following the schedule detailed below:

Years of Vesting Service	
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Payment of Benefits

Participants may receive benefits the first day of the month on or after the date they reach age 65. Participants age 59 ½ or older may withdraw all of part of their account resulting from 401(k) elective deferral contributions and extra contributions. Distributions may be deferred until the participant reaches age 70 ½ if the value of the distribution is not less than \$1,000. However, if no distribution election is made before the age of 70 1/2, the participant will begin to receive a mandatory minimum distribution as required by Federal Regulations. In certain hardship situations, as described in the Plan agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to the amount dictated by the hardship.

Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. During the year ended December 31, 2023, forfeitures of \$25,228 were used to reduce Company contributions. There were \$585 and \$5 of forfeiture balances as of December 31, 2023 and 2022 respectively.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting and in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires that Plan management make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Kirwan Surgical Products 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

Note 2 - Summary of Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value or net asset value ("NAV") for the common collective trust. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan's management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for details on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or plan sponsor as provided by the Plan document. Expenses that are paid directly by the plan sponsor are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statement of Changes in Net Assets Available for Benefits. In addition, certain investment-related expenses are included in net appreciation of fair value of investments presented in the accompanying Statement of Changes in Net Assets Available for Benefits.

Note 3 - Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2023, net appreciation in fair value of mutual funds, and dividend and interest income for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustees.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

Kirwan Surgical Products 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

Note 4 - Fair Value Measurements (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-ended mutual funds that are with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the net asset value of units of the collective trust. The NAV, as provided by the fund manager, is used as a practical expedient to estimate the fair value. The NAV is based on the fair value of the underlying investments. It is the policy of the fund to use its best efforts to maintain a stable net asset value of \$1.00 per unit; although there is no guarantee that the fund will be able to maintain this value. The practical expedient would not be used if it is determined to be probable that the Plan would sell the investment for an amount different from reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	(Level 1)	(Level 2)	(Level 3)	Total

Notes to Financial Statements (continued)

Note 4 - Fair Value Measurements (continued)

The following tables set forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share ("NAV") as of December 31, 2023 and 2022:

Fair Value Estimated using NAV per Share as of December 31, 2023

<u>Investment</u>	<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common Collective Trust	\$ 888,712	None	Daily	See Note 5

Fair Value Estimated using NAV per Share as of December 31, 2022

<u>Investment</u>	<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common Collective Trust	\$ 1,628,543	None	Daily	See Note 5

Note 5 – Common Collective Trust

The Managed Income Portfolio ("MIP") is a common collective trust fund that is considered to be a stable value fund with underlying investments and is valued at fair value. Fair value of the fund is the net asset value of its underlying investments. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The MIP is a stable value fund that is an open-end commingled pool dedicated exclusively to the management of assets of defined contribution plans.

The MIP invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements) and enters into "wrap" contracts issued by third-parties and invests in cash equivalents represented by shares in money market funds. The third-party issuer generally agrees to make payments to the MIP in certain circumstances. Wrap contracts are also designed to allow the MIP to maintain a constant net asset value and protect the portfolio in extreme circumstances.

The wrap contracts limit the ability of the fund to transact at NAV upon the occurrence of certain Plan sponsor events. These events include:

- The Plan's failure to qualify under Section 401(a) or Section 401(k) of the Internal Revenue Code.
- The establishment of a defined-contribution plan that competes with the Plan for employee contributions.
- Any communication given to participants by the Plan sponsor that is designed to induce or influence participants not to invest in the fund or to transfer assets out of the fund.
- Any transfer of assets from the fund directly to a competing investment option.

Kirwan Surgical Products 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

Note 5 – Common Collective Trust (continued)

The wrap contract will also limit the ability of the fund to transact at NAV upon the occurrence of certain other events. These events include:

- Any substantive modification of the Portfolio or the administration of the Portfolio that is not consented to by the wrap issuer.
- Any change in law, regulation, or administrative ruling applicable to the Plan that could have a material adverse effect on the Portfolio's cash flow.
- Any employer-initiated transaction described above.

Plan management believes the occurrence of these events is not probable.

The fund is unlikely to maintain a stable NAV if, for any reason, it cannot obtain or maintain wrap contracts covering its underlying assets that are not otherwise invested in stable NAV money market funds. This could result, for example, from the fund's inability to promptly find a replacement wrap contract following termination of a wrap contract. Fidelity Management Trust Company will attempt to assess the credit quality of wrap issuers, but there is no guarantee as to the financial condition of a wrap issuer. The issuer's ability to meet its contractual obligations under the wrap contracts may be affected by future economic and regulatory developments. Wrap contracts are non-transferable and have no trading market. There are a limited number of wrap issuers and, with respect to those wrap issuers, a limited amount of wrap capacity. The fund may lose the benefit of wrap contracts on any portion of its assets in default in excess of a certain percentage of fund assets. In the event that wrap contracts fail to perform as intended, the fund's NAV may decline if the market value of its assets declines.

The participation agreement also requires up to 12 months advance notice for withdrawals directed by the Plan sponsor. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain investment options offered by the Plan (e.g., money market funds, short term bond funds, certain asset allocation/lifecycle funds, and brokerage window) may be deemed by the contract issuers to "compete" with this fund. Transferred amounts must be held in a non-competing investment option for 90 days before subsequent transfers to a competing fund can occur.

Note 6 – Rollover Contributions

An aggregate of \$573,098 was rolled into the Plan during the year ended December 31, 2023 and is included in rollovers on the Statement of Changes in Net Assets Available for Benefits.

Kirwan Surgical Products 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

Note 7 - Related-Party Transactions

Under ERISA, parties-in-interest are defined to include the Plan sponsor, officers, directors and employees of the sponsor; direct and indirect owners of the sponsor and their relatives, if they have combined voting power of 50% or more; the Plan custodian or trustee and the Plan administrator; other parties with fiduciary responsibilities; and a person and their relatives or an organization that provides services to the Plan such as the Plan actuary, auditors, lawyers, investment advisors, etc. Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative expenses amounted to \$5,442 for the year ended December 31, 2023.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in the company contribution of their account.

Note 9 - Income Tax Status

The Plan has adopted the volume submitter plan document of Fidelity Management & Research Company. The volume submitter sponsor received a favorable opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since the date of the last letter, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC, and that the related trust is therefore tax-exempt. Accordingly, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
