Independent Auditors' Report

To Plan Administrator
Peoples Services, Inc. Employee Stock Ownership Plan
Canton, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Peoples Services, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Peoples Services, Inc. Employee Stock Ownership Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for

the Audit of the Financial Statements section of our report. We are required to be independent of Peoples Services, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Peoples Services, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Peoples Services, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise

substantial doubt about Peoples Services, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules as of and for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Peoples Services, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

1. Description of The Plan

The following description of Peoples Services, Inc. Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Peoples Services, Inc. (the Company) established the Plan effective as of January 1, 1986. As of January 1, 2020, the Plan was amended and restated and operates, in relevant part, as an employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by individuals appointed by the Company's board of directors. An independent third-party is the Plan's trustee (the Trustee).

The Plan acquired Company common shares (the Employer Stock) and holds the common stock in a trust established under the Plan and all common shares of the Company have been allocated.

Eligibility

Employees of the Company and its participating subsidiaries are generally eligible to participate in the Plan after one year of service, provided they worked at least 1,000 hours during such Plan year. Effective January 1, 2023, employees are eligible to participate in the Plan after six months of service, provided they worked at least 1,000 hours during such Plan year. Also, the employee may not be a member of a union and must have attained the age of 18. Participants who do not have at least 1,000 hours of service during such Plan year and are not employed on the last working day of a Plan year are generally not eligible for an allocation of Company contributions for such year. A Participant who retires, dies or terminates employment due to disability shall share in the allocation on the basis of the compensation earned during the portion of the plan year preceding retirement, disability or death.

Contributions

Company contributions are at the discretion of the Company's board of directors. Each participant's Employer Stock account is credited annually with their allocable share of the Employer Stock purchased or contributed to the trust and forfeitures of Employer Stock in the proportion each participant's compensation for the plan year bears to total compensation of all participants for the plan year. The participant's Other Investments Account is credited or debited with the participant's share of gains or losses on the investments based on the ratio of each participant's account balance as of the immediately preceding valuation date to the aggregate of all participants' accounts as of the same valuation date. A cash contribution of \$2,465,000 was made for the Plan year ended December 31, 2023.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the Company shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote on behalf of any allocated share for which instructions have not been given by a participant. The Trustee is required, however, to vote on behalf of any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Participants vest 20 percent per year of service after two years and are 100 percent vested

Peoples Services, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

after six years of service. If a participant's employment with the Company is terminated on or after the attainment of age 59-1/2, the participant shall be vested in and entitled to receive, 100% of the entire amount then in each of their accounts.

Participant Accounts

The Plan is a defined contribution plan wherein a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation of all participants. Plan earnings are allocated to each participant's account based on the ratio of the investment balance of the participant's account balance to the respective investment balance in the Plan. Allocations of investments included in participant accounts are at the direction of the Trustee.

Put Option

In accordance with federal income tax regulations, the Employer Stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The put option is only exercisable during the 60-day period immediately following the date of distribution and if the put option is not exercised within such 60-day period, then it can be exercised for an additional period of 60 days in the following Plan year. The Company can pay for the purchase with interest over a period not exceeding five years. There were no put options exercised on Employer Stock in 2023 or 2022.

Diversification

Diversification is offered to participants close to retirement so they may have the opportunity to move part of the value of their investment in Employer Stock into investments, which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Such a participant may elect within 90 days after the close of each Plan year in the qualified election period to diversify 25 percent of his or her account, less any amount to which a prior election applies. In the case of the sixth year (final year allowable) to which an election applies, 50 percent shall be substituted for 25 percent.

Payment of Benefits

Upon attaining age 59-1/2, retirement, death, disability or termination, the participant (or beneficiary, if participant is deceased) is eligible to receive the participant's account balance payable to the participant (or beneficiary, if participant is deceased) in cash in the form of a lump-sum equal to 100% of the value of the his or her account, or monthly, quarterly or annual installments over a period of not more than the recipient's life expectancy (participant or beneficiary's life expectancies). Terminated employees that have not attained the age of 59-1/2 are entitled to a lump-sum payment in an amount equal to the terminated participant's vested account balance. In the event that the termination of a participant's employment is caused by his or her death, his or her beneficiary shall be vested in and paid 100% of the deceased's account balance. Employer stock previously held by participants that receive a cash benefit payment are reallocated to active participants on the following valuation date.

Peoples Services, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

Forfeitures

Forfeited Company contributions from terminated participants' non-vested accounts are allocated to all participants who were eligible to receive Company contributions in the Plan year in which the forfeiture occurred. Forfeitures are allocated in the same manner as contributions. Cash forfeitures totaled \$38,457 and stock forfeitures of 35.00 shares were allocated to the eligible participants during the Plan year ended December 31, 2023. There were no unallocated forfeitures at December 31, 2023 or 2022.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 4 for a discussion of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is accrued on the ex-dividend date. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Derivative Instruments

The Plan writes put and call options related to investment securities (exclusive of Employer Stock) owned by the Plan in order to enhance investment yield and to mitigate the volatility of the equity markets to the fair value of investment securities. The Plan records the liability for its open positions on written put and call options at fair value. Net appreciation (depreciation) in fair value of investments includes the Plan's realized and unrealized gains and losses from option contracts during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. The Plan has historically paid the operating expenses for the Plan.

Subsequent Events

Plan management has evaluated subsequent events through September 26, 2024, the date the financial statements were available to be issued.

3. Information Prepared and Certified by the Custodian

Certain information related to investments, other than investments in Peoples Services, Inc. common stock and Massillon Cable TV, Inc. common stock, disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends other than net appreciation (depreciation) in fair value of investments, and interest and dividends from Peoples Services, Inc. common stock and Massillon Cable TV, Inc. common stock, for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Farmers Trust Company, the custodian of the Plan.

4. Fair Value Measurements

The authoritative accounting guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative accounting guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs include quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2023 or 2022.

Common stocks - publicly traded: Valued at the closing price reported on the active market on which the individual securities are traded.

Common stocks - privately held: Value based on an annual independent appraisal. This appraisal was based on a combination of the market and income approaches consistent with prior years. Each approach contains various valuation methodologies. The appraiser considers market comparables, historic and projected cash flows and applicable discounts and premiums.

Certificates of deposit: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of

Peoples Services, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

issues with similar credit ratings.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Exchange-traded funds: Valued at the closing price reported on the active market on which the individual funds are traded.

Money market fund: Money market accounts are valued at cost, which approximates fair value.

Government securities and municipal bonds: Valued using pricing models maximizing the use of observable inputs for similar securities.

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Written put and call options: Valued at the closing price reported on the active market on which the individual put and call options are traded.

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets and liabilities as follows:

Fair Value Measurements at December 31, 2023:

Gains and losses (realized and unrealized) included in changes in net assets for the year above are reported in net appreciation (depreciation) in fair value of investments in the statement of changes in net assets available for benefits.

5. Administration of Plan Assets

The Plan's assets, which consist of common stocks (publicly traded and privately held), certificates of deposit, mutual funds, exchange-traded funds, a money market fund, government securities and corporate bonds, are held by the custodian of the Plan.

Company contributions are held and managed by the custodian, which invests cash received, interest, and dividend income and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees are paid directly by the Plan.

Peoples Services, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

6. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, participants become fully vested in their accounts and the Company's board of directors directs the Trustee to pay all liabilities and expenses of the ESOP and to sell shares of financed common stock held as collateral to the extent it determines such sale to be necessary in order to repay liabilities. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC.

7. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated April 13, 1994, stating that the Plan is qualified under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken a significant uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

During the year ended December 31, 2023, the Plan had income of \$41,304 from its investment in the common stock of Massillon Cable TV, Inc. that resulted in unrelated business income tax of \$10,074. This amount is included in the administrative expenses of the Plan.

8. Transactions with Related Party and Parties in Interest

The Plan's custodian, Farmers Trust Company, is a party in interest of the Plan as defined by ERISA Section 3 (14) and accordingly, investment transactions in the respective funds are parties in interest transactions. The Plan invests in Company common stock. These are related party and party-in-interest transactions. As described in Note 1, the Plan pays all Plan expenses. The Plan has a number of service providers. Such providers are parties in interest under ERISA. Other than as described above, or pursuant to a trust agreement, the Plan has no agreements or transactions with any parties in interest.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
