To the Administrative Committee of
Cardiac Associates, P.C. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Cardiac Associates, P.C. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022 (in liquidation), and the related statement of changes in net assets available for benefits for the year ended December 31, 2023 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Cardiac Associates, P.C. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cardiac Associates, P.C. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Basis of Accounting

As discussed in Note 6 to the financial statements, the governing body of Cardiac Associates, P.C. 401(k) Plan approved a plan of liquidation on January 31, 2022, and management determined liquidation was imminent. As a result, in 2022 the Plan has changed its basis of accounting from the going concern basis to the liquidation basis. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cardiac Associates, P.C. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Cardiac Associates, P.C. 401(k) Plan
Notes to Financial Statements

(1) Description of plan

The following description of Cardiac Associates, P.C. (the Sponsor) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan became effective June 1, 1994. It is a defined contribution retirement plan covering all employees of the Sponsor. Employees of the Sponsor who are age 21 or older are eligible to become a contributing participant in the Plan after completing one year of service. One year of service is at least 1,000 hours of service. Participants are entitled to enter the Plan for 401(k) purposes upon completion of the age and service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Sponsor's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' non-vested accounts, and charged with an allocation of directly assigned costs. Allocations are based on participant earnings as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their savings contributions and the safe harbor nonelective contributions made by the Sponsor prior to the plan termination, plus actual earnings thereon. Vesting in all other contributions prior to the plan termination is a portion of their accounts plus actual earnings thereon and is based on years of continuous service. A participant is 100% vested after 6 years of credited service as follows:

<u>Years of Vesting Service</u>	<u>Vested Percentage</u>
After 1 year	0%
After 2 years	20%
After 3 years	40%
After 4 years	60%
After 5 years	80%
After 6 years	100%

Participants become automatically fully vested when they reach normal retirement age while employed, meet the age and service requirement(s) for early retirement, or terminate employment due to total disability or death.

Payment of benefits: On termination of service, a participant will receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. The participant may have all or any portion of the distribution paid in a direct rollover to an IRA or another employer plan. If the amount exceeds \$5,000, a participant may elect to leave their funds in the Plan, or to receive installment payments based on their life expectancy.

Notes to Financial Statements

(2) Summary of significant accounting policies

Basis of accounting: The accompanying financial statements are presented in accordance with generally accepted accounting principles. The basis of accounting for the presentation of the accompany financial statements was changed to the liquidation basis of accounting for periods after January 31, 2022.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. No accrued interest or dividends existed as of December 31, 2023 and 2022. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Administrative expenses: Investment expenses and other administrative and recordkeeping fees may be paid for by the Plan. Administrative expenses of the Plan can also be paid by the Sponsor. Certain accounting and administrative functions of the Plan are performed by the employees of the Sponsor at no cost to the Plan. Investment related expenses are included in the net appreciation in fair value of investments. Administrative expenses paid by the Plan totaled \$7,831 for the year ended December 31, 2023.

Payment of benefits: Benefit payments to participants are recorded when paid.

(3) Information prepared and certified by the Plan trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Trust Company, LLC has certified as to the completeness and accuracy of all investments reflected in the accompanying statement of net assets available for benefits as of December 31, 2023 and 2022 (in liquidation), and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2023 (in liquidation).

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by the trustee:

(4) Fair value measurements

FASB Accounting Standards Codification 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB Accounting Standards Codification 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(4) Fair value measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value.

Collective investment trusts: The fair value of the collective investment trusts is based on the net asset value (NAV) of participation units. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investments for an amount different than the NAV. Participant transactions (purchases and sales) may occur daily. The fund provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the fund's net asset value per unit. If the Plan initiates a full redemption, the issuer reserves the right to require twelve months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments at December 31, 2022.

Registered investment companies (mutual funds): Valued at the net asset value of shares held by the Plan at year end. The mutual funds held by the Plan are mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient are not classified in the fair value hierarchy. The fair value amounts presented in this table for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value presented in the Statements of Net Assets Available for Benefits.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	NAV-based <u>assets</u>	<u>Total</u>
Collective investment trusts	\$ -	\$ -	\$ 222,239	\$ 222,239
Registered investment companies (mutual funds)	<u>7,730,547</u>	<u>-</u>	<u>-</u>	<u>7,730,547</u>
Total investments at fair value	<u>\$ 7,730,547</u>	<u>\$ -</u>	<u>\$ 222,239</u>	<u>\$ 7,952,786</u>

(5) Tax status

The plan has adopted a non-standardized form of a prototype plan sponsored by a third party administrator. The prototype plan received its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designated, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has an uncertain tax position that more likely than not would not be sustained upon examination by a tax authority. The Plan Administrator has evaluated the Plan's tax positions and has concluded that there are no uncertain positions taken or expected to be taken that would require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is generally no longer subject to income tax examinations by federal, state, or local tax authorities for years prior to 2020.

(6) Termination

The Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

In February 2022, the Plan Sponsor merged with another company. The Plan was terminated effective January 31, 2022. All account balances of participants who were employed on January 31, 2022 and who had not incurred five consecutive breaks in services as of the date of termination became 100% vested and were no longer subject to forfeiture. The distribution of Plan assets began in 2022. The distribution of remaining Plan assets took place during the year ended December 31, 2023.

In accordance with generally accepted accounting principles, the Plan's financial statements changed its basis of accounting used to value plan assets from the going concern basis to the liquidation basis for periods after January 31, 2022. As there were not significant variances between liquidation basis and going concern basis for 2022, the entire year is presented on the liquidation basis of accounting.

(7) Party-in-interest transactions

The Plan paid certain expenses related to plan operations, administrative expenses, and investment advisory services to various service providers. These transactions are party-in-interest transactions under ERISA. The administrative expenses paid by the Plan to these service providers totaled \$7,831 for the year ended December 31, 2023.

(8) Subsequent events

In preparing these financial statements, the Sponsor has evaluated events and transactions for potential recognition or disclosure through September 11, 2024, the date the financial statements were available to be issued. There were no subsequent events to report.
