Independent Auditor's Report

Audit Committee and Plan Participants
Western Alliance Bancorporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Western Alliance Bancorporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Western Alliance Bancorporation 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Western Alliance Bancorporation 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution profit sharing plan co-sponsored by Western Alliance Bancorporation, Western Alliance Business Trust, Western Alliance Bank (formerly Alliance Bank of Arizona), and Western Alliance Equipment Finance, Inc. (collectively referred to as the Companies). The Companies, through an administrative committee, serve as administrator of the Plan. Effective April 7, 2021, AmeriHome Mortgage Company, LLC became a participating employer in the Plan.

The Board of Directors of Western Alliance Bancorporation, as the parent company, has the right to modify, alter or amend the Plan to the extent that it may deem advisable. Western Alliance Bank is doing business as Alliance Bank of Arizona (in Arizona) and First Independent Bank (in Nevada). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: The Plan covers all employees of the Companies who are 18 years of age or older, except those who are (a) covered by a collective bargaining agreement, (b) a nonresident alien, (c) a leased employee, or (d) a temporary employee who has not completed a year of service.

Contributions: Each year, participants may elect to defer up to 100% of their annual compensation. For 2023, this elective deferral contribution is limited to \$22,500 under the Internal Revenue Code (IRC) Section 401(k). In addition, the Plan allows a participant attaining the age of 50 or older during calendar year 2023 to make catch-up contributions not exceeding \$7,500 for 2023. The elective deferral contribution shall be treated as a pretax contribution unless the participant irrevocably designates, at the time of election, that in lieu of treating all or a portion of the elective deferral contribution as a pretax contribution, all or a portion of the elective deferral contribution should be treated as a Roth contribution.

The Companies matched the participant's elective deferral contributions of the participant's eligible compensation, up to the IRC limit of \$330,000 for 2023. Participants may also contribute amounts representing rollover contributions from other qualified retirement plans or individual retirement accounts as defined in the Plan's provisions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various shares of registered investment companies, a common collective trust, self-directed brokerage accounts, company (employer) stock, and a money market fund as investment options for participants.

Effective April 1, 2021, the Companies amended the Plan to match 100% of the participant's elective deferral contributions up to 5% of the participant's eligible compensation. Prior to this amendment, the Companies matched 75% of the participant's elective deferral contributions up to 6%.

The Plan has an auto-enroll feature where each new participant was deemed to have elected to make a pretax contribution at 3% of eligible compensation unless the participant affirmatively makes an election to make a different rate of contribution. The default percentage will be increased by 1% each July 1st until it reaches 5% of eligible compensation.

In addition, the Board of Directors of Western Alliance Bancorporation, at its discretion, may elect to contribute a nonelective contribution and a discretionary nonelective contribution. Participants who are employed as of the last day of the Plan year and have completed at least 1,000 hours of service during the year are eligible to receive the contribution. For the year ended December 31, 2023, no such elections were made.

Contributions are subject to certain limitations.

Note 1. Plan Description (Continued)

Participant accounts: Each participant's account is credited with the participant's contribution and an allocation of (a) the Companies' contributions, and (b) Plan earnings, and charged with an allocation of administrative expenses. Plan earnings are allocated based on participant account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their own contributions to the Plan plus actual earnings thereon. Participants become vested in benefits provided by the Companies, plus actual earnings thereon, based on years of service. Prior to the amendment effective April 1, 2021, participants vest 25% in all employer contributions per year and are 100% vested after four years of credited service. Effective April 1, 2021, participants vest 30% each year for the first two years of service and are 100% vested after three years of credited service.

In the case of retirement at age 65 or older, death, or total and permanent disability, benefits provided by the Companies become 100% vested without regard to years of service.

Notes receivable from participants: In accordance with the provisions of the Plan, participants can borrow funds at a minimum amount of \$1,000 up to a maximum equal to the lesser of (a) \$50,000, or (b) one-half of the participant's vested account balance. The notes receivable from participants are secured by the participant's account balance, bear interest at a reasonable rate as defined by the Plan, which ranges from 4.25% to 9.50% as of December 31, 2023, and mature through October 2035. The terms of the notes receivable from participants shall not exceed five years unless the purpose of the notes receivable is for the purchase of the participant's primary residence, in which case the term of the notes receivable can be longer. Principal and interest are paid ratably through payroll deductions.

Payment of benefits: Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may request distribution of their rollover account balance at any time and from their employee account balance upon attainment of age 59½ or financial hardship.

Upon termination of service for any other reason, a participant with an account balance greater than \$5,000 may request either immediate distribution of their vested account balance or deferral of this distribution until normal retirement age is met. Participants with a vested benefit of less than \$5,000 but greater than \$1,000 may elect to have such distribution paid directly to an eligible retirement plan, specified by the participant, or to receive the distribution directly. If no such election is made, the Companies shall pay the distribution in a direct rollover to an individual retirement plan designated by the Companies. Participants not making an election with a vested benefit of less than \$1,000 will receive a lump-sum amount equal to the value of his or her account.

Forfeited accounts: At December 31, 2023 and 2022, forfeited accounts totaled approximately \$578,000 and \$497,000, respectively. Forfeited amounts are applied to reduce future employer contributions or administrative expenses. Forfeitures of approximately \$655,000 were used to reduce employer contributions and pay administrative expenses during the year ended December 31, 2023.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Use of estimates in the preparation of financial statements: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through September 11, 2024, the date the financial statements were available to be issued.

Note 3. Information Certified by Charles Schwab Trust Bank

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Charles Schwab Trust Bank, the trustee/custodian of the Plan. The Plan Administrator has obtained certifications from the trustee/custodian that information provided to the Plan Administrator by the trustee/custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

Description of Assets	2023	2022
Shares of registered investment companies	\$ 308,101,983	\$ 227,122,476
Common collective trust	15,383,090	17,245,164
Self-directed brokerage accounts	12,975,224	8,055,102
Employer stock	14,494,655	14,364,643
Money market fund	379	550
Notes receivable from participants	5,077,909	4,080,148
Noninterest bearing cash	2,473	9,850
	<u>\$ 356,035,713</u>	<u>\$ 270,877,933</u>

The trustee/custodian also certified to the completeness and accuracy of \$43,663,438 of net appreciation in fair value of investments, \$10,143,612 of interest and dividends related to the aforementioned Plan assets, and \$260,495 of interest income on notes receivable from participants for the year ended December 31, 2023.

Note 4. Fair Value Measurements

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Western Alliance Bancorporation 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 or 2022.

Shares of registered investment companies: Valued at the closing price reported on the active market on which the individual securities are traded.

Common collective trust: Valued based on the net asset value (NAV) of units of the common collective trust. The NAV, as provided by the trustee/custodian, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Employer stock: Valued at the closing price reported on the active market.

Self-directed brokerage accounts: Valued at the closing price reported on the active market on which the underlying investments are traded.

Money market fund: Valued at amortized cost, which approximates fair value.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2023			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 308,101,983	\$ -	\$ -	\$ 308,101,983

Total investments at fair value				<u>\$ 266,787,935</u>

- (a) In accordance with the Fair Value Measurements Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair value of investments in entities that use NAV: The following tables summarize investments measured at fair value based on the NAV per share as of December 31:

	2023			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust: Reliance Trust Company Stable Value Fund	<u>\$ 15,383,090</u>	<u>\$ -</u>	Daily	None

	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust: Reliance Trust Company Stable Value Fund	<u>\$ 17,245,164</u>	<u>\$ -</u>	Daily	None

Note 5. Nonparticipant-Directed Investments

Nonparticipant-directed investments consist of Western Alliance Bancorporation common stock. Prior to March 2015, all employer-matching contributions under the Plan were made in Western Alliance Bancorporation common stock. Subsequently, the employer-matching contributions were made in accordance with the participants' elections. Other than the current investments, the Plan is no longer investing in employer stock. The investment in Western Alliance Bancorporation common stock totaled \$14,494,655 and \$14,364,643 as of December 31, 2023 and 2022, respectively.

Notes to Financial Statements

Note 5. Nonparticipant-Directed Investments (Continued)

Significant components of the changes in net assets relating to nonparticipant-directed investments for the year ended December 31, 2023, are as follows:

Changes in net assets:	
Net appreciation	\$ 1,352,036
Benefits paid to participants	(556,908)
Administrative expenses	(5,445)
Transfers to participant-directed investments	(655,005)
Participant forfeitures	(4,666)
	<u>\$ 130,012</u>

Note 6. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of registered investment companies and common collective trusts managed by the trustees/custodians and, therefore, these transactions qualify as party-in-interest transactions. The Plan Sponsor directly pays for any other fees related to the Plan's operations. Fees paid to the trustee/custodian totaled approximately \$230,000 for the year ended December 31, 2023. The Plan also invests in employer stock of Western Alliance Bancorporation, the Plan Sponsor.

Note 7. Plan Termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 8. Tax Status

Effective September 21, 2020, the Plan adopted a nonstandardized form of a prototype plan sponsored by Schwab Retirement Plan Service, Inc. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan was amended in 2022 to memorialize the Plan's operations. The Plan Administrator believes amendment did not change the tax status of the Plan's compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
