Independent Auditors' Report

To the Retirement Committee and the Plan Administrator of
TD SYNEX 401(k) Retirement Plan:

Opinion

We have audited the financial statements of TD SYNEX 401(k) Plan (formerly Synnex Corporation 401(k) Plan) ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and Schedule of Assets (Held at End of Year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

December 31, 2023 and 2022

(1) Description of Plan

The following description of TD SYNnex 401(k) Retirement Plan (formerly Synnex Corporation 401(k) Plan) (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description and the Plan document for a more complete description of the Plan’s provisions.

(a) General

The Plan is a defined contribution plan that was established in 1993 by Synnex Corporation to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the “Code”) and the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Effective July 1, 2022 the Plan adopted the Principal non-standard Plus Cycle 3 Adoption Agreement.

Effective September 1, 2021, the Synnex Corporation and Tech Data Corporation completed a merger and became TD SYNnex, with TD SYNnex (the “Company”) becoming the Plan Sponsor on that date. Effective January 1, 2023, the Plan was amended to change the Plan name to the TD SYNnex 401(k) Retirement Plan.

Effective January 1, 2023, the Plan entered into an agreement with Fidelity Management Trust Company (“Fidelity”) as trustee and plan administrator. On December 30, 2022, certain participant account balances, participant notes receivable and forfeitures balances were liquidated and in-transit to Fidelity. The remaining asset balances were transferred in January 2023.

Effective January 1, 2023, the assets of the Tech Data Corporation 401(k) Savings Plan were merged into the Plan. The Tech Data Corporation 401(k) Savings Plan previously utilized Fidelity and a related entity as their trustee and recordkeeper.

(b) Administration

The Company has appointed the Retirement Plan Committee (the “Committee”) to manage the operation and administration of the Plan. During 2022, the Company contracted with Principal Financial Group (“Principal”), formerly Wells Fargo Bank, N.A. (“Wells Fargo”), to act as the trustees, and with Principal Life Insurance Company, formerly Wells Fargo Institutional Retirement and Trust, to act as third-party administrator to process and maintain the records of participant data. Beginning in 2023, Fidelity and Fidelity Investments Institutional Operations Company acted as the trustee and recordkeeper of the Plan, respectively. Substantially all expenses incurred for administering the Plan are paid by the Plan, except for professional fees which are paid by the Company.

(c) Eligibility

Certain employees of the Company are eligible to participate in the Plan upon meeting the age requirement of 18. Employees of specific divisions who meet Plan eligibility requirements will be automatically enrolled at a rate of 3% of eligible compensation, unless the employee opts out.

**TD SYNnex 401(K) RETIREMENT PLAN
(FORMERLY SYNnex CORPORATION 401(K) PLAN)**

Notes to Financial Statements - Continued

(1) Description of Plan - Continued

(d) Contributions

Eligible employees may elect to have the Company contribute their eligible pre-tax compensation to the Plan up to the amount allowable under the Plan Document and current income tax regulations. Participants may also elect to contribute their eligible after-tax compensation (as Roth contributions) to the Plan. Elective deferrals were limited to \$22,500 in 2023, with catch-up contributions limited to \$7,500.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified, employee-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

The Company may also make matching contributions as defined in the Plan and as approved by the Board of Directors. For the year ended December 31, 2023, the Board of Directors approved a discretionary match of 50% of 6% of each eligible participant's pre-tax compensation. The Plan also allows for a discretionary profit-sharing contribution. No discretionary profit-sharing contribution was approved for the year ended December 31, 2023.

The Plan allows participants to direct their contributions to any investment option.

(e) Participant Accounts

The Plan currently offers various mutual funds, common collective trusts, a money market and a stable value fund. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

Each participant's account is credited with the participant's contribution, Plan earnings or losses, and an allocation of the Company's contributions, if any. Allocation of the Company's contributions is based on participant contributions or eligible compensation, as defined in the Plan.

(f) Vesting

Participants are immediately vested in their contributions. Participants are vested in the employer's matching and discretionary profit-sharing contributions allocated to their accounts in accordance with the Plan's vesting schedule: 30% at one year of credited service, 60% at two years of credited service, and 100% at three years of credited service.

(g) Forfeited Accounts

Forfeited nonvested accounts at December 31, 2023 and 2022, totaled approximately \$552,000 and \$39,000, respectively, and may be used to pay plan administrative expenses and then to reduce future employer contributions. In 2023, approximately \$517,000 of forfeitures were utilized to fund employer contributions and pay plan expenses.

(1) Description of Plan - Continued

(h) Payment of Benefits

Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount or installment payments equal to the value of the participant's vested interest in their account. The Plan allows for the automatic lump sum distribution of participant vested account balances that do not exceed \$1,000.

The Plan allows participants to withdraw a portion of their account balance in the event of an immediate financial need. Any hardship withdrawal is limited to the amount needed to meet the financial need and must qualify with respect to plan provisions.

(i) Notes Receivable from Participants

The Plan allows participants to borrow not less than \$1,000 and up to the lesser of \$50,000 or 50% of their vested account balance. The notes receivable are secured by the participant's vested balance. Such notes receivable bear interest at the current prime lending rate of Principal, plus 2% and must be repaid to the Plan within a five-year period, unless the proceeds are used for the purchase of a principal residence, in which case the maximum repayment period may be longer. The specific terms and conditions of such notes receivable are established by the Committee.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

(b) Investment Valuation and Income Recognition

The investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments for the year is reflected in the statement of changes in net assets available for benefits.

(c) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**TD SYNnex 401(K) RETIREMENT PLAN
(FORMERLY SYNnex CORPORATION 401(K) PLAN)**

Notes to Financial Statements - Continued

(2) Summary of Significant Accounting Policies - Continued

(d) Payment of Benefits

Benefits are recoded when paid.

(e) Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Company deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

(f) Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risk. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(g) Administrative Expenses

All significant administrative costs related to the Plan are incurred by the Employer or are paid by the Plan. If paid by the Plan, expenses are allocated either proportionally based on the value of the account balances or as an equal dollar amount based on the number of plan participants.

(3) Party-in-Interest Transactions

The Plan invested in certain mutual funds, including a money market fund, managed by Fidelity during 2023 and Principal during 2022. Fidelity and Principal also managed all notes receivable from participants of the Plan during 2023 and 2022, respectively. During 2023, the Plan made direct payments for investment advisory, audit, and recordkeeping services of approximately \$352,000. While these transactions qualify as party-in-interest transactions, as defined by Section 3(14) of ERISA, they are expressly exempted from the prohibited transaction rule.

(4) Tax Status

The Plan has adopted a non-standard pre-approved profit-sharing plan with CODA effective January 1, 2023. The Internal Revenue Service has determined that pre-approved profit-sharing plan with CODA is acceptable for use by employers for the benefit of their employees under the Internal revenue Code (IRC) Section 401 and informed the trustee of such in a letter dated June 30, 2020. The Plan had previously adopted a non standard pre-approved profit sharing plan with CODA effective July 1, 2022 with a IRC opinion letter dated June 30, 2020.

**TD SYNnex 401(K) RETIREMENT PLAN
(FORMERLY SYNnex CORPORATION 401(K) PLAN)**

Notes to Financial Statements - Continued

(4) Tax Status - Continued

Although the Plan has been amended since receiving the opinion letter, the plan administrator believes the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) Fair Value Measurements

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1 measurements") and the lowest priority to unobservable inputs ("Level 3 measurements"). The three levels of the fair value hierarchy under the standard are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- (a) quoted market prices for similar assets or liabilities in active markets;
- (b) quoted prices for identical or similar assets or liabilities in inactive markets;
- (c) input other than quoted prices that are observable for the asset or liability; and
- (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation methods used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**TD SYNnex 401(K) RETIREMENT PLAN
(FORMERLY SYNnex CORPORATION 401(K) PLAN)**

Notes to Financial Statements - Continued

(5) Fair Value Measurements - Continued

Following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methods used at December 31, 2023 and 2022.

Mutual funds and money market fund: The money market and mutual fund accounts are valued at quoted market prices in an exchange and active markets, which represent the net asset values of shares held by the Plan at year end and are classified as Level 1 investments.

Common/Collective Trust Funds: CCTs are valued at the net asset value of shares held by the Plan at year as determined by the fund house or other investment provider or based on the value of each of the underlying investments, less any applicable fees where the underlying investments are valued by the issuer using quoted market prices on active exchanges or, if unavailable, primarily using quoted market.

Stable value fund: A stable value fund is composed primarily of fully benefit-responsive investment contracts that are valued using the NAV practical expedient, an estimate of fair value. The NAV practical expedient is based on the fair value of the underlying assets owned by the stable value fund, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a stable value fund is calculated based on a compilation of primarily observable market information. This NAV practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the trust, the issuer reserves the right to require additional notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

Description	Assets Measured at Fair Value	Fair Value Measurements at Reporting Date Using		
		Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

(5) Fair Value Measurements - Continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

Description	Assets Measured at Fair Value	Fair Value Measurements at Reporting Date Using		
		Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 1,575,616	1,575,616	-	-
Total assets at fair value	\$ 1,575,616	1,575,616	-	-

(a) In accordance with Subtopic 820-10, certain investments that were measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

(6) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2023	2022
Net assets available for benefits per the financial statements	\$ 766,435,514	255,085,061
Less contributions receivable	-	(1,256,609)
Net assets available for benefits per Form 5500	\$ 766,435,514	253,828,452

The following is a reconciliation of the net increase in net assets per the financial statements to the net gain per Form 5500 for the year ended December 31, 2023:

Net increase in net assets per the financial statements	\$ 126,305,775
Plus contributions receivable - prior year	1,256,609
Net gain per Form 5500	\$ 127,562,384

(7) Subsequent Events

The Plan has evaluated subsequent events through September 5, 2024, which is the date the financial statements were available to be issued.
