Independent Auditor's Report

Board of Directors
Barletta Boat Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Barletta Boat Company 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of January 10, 2023, December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the period from January 1, 2023 to January 10, 2023 and the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of January 10, 2023 and December 31, 2022, and for the period from January 1, 2023 to January 10, 2023, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter-Plan Merger

As discussed in Note 7 to the financial statements, the Board of Directors of Winnebago Industries, Inc., the Plan's sponsors Parent, voted on September 21, 2022, to merge the Plan into the Winnebago Industries, Inc. Profit Sharing and Deferred Savings and Investment Plan effective January 10, 2023. All plan assets were transferred to the Winnebago Industries, Inc. Profit Sharing and Deferred Savings and Investment Plan on January 10, 2023. Our opinion has not been modified with respect to this matter.

Responsibilities of Management of the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Barletta Boat Company 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Barletta Boat Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Barletta Boat Company LLC (the Company) who have completed six months of service. Entrance dates into the plan begin the first day of each calendar month upon achieving the service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 10, 2023, the Plan was amended to merge the Plan into Winnebago Industries, Inc. Profit Sharing and Deferred Savings and Investment Plan, which is disclosed in Note 7 to the financial statements. Plan Sponsor management communicated the plan termination to participants in 2022.

Contributions: Each year, individual participants may elect to contribute a percentage of their annual compensation, as defined by the Plan Agreement, limited to the maximum amount allowed by the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan failed its Actual Deferral Percentage compliance test during the years ended December 31, 2022 and 2021. In order to correct the compliance failure, the Plan accrued for approximately \$43,000 and \$50,000 of excess contribution refunds on the accompanying 2022 and 2021 statement of net assets available for benefits. Subsequent to year-end, the refunds were issued to the impacted participants.

The Company may, at its discretion, make a matching contribution to the Plan. The Company made a matching contribution of 50% of what an employee has contributed into the plan up to \$1,000 match. The Company's matching contributions are invested into the various investment option in a manner that is consistent with the participant contributions. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contribution, if any, (b) plan earnings and (c) charged with an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's discretionary match plus actual earnings thereon, if any, is based on years of service, as defined by the Plan. A participant is 100% vested after five years of credited service.

Payment of benefits: Upon termination, death, retirement or permanent disability, a participant or the decedent's beneficiary may elect to receive a lump-sum amount equal to the vested value of his or her account or annual installments. For termination of service for any other reason, a participant may elect to receive a lump-sum amount equal to the vested value of his or her account. Benefits are recorded when paid.

Forfeitures: Forfeitures of the employer's contributions will be used to reduce future employer matching contributions or to pay administrative expenses of the Plan. At January 10, 2023, December 31, 2022 and 2021, the Plan had no available forfeited non-vested accounts. No forfeitures were used to reduce employer contributions or plan administrative expenses for the period ended January 10, 2023 and the year ended December 31, 2022.

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts, a minimum of \$1,000 up to the maximum equal to the lesser of 50% of their vested account or \$50,000. The notes are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the custodian. The note repayment schedule can be no longer than 60 months unless proceeds are used for the purchase of a primary residence. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based upon the terms of the plan agreement.

Administration of plan assets: Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Company pays certain administrative expenses.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting in accordance with the accounting principles generally accepted in the United States of America.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Fair value measurements: Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described on the next page:

Barletta Boat Company 401(k) Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the quoted market price of the fund as reported on public exchanges.

Common/collective trust: Valued based on the net asset value (NAV) of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments comprising the trust, less its liabilities. This practical expedient is not to be used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through February 1, 2024, the date the financial statements were available to be issued.

Note 3. Information Certified by Reliance Trust Company (Reliance)

The following is a summary of the Plan's asset information as of January 10, 2023 and December 31, 2022 and 2021, and for the period from January 1, 2023 to January 10, 2023, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Reliance, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets:

	2023	2022	2021
Mutual funds, at fair value	\$ -	\$ 2,149,262	\$ 1,604,849
Common/Collective trust, measured at NAV	-	8,593	6,630
	<u>\$ -</u>	<u>\$ 2,157,855</u>	<u>\$ 1,611,479</u>

Reliance also certified to the completeness and accuracy of \$44,273 of net appreciation and \$516,013 of net depreciation in the fair value of investments and \$16 and \$163,934 of dividends for the period from January 1, 2023 to January 10, 2023 and for the year ended December 31, 2022, respectively.

The trustee also certified to the completeness and accuracy of notes receivable from participants of \$0, \$25,006 and \$10,948 as of January 10, 2023, December 31, 2022, and 2021, respectively, and \$21 and \$733 of interest income on notes receivable from participants related to the aforementioned assets during the period from January 1, 2023 to January 10, 2023 and the year ended December 31, 2022, respectively.

Note 4. Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total

Note 4. Fair Value Measurements (Continued)

Changes in fair value levels: To assess the appropriate classifications of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. There were no transfers in or out of Level 3 investments during the period from January 1, 2023 to January 10, 2023 or during the year ended December 31, 2022.

Note 5. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds issued by T. Rowe Price, the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Fees of approximately \$50 and \$750 were paid to T. Rowe Price by the Plan for the period from January 1, 2023 to January 10, 2023 and for the year ended December 31, 2022, respectively.

Note 6. Income Tax Status and Uncertain Tax Positions

The Plan adopted a standardized form of a volume submitter plan sponsored by T. Rowe Price. The volume submitter plan has received an opinion letter from the IRS as to the volume submitter plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

The Plan Administrator has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2019.

Note 7. Plan Merger

In September 2022, the Plan Sponsor elected to merge the plan with Winnebago Industries, Inc. Profit Sharing and Deferred Savings and Investment Plan effective January 10, 2023.

Legal title and responsibility of net assets of \$2,216,296 were transferred to Winnebago Industries, Inc. Profit Sharing and Deferred Savings and Investment Plan. As a result, the statement of changes in net assets available for benefits for the period from January 1, 2023 to January 10, 2023, reflects a transfer to Winnebago Industries, Inc. Profit Sharing and Deferred Savings and Investment Plan, which took place on January 10, 2023.
