Burns & McDonnell, Inc. Noncontributory Pension Plan
Kansas City, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Burns & McDonnell, Inc. Noncontributory Pension Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets in liquidation and of accumulated plan benefits in liquidation as of December 31, 2023 and 2022 and the related statements of changes in net assets in liquidation and changes in accumulated plan benefits in liquidation for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Burns & McDonnell, Inc. Noncontributory Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, and , and for the years then ended, stating that the certified investment information, as described in *Note 6* to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit of the Financial Statements” section of our report. We are required to be independent of Burns & McDonnell, Inc. Noncontributory Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As discussed in *Note 1* to the financial statements, the Board of Directors of Burns & McDonnell, Inc., the Plan’s sponsor, voted on March 31, 2022, to terminate the Plan effective June 30, 2022, and management determined liquidation is imminent. As a result, liquidation basis of accounting is used in presenting the financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Burns & McDonnell, Inc. Noncontributory Pension Plan’s ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the “Scope and Nature of the ERISA Section 103(a)(3)(C) Audit” section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Burns & McDonnell, Inc. Noncontributory Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Burns & McDonnell, Inc. Noncontributory Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

To the Participants and the
Burns & McDonnell, Inc. Retirement Plan Committee of
Burns & McDonnell, Inc. Noncontributory Pension Plan
Page 4

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1: Description of the Plan

General

The following description of the Burns & McDonnell, Inc. Noncontributory Pension Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Document and *Summary Plan Description* for more complete information, which are available from the Plan Administrator.

The Plan is a noncontributory defined benefit pension plan covering employees of Burns & McDonnell, Inc. (the “Company”), and certain of its subsidiaries, who formerly participated in the Armco Noncontributory Pension Plan. Pursuant to an agreement, Armco transferred \$6,900,000, plus interest, to the Plan on December 31, 1986, representing the portion of Armco Noncontributory Pension Plan assets and interest earned thereon during 1986, which was related to the Company’s employees. The Plan provides that no additional benefits will accrue to plan participants and no additional employees may participate. Commerce Trust Company is the trustee of the Plan. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

On March 31, 2022, the Plan was amended to terminate effective June 30, 2022. All plan assets have been paid out to participants or sold as of December 31, 2023. All participants in the Plan as of the plan termination date shall be 100% vested in the pension benefits provided under the Plan.

Pension Benefits

The Plan provides payment of retirement benefits to participants under the following options:

- Normal retirement upon attainment of age 65 with at least 10 years of continuous service
- Retirement upon attainment of age 62, but before age 65 with at least 15 years of continuous service
- Retirement before attainment of age 62 with at least 30 years of continuous service
- Early retirement between age 55 and 62 with 15 years of continuous service

In addition, survivor or disability benefits may be paid contingent upon the attainment of certain age and service requirements. Benefit payments are calculated based on employees’ average salary and years of service. Participants are not accruing additional benefits for service after December 31, 1985.

Employees who separated from the Company and were eligible for pension benefits were able to receive the balance in their profit-sharing trust account in lieu of a portion of plan benefits. Benefit payments to those who elected such distribution were actuarially reduced based on the participant’s balance in the profit-sharing trust as of December 31, 1985. The profit-sharing trust was terminated in September 2001. All participants who had balances in the profit-sharing trust at the time of termination received distribution of their entire profit-sharing trust balances by June 30, 2002, and the Plan was amended such that these distributions offset participant pension balances as

Notes to Financial Statements

discussed above. Retirement benefits are paid to pensioners or beneficiaries in various forms, including joint and survivor annuities and lump-sum payment options.

Vesting

Participants who are terminated for reasons other than retirement are entitled to receive a percentage of their pension, based on years of continuous service with the Company as of the date of termination of continuous service with the Company, as determined by the following:

Years of Service	Vested Percentage
Less than 3 years	0%
3 years but less than 4 years	20%
4 years but less than 5 years	40%
5 years but less than 6 years	60%
6 years but less than 7 years	80%
7 years or more	100%

All participants in the Plan as of the plan termination date shall be 100% vested in the pension benefits provided under the Plan.

Securities Lending

The Plan does not engage in securities lending activities.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the liquidation basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's committee determines the Plan's valuation policies utilizing information provided by its investment advisers, custodians and insurance companies. See *Note 5* for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan or the Company as provided in the Plan Document.

Note 3: Funding Policy

Contributions to provide benefits under the Plan are made solely by the Company. The Company's funding policy is to make cash contributions to the Plan in amounts as determined by the Plan's independent actuary. The Company met the minimum funding requirements of ERISA for the years ended December 31, 2023 and 2022.

Note 4: Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to service rendered by employees as of the valuation date. Accumulated plan benefits include benefits expected to be paid to (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died and (3) present employees or their beneficiaries. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

Notes to Financial Statements
December 31, 2023 and 2022

There was no actuarial valuation prepared as of January 1, 2024 as the Plan was terminated and all plan assets paid out as of December 31, 2023. Actuarial valuation of accumulated plan benefits were prepared by the actuary as of January 1, 2023. Had the valuation been performed as of December 31, 2022, there would have been no material difference. The actuarial assumptions used by the actuary at January 1, 2023 are based on liquidation basis due to plan termination effective June 30, 2022. The result of using a valuation of accumulated plan benefits at the termination date would not be substantially different.

The significant actuarial assumptions used in the 2022 valuation was:

Mortality	For 2022 - PRI-2012 with improvement scale MP-2021
Retirement age	Of those eligible to retire, 5% will retire each year between ages 55 and 59, 10% at ages 60 and 61, 25% at age 62, 15% at ages 63 and 64 and 100% at age 65
Discount rate	2022: 4.82% per annum

Note 5: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following is a description of the valuation methodologies used for assets measured at fair value.

Marketable securities are stated at fair value. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the plan year; investments traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the average of the last reported bid and ask prices.

Money market funds held are primarily short-term money market commingled funds that are categorized as Level 1. They are valued at cost plus accrued interest, which approximates fair value.

U.S. Treasury Notes and Corporate Bonds are categorized as Level 2. They are valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks or a broker quote, if available.

The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2022.

	Fair Value	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Note 6: Information Certified by the Trustee

The Company has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Commerce Trust Company, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule are complete and accurate:

- Investments as shown in the statements of net assets in liquidation as of December 31, 2023 and 2022.
- Investment income (loss) as shown in the statements of changes in net assets in liquidation for the years ended December 31, 2023 and 2022.

- Investment information included in the schedule of reportable transactions for the year ended December 31, 2023.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 7: Federal Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated August 30, 2023, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code (the "Code"). The Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Code.

Note 8: Related Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain plan investments are shares of money market funds managed by Commerce Trust Company. Commerce Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The plan sponsor pays directly any other fees related to the Plan's operations.

Administrative expenses paid to parties in interest aggregated \$6,894 and \$26,206 for 2023 and 2022, respectively.

The Company provides certain administrative services at no cost to the Plan.

Note 9: Plan Termination

On March 31, 2022, the governing body of Burns & McDonnell, Inc. approved to terminate the Plan effective June 30, 2022. All participants in the Plan as of the plan termination date shall be 100% vested in the pension benefits provided under the Plan. All plan assets were either paid to participants or paid to CMFG Life Insurance Company to purchase an annuity contract during the year ended December 31, 2023.

The net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- (A) Benefits attributable to employee contributions, taking into account those paid out before termination.
- (B) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
- (C) Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) up to the applicable limitations discussed below.
- (D) Vested benefits not insured by the PBGC.
- (E) All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits upon termination will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.
