REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
AFS-USA 403(b) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We were engaged to perform audits of the financial statements of AFS-USA 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Disclaimer of opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for disclaimer of opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to September 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements may have been affected by these conditions.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Other matter - supplemental schedules required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2023 and schedule of assets (held at end of year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to, and we do not express an opinion on the supplemental schedules referred to above.

AFS-USA 403(b) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN

The following description of the AFS-USA 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 403(b) retirement plan covering substantially all employees of AFS-USA Inc. (the "Sponsor") on a voluntary basis. There is no minimum age requirement to become a participant of the Plan for purposes of making elective deferrals. A participant must attain the age of 21 years old, work at least 1,000 hours per year and complete two years of eligible service to qualify for employer matching contributions. The Plan utilizes Teachers Insurance and Annuity Association of America ("TIAA") and College Retirement Equities Fund ("CREF") (collectively, "TIAA and CREF"), as custodian of its investment assets and, effective June 1, 2017, the Plan engaged the services of Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (collectively, the "Custodians"). All contributions subsequent to June 1, 2017 will be remitted to Principal Trust Company. TIAA and Principal Trust Company are the recordkeepers of the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan Administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Sponsor's Audit Committee.

Contributions

Each year, participants may elect to contribute a discretionary amount of their annual compensation, as defined by the Plan, subject to certain Internal Revenue Service ("IRS") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants who have attained 21 years of age and completed two years of eligible service are eligible to receive matching contributions, as defined by the Plan. The Sponsor makes matching contributions as outlined below:

<u>Elective Deferral Percentage</u>	<u>Matching Contribution</u>
Less than or equal to 1%	1.50%
Greater than 1% but less than or equal to 2%	3.00%
Greater than 2% but less than or equal to 3%	4.50%
Greater than 3% but less than or equal to 4%	6.00%
Greater than 4%	7.50%

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, employer contributions and investment earnings thereon. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

AFS-USA 403(b) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Vesting and Forfeitures

Employee deferrals, the Sponsor's contributions and earnings thereon are fully and immediately vested. As such, there are no forfeited non-vested accounts.

Notes Receivable from Participants

Participants may borrow from their account with Principal equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The number of outstanding loans for a participant is limited to one. The interest rate is established at the inception of the loan and is a reasonable interest rate. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

Upon termination of service, retirement, death, or total permanent disability, a participant may elect to receive a distribution of his or her entire accumulated plan balance, subject to the terms of the funding vehicles. Distribution options include lump-sum payments, partial payments, annuities, or installments. In addition, participants may elect in-service withdrawals of their elective deferral account balances after reaching age 59½ or for hardship purposes. Rollover account balances may be withdrawn at any time, provided the rollover contributions have been properly segregated. Minimum required distributions for participants who have reached age 73 also apply per IRS regulations.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are presented on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan's management to use estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully-benefit responsive investment contracts which are stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

The fully benefit-responsive portion of the Plan's fixed rate annuity contract with TIAA, including the Supplemental Retirement Annuities ("SRA") and the Group Supplemental Retirement Annuities ("GSRA"), are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted

AFS-USA 403(b) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

transactions under the terms of the Plan. Contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses associated with maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 - TIAA TRADITIONAL ANNUITY (SRA & GSRA: FULLY BENEFIT-RESPONSIVE INVESTMENTS, AT CONTRACT VALUE)

The TIAA Traditional Annuity was a guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract was fully and unconditionally guaranteed by TIAA. The Traditional Annuity was offered through a variety of contract types, including SRA and GSRA. The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years.

Together, the guaranteed minimum and additional amounts make up the crediting interest rate. For accumulating SRA and GSRA contracts, the crediting interest rate was 6.00% and 5.50% at December 31, 2023 and 2022, respectively.

All SRA and GSRA contracts provide for full participant directed liquidity. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

AFS-USA 403(b) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events differ under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code ("IRC") or the failure of the trust to be tax-exempt under Section 501(a) of the IRC.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

NOTE 4 - TIAA TRADITIONAL ANNUITY (NON-FULLY BENEFIT-RESPONSIVE)

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types, including the Retirement Annuities ("RA"). The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. For accumulating RA contracts, the crediting interest rate was 6.75% and 6.25% as of December 31, 2023 and 2022, respectively.

The RA contract does not allow lump-sum cash withdrawals, and transfers must be spread over 10 annual installments. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime

payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

NOTE 5 - INFORMATION CERTIFIED BY THE CUSTODIANS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF and Principal Trust Company, the custodians of the Plan's investment assets, have certified that the following information in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and fully-benefit responsive contracts, at contract value, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022;
- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023; and
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information.

NOTE 6 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

AFS-USA 403(b) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Fund Investments: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and therefore valued at Level 1.

CREF Accounts (Registered Investment Companies): The fair values of accumulation units held by the Plan in CREF accounts are valued at quoted market prices, representing the net asset value ("NAV") of the units, and classified as Level 1. Data for NAVs are available daily to plan administrators and client investors on National Association of Securities Dealers Automated Quotations ("NASDAQ") website, and provide sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources.

TIAA Variable Annuities: The fair values of accumulation units held by the Plan in TIAA variable annuity accounts are valued based on the daily NAV. These accounts are not exchange traded; however, data for NAVs are available daily to plan administrators and client investors on TIAA and CREF's website. Although these accounts have a readily determinable fair value, management has classified these within Level 2 as a result of the lack of daily public values available.

TIAA Pooled Separate Account (TIAA Real Estate Account): The fair value of the Plan's interest in the TIAA Real Estate Account (a pooled separate account) is based on the fund's daily NAV. The unit value of the fund is calculated daily and available to plan administrators and client investors on NASDAQ's website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. Although the underlying assets of the fund cannot be quickly sold and converted to liquid assets, the TIAA general account provides the fund with a liquidity guarantee whereby TIAA ensures that the fund has funds available to meet participant redemption, transfer or cash withdrawal requests. Although this interest has a readily determinable fair value, management has classified this within Level 2 as a result of the associated redemption provisions.

TIAA Traditional Annuity: The TIAA Traditional Annuity is a fixed-rate contract-based investment for which observable prices for identical or similar investments do not exist, and is classified as Level 3. The Plan's TIAA Traditional Annuity investment is through the RA, a non-fully benefit-responsive contract. Investments in the TIAA Traditional Annuity earn a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. Plan loan default balances are invested in this fund. See also Note 4 for discussion of the TIAA Traditional Annuity.

Quantitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs as of December 31, 2023 and 2022.

Type	2023 Fair Value	Valuation Technique	Unobservable Inputs	Range
TIAA Traditional	\$ 3,009,096	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate	RA: 4.00% - 6.75%

Type	2022 Fair Value	Valuation Technique	Unobservable Inputs	Range
TIAA Traditional	\$ 3,015,804	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate	RA: 3.70% - 6.25%

Purchases of Level 3 investments were \$56,676 for the Plan year ended December 31, 2023.

AFS-USA 403(b) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are investments managed by TIAA and CREF and Principal Trust Company, the recordkeepers and custodians of the Plan. Therefore, transactions pertaining to these investments qualify as party-in-interest transactions. The Plan also permits notes receivable from participants. These transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan and discontinue its contributions anytime, subject to the provisions of ERISA. In the event of plan termination, the balance of participant accounts will be distributed in a lump sum or by delivery of a fully paid annuity contract as permitted by the IRS.

NOTE 9 - TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the IRC. The Plan was restated effective January 1, 2020 using a volume submitter plan document for which The Angell Pension Group received an advisory letter dated March 31, 2017 from the IRS stating that the form of the Plan was acceptable under Section 403(b) of the IRC. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b). The Plan Administrator believes that the Plan is currently designed and operating, in all material respects, in accordance with the applicable requirements of Section 403(b) of the IRC and, therefore, believes that the Plan is qualified and the related accounts are tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, including market disruptions, and socioeconomic and geopolitical events, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 - ACCOUNTING AND PAYROLL RECORDS

In November 2007, the DOL issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I of ERISA, as amended. Prior to the amended regulations, the Plan was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Plan Sponsor.

AFS-USA 403(b) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Accordingly, various accounting and payroll records related to the Plan's 403(b) annuity contracts and custodial accounts issued to current and former employees prior to September 1, 2009 were not sufficiently maintained by the Plan. Consequently, the financial statements have been prepared based on available records analyzed by Plan management. As certain records were not available from the inception of the Plan, the effect, if any, on the completeness or accuracy of the Plan's financial statements cannot be determined.

NOTE 12 - NON-EXEMPT TRANSACTIONS

During the year ended December 31, 2023 and 2022, certain employee contributions to the Plan were not remitted to the Plan's custodian in a timely fashion. The Plan Sponsor is calculating lost interest relating to 2023 late remittances and will make a correction to participant accounts. The effects of such calculations will not be material to the Plan.

NOTE 13 - SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 18, 2024, which is the date the financial statements were available to be issued.
