INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
the Blackstone 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Blackstone 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all

material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BLACKSTONE 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Blackstone 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions. Effective April 15, 2022, the Plan changed its name from The Blackstone Group 401(k) Savings Plan to the Blackstone 401(k) Savings Plan.

General

The Plan is a defined contribution plan covering (i) all full-time employees of Blackstone Administrative Services Partnership L.P. (“Blackstone”) and related entities who have attained age 21 and are eligible as of the 1st day of the month following date of hire and (ii) part-time or temporary employees who work 30 hours or more per week, who are age 21 and over, and have worked at least 1,000 hours during the eligibility computation period. The Blackstone Administrative Committee serves as the Plan’s administrator (the “Plan Administrator”). Fidelity Management Trust Company (“Fidelity”) is the trustee and recordkeeper of the Plan, holds all of the Plan’s investment assets and executes the investment transactions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Contributions

Each year participants may contribute up to 75% of pre-tax and post-tax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code (“IRC”) limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

For all eligible participants, Blackstone will contribute a flat percentage match of 50% on a participant’s deferral contribution to a maximum matching contribution of \$5,000 per calendar year. The employer matching contribution is based on the employee deferral amount. The participants must contribute to the Plan to be eligible to receive the employer match.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, investment earnings, and employer matching contributions, if applicable. Participants are charged for qualifying Plan withdrawals and an allocation of Plan losses, as applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. For participants hired on or after January 1, 2017, vesting in employer matching contributions and actual earnings thereon is based on years of credited service as set forth in the following table:

<u>Participant's Years of Service</u>	<u>Vesting Percentage</u>
Less than 1 Year	0%
1 Year of Service	20.00%
2 Years of Service	40.00%
3 Years of Service	60.00%
4 Years of Service	80.00%
5 Years of Service	100.00%

BLACKSTONE 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

For participants hired prior to January 1, 2017, vesting in employer matching contributions and actual earnings thereon is based on years of credited service as set forth in the following table:

<u>Participant's Years of Service</u>	<u>Vesting Percentage</u>
Less than 1 Year	0%
1 Year of Service	33.33%
2 Years of Service	66.67%
3 Years of Service	100.00%

Permanent disability or death results in a participant being fully vested. Upon termination of a participant's employment for reasons other than permanent disability or death before the attainment of age 65, the participant will be entitled to receive the vested portion of their account balance.

Investment of Plan Assets

Participants are solely responsible for directing their contributions and employer contributions (in whole percentages) to available investment options. Also, participants may change their investment options daily and transfer a percentage of their account from one fund to another quarterly. Participants have the option of investing their contributions or existing account balances among various investment options. These investment options include registered investment companies (mutual funds), common/collective trusts, and stable value funds. Participants may also elect to open a self-directed brokerage account.

Participant Loans

Participants may borrow funds from their accounts subject to certain limits and conditions.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress and signed into law. Certain relief provisions of the CARES regarding participant loans have been adopted by the Plan. The Plan document was formally amended to reflect these implementations.

For loans made from March 27, 2020 through September 22, 2020 to qualified individuals, the maximum loan balance increased to the lesser of \$100,000 or 100% of the participant's vested balance. Previously, loans to participants were limited to the lesser of \$50,000 or 50% of the participant's vested account balance, with a minimum loan requirement of \$1,000. In addition, if a loan to a qualified individual is outstanding on or after March 27, 2020, and any repayment on the loan is due from March 27, 2020 to December 31, 2020, that due date may be delayed under the Plan for up to one year. Any payments made after this period will be adjusted to reflect the delay and any interest accrued during the delay. The loan repayments must resume after the end of the suspension period, and the terms of the loan may be extended by up to one year from the date that the loan was originally due to be repaid.

Loan terms may not exceed five years unless the loan is used for the purchase of a primary residence, in which case the loan term may be ten years. The loans are secured by the balance in the participant's vested account and bear interest at a fixed rate commensurate with rates currently charged by commercial lenders for loans made under similar circumstances, as determined by the Plan Administrator. Principal and interest are paid through semi-monthly payroll deductions. The balance of any outstanding loan is immediately due and payable after the participant ceases participation in the Plan. As of December 31, 2023, participant loans have maturities through 2033 at interest rates ranging from 4.25 percent to 9.50 percent.

Payment of Benefits

In general, contributions from participants and Blackstone may be payable at the attainment of age 59½ or the end of employment. The payment of benefits commences no later than April 1 following the calendar year in which the participant attains age 73 (70½ for those born before June 30, 1949), or retires.

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account if such amount equals or exceeds \$7,000. If the participant's vested

BLACKSTONE 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

interest in his or her account is less than \$7,000, the participant will receive a lump-sum amount equal to the value of their vested interest in their account. Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships.

Forfeited Accounts

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. The Plan document permits the use of forfeitures to either reduce future employer contributions or pay plan administrative expenses for the plan year. However, if a participant is reemployed and fulfills certain requirements, as defined in the Plan document, the account will be reinstated. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$196,822 and \$46,271, respectively. These accounts will be used to reduce future employer contributions. During the year ended December 31, 2023, employer contributions were reduced by \$646,607 from forfeited non-vested accounts.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan utilizes various investment instruments, including registered investment companies and stable value funds. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Included in Participant-Directed Investments, at Fair Value as of December 31, 2023 and 2022 are Vanguard Institutional Index Fund shares and Fidelity Contrafund Commingled Pool shares. Collectively, these investments were \$223,522,349 and \$159,643,317 as of December 31, 2023 and 2022, respectively. Collectively, these investments represent 30.24% and 28.52% of total Participant-Directed Investments, at Fair Value at December 31, 2023 and 2022, respectively. A significant decline in the fair value of these investments would significantly affect the net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For discussion on fair value measurements, see Note 3. "Fair Value Measurements".

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

BLACKSTONE 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Administrative Expenses

Administrative expenses of the Plan are recorded in Other Expenses in the Statement of Changes in Net Assets Available for Benefits. The Plan's expenses are paid by either the Plan or Blackstone, as indicated by the Plan document.

Management fees and operating expenses charged to the Plan for investments in the registered investment companies are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Under the terms of a service agreement entered into on July 1, 2014 between the Plan Administrator and Fidelity Investments Institutional Operations Company ("FIIOC"), FIIOC shall make an annual payment ("Credit Amount") to the Plan, which can be used to offset administrative expenses of the Plan or can be allocated to participant account balances. The Credit Amount has no risk of expiration. The Credit Amount is reported in Other Income in the Statement of Changes in Net Assets Available for Benefits. For the year ended December 31, 2023, \$149,615 was used from the Credit Amount to pay administrative expenses of the Plan.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. There are no amounts allocated to accounts of participants who have elected to withdraw from the Plan and have not yet been paid as of December 31, 2023 or 2022.

Excess Contributions Payable

The Plan is required to return contributions received during the Plan year in excess of the IRC limits, if any.

3. FAIR VALUE MEASUREMENTS

Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money Market Funds – Valued at cost plus accrued interest.

Registered Investment Companies (Mutual Funds) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts – Comprised of mutual funds and exchange-traded funds not otherwise offered by the Plan. Exchange-traded funds are valued at the daily closing price as reported on the relevant stock exchange.

Common/Collective Trusts – Valued at the daily closing price as reported by the Common/Collective Trusts.

Stable Value Fund – Composed primarily of fully benefit-responsive investment contracts and are reported at fair value using NAV as a practical expedient. The stable value funds calculate NAV per share in a manner

BLACKSTONE 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

consistent with the measurement principles in FASB Accounting Standards Codification (“ASC”) 946, Financial Services—Investment Companies. Those measurement principles indicate that, in the determination of a stable value fund’s NAV, the relevant measurement is net assets which include the fully benefit-responsive investment contracts held by the fund at contract value. This NAV represents the Plan’s fair value since this is the NAV at which the Plan transacts with the funds. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months’ notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

In accordance with ASC 820, Fair Value Measurement, the Plan classifies its investments into Level I, which refers to securities valued using quoted prices from active markets for identical assets; Level II, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level III, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. The Plan’s policy is to recognize significant transfers between levels at the beginning of the reporting period. To the extent applicable we evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

The following tables set forth by level within the fair value hierarchy a summary of the Plan’s investments measured at fair value on a recurring basis at December 31, 2023 and 2022:

	December 31, 2023				
	Level I	Level II	Level III	NAV	Total
Domestic Stock Funds	\$ 228,747,048	\$ —	\$ —	\$ —	\$ 228,747,048

NOTES TO FINANCIAL STATEMENTS

5. PLAN TERMINATION

Although Blackstone has not expressed any intention to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of full or partial termination of the Plan, the accounts of each affected participant shall become fully vested and shall not be subject to forfeiture.

6. FEDERAL INCOME TAX STATUS

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020. However, if a correction needs to be made, the U.S. Internal Revenue Service, or “IRS”, may go back indefinitely.

The Plan uses a volume submitter plan document sponsored by Fidelity. The Plan itself has not received a determination letter from the IRS. However, the Plan’s management is relying on the opinion letter dated June 30, 2020 and believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan’s financial statements.

7. CERTIFIED INVESTMENT INFORMATION

The following is a summary of the certified investment information regarding the Plan as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included in the Plan’s financial statements and supplemental schedule, that was prepared by or derived from information prepared by Fidelity, the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator had obtained certifications from the trustee that such information is complete and accurate:

8. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of registered investment companies managed by Fidelity. Fidelity is the trustee defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for the investment management services were included as a reduction of the return earned on each fund. Additionally, the Plan issues loans to participants, which are secured by the vested balances in the participants' accounts.

Certain officers and employees of the Plan Administrator (who may also be participants in the Plan) perform administrative services related to the operation, recordkeeping and financial reporting of the Plan. The Plan Administrator pays these individuals' salaries and also pays other administrative expenses on behalf of the Plan.

As further described in Note 2. "Summary of Accounting Policies", the Plan Administrator and FIIOC are under a revenue credit arrangement, by which FIIOC shall make an annual payment to the Plan, which can be used to offset administrative expenses of the Plan or can be allocated to participant account balances.

The foregoing transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory and administrative exemptions from the IRC and ERISA's rules on prohibited transactions.

9. SUBSEQUENT EVENTS

Subsequent events were evaluated through September 25, 2024, which is the date that the Plan's financial statements were available to be issued, and determined that there were no subsequent events requiring adjustment to or disclosure in the financial statements.
