Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Confederated Tribes of Grand Ronde Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Required Supplementary Information

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such missing information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by the missing information.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Confederated Tribes of Grand Ronde Retirement Plan

Notes to the Financial Statements

December 31, 2023 and 2022

1) Description of the Plan

Confederated Tribes of Grand Ronde Retirement Plan (the “Plan”) was established on January 1, 1996. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Confederated Tribes of the Grand Ronde Community of Oregon (the “Tribe” or “Plan Sponsor”). The Tribe serves as the Plan administrator. Employees of the Tribe, Spirit Mountain Gaming, Inc. (SMGI), and the Grand Ronde Food and Fuel Company (GRFFCo) are eligible to participate in the Plan after completing one year of service in which they are credited with at least 1,000 hours of service and attainment of age 18. Tribal Council members become eligible to participate in the Plan upon taking the oath of office. The Tribal Council is responsible for oversight of the Plan, who has delegated the administration of the Plan to the Plan Administrative Committee. The Plan administrative Committee has responsibility for making all discretionary determinations under the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. As of December 31, 2023, there were 1,789 participants in the Plan, 1,623 of whom have account balances.

Effective January 1, 2024, the Plan was amended, allowing employees to participate in the Plan after completing three consecutive months of service and attainment of age 18.

Contributions

Each year, participants may contribute up to 100% of annual compensation, as defined by the Plan, to the allowable limit as either pre-tax or after-tax Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollover amounts from other qualified plans. Participants direct the investment of their contributions, and any employer contributions, into various investment options offered by the Plan. The amounts contributed may not exceed the maximum amount deductible under the limitations prescribed by law.

Effective January 1, the Plan was amended, allowing participants to contribute up to 85% of annual compensation.

The Plan has elected to be a safe harbor plan and the Tribe makes safe harbor basic matching contributions equal to 100% of each participant’s contributions up to a maximum of 4% of eligible compensation, as defined by the Plan. The Tribe also makes additional matching contributions equal to 100% of each participant’s contributions between 4% and 6% of eligible compensation.

Confederated Tribes of Grand Ronde Retirement Plan

Notes to the Financial Statements

December 31, 2023 and 2022

The Plan also provides for discretionary nonelective contributions, at the discretion of the Tribe. A special nonelective contributions is made annually on behalf of Tribal Council members who are not highly compensated employees which is equal to 6.2% of eligible compensation. Contributions are subject to regulatory annual limits. The Tribe did not elect to make any additional discretionary contribution for the years ended December 31, 2023 and 2022.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of employer contributions and Plan earnings, and charged with an allocation of administrative expenses that are paid by the Plan, forfeited balances of terminated participants' nonvested accounts and any revenue sharing not used to pay administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting of Accounts

Participants are immediately vested in their employee contributions and employer safe harbor basic matching contributions and related earnings. Vesting in the employer discretionary and additional matching contributions plus earnings thereon become 100% vested after three years of service. Participants earn one year of vesting for each Plan year in which they complete at least 1,000 hours of service after age 18. There is no partial vesting under the Plan. Tribal Council members are 100% vested in all contributions, effective as of the date they take their oath of office or becomes a non-highly compensated employee.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 40% of their vested account balances. The notes are secured by the vested balance in the participant's account. Participants have a limit of one outstanding loan at any given time. Loan terms range up to five years or longer if for the purchase of a principal residence, which may extend up to 25 years. Interest rates are determined by the Plan at prime rate plus 1% at the date of the loan. These rates range from 4.25% to 9.5% on loans outstanding as of December 31, 2023, with maturities through September 2047. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service for any reason, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or in quarterly installments. Participants who are 59½ years of age or older are permitted to request an in-service withdrawal from the vested balance of their accounts, which are subject to mandatory tax withholdings.

Confederated Tribes of Grand Ronde Retirement Plan

Notes to the Financial Statements

December 31, 2023 and 2022

Mandatory Distribution Provision

The value of the participant's vested account balance (including any rollover account balance) will determine the participant's distribution options upon termination of employment. If the participant's vested account balance exceeds \$5,000, an election must be made to distribute the benefit amount upon termination of employment or to defer the distribution up until age 72, at which there are rules that certain minimum distributions are required. If the participant's vested account balance does not exceed \$5,000, the Plan will distribute the benefit amount as a lump sum payment in cash, unless the participant elects to receive or roll over the distribution to a qualified retirement plan or individual retirement account (IRA). If the amount of the distribution exceeds \$1,000 and the participant does not elect either to receive or to roll over the distribution, the Plan automatically will roll over the distribution to an IRA.

Forfeitures

As of December 31, 2023 and 2022, forfeited nonvested amounts totaled \$1,723 and \$0, respectively. Forfeitures available under the Plan may be used to pay administrative expenses or reduce future employer contributions. For the years ended December 31, 2023 and 2022, forfeitures of \$22,039 and \$49,014 from forfeited nonvested accounts were used to pay certain administrative expenses of the Plan.

2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting based on the accounting standards as promulgated by the Governmental Accounting Standards Board.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Confederated Tribes of Grand Ronde Retirement Plan

Notes to the Financial Statements

December 31, 2023 and 2022

Risks and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that the changes in the values of investments will occur in the near term and that such changes could materially affect the participants' account balances and amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis and related fees are recorded as administrative expenses when incurred. Delinquent loans are treated as distributions, if not repaid, based upon the terms of the Plan document.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

The Plan permits, but does not require, the Tribe to pay for the cost of Plan administration. At any time, the Tribe may elect for the Plan to pay administration costs. The Tribe paid a portion of the Plan's administrative expenses for the years ended December 31, 2023 and 2022, which are not included in these financial statements. Administrative expenses, including recordkeeping, third-party administration, investment consulting and trustee services, are paid by the Plan. Fees paid for investment management services are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

Subsequent events were evaluated for recognition or disclosure in these financial statements through August 29, 2024, the date through which the financial statements were available to be issued.

3) Fair Value Measurements

Governmental Accounting Standards Board (GASB) issued Statement No. 72, *Fair Value Measurements and Applications*, which provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Confederated Tribes of Grand Ronde Retirement Plan

Notes to the Financial Statements

December 31, 2023 and 2022

- Level 2 Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are shares or registered investment companies (mutual funds) that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued at the NAV of units of the collective investment trusts. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the funds, less the liabilities. Assets measured using NAV as a practical expedient are not assigned a level in the fair value hierarchy. These investments have no unfunded commitments as of December 31, 2023 and 2022, respectively, and can be redeemed daily with no redemption notice period or other redemption restrictions.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4) Information Prepared and Certified by the Trustee (Unaudited)

The Plan Administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank, the Trustee of the Plan, has certified to the completeness and accuracy of the following:

- Investments, at fair value and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income (loss) and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023 and 2022.
- Investments reflected on the supplemental schedule of assets held at end of year.

5) Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right to discontinue its contributions at any time and to terminate the Plan subject to ERISA provisions. In the event of Plan termination, participants would become fully vested in all their employer contributions.

Confederated Tribes of Grand Ronde Retirement Plan

Notes to the Financial Statements

December 31, 2023 and 2022

6) Tax Status

The Plan is operating under a prototype document with a nonstandardized adoption agreement. The Internal Revenue Service has determined and informed the prototype plan sponsor by an opinion letter dated June 30, 2020, that the prototype plan, as then designed, is in compliance with applicable sections of the Internal Revenue Code (IRC). The Plan is relying on the opinion letter of the prototype sponsor. The Plan sponsor and Plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken a significant uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management believes the Plan is generally no longer subject to income tax examinations for years prior to 2020.

7) Party-In-Interest and Related-Party Transactions

Transactions and administrative costs and fees with the Plan's trustee, recordkeeper and investment advisor qualify as exempt party-in-interest transactions. The Tribe also provides certain accounting and administrative services to the Plan for which no fees are charged. For the year ended December 31, 2023 and 2022, fees paid by the Plan for administrative expenses totaled \$259,565 and \$249,945, respectively.
