Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the accompanying financial statements of Hiway Credit Union Defined Benefit Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the statement of accumulated plan benefit as of December 31, 2022, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Hiway Credit Union Defined Benefit Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the 2023 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the 2023 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hiway Credit Union Defined Benefit Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hiway Credit Union Defined Benefit Plan and Trust's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Plan Administrators
Hiway Credit Union Defined Benefit Plan and Trust

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Hiway Credit Union Defined Benefit Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hiway Credit Union Defined Benefit Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — 2023 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and schedule of reportable transactions as of or for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to

the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of Hiway Credit Union Defined Benefit Plan and Trust. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated September 7, 2023 indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States America, and (b) the information in the 2022 financial statements related to the assets held and certified to by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedules, other than the information in the 2022 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HIWAY CREDIT UNION DEFINED BENEFIT PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Hiway Credit Union Defined Benefit Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit pension plan established January 1, 1975 covering all eligible employees of the Hiway Credit Union (the Credit Union or Company). The Plan was amended and restated throughout the years to comply with tax legislation and most recently amended effective January 1, 2021 to freeze the Plan for eligibility. As a result, any employee hired on or after January 1, 2021 will not become a Plan participant on or after such date.

The Plan covers substantially all employees of the Company upon their hire date. Employees hired prior to January 1, 2021 entered the Plan on January 1 coinciding with or next following their date of hire. The Plan excludes leased employees and employees hired on or after January 1, 2021. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Subsequent to Plan year-end, the Plan was amended effective January 1, 2024 to change the Plan name to Blaze Credit Union Defined Benefit Plan and Trust and to note no additional accrued benefits for any employees after January 1, 2024.

Pension Benefits

Upon attaining normal retirement age (62), participants will become eligible to receive a retirement benefit. The normal retirement benefit is 1.50% of the participant's average monthly compensation multiplied by the participant's years of service (up to a maximum of 20 years) plus 2% of the participant's average monthly compensation multiplied by the participant's years of service in excess of 20 years, if applicable, computed to the nearest \$5.00. The compensation used in calculating the normal retirement benefit is the participant's compensation for the Plan year converted to a monthly amount and then averaged over the five consecutive Plan years from the participant's date of employment to the participant's date of termination, which produce the highest monthly average compensation.

Participants can elect an early retirement date at the age of 55 and after completing 10 years of service. The early retirement benefit is equal to the vested accrued benefit reduced by 5/9 of 1% for each of the first sixty (60) complete calendar months, and 5/18 of 1% for each complete calendar month in excess of sixty (60) calendar months that the early retirement date precedes normal retirement date. Participants with 30 years of service can elect an early retirement date at the age of 55 with no reduction in benefits.

HIWAY CREDIT UNION DEFINED BENEFIT PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Pension Benefits (Continued)

Participants become fully vested in the Plan upon attaining normal retirement age or a participant's early retirement date, death, total disability, or upon the completion of seven years of vesting service using a graded vesting schedule. Normal retirement age is defined as the older of age 62 or the age of the participant on the date five years after the first day of the Plan year in which his plan entry date occurred. A participant's early retirement date is the first day of the month on which the participant ceases to be an employee and has attained age 55 and completed 10 years of vesting service. If an employee terminates before completing seven years of credited service, they will be entitled to receive only the vested percentage of their accrued benefit.

Employees may elect to receive the value of their accumulated Plan benefits in one of the following forms:

Normal Benefit Form: Married participants may elect one of two types of joint and survivor annuities. If the 50% joint survivor annuity is selected, the participant will receive a reduced monthly pension benefit for life. If the participant is survived by their spouse, the spouse will receive a pension benefit for the rest of their life equal to one-half of the pension benefit the participant was receiving. If the 100% joint and survivor annuity is selected, the participant will receive a further reduced pension benefit for life and upon death the surviving spouse will receive the same monthly amount for the rest of their life. Both elections require the consent of the participant's spouse.

Optional Benefit Form: Optional benefit forms are available and equal to the actuarial equivalent of the normal benefit form and may be in an amount more or less than that provided by the normal benefit form depending on the option selected. Such distribution may be in one or more of the following forms:

- Lump sum payment.
- Joint and survivor annuity – reduced monthly payments will be made to the retired participant during his lifetime. After death, payments of 100%, 75%, 66-2/3% or 50% of the participant's payment will be continued to the designed beneficiary for the beneficiary's lifetime.
- Straight life annuity – a monthly straight life annuity payment in equal installments for the life of the participant, terminating upon death.
- Life annuity with period certain (5, 10, 15 or 20 years) – as a monthly annuity, payable until the later of the death of the participant or until a period certain that does not extend beyond the participant's life expectancy with monthly payments to the participant and the participant's beneficiary.

If the participant terminates employment and their vested balance in the Plan is less than \$1,000, then a lump sum distribution will be made without the participant's consent. If the lump sum value of your vested balance is greater than \$1,000, but does not exceed \$5,000, at the time benefits are paid, it will be distributed in a lump sum payment, subject to participants' consent.

HIWAY CREDIT UNION DEFINED BENEFIT PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Death and Disability Benefits

If an active employee dies, the death benefit is equal to the actuarial present value of the vested accrued benefit. If an active married employee dies, the participant's spouse is entitled to a death benefit equal to 50% of the actuarial present value of the vested accrued benefit as of the date of death. If the employee is single at the time of death the benefits will be paid to the assigned beneficiary. The death benefit may be payable to the spouse in the form of a survivor annuity, periodic payments over the life of the spouse, or as a lump-sum distribution. The death benefit payable to a non-spouse beneficiary is a single lump sum distribution. Active employees who become totally disabled receive annual disability benefits that are equal to the early retirement benefits they have accumulated as of the time they become disabled.

Funding Policy

The Plan's funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. During 2023 and 2022, the Company made contributions of \$3,870,475 and \$4,403,977, respectively. The Company's contributions for 2023 and 2022 met and exceeded the minimum funding requirements of ERISA.

Although it has not expressed an intention to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to provisions set forth in ERISA.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrators determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 5 for discussion of fair value measurements.

HIWAY CREDIT UNION DEFINED BENEFIT PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Credit Union as provided by the Plan document. Expenses that are paid directly by the Credit Union are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Reclassifications

Certain amounts in the 2022 financial statements have been reclassified to conform with the 2023 presentation. These reclassifications do not affect net assets available for benefits as previously reported.

Subsequent Events

The Plan has evaluated subsequent events through September 17, 2024, the date the financial statements were available to be issued.

NOTE 3 ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to:

- a) retired or terminated employees or their beneficiaries,
- b) beneficiaries of employees who have died, and
- c) present employees or their beneficiaries.

Benefits under the Plan are accumulated based on the employees' highest five consecutive complete credited years of compensation out of the last ten latest years prior to the normal retirement date. The accumulated plan benefits for active employees are based on their highest five consecutive complete credited years of compensation ending on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances - retirement, death, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

NOTE 3 ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (CONTINUED)

Benefits to be provided through annuity contracts are excluded from Plan assets and are also excluded from accumulated plan benefits. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation as of December 31, 2022 were:

- a. Life expectancy of Participants using the RP 2014 Mortality Table projected to 2023 by Scale MP-2021 before and after retirement.
- b. Retirement Age Assumptions (Normal retirement age of 62 years with 5 years of plan participation; other active participants will elect early retirement from ages 55 to 61).
- c. Investment Return of 6.50%.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The computation of the actuarial present value of accumulated plan benefits was made as of January 1, 2023. Had the valuation been performed as of December 31, 2022, there would be no material differences.

Changes in actuarial assumptions relates to updating mortality scale from MP-2020 to MP 2021.

NOTE 4 CERTIFICATION OF INVESTMENT INFORMATION

Matrix Trust Company and CMFG Life Insurance Company, the qualified institutions of the Plan, have supplied the Plan administrator with certifications as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2023 and schedule of reportable transactions for the year ended December 31, 2023.

NOTE 5 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2023 and 2022 except for the insurance company guaranteed interest account previously valued at contract value. Management determined the account's contract value approximates fair value. Accordingly, the accounting change has been retrospectively applied to the prior period presented as if this policy had always been used. The change in valuation method did not impact the amount recorded at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)

Insurance Company Guaranteed Interest Account: Valued by at contract value which approximates fair value. Contract value represents contributions made under the contract, plus interest at the contract rate, less withdrawals and less funds used to pay administration expenses.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2023			Total

Total Investments at Fair Value	\$ 42,431,469	\$ 2,502,207	\$ -	\$ 44,933,676

NOTE 6 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan maintains a group annuity contract with CMFG Life Insurance Company (CMFG). As part of the contract, CMFG maintains a portion of the contributions in a "guaranteed interest account". The account is credited with interest, as determined by CMFG, and charged for Plan withdrawals and administrative expenses. The average yield and crediting interest rates were approximately 1.98% and 1.40% for the years ended December 31, 2023 and 2022, respectively.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intention to do so, the Credit Union has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

HIWAY CREDIT UNION DEFINED BENEFIT PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 7 PLAN TERMINATION (CONTINUED)

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. governmental agency) up to the applicable limitations.
3. All other vested benefits (that is, vested benefits not insured by the PBGC).
4. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

NOTE 8 PLAN TAX STATUS

The Plan is in the form of a volume submitter defined benefit plan document which has received from the IRS an opinion letter indicating the volume submitter document and related trust are designed in accordance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

NOTE 10 PARTY-IN-INTEREST TRANSACTIONS

The plan investments are managed by Matrix Trust Company. Matrix Trust Company is the custodian as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions qualify as party in interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
